Marathon Patent Group Announces Authorization of Stock Repurchase Program

LOS ANGELES, CA—(Marketwired - May 24, 2016) - Marathon Patent Group, Inc. (NASDAQ: MARA) (“Marathon” or “Company”), a patent licensing and commercialization company, today announced that it had authorized the repurchase of up to \$2 million of Marathon’s common stock. Purchases may be made over a 12 month period ending May 30, 2017.

The shares may be purchased from time to time in the open market, in privately negotiated transactions or in other manners as permitted by federal securities laws and other legal requirements. The timing, manner, price and amount of any repurchases will be determined by Marathon in its discretion and will be subject to economic and market conditions, stock price, applicable legal requirements and other factors. There is no guarantee as to the number of shares that will be repurchased, if any, and the stock repurchase program may be extended, suspended, or discontinued at any time without notice at Marathon’s discretion. The Company will not provide any information regarding its repurchases except as required by law.

Doug Croxall, CEO and Chairman of Marathon stated, “In light of recent favorable results, not limited to record year to date revenues in excess of \$35 million and the cash we have generated from that revenue, our board believes a share repurchase program is a prudent measure. Much like we strategically invest in patent assets that we believe have the potential of generating sizeable return on investment, we believe the ability to repurchase our own shares, at what we believe to be undervalued price levels, offers us a similar risk versus reward opportunity capable of generating measurable returns on our capital.”

Croxall concluded, “We are keenly aware of the importance of not just talking about creating shareholder value, but taking definitive steps to help facilitate it. The repurchase program is illustrative of our continuing commitment to do just that.”
