PROPOSED MERGER
YOUR VOTE IS VERY IMPORTANT

To the Shareholders of Marathon Patent Group, Inc. and Global Bit Ventures, Inc.:

Marathon Patent Group, Inc. ("Marathon") and Global Bit Ventures, Inc. ("GBV") have entered into an Agreement and Plan of Merger (the "Merger Agreement") pursuant to which a wholly owned subsidiary of Marathon will merge with and into Global, with Global surviving as a wholly owned subsidiary of Marathon (the "Merger"). GBV and Marathon believe that the Merger will result in a combined organization with a novel business model as a digital asset mining company that intends to power and secure the blockchain by verifying blockchain transactions using custom hardware and software. GBV intends to use their hardware to mine bitcoin and ether, two current forms of digital assets, and future forms of digital assets. GBV will be compensated in digital assets by the blockchain network for its efforts.

At the Effective Time, as defined in the Merger Agreement filed as an exhibit to a Form 8-K filed on November 2, 2017, of the Merger, each share of (A) common stock of GBV, par value $0.0001 per share ("GBV Common Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock of Marathon (the "Series C Preferred Stock") or (y) common stock, par value $0.0001 per share of Marathon ("Common Stock"): (B) Series A Preferred Stock, par value 0.0001 per share, of GBV ("GBV Series A Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or (y) Common Stock; and (C) all of GBV's outstanding convertible debt ("GBV Notes") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or (y) Common Stock. Marathon will not assume outstanding and unexercised warrants and options to purchase shares of GBV capital stock, and none are outstanding. The total number of shares of Common Stock and shares of Common Stock issuable under the Series C Preferred Stock is 126,674,557.

Marathon's shareholders will continue to own and hold their existing shares of Common Stock and Marathon's preferred stock. Marathon debt holders owning $4,053,948 of 5% convertible promissory notes (the "Marathon Notes") as of December 8, 2017, will convert their unconverted notes into Series E-1 Convertible Preferred Stock of Marathon ("Series E-1 Preferred Stock") if not converted prior to the closing of the Merger. Marathon Series E Convertible Preferred Stock ("Series E Preferred Stock") holders owning 5,480.65 shares of Series E Preferred Stock convertible into 5,480,649 shares of Common Stock, as of December 8, 2017 will continue to remain outstanding. The vesting of 448,775 unexercised options to purchase shares of Common Stock, which are substantially vested, will remain outstanding as of the closing of the Merger. All 869,394 warrants to purchase shares of Common Stock are currently exercisable into 869,394 shares of Common Stock. The Common Stock, preferred stock, warrants and options will remain in effect pursuant to their terms.

Immediately after the conversion of the GBV Common Stock, the GBV Series A Stock and the GBV Notes, Marathon shall have issued 81% of its issued and outstanding Common Stock, on a fully-diluted basis, under the Merger Agreement to GBV, prior to giving effect of the issuance of 1 million shares of Marathon's Common Stock on December 11, 2017 at $5.00 per share in a registered offering subsequent to the Merger Agreement and other changes in Marathon's capitalization following the date of the Merger Agreement. For these purposes, Marathon's fully-diluted Common Stock is defined as the outstanding common stock of Marathon, plus conversion of preferred stock, options and warrants of Marathon, prior to the registered offering (the "Fully-Diluted Common Stock of Marathon"), with Marathon current shareholders, the holders of the Marathon Notes, option holders and warrant holders owning, or holding rights to acquire, approximately 19% of the Fully-Diluted Common Stock of Marathon upon closing of the Merger (as such percentages are increased or reduced for the registered offering and any other shares issued or cancelled prior to the closing of the Merger).

Marathon's shares of Common Stock are currently listed for trading on The NASDAQ Capital Market ("NASDAQ") under the symbol "MARA." Prior to consummation of the Merger, Marathon intends to file an initial listing application with NASDAQ. After completion of the Merger, Marathon will be renamed "Marathon Blockchain, Inc." (or similar) and expects to trade on NASDAQ under the symbol "MARA." On December XX, 2017, the last trading day before the date of this proxy statement/prospectus/information statement, the closing sale price of MARA Common Stock on NASDAQ was $x.xx per share.

Marathon is holding a special meeting of shareholders (the "Special Meeting") in order to obtain the shareholder approvals necessary to complete the Merger and related matters. At the Special Meeting, which will be held at x:xx A.M., Eastern time, on _____ **[●]**, 2018 at the offices of Sichenzia Ross Ference Kesner, LLP, 1185 Avenue of the Americas, Suite 3700, New York, NY 10036 unless postponed or adjourned to a later date, Marathon will ask its shareholders to, among other things, approve the Merger Agreement and thereby approve the transactions contemplated thereby, including the Merger and the issuance of Marathon's Series C Preferred Stock and Common Stock to GBV's shareholders and an amendment to Marathon's amended and restated articles of incorporation changing the Marathon corporate name to "Marathon Blockchain, Inc." (or similar name), each as described in the accompanying proxy statement/prospectus/information statement.

As described in the accompanying proxy statement/prospectus/information statement, certain of Marathon's shareholders who in the aggregate own or control the right to vote outstanding voting shares of Common Stock equal to approximately 8.4% of the outstanding shares of Common Stock are parties to agreements with Marathon, whereby such shareholders have agreed to vote their shares in favor of the adoption or approval, as applicable, of the Merger Agreement and the approval of the transactions contemplated therein, including the Merger and the issuance of shares of Marathon's Series C Preferred Stock and Common Stock to GBV's shareholders pursuant to the Merger Agreement.

In addition, following effectiveness of the registration statement on Form S-4, of which this proxy statement/prospectus/information statement is a part, by the Securities and Exchange Commission (the "SEC") and pursuant to the conditions of the Merger Agreement, shareholders of GBV will each receive an action by written consent of GBV's shareholders, referred to as the written consent, adopting the Merger Agreement, thereby approving the transactions contemplated therein, including the Merger. Therefore, holders of a sufficient number of shares of GBV capital stock required to adopt the Merger Agreement will be required to adopt the Merger Agreement, and no meeting of GBV shareholders to adopt the Merger Agreement and approve the Merger and related transactions will be held. Nevertheless, all of GBV's shareholders will have the opportunity to elect to adopt the Merger Agreement, thereby approving the Merger and related transactions, by signing and returning to GBV a written consent.

As a condition to the closing of the Merger, holders of unconverted Marathon Notes will also be required to agree to convert their notes into Series E-1 Preferred Stock of Marathon. Therefore, the holders of a sufficient number of Marathon Notes will be required to provide conversion notices to Marathon.

After careful consideration, each of Marathon and GBV's boards of directors have (i) determined that the transactions contemplated by the Merger Agreement are fair to, advisable and in the best interests of Marathon or GBV, as applicable, and their respective shareholders, (ii) approved and declared advisable the Merger Agreement and the transactions contemplated therein and (iii) determined to recommend, upon the terms and subject to the conditions set forth in the Merger Agreement, that its shareholders vote to adopt or approve, as applicable, the Merger Agreement and, therefore, approve the transactions contemplated therein. Marathon's board of directors recommends that Marathon shareholders vote "*FOR*" the proposals described in the accompanying proxy statement/prospectus/information statement and that Marathon's Note Holders sign and return the written conversion notice converting the Marathon Notes into Series E-1 Preferred Stock, and GBV's board of directors recommends that GBV's shareholders sign and return the written consent indicating their approval of the Merger and adoption of the Merger Agreement and the transactions contemplated therein.

More information about Marathon, GBV and the proposed transaction is contained in this proxy statement/prospectus/information statement. Marathon and GBV urge you to read the accompanying proxy statement/prospectus/information statement carefully and in its entirety. IN PARTICULAR, YOU SHOULD CAREFULLY CONSIDER THE MATTERS DISCUSSED UNDER " ***RISK FACTORS***" BEGINNING ON PAGE 25.

Marathon and GBV are excited about the opportunities the Merger brings to both Marathon's and GBV's shareholders, and thank you for your consideration and continued support.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this proxy statement/prospectus/information statement. Any representation to the contrary is a criminal offense.

The accompanying proxy statement/prospectus/information statement is dated December XX, 2017, and is first being mailed to Marathon and GBV's shareholders on or about **[●]**, 2018.

NOTICE OF SPECIAL MEETING OF SHAREHOLDERS

TO BE HELD ON —— , 2018

Dear Shareholders of Marathon Patent Group, Inc.:

On behalf of the board of directors of Marathon Patent Group, Inc., a Nevada corporation ("Marathon"), we are pleased to deliver this proxy statement for the proposed merger between Marathon and Global Bit Ventures, Inc., a Nevada corporation ("GBV"), pursuant to which Global Bit Acquisition Corp., a Nevada corporation and a wholly owned subsidiary of Marathon ("Merger Sub"), will merge with and into GBV, with GBV surviving as a wholly owned subsidiary of Marathon. The special meeting of shareholders of Marathon (the "Special Meeting") will be held on _____ __, 2018 at ___ A.M., Eastern time, at the offices of Sichenzia Ross Ference Kesner, LLP, 1185 Avenue of the Americas, Suite 3700, New York, NY 10036 for the following purposes:

1. To consider and vote upon a proposal to approve the Agreement and Plan of Merger, dated as of November 1, 2017, by and among Marathon, Merger Sub, and GBV, a copy of which is attached as **Annex A** to this proxy statement, and the transactions contemplated thereby, including the Merger and the issuance of shares of Marathon's Series C Preferred Stock and Common Stock to GBV's Common Stock holders, GBV's Series A Stock holders and GBV's Note holders pursuant to the terms of the Merger Agreement.

2. To approve an amendment to the Amended and Restated Articles of Incorporation of Marathon to change the corporate name to Marathon Blockchain, Inc. from Marathon Patent Group, Inc. in the form attached as **Annex D** to this proxy statement or such other similar name as shall be chosen by Marathon.

3. To consider and vote upon an adjournment of the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of either Proposal No. 1 or 2.

4. To transact such other business as may properly come before the Special Meeting or any adjournment or postponement thereof.

Marathon's board of directors has fixed _____ ___, 2018, as the record date for the determination of shareholders entitled to notice of, and to vote at, the Special Meeting and any adjournment or postponement thereof. Only holders of record of shares of Common Stock at the close of business on the record date are entitled to notice of, and to vote at, the Special Meeting. At the close of business on the record date, Marathon had _____ shares of Common Stock outstanding and entitled to vote, plus ____ shares of preferred stock outstanding and entitled to vote at the Special Meeting. Each holder of preferred stock is entitled to vote such preferred stock on an "as-converted" basis up to certain "beneficial ownership" percentage limitations equal to either 2.49%, 4.99% or 9.99% of the fully-diluted Common Stock of Marathon.

Your vote is important. The affirmative vote of the holders of a majority of the shares of Common Stock having voting power present in person or represented by proxy at the Special Meeting is required for approval of Proposal Nos. 1 and 3. The affirmative vote of the holders of a majority of shares of Marathon's Common Stock having voting power outstanding on the record date for the Special Meeting is required for approval of Proposal No. 2.

Even if you plan to attend the Special Meeting in person, Marathon requests that you sign and return the enclosed proxy to ensure that your shares will be represented at the Special Meeting if you are unable to attend.

By Order of Marathon Board of Directors,

Merrick Okamoto
Chairman of the Board of Directors
Los Angeles, California

MARATHON BOARD OF DIRECTORS HAS DETERMINED AND BELIEVES THAT EACH OF THE PROPOSALS OUTLINED ABOVE IS ADVISABLE TO, AND IN THE BEST INTERESTS OF, MARATHON AND ITS SHAREHOLDERS AND HAS APPROVED EACH SUCH PROPOSAL. MARATHON'S BOARD OF DIRECTORS RECOMMENDS THAT MARATHON'S SHAREHOLDERS VOTE "FOR" EACH SUCH PROPOSAL.

QUESTIONS AND ANSWERS ABOUT THE MERGER

The following section provides answers to frequently asked questions about the Merger. This section, however, provides only summary information. For a more complete response to these questions and for additional information, please refer to the cross-referenced sections.

Q: What is the Merger?

A: Marathon Patent Group, Inc. ("Marathon") and Global Bit Ventures, Inc. ("GBV") have entered into an Agreement and Plan of Merger, dated as of November 1, 2017 (the "Merger Agreement"). The Merger Agreement contains the terms and conditions of the proposed business combination of Marathon and GBV. Under the Merger Agreement, Global Bit Acquisition Corp., a wholly owned subsidiary of Marathon ("Merger Sub"), will merge with and into GBV, with GBV surviving as a wholly owned subsidiary of Marathon. (the "Merger").

At the Effective Time of the Merger, each share of (A) common stock of GBV, par value $0.0001 per share ("GBV Common Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock of Marathon (the "Series C Preferred Stock") or (y) common stock, par value $0.0001 per share of Marathon ("Common Stock"): (B) Series A Preferred Stock, par value $0.0001 per share, of GBV ("GBV Series A Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or (y) Common Stock; and (C) all of GBV's outstanding convertible debt ("GBV Notes") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or Common Stock. Marathon will not assume outstanding and unexercised warrants and options to purchase shares of GBV capital stock, and none are outstanding. The total number of shares of Common Stock and shares of Common Stock issuable under the Series C Preferred Stock is 126,674,557. After the completion of the Merger, Marathon will change its corporate name to "Marathon Blockchain, Inc." or similar name determined by the board of directors of Marathon as required by the Merger Agreement (the "Marathon Name Change").

Q: What will happen to Marathon if, for any reason, the Merger does not close?

A: If, for any reason, the Merger does not close, Marathon's board of directors may elect to, among other things, attempt to complete another strategic transaction like the Merger, attempt to sell or otherwise dispose of the various assets of Marathon, resume its patent licensing and enforcement activities and continue to operate the business of Marathon or dissolve and liquidate its assets. If Marathon decides to dissolve and liquidate its assets, Marathon would be required to pay all of its debts and contractual obligations, and to set aside certain reserves for potential future claims. There can be no assurances as to the amount or timing of available cash left to distribute to shareholders after paying the debts and other obligations of Marathon and setting aside funds for reserves.

If Marathon were to continue its business, it would need to hire personnel necessary to resume patent licensing and enforcement activities or another business. In addition, as of December 1, 2017, Marathon's workforce was comprised of three employees, all of whom are involved in either financial and executive roles or in conducting limited activities related to maintenance of Marathon's patent portfolio. Marathon has ceased all new patent monetization efforts, and is expending minimal efforts maintaining and pursuing ongoing litigation and licenses. If Marathon decides to reestablish a viable operating business and/or pursue development of other businesses, Marathon will need to rebuild its senior management team and hire managerial and other personnel to lead and staff all of its necessary functions, and raise substantial funds to support these activities.

Q: Why are the two companies proposing to merge?

A: Marathon and GBV believe that the Merger will result in a specialty company dedicated to pursuing blockchain and digital asset mining focused on supporting the blockchain and digital asset ecosystems. For a discussion of Marathon's and GBV's reasons for the Merger, please see the section entitled "The Merger—Marathon Reasons for the Merger" and "The Merger—GBV Reasons for the Merger" in this proxy statement/prospectus/information statement.

Q: Why am I receiving this proxy statement/prospectus/information statement?

A: You are receiving this proxy statement/prospectus/information statement because you have been identified as a shareholder of Marathon or of GBV or hold the Marathon Notes as of the applicable record date. If you are a shareholder of Marathon, you are entitled to vote at Marathon's special shareholder meeting to approve the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of shares of Marathon's Common Stock pursuant to the Merger Agreement. If you are a shareholder of GBV, you are entitled to sign and return the GBV written consent to adopt the Merger Agreement and approve the transactions contemplated thereby, including the Merger. If you are a holder of the Marathon Notes, you are entitled to sign and return the written note conversion notice. This document serves as:

- a proxy statement of Marathon used to solicit proxies for the Special Meeting;
- a prospectus of Marathon used to offer shares of Marathon's Common Stock in exchange for shares of GBV's capital stock and GBV's notes in the Merger, and prospectus of Marathon to offer shares of Marathon's Common Stock upon conversion of Series E Preferred Stock, Series C Preferred Stock and Series E-1 Preferred Stock of Marathon issued in connection with the Merger, as applicable; and
- an information statement of GBV used to solicit the written consent of its shareholders for the adoption of the Merger Agreement and the approval of the Merger and for solicitation of conversion of the Marathon Notes, as applicable, and related transactions.

Q: What is required to consummate the Merger?

A: To consummate the Merger, Marathon's shareholders must approve the issuance of Marathon's Series C Preferred Stock and Common Stock pursuant to the Merger Agreement, and GBV's shareholders must adopt the Merger Agreement and, thereby, approve the Merger and the other transactions contemplated therein. Marathon Note holders must also convert their Notes.

The approval of the Merger and the issuance of Marathon's Series C Preferred Stock and Common Stock pursuant to the Merger Agreement by Marathon's shareholders requires the affirmative vote of the holders of a majority of the shares of Marathon's Common Stock having voting power present in person or represented by proxy at the Special Meeting. The approval of the amendments to the amended and restated certificate of incorporation of Marathon to effect the Marathon Name Change requires the affirmative vote of the holders of a majority of the shares of Marathon's outstanding Common Stock having voting power outstanding on the record date for the Special Meeting.

In addition to the requirement of obtaining the shareholder approvals described above and appropriate regulatory approvals, each of the other closing conditions set forth in the Merger Agreement must be satisfied or waived. For a more complete description of the closing conditions under the Merger Agreement, we urge you to read the section entitled "The Merger Agreement—Conditions to the Completion of the Merger" in this proxy statement/prospectus/information statement.

Q: What will GBV's shareholders, warrant holders and option holders receive in the Merger?

A: As a result of the Merger, GBV's shareholders, warrant holders and option holders will become entitled to receive shares, or rights to acquire shares, of Marathon's Common Stock equal to, in the aggregate, approximately 81% of the Fully-Diluted Common Stock of Marathon prior to giving effect of the issuance of 1 million shares of Marathon's Common Stock on December 13, 2017 at $5.00 per share in a registered offering subsequent to the Merger Agreement with Marathon current shareholders and other changes in Marathon's capitalization following the date of the Merger Agreement, the holders of the Marathon Notes, option holders and warrant holders owning, or holding rights to acquire, approximately 19% of the Fully-Diluted Common Stock of Marathon upon closing of the Merger (as such percentages are reduced or increased for the registered offering and any other shares issued or cancelled prior to the closing of the Merger).

For a more complete description of what GBV's shareholders, note holders, warrant holders and option holders will receive in the Merger, please see the sections entitled and "The Merger Agreement—Merger Consideration" in this proxy statement/prospectus/information statement.

Q: Who will be the directors of Marathon following the Merger?

A: In connection with the Merger, Marathon's board of directors will consist of those persons to be designated, pursuant to the Merger Agreement, by agreement of Marathon and GBV. As of the date hereof the following persons are contemplated to be agreed by the parties to the Merger Agreement. It is anticipated that, following the closing of the Merger, Marathon's board of directors will be constituted as follows:

Name	Current Principal Affiliation
Merrick Okamoto	Chairman of the Board of Directors
Charles Allen	GBV; BTCS, Inc.
Edward Kovalik	Marathon
David Lieberman	Marathon
Christopher Robichaud	Marathon

Q: Who will be the executive officers of Marathon immediately following the Merger?

A: Immediately following the consummation of the Merger, the executive management team of Marathon is expected to be composed solely of members of the GBV executive management team prior to the Merger:

Name	Title
Merrick Okamoto	Interim Chief Executive Officer *
Charles Allen	Chief Executive Officer
Michal Handerhan	President
Francis Knuettel II	Chief Financial Officer

* Through closing of the Merger.

Q: As a stockholder of Marathon, how does Marathon's board of directors recommend that I vote?

A: After careful consideration, Marathon's board of directors recommends that Marathon's shareholders vote:

- "FOR" Proposal No. 1 to approve the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of shares of Marathon's Series C Preferred Stock and Common Stock to GBV's shareholders and note holders in the Merger;
- "FOR" Proposal No. 2 to approve an amendment to the Amended and Restated Articles of Incorporation of Marathon to effect the Marathon Name Change; and
- "FOR" Proposal No. 3 to adjourn the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of Proposal Nos. 1 or 2.

Q: As a stockholder of GBV, how does GBV's board of directors recommend that I vote?

A: After careful consideration, GBV's board of directors recommends that GBV's shareholders execute the written consent indicating their vote in favor of the adoption of the Merger Agreement and the approval of the Merger and the transactions contemplated by the Merger Agreement.

Q: What risks should I consider in deciding whether to vote in favor of the Merger or to execute and return the written consent, as applicable?

A: You should carefully review the section of this proxy statement/prospectus/information statement entitled "Risk Factors," which sets forth certain risks and uncertainties related to the Merger, risks and uncertainties to which the combined organization's business will be subject, and risks and uncertainties to which each of Marathon and GBV, as an independent company, is subject.

Q: When do you expect the Merger to be consummated?

A: We anticipate that the Merger will occur sometime soon after the Special Meeting to be held on _____ __, 2018 but we cannot predict the exact timing.

Q: What do I need to do now?

A: Marathon and GBV urge you to read this proxy statement/prospectus/information statement carefully, including its annexes, and to consider how the Merger affects you.

If you are a shareholder of Marathon, you may provide your proxy instructions in one of two different ways. First, you can mail your signed proxy card in the enclosed return envelope. You may also provide your proxy instructions via phone or via the Internet by following the instructions on your proxy card or voting instruction form. Please provide your proxy instructions only once, unless you are revoking a previously delivered proxy instruction, and as soon as possible so that your shares can be voted at the Special Meeting.

If you are a shareholder of GBV, you may execute and return your written consent to GBV in accordance with the instructions provided by GBV.

Q: What happens if I do not return a proxy card or otherwise provide proxy instructions, as applicable?

A: If you are a shareholder of Marathon, the failure to return your proxy card or otherwise provide proxy instructions will reduce the aggregate number of votes required to approve Proposal Nos. 1 and 3 and will have the same effect as voting against Proposal No. 2 and your shares will not be counted for purposes of determining whether a quorum is present at the Special Meeting.

Q: May I vote in person at the Special Meeting of shareholders of Marathon?

A: If your shares of Marathon's Common Stock are registered directly in your name with Marathon's transfer agent, you are considered to be the shareholder of record with respect to those shares, and the proxy materials and proxy card are being sent directly to you by Marathon. If you are a shareholder of Marathon of record, you may attend the Special Meeting and vote your shares in person. Even if you plan to attend the Special Meeting in person, Marathon requests that you sign and return the enclosed proxy to ensure that your shares will be represented at the Special Meeting if you become unable to attend. If your shares of Marathon's Common Stock are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in "street name," and the proxy materials are being forwarded to you by your broker or other nominee together with a voting instruction card. As the beneficial owner, you are also invited to attend the Special Meeting. Because a beneficial owner is not the shareholder of record, you may not vote these shares in person at the Special Meeting unless you obtain a proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Special Meeting.

Q: When and where is the Special Meeting of Marathon's shareholders?

A: The Special Meeting will be held at the offices of Sichenzia Ross Ference Kesner, LLP, 1185 Avenue of the Americas, Suite 3700, New York, NY 10036 on _____, 2018. Subject to space availability, all of Marathon's shareholders as of the record date, or their duly appointed proxies, may attend the Special Meeting. Since seating is limited, admission to the Special Meeting will be on a first-come, first-served basis. Registration and seating will begin at _____ , _____ time.

Q: If my Marathon shares are held in "street name" by my broker, will my broker vote my shares for me?

A: Unless your broker has discretionary authority to vote on certain matters, your broker will not be able to vote your shares of Marathon's common stock without instructions from you. Brokers are not expected to have discretionary authority to vote for Proposal Nos. 1 or 2. To make sure that your vote is counted, you should instruct your broker to vote your shares, following the procedures provided by your broker.

Q: May I change my vote after I have submitted a proxy or provided proxy instructions?

A: Marathon's shareholders of record, other than those of Marathon's shareholders who are parties to voting agreements, may change their vote at any time before their proxy is voted at the Special Meeting in one of three ways. First, a shareholder of record of Marathon can send a written notice to the Secretary of Marathon stating that it would like to revoke its proxy. Second, a shareholder of record of Marathon can submit new proxy instructions either on a new proxy card or via the Internet. Third, a shareholder of record of Marathon can attend the Special Meeting and vote in person. Attendance alone will not revoke a proxy. If a shareholder of Marathon of record or a shareholder who owns Marathon shares in "street name" has instructed a broker to vote its shares of Marathon's common stock, the shareholder must follow directions received from its broker to change those instructions.

Q: Who is paying for this proxy solicitation?

A: Marathon will pay the cost of printing and filing of this proxy statement/prospectus/information statement and the proxy card. Arrangements will also be made with brokerage firms and other custodians, nominees and fiduciaries who are record holders of Marathon's Common Stock for the forwarding of solicitation materials to the beneficial owners of Marathon's Common Stock. Marathon will reimburse these brokers, custodians, nominees and fiduciaries for the reasonable out-of-pocket expenses they incur in connection with the forwarding of solicitation materials.

Q: Who can help answer my questions?

Marathon maintains a portfolio of patents. Marathon acquired patents and patent rights from owners or other ventures and sought to monetize the value of the patents through litigation and licensing strategies, alone or with others. As of December 8, 2017, Marathon owns 86 patents, in addition to patents contributed to a special purpose entity, which include U.S. patents and foreign patents. Marathon and certain of its subsidiaries entered into a First Amendment to Amended and Restated Revenue Sharing and Securities Purchase Agreement and Restructuring Agreement dated August 3, 2017 (the "First Amendment and Restructuring Agreement"), with DBD Credit Funding LLC ("DBD") to restructure and replace the obligations of Marathon under an Amended and Restated Revenue Sharing and Securities Purchase Agreement, dated January 10, 2017, amending the original agreement entered into by Marathon and DBD on January 29, 2015. As contemplated in the First Amendment and Restructuring Agreement, in connection with the elimination of Marathon's long-term debt to DBD, on October 20, 2017 Marathon entered into agreements with DBD and assigned several of its patents to a special purpose entity managed by DBD.

On October 20, 2017, we closed the First Amendment and Restructuring Agreement with DBD to restructure and replace the obligations of Marathon under that certain Amended and Restated Revenue Sharing and Securities Purchase Agreement, dated January 10, 2017, which was originally entered into on January 29, 2015. Pursuant to the First Amendment and Restructuring Agreement, certain patents were assigned to the newly created special purpose entity, an SPE elected by DBD, which SPE is under the management and control of an affiliate of DBD. As a result, DBD now has full, direct control over the patents under the SPE structure. Our interest of 30% of the SPE may not have any value after the recoupment of DBD's investment and its costs and expenses. We retain no control over, ownership of, or recourse to, the SPE patents. As a result, we are wholly-dependent on the efforts and experience of DBD, as well as the costs associated with the efforts of DBD, for any recoveries under these patents as to which we do not anticipate receiving any.

Global Bit Ventures, Inc.

Burlington, MA 01803

Founded in 2017, GBV is a digital asset mining company. GBV intends to power and secure the blockchain by verifying blockchain transactions using custom hardware and software. GBV intends to use their hardware to mine bitcoin (BTC) and ether (ETH), two different forms of digital assets. GBV will be compensated in digital assets by the respective blockchain network that it secures for its efforts, which is how GBV generates revenue.

Blockchains are decentralized digital ledgers that record and enable secure peer-to-peer transactions without third party intermediaries. Blockchains enable the existence of digital assets by allowing participants to confirm transactions without the need for a central certifying authority. When a participant requests a transaction, a peer-to-peer network consisting of computers, known as nodes, validate the transaction and the user's status using known algorithms. After the transaction is verified, it is combined with other transactions to create a new block of data for the ledger. The new block is added to the existing blockchain in a way that is permanent and unalterable, and the transaction is complete. The following illustration outlines the process of a transaction between two digital asset holders.

Digital assets (also known as cryptocurrency) are a medium of exchange that uses encryption techniques to control the creation of monetary units and to verify the transfer of funds. Many consumers use digital assets because it offers cheaper and faster peer-to-peer payment options without the need to provide personal details. Every single transaction made and the ownership of every single digital asset in circulation is recorded in the blockchain. Miners use powerful computers that tally the transactions to run the blockchain. These miners update each time a transaction is made and ensure the authenticity of information. The miners receive a transaction fee for their service in the form of a portion of the new digital "coins" that are issued. Bitcoin is the most well-known digital asset, while ether is another type of digital asset.

Blockchain based transactions can involve digital assets, contracts, records, or other information.

Mining digital assets typically requires a substantial amount of specialized computer hardware and server equipment including a cost-effective data center to house the hardware. GBV is utilizing a datacenter based in Quebec, Canada, to house and run its equipment in order to mine ether.

In September 2017, GBV contracted with CIARA Technologies, a Canadian affiliate of Hypertec Group, to purchase 1,000 specialized mining servers, and associated equipment for approximately $3.98 million USD, excluding tax. The servers are to be installed and located in Quebec, Canada at a Hypertec Group datacenter. Hypertec Systems Inc. and GBV are party to a Master Services Agreement and received initial delivery of the servers during October 2017. GBV funded the acquisition with the proceeds of the GBV Notes and other sales of its securities. GBV paid approximately $2.0 million USD of the purchase order during September 2017 and paid an additional approximately $1.9 million USD during November 2017.

For additional information about GBV's Master Services Agreement see "Reasons for Merger" on page 9.

GBV is an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart our Business Startups Act of 2012 (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. GBV has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, GBV, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the GBV's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accountant standards used.

Global Bit Acquisition Sub, Inc.

Merger Sub is a wholly owned subsidiary of Marathon, and was formed solely for the purposes of carrying out the Merger.

The Merger (see page 65)

If the Merger is completed, Merger Sub will merge with and into GBV, with GBV surviving as a wholly owned subsidiary of Marathon.

At the Effective Time of the Merger, each share of (A) common stock of GBV, par value $0.0001 per share ("GBV Common Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock of Marathon (the "Series C Preferred Stock") or (y) common stock, par value $0.0001 per share of Marathon ("Common Stock"): (B) Series A Preferred Stock, par value 0.0001 per share, of GBV ("GBV Series A Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or (y) Common Stock; and (C) all of GBV's outstanding convertible debt ("GBV Notes") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or Common Stock. Marathon will not assume outstanding and unexercised warrants and options to purchase shares of GBV capital stock, and none are outstanding. The total number of shares of Marathon's Common Stock and Common Stock that is issuable under the Series C Preferred Stock is 126,674,557. After the completion of the Merger, Marathon will change its corporate name to "Marathon Blockchain, Inc." or similar name determined by the board of directors of Marathon as required by the Merger Agreement (the "Marathon Name Change").

The closing of the Merger will occur no later than the second business day after the last of the conditions to the Merger has been satisfied or waived (other than those conditions that by their nature are to be satisfied at the closing, but subject to the satisfaction or waiver of each such conditions), or at such other time as Marathon and GBV agree. Marathon and GBV anticipate that the consummation of the Merger will occur in the first quarter of 2018. However, because the Merger is subject to a number of conditions, neither Marathon nor GBV can predict exactly when the closing will occur, or if it will occur at all.

Reasons for the Merger (see page 67)

In connection with the Marathon's agreement to acquire GBV, Marathon has secured financing in connection with winding down the patenting business and working capital for reduced operations while it prepares for the acquisition of GBV. Marathon is transitioning from its historic business into businesses involved in supporting the blockchain and digital asset (cryptocurrency) ecosystem. While reducing its reliance on patent enforcement and licensing for the generation of revenue, Marathon has undertaken steps to dedicate its resources and efforts towards blockchain and digital asset (cryptocurrency) acquisition. Cryptocurrencies are one form of digital assets. As a result, we sometimes use the phrases "cryptocurrency" and "digital assets" interchangeably. These activities include the acquisition of businesses and assets engaged in or necessary for supporting the business of mining, as described below, including the direct acquisition of businesses, equipment and technology that service the blockchain ecosystem as well as the outright acquisition of digital assets, such as cryptocurrency, that may be held for appreciation or exchanged for other digital or non-digital assets or sold. Marathon intends to complete the acquisition of GBV and enter into a new and unproven business model with significant risks, both known and unknown, as more fully described in the section titled "Risk Factors", below. In connection with that newly-adopted business strategy, Marathon anticipates it will be necessary to add personnel to the management team, as well as other personnel, to enhance assessment of controls over risks, to review and seek approval of regulatory bodies (including the NASDAQ Capital Market for continued listing of its Common Stock) and will face other uncertainties associated with the evolving business and regulatory risks of blockchain and digital assets (cryptocurrency). There is no assurance that Marathon will be able to successfully navigate these risks or that regulatory and other requirements will not have a material adverse effect on the goals and objectives of Marathon or prevent Marathon from realizing its objectives.

On September 27, 2017, GBV placed a purchase order with Ciara Technologies, Inc., a company incorporated under the laws of Canada ("Ciara"), whereby Ciara agreed to sell certain equipment to GBV pursuant to a Master Services Agreement (the "Master Services Agreement") dated December 15, 2017, with Hypertec Systems, Inc., a company incorporated under the laws of Canada which is an affiliate of Ciara ("Hypertec Systems"). In accordance with the terms and subject to the conditions of the Master Services Agreement, Hypertec Systems, or its affiliates, agents, suppliers or subcontractors, shall provide to GBV, the services and equipment which are set forth in the Master Services Agreement, including the equipment in the purchase order, for a term of 36 months (the "Term"), which term is automatically renewable for additional one year periods unless GBV gives notice of termination. Pursuant to the Master Services Agreement, Hyertec Systems shall provide such standard services as may be requested by GBV from time to time, including, but not limited to (i) providing dedicated floor space for equipment and storage, (ii) heating, ventilation, air conditioning and fire suppression facilities, (iii) sufficient electrical power, (iv) multiple security level including turnstile doors, access codes and biometrics, (v) on-site staff 24-hours/7-days, (vi) access to one CAT5E for internet connectivity and (vii) access to one steel shelf for every 25kW of power required (the "Services"). In exchange for such Services during the Term, GBV shall pay to Hypertec a monthly recurring charge for base capacity reservation fees ("MRC"), and any applicable charges including, but not limited to, features and installation charges. Hypertec shall provide all services, free of charge, except for Managed Internet Bandwidth Services, dedicated secured storage spare and the kWh used, until such time as the servers purchased from Ciara are running at a hash rate of at least two hundred and thirteen (213) gigahash per second for a period of five (5) consecutive days as determined by Hypertec, provided that it is consistent with the hash rate shown on GBV's pool. The equipment purchased from Ciara pursuant to the purchase order dated September 27, 2017, had a purchase price of approximately $3.98 million, excluding tax, and consisted of mining servers and other related equipment. In addition to the MRC, GBV shall also reimburse Hypertec for actual metered power used by GBV at the actual kWh rates paid by Hypertec to its power provider, on a monthly basis, multiplied by the power usage effectiveness. GBV has the ability to request other optional services from Hypertec Systems for additional costs. Hypertec Systems is required to maintain certain insurance levels covering the equipment of GBV, which equipment is housed on their premises.

Following the Merger, the combined organization will focus on the development of GBV's new business involving the blockchain ecosystem and generation of digital assets. GBV is focused on mining digital assets and intends to add specialized computer equipment and plans to expand its activities to mine new digital assets.

- *Management Team*. It is expected that the combined organization will be led by the management from GBV and a board of directors with representation from each of Marathon and GBV.

- *Cash Resources.* The combined organization is expected to have approximately $8.0 million in cash and cash equivalents at the closing of the Merger, which Marathon and GBV believe is sufficient to enable GBV to implement its near-term business plans.

Opinion of the Marathon Financial Advisor (see page 67)

A written opinion dated December 13, 2017, addressed to Marathon's board of directors, provided a "fairness opinion" to the effect that, as of the date of the opinion and based on and subject to various assumptions, qualifications and limitations described in the opinion, the aggregate consideration to be paid by Marathon in the proposed Merger was fair, from a financial point of view, to holders of Marathon's Common Stock. Roth Capital Partners, LLC ("Roth") rendered the opinion. The full text of this written opinion to Marathon's board of directors, which describes, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken, is attached as **Annex B** to this proxy statement/prospectus/information statement and is incorporated by reference in its entirety herein. Holders of Marathon's Common Stock are encouraged to read the opinion carefully in its entirety.

The opinion was provided to Marathon's board of directors in connection with its evaluation of the aggregate consideration to be paid for by Marathon in the Merger. It does not address any other aspect of the proposed Merger or any alternative to the Merger and does not constitute a recommendation as to how Marathon's shareholders of Marathon should vote or act in connection with the Merger or otherwise.

Overview of the Merger Agreement

Merger Consideration (see page 76)

At the Effective Time, all outstanding shares of GBV capital stock and GBV Notes shall convert into the right to receive shares of Marathon's Series C Preferred Stock or Common Stock as follows:

- At the Effective Time of the Merger, each share of (A) common stock of GBV, par value $0.0001 per share ("GBV Common Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock of Marathon (the "Series C Preferred Stock") or (y) common stock, par value $0.0001 per share of Marathon ("Common Stock"): (B) Series A Preferred Stock, par value $0.0001 per share, of GBV ("GBV Series A Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or (y) Common Stock; and (C) all of GBV's outstanding convertible debt ("GBV Notes") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or Common Stock. Marathon will not assume outstanding and unexercised warrants and options to purchase shares of GBV capital stock, and none are outstanding. The total number of shares of Marathon's Common Stock and Common Stock that is issuable under the Series C Preferred Stock is 126,674,557.

- Marathon shareholders will continue to own and hold their existing shares of Marathon's Common Stock and Marathon's preferred stock. Marathon debt holders owning $4,053,948 of 5% convertible promissory notes (the "Marathon Notes") as of December 8, 2017, will convert their unconverted notes into Series E-1 Convertible Preferred Stock of Marathon ("Series E-1 Preferred Stock") if not converted to Common Stock prior to the Merger. Marathon Series E Convertible Preferred Stock ("Series E Preferred Stock") holders owning 5,480.65 shares of Series E Preferred Stock convertible into 5,480,649 shares of Common Stock) as of December 8, 2017 will continue to remain outstanding. The vesting of 448,775 unexercised options to purchase shares of Marathon's Common Stock, which are substantially vested, will remain outstanding as of the closing of the Merger. All 869,394 warrants to purchase shares of Marathon's Common Stock are currently exercisable into 869,394 shares of Common Stock. The Marathon's Common Stock, preferred stock, warrants and options will remain in effect pursuant to their terms. Immediately after the conversion of the GBV Common Stock, the GBV Series A Stock and the GBV Notes, Marathon shall have issued 81% of its issued and outstanding Common Stock, on a fully-diluted basis, under the Merger Agreement to GBV prior to giving effect of the issuance of 1 million shares of Marathon's Common Stock on December 13, 2017 at $5.00 per share in a registered offering subsequent to the Merger Agreement and other changes in Marathon's capitalization following the date of the Merger Agreement. For these purposes, Marathon's fully-diluted Common Stock is defined as the outstanding common stock of Marathon, plus conversion of preferred stock, options and warrants of Marathon, prior to the registered offering (the "Fully-Diluted Common Stock of Marathon"), with Marathon current shareholders, the holders of the Marathon Notes, option holders and warrant holders owning, or holding rights to acquire, approximately 19% the Fully-Diluted Common Stock of Marathon upon closing of the Merger (as such percentages are increased or reduced for the registered offering and any other shares issued or cancelled prior to the closing of the Merger).

- After the completion of the Merger, Marathon will change its corporate name to "Marathon Blockchain, Inc." or similar name determined by the board of directors of Marathon as required by the Merger Agreement. For a more complete description of the Merger exchange ratio please see the section entitled "The Merger Agreement" in this proxy statement/prospectus/information statement.

The Merger Agreement does not include a price-based termination right, and there will be no adjustment to the total number of shares of Marathon's Common Stock that GBV's shareholders will be entitled to receive for changes in the market price of Marathon's Common Stock after the date the Merger Agreement was signed. Accordingly, the market value of the shares of Marathon's Common Stock issued pursuant to the Merger will depend on the market value of the shares of Marathon's Common Stock at the time the Merger closes, and could vary significantly from the market value on the date of this proxy statement/prospectus/information statement and the date of the Merger Agreement. The full text of the Merger Agreement is incorporated by reference into this proxy statement/prospectus/information statement.

Treatment of Marathon's Stock Options and Warrants (see page 135)

The number of shares of Marathon's Common Stock underlying such options and the exercise price for such options as of December 8, 2017 is 448,775, which are substantially vested, at a weighted average exercise price of $16.22. The terms governing options to purchase Marathon's Common Stock will otherwise remain in full force and effect following the closing of the Merger.

On November 28, 2017, Marathon entered into an exchange agreement with the holder of an outstanding warrant to purchase 6,618,500 shares of the Marathon's Common Stock, originally issued August 31, 2017 and September 27, 2017 and the Holder exchanged the Warrant and relinquished any and all rights thereunder for 5,480.65 shares of Marathon's newly authorized Series E Convertible Preferred Stock, par value $0.0001 per share (the "Series E Preferred Stock"), based on the cashless exercise calculation of the Warrants. The Preferred Shares are convertible into an aggregate of 5,480,649 shares of Common Stock and were issued on November 30, 2017.

The Series E Preferred Stock is convertible into shares of Common Stock based on a conversion calculation equal to the stated value of each share of Series E Preferred Stock, plus all accrued and unpaid dividends, if any as of such date of determination, divided by the conversion price. The stated value of each share of Series E Preferred Stock is $6,000 and the initial conversion price is $6.00 per share, subject to adjustment for stock splits, stock dividends, recapitalizations, combinations, subdivisions or other similar events. The Series E Preferred stock, with respect to dividend rights and rights on liquidation, winding-up and dissolution, in each case will rank senior to Marathon's Common Stock and all other securities that do not expressly provide that such securities rank on parity with or senior to the Series E Preferred Stock. Until converted, each holder of Series E Preferred Stock shall be entitled to the number of votes equal to the number of shares of Common Stock such Series E Preferred Stock is convertible into (voting as a class with Common Stock), but not in excess of the conversion limitations set forth in the Certificate of Designation of Rights, Powers, Preferences, Privileges and Restrictions of the 0% Series E Convertible Preferred Stock (the "Series E Certificate of Designation").

Without limiting any other provision of the Series E Certificate of Designation, Marathon may not authorize or issue any additional or other shares of capital stock that is (i) of senior rank to the Series E Preferred Stock in respect of the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding-up of Marathon, (ii) of pari passu rank to the Series E Preferred Stock in respect of the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding-up of Marathon or (iii) any junior stock having a maturity date (or any other date requiring redemption or repayment of such shares of such junior stock) that is prior to the date on which any Series E Preferred Stock shall remain outstanding, without the prior express consent of the holders of at least a majority of the outstanding shares of Series E Preferred Stock, voting separate as a single class.

The Marathon Series E-1 Preferred Stock issued pursuant to the Merger Agreement will rank junior in all respects to the Marathon Series E Preferred Stock.

Treatment of GBV's Stock Options and Warrants (see page 75)

There are no options, warrants, rights, convertible or exchangeable securities, "phantom" stock rights, stock appreciation rights, stock-based performance units, commitments, contracts, arrangements or undertakings of any kind to which GBV is a party or by which GBV is bound (i) obligating GBV to issue, deliver or sell, or cause to be issued, delivered or sold, equity interests in, or any security convertible or exercisable for or exchangeable into any equity interest in, GBV, (ii) obligating GBV to issue, grant, extend or enter into any such option, warrant, call, right, security, commitment, contract, arrangement or undertaking or (iii) that give any person the right to receive any economic benefit or right similar to or derived from the economic benefits and rights occurring to holders of Common Stock of GBV.

Conditions to the Completion of the Merger (see page 135)

To consummate the Merger, Marathon's shareholders must approve (a) the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of shares of Marathon's Common Stock in the Merger, and (b) an amendment to the Amended and Restated Articles of Incorporation of Marathon effecting the Marathon Name Change. Additionally, GBV's shareholders must adopt the Merger Agreement thereby approving the Merger and the other transactions contemplated by the Merger Agreement. In addition to obtaining such shareholder approvals and appropriate regulatory approvals, each of the other closing conditions set forth in the Merger Agreement must be satisfied or waived.

No Solicitation (see page 140)

Subject to any fiduciary obligations applicable to its boards of directors, under the Merger Agreement Marathon and GBV shall not (and shall not cause or permit any of their affiliates to) engage in any discussions or negotiations with any person or take any action that would be inconsistent with the transactions contemplated by the Merger Agreement. GBV shall notify Marathon immediately if any person makes any proposal, offer, inquiry, or contact with respect to any of the foregoing. Marathon shall notify GBV immediately if any person makes any proposal, offer, inquiry or contact with respect to any of the foregoing.

Marathon and GBV also agree they will consult with each other before issuing, and provide each other the opportunity to review and comment upon, any press releases or other public statements with respect to the Merger Agreement or the Merger and shall not issue any such press release or make any such public statement prior to such consultation, except as may be required by applicable law, court process or by obligations pursuant to any listing agreement with any national securities exchanges.

Termination of the Merger Agreement (see page 145)

Either Marathon or GBV can terminate the Merger Agreement under certain circumstances, which would prevent the Merger from being consummated. The Merger Agreement provides for closing of the Merger on or before February 28, 2017, as the "outside termination date".

Termination Fee (see page 147)

Neither Marathon nor GBV will be required to pay any termination fees or reimburse the other party for expenses incurred in connection with the Merger.

GBV Notes (see page 149)

In September 2017, GBV issued aggregate amount of $2,000,000 in secured convertible notes payable, the GBV Notes, to multiple investors. The GBV Notes are convertible into GBV's common stock at $0.20 per share, subject to adjustments including an adjustment upon issuance of subsequent shares of common stock, have a 5% annual interest rate and mature on March 6, 2019 and March 28, 2019. The GBV Notes are secured by all assets and properties of the Company. On October 17, 2017, GBV issued a Secured Convertible Note to an investor for $1,750,000 convertible into the GBV's common stock at $0.20 per share, subject to adjustments including an adjustment upon issuance of subsequent shares of common stock, has a 5% annual interest rate and matures on March 28, 2019. The GBV Notes will be converted into Marathon's Series C Preferred Stock or Common Stock at the Effective Time of the Merger.

Certain current shareholders and Marathon Note holders own GBV Notes in addition to their Marathon holdings and will receive additional shares of Marathon's Series C Preferred Stock of Common Stock upon the closing of the Merger.

It is expected by both Marathon and GBV that all of Marathon's shareholders and Marathon's Note holders who are GBV shareholders or GBV's note holders will cast all of their votes for approval of Proposal Nos. 1 and 2.

Support and Voting Agreements (see page 74)

On November 1, 2017, Marathon entered into an amendment with Marathon's Chief Executive Officer to the retention agreement signed on August 22, 2017, whereby his tenure as Chief Executive Officer would be extended until December 31, 2017. Mr. Croxall entered into a Voting and Standstill Agreement on November 1, 2017 whereby he agreed to vote all of the shares he either directly or beneficially owns or acquires as instructed by Marathon's board of directors and to not sell any shares until 10 days after a change of control as defined in the agreement. Mr. Croxall received 700,000 shares of Marathon's Common Stock in connection with the agreements.

Lock-Up Agreements (see page 74)

As of December 8, 2017, Marathon's shareholders who have committed to execute lock-up agreements beneficially owned in the aggregate approximately 8.4% of the outstanding shares of Marathon's Common Stock.

Management Following the Merger (see page 237)

The Merger Agreement does not specify or require specific management appointments. Marathon and GBV are expected to agree to a management team to afford continuity to the combined companies as well as management with skills in blockchain and digital assets businesses. It is expected that the appointment of all management and directors will be determined prior to the closing of the Merger.

Interests of Certain Directors, Officers and Affiliates of Marathon and GBV (see pages 120 and 124)

In considering the recommendation of Marathon's board of directors with respect to the issuance of Marathon's Common Stock pursuant to the Merger Agreement and the other matters to be acted upon by Marathon's shareholders at the Special Meeting, Marathon's shareholders should be aware that certain members of Marathon's board of directors and executive officers of Marathon have interests in the Merger that may be different from, or in addition to, interests they have as Marathon's shareholders. For example, Marathon has entered into certain agreements with each of its remaining executive officers (Doug Croxall and Francis Knuettel II) that may result in the receipt by such executive officers of cash severance payments and other following the Effective Time of the Merger, and have received cash payments and other benefits in connection with the Merger Agreement prior to the Effective Time (collectively, not individually, and excluding the value of any accelerated vesting of equity awards).

Doug Croxall, Marathon's Chief Executive Officer, will receive a retention payment in the total amount of $500,000 pursuant to the Amendment to Retention Agreement dated November 1, 2017, by and between Marathon and Mr. Croxall, of which $312,500 was paid previously and $187,500 is payable upon the closing of the Merger.

As of December 8, 2017, Marathon's directors and executive officers beneficially owned, in the aggregate approximately 10.9% of the outstanding shares of Marathon's Common Stock which will be shares of the parent company of GBV following the Merger.

In considering the recommendation of GBV's board of directors with respect to approving the Merger and related transactions by written consent, GBV's shareholders should be aware that certain members of GBV's board of directors and certain of GBV's executive officers have interests in the Merger that may be different from, or in addition to, interests they have as GBV's shareholders. For example, certain of GBV's directors and executive officers or their family members have invested in the GBV Notes and acquired "founders" shares at reduced prices than may have been available to other GBV shareholders but which will be exchanged, at the closing of the Merger, and become shares of Marathon's Series C Preferred Stock or Common Stock at the same ratio of other GBV shares and GBV Notes, certain of GBV's directors and executive officers are expected to become directors and executive officers of Marathon upon the closing of the Merger, and all of GBV's directors and executive officers will be entitled to certain indemnification and liability insurance coverage pursuant to the terms of the Merger Agreement or upon closing of the Merger.

As of December 18, 2017, all of GBV's directors and executive officers, together with their affiliates, owned approximately 3.2% of the outstanding shares of GBV capital stock, on an as converted to common stock basis.

Risk Factors (see page 25)

Both Marathon and GBV are subject to various risks associated with their businesses and their industries. In addition, the Merger poses a number of risks to each company and its respective shareholders, including the possibility that the Merger may not be completed and the following risks:

- The exchange share issuance amounts under the Merger Agreement are not adjustable based on the market price of Marathon's Common Stock, so the Merger consideration at the closing may have a greater or lesser value than at the time the Merger Agreement was signed, for example on December 11, 2017, Marathon closed on a sale of 1 million shares with a $5 million investment in its Common Stock as a result of which the Merger Agreement was amended to provide for removal of a percentage ratio and only the share issuance amounts will be issued as agreed;

- The exchange share issuance amounts under the Merger Agreement are not adjustable based on the net cash of either Marathon or GBV at the Effective Time, so the relative ownership of the combined organization as between current shareholders of GBV and current shareholders of Marathon may not reflect the ratio of net cash of Marathon and GBV, respectively, at the closing of the Merger;

- The Merger may be completed even though material adverse changes may result solely from the announcement of the Merger, changes in the industry in which Marathon and GBV operate that apply to all companies generally and other causes;

- Some of Marathon's and GBV's respective officers and directors have interests that are different from or in addition to those considered by other shareholders of GBV and Marathon and which may influence them to support or approve the Merger;

- The market price of the combined organization's (Marathon's) common stock may decline as a result of the Merger;

- Marathon's and GBV's shareholders may not realize a benefit from the Merger commensurate with the ownership dilution they will experience in connection with the Merger;

- During the pendency of the Merger, Marathon and GBV may not be able to enter into a business combination with another party under certain circumstances because of restrictions in the Merger Agreement, which could adversely affect their respective businesses;

- Certain provisions of the Merger Agreement may discourage third parties from submitting alternative takeover proposals, including proposals that may be superior to the arrangements contemplated by the Merger Agreement;

- Because the lack of a public market for shares of GBV's capital stock and GBV Notes makes it difficult to evaluate the fairness of the Merger, GBV's shareholders and GBV Note holders may receive consideration in the Merger that is less than the fair market value of the shares of GBV's capital stock or GBV Notes and/or Marathon may pay more than the fair market value of the shares of GBV's capital stock and/or GBV Notes; and

- If the conditions to the Merger are not met, the Merger will not occur.

These risks and other risks are discussed in greater detail under the section entitled "Risk Factors" in this proxy statement/prospectus/information statement. Marathon and GBV both encourage you to read and consider all of these risks carefully.

Regulatory Approvals (see page 129)

Marathon must comply with applicable federal and state securities laws and the rules and regulations of The NASDAQ Capital Market ("NASDAQ") in connection with the issuance of shares of Marathon's Common Stock and the filing of this proxy statement/prospectus/information statement with the SEC. As of the date hereof, the registration statement of which this proxy statement/prospectus/information statement is a part has not become effective.

NASDAQ Stock Market Listing (see page 129)

Prior to consummation of the Merger, Marathon intends to file an initial listing application with NASDAQ which is required for continued listing of Marathon's Common Stock on NASDAQ. If such application is accepted, Marathon anticipates that Marathon's Common Stock will be listed on The NASDAQ Capital Market following the closing of the Merger under the trading symbol "MARA". There can be no assurance that such application will be accepted of that Marathon will be able to continue to be listed on NASDAQ.

Anticipated Accounting Treatment (see page 130)

For accounting purposes, GBV is considered to be acquiring Marathon in the Merger.

Appraisal Rights (see page 130)

Holders of Marathon's capital stock are not entitled to appraisal rights in connection with the Merger under Nevada law. Holders of GBV's capital stock who do not consent to or vote in favor of the Merger, however, are entitled to appraisal rights in connection with the Merger under Nevada law. For more information about such rights, see the provisions of Sections 92A.300 through 92A.500 of the Nevada Revised Statutes ("NRS") attached hereto as **Annex C**, and the section entitled "The Merger—Appraisal Rights" in this proxy statement/prospectus/information statement.

Comparison of Shareholder Rights (see page 273)

Both Marathon and GBV are incorporated under the laws of the State of Nevada and, accordingly, the rights of the shareholders of each are currently, and will continue to be, governed by the NRS. If the Merger is completed, GBV's shareholders and holders of the GBV Notes as well as the holders of Marathon's Notes will become shareholders of Marathon, and their rights will be governed by the NRS, Marathon's amended and restated bylaws and, Marathon's amended and restated Articles of Incorporation (as amended by the amendments set forth in **Annex D** assuming Proposal No. 2 is approved). The rights of Marathon's shareholders contained in Marathon's amended and restated Articles of Incorporation and Marathon's amended and restated bylaws differ from the rights of GBV's shareholders under GBV's amended and restated Articles of Incorporation and GBV's bylaws, as more fully described under the section entitled "Comparison of Rights of Holders of Marathon Stock and GBV Stock" in this proxy statement/prospectus/information statement.

SELECTED HISTORICAL AND UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL DATA

The following tables present summary historical financial data for Marathon and GBV, summary unaudited pro forma condensed financial data for Marathon and GBV, and comparative historical and unaudited pro forma per share data for Marathon and GBV.

Selected Historical Financial Data of Marathon

The selected financial data as of December 31, 2016 and 2015 and for the years ended December 31, 2016, and 2015 are derived from the Marathon audited financial statements prepared using accounting principles generally accepted in the United States, which are included in this proxy statement/prospectus/information statement. The selected financial data as of December 31, 2016 and 2015 and for the years ended December 31, 2016 and 2015 are derived from the Marathon audited financial statements, which are not included in this proxy statement/prospectus/information statement. The statement of operations data for the nine months ended September 30, 2017 and 2016, as well as the balance sheet data as of September 30, 2017, are derived from the Marathon unaudited condensed financial statements included in this proxy statement/prospectus/information statement. The financial data should be read in conjunction with "Marathon Management's Discussion and Analysis of Financial Condition and Results of Operations" and Marathon financial statements and related notes appearing elsewhere in this proxy statement/prospectus/information statement. These historical results are not necessarily indicative of results to be expected in any future period.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed combined financial information was prepared using the acquisition method of accounting under U.S. GAAP, and gives effect to the Merger, which will be accounted for as a reverse acquisition, with GBV being deemed the acquiring company for accounting purposes.

GBV was determined to be the accounting acquirer based upon the terms of the Merger Agreement and other factors including: (i) GBV stockholders are expected to own approximately a majority of the voting interests of the combined company immediately following the closing of the transaction and (ii) directors appointed by GBV will hold a majority of board seats in the combined company.

The following unaudited pro forma condensed combined financial statements are based on our historical financial statements and GBV's historical financial statements as adjusted to give effect to GBV's acquisition of Marathon. The unaudited pro forma condensed combined statements of operations for the nine months ended September 30, 2017 and the year ended December 31, 2016 give effect to these transactions as if they had occurred on January 1, 2016. The unaudited pro forma condensed combined balance sheet as of September 30, 2017 gives effect to these transactions as if they had occurred on September 30, 2017.

Because GBV will be treated as the accounting acquirer, GBV's assets and liabilities will be recorded at their precombination carrying amounts and the historical operations that are reflected in the unaudited pro forma financial information will be those of GBV. Marathon's assets and liabilities will be measured and recognized at their fair values as of the transaction date, and combined with the assets, liabilities and results of operations of GBV after the consummation of the transaction.

The unaudited pro forma condensed combined financial information is based on the assumptions and adjustments that are described in the accompanying notes. The application of the acquisition method of accounting is dependent upon certain valuations and other studies that have yet to be completed. Accordingly, the pro forma adjustments are preliminary, subject to further revision as additional information becomes available and additional analyses are performed, and have been made solely for the purpose of providing unaudited pro forma condensed combined financial information. Differences between these preliminary estimates and the final acquisition accounting, expected to be completed after the closing of the transaction, will occur and these differences could have a material impact on the accompanying unaudited pro forma condensed combined financial information and the combined company's future results of operations and financial position. In addition, differences between the preliminary and final amounts will likely occur as a result of the amount of cash used for Marathon's operations, changes in the fair value of Marathon's common stock and other changes in Marathon's assets and liabilities.

The unaudited pro forma condensed combined financial information does not give effect to the potential impact of current financial conditions, regulatory matters, operating efficiencies or other savings or expenses that may be associated with the integration of the two companies. The unaudited pro forma condensed combined financial information is preliminary and has been prepared for illustrative purposes only and is not necessarily indicative of the financial position or results of operations in future periods or the results that actually would have been realized had Marathon and GBV been a combined company during the specified periods. The actual results reported in periods following the transaction may differ significantly from those reflected in this pro forma financial information presented herein for a number of reasons, including, but not limited to, differences between the assumptions used to prepare this pro forma financial information.

The assumptions and estimates underlying the unaudited adjustments to the pro forma condensed combined financial statements are described in the accompanying notes, which should be read together with the pro forma condensed combined financial statements.

The unaudited pro forma condensed combined financial statements should be read together with Marathon's historical financial statements, which are included in Marathon's latest annual report on Form 10-K and quarterly report on Form 10-Q, and GBV's historical information included herein.

Notes to the Unaudited Pro Forma Condensed Combined Financial Information

Note 1 — Description of Transaction and Basis of Presentation

The unaudited pro forma condensed combined financial information was prepared in accordance with U.S. GAAP and pursuant to the rules and regulations of SEC Regulation S-X, and present the pro forma financial position and results of operations of the combined companies based upon the historical data of Marathon and GBV.

For the purposes of the unaudited pro forma combined financial information, the accounting policies of Marathon and GBV are aligned with no differences. Accordingly, no effect has been provided for the pro forma adjustments described in Note 3, "Pro Forma Adjustments."

Description of Transaction

On November 1, 2017, Marathon entered into an agreement to acquire, through its wholly-owned subsidiary, Global Bit Ventures Acquisition Corp., a Nevada corporation ("GBVAC"), 100% of the Capital Stock of Global Bit Ventures, Inc., a Nevada corporation ("GBV"), which currently secures and powers digital asset blockchains by running specialized servers.

Under the terms of the Agreement and Plan of Merger (the "Merger Agreement"), the Company will issue 126,674,557 shares of the Company's Common Stock in exchange for one-hundred (100%) percent of the shares of GBV's capital stock. At the closing of the merger, GBVAC shall be merged with and into GBV pursuant to the Merger Agreement and the separate existence of GBVAC shall cease and GBV shall be the surviving company.

The closing of the acquisition is subject to certain closing conditions including approval of the Merger Agreement by the Company's Shareholders.

Basis of Presentation

GBV has preliminarily concluded that the transaction represents a business combination pursuant to Financial Accounting Standards Board Accounting Standards Codification Topic 805, *Business Combinations*. GBV has not yet completed an external valuation analysis of the fair market value of Marathon's assets to be acquired and liabilities to be assumed. Using the estimated total consideration for the transaction, GBV has estimated the allocations to such assets and liabilities. This preliminary purchase price allocation has been used to prepare pro forma adjustments in the unaudited pro forma condensed combined balance sheet. The final purchase price allocation will be determined when GBV has determined the final consideration and completed the detailed valuations and other studies and necessary calculations. The final purchase price allocation could differ materially from the preliminary purchase price allocation used to prepare the pro forma adjustments. The final purchase price allocation may include (i) changes in allocations to intangible assets and bargain purchase gain or goodwill based on the results of certain valuations and other studies that have yet to be completed, (ii) other changes to assets and liabilities and (iii) changes to the ultimate purchase consideration.

Note 2 — Preliminary purchase price allocation

GBV has performed a preliminary valuation analysis of the fair market value of Marathon's assets and liabilities. For purpose of this transaction on this pro forma, we assumed that the fair value of the Company's intangible assets approximated book value and that the intangible will continue to be amortized over the remaining useful life upon consummation of the merger. The following table summarizes the allocation of the preliminary purchase price as of the acquisition date (in thousands):

Cash and cash equivalents	$	122,172
Restricted cash		3,919,718
Accounts receivable		123,630
Notes receivable		588,864
Prepaid expense and other current assets		108,878
Property and equipment, net		9,803
Goodwill		133,975,788**(w)**
Intangible assets		7,590,213
Accounts payable and accrued expenses		(1,954,836)
Clouding IP earn out - current portion		(32,637)
Revenue share liability		(1,225,000)
Warrant liability		(2,411,750)
Notes payable		(15,582,156)
Clouding IP earn out		(681,175)
Revenue share liability		(37,236)
Total consideration		124,514,276

(w) To reflect the goodwill recognized as a result of the transaction.

Under the acquisition method of accounting, the total purchase price is allocated to the acquired tangible and intangible assets and assumed liabilities of Marathon based on their estimated fair values as of the transaction closing date. The excess of the acquisition consideration paid over the estimated fair values of net assets acquired will be recorded as goodwill in the condensed combined balance sheet.

The following table illustrates the effect of change in Marathon's common stock price and the resulting impact on the estimated total purchase price and estimated goodwill (in thousands except for share and per share amounts):

Change in stock price	Stock price	Estimated purchase price	Estimated goodwill
Increase of 10%	$ 6.26	$ 137,137,062	$ 146,598,574
Decrease of 10%	$ 5.12	$ 111,920,794	$ 121,382,306
Increase of 20%	$ 6.83	$ 149,789,302	$ 159,250,814
Decrease of 20%	$ 4.55	$ 99,365,247	$ 108,826,759
Increase of 30%	$ 7.40	$ 162,464,119	$ 171,925,631
Decrease of 30%	$ 3.98	$ 86,837,508	$ 96,299,020
Increase of 50%	$ 8.54	$ 187,901,260	$ 197,362,772
Decrease of 50%	$ 2.85	$ 61,899,089	$ 71,360,601

Note 3 — Pro forma adjustments

The pro forma adjustments are based on our preliminary estimates and assumptions that are subject to change. The following adjustments have been reflected in the unaudited pro forma condensed combined financial information:

(a) Represents the issuance of 126,674,557 shares of Marathon's common stock and its effect on the common stock and additional paid in capital accounts (in thousands).

	Common Stock	Additional Paid in Capital
Issuance of 126,674,557 shares of Marathon's common stock	126,675	(126,675)
Adjustments due to reverse merger	7,476	(7,476)
	134,151	(134,151)

(b) Represents the elimination of the historical equity of Marathon and the initial allocation of excess purchase price to identified intangibles, fair value adjustments and goodwill, as follows (in thousands):

Total consideration	$ 124,514,276**(y)**
Preferred stock, $.0001 par value	(78)
Common stock, $.001 par value	(3,111)
Additional paid-in-capital	(61,833,077)
Accumulated other comprehensive income (loss)	450,623
Accumulated deficit	70,427,472
Noncontrolling interests	191,282
Write-down/(write-up) of assets:	
Goodwill	228,401
Goodwill - related to the Merger	$ 133,975,788

(y) Consideration of $125.0 million represents the market value ($5.69 per share as of December 13, 2017) of approximately 7.8 million common shares of Marathon, $78.2 million related to convertible notes, $1.1 million related to convertible preferred stock, $0.6 million related to warrants, and $0.3 million related to stock options.

(c) Represents the conversion of GBV's secured convertible notes payable into common shares and its effect on additional paid in capital.

(d) Reflects an adjustment of approximately $100,000 for the estimated transaction costs for both GBV and Marathon, such as adviser fees and legal and accounting expenses that were not incurred as of September 30, 2017.

(e) Reflects an elimination of Marathon's goodwill impairment during the year ended December 31, 2016.

(f) Represents the increase in the weighted average shares due to the issuance of 126,674,557 common shares in connection with the Merger.

RISK FACTORS

The combined organization will be faced with a market environment that cannot be predicted and that involves significant risks, many of which will be beyond its control. In addition to the other information contained in this proxy statement/prospectus/information statement, you should carefully consider the material risks described below before deciding how to vote your shares of stock. In addition, you should read and consider the risks associated with Marathon's business because these risks may also affect the combined organization — these risks can be found under the heading "Risk Factors — Risks Related to Marathon" in this proxy statement/prospectus/information statement and in Marathon's Current Report on Form 8-K filed with the SEC November 2, 2017 and other filings and reports by Marathon with the SEC and incorporated by reference into this proxy statement/prospectus/information statement. You should also read and consider the other information in this proxy statement/prospectus/information statement and the other documents incorporated by reference into this proxy statement/prospectus/information statement. Please see the section entitled "Where You Can Find More Information" in this proxy statement/prospectus/information statement.

Risks Related to the Merger

The exchange ratio is not adjustable based on the market price of Marathon's Common Stock, so the Merger consideration at the closing may have a greater or lesser value than at the time the Merger Agreement was signed.

The Merger Agreement has set the exchange ratio for the GBV capital stock, and the exchange ratio is based on the outstanding capital stock of GBV and the outstanding Common Stock of Marathon, in each case, at the time of execution of the Merger Agreement as described under the heading "The Merger—Merger Consideration." Any changes in the outstanding capital stock or market price of Marathon's Common Stock before the completion of the Merger will not affect the number of shares of Marathon's Series C Preferred Stock or Marathon's Common Stock issuable to GBVs shareholders pursuant to the Merger Agreement. Therefore, if before the completion of the Merger the market price of Marathon's Common Stock declines from the market price on the date of the Merger Agreement, then GBV's shareholders could receive Merger consideration with substantially lower value than the value of the Merger consideration on the date of the Merger Agreement. Similarly, if before the completion of the Merger the market price of Marathon's Common Stock increases from the market price of Marathon's Common Stock on the date of the Merger Agreement, then GBV's shareholders could receive Merger consideration with substantially greater value than the value of such Merger consideration on the date of the Merger Agreement. The Merger Agreement does not include a price-based termination right. Because the exchange ratio does not adjust as a result of changes in the outstanding capital stock or market price of Marathon's Common Stock.

Failure to complete the Merger could significantly harm the market price of Marathon's Common Stock and negatively affect the future business and operations of each company.

If the Merger is not completed and the Merger Agreement is terminated expenses are not reimbursable in connection with a termination of the Merger Agreement, each of Marathon and GBV will have incurred significant fees and expenses, such as legal and accounting fees which Marathon and GBV estimate will total approximately $750,000 and $150,000, respectively, which must be paid whether or not the Merger is completed. Further, if the Merger is not completed, it could significantly harm the market price of Marathon's Common Stock.

In addition, if the Merger Agreement is terminated and the board of directors of Marathon or GBV determines to seek another business combination, there can be no assurance that either Marathon or GBV will be able to find a partner and close an alternative transaction on terms that are as favorable or more favorable than the terms set forth in the Merger Agreement.

The Merger may be completed even though certain events occur prior to the closing that materially and adversely affect Marathon or GBV.

The Merger Agreement provides that either Marathon or GBV can refuse to complete the Merger. However, certain types of changes do not permit either party to refuse to complete the Merger, even if such change could be said to have a material adverse effect on Marathon or GBV, including:

- any effect resulting from the announcement or pendency of the Merger or any related transactions;
- the taking of any action, or the failure to take any action, by either Marathon or GBV required to comply with the terms of the Merger Agreement;
- any natural disaster or any act or threat of terrorism or war anywhere in the world, any armed hostilities or terrorist activities anywhere in the world, any threat or escalation or armed hostilities or terrorist activities anywhere in the world, or any governmental or other response or reaction to any of the foregoing;
- general economic or political conditions or conditions generally affecting the industries in which Marathon or GBV, as applicable, operates;
- any illegality or rejection by a governmental body, of the blockchain or digital asset industry, or changes in the prices of digital assets;
- any change in accounting requirements, tax treatment or principles or any change in applicable laws, rules, or regulations or the interpretation thereof;
- with respect to Marathon, any change in the stock price or trading volume of Marathon's Common Stock excluding any underlying effect that may have caused such change;
- with respect to GBV, the termination, sublease, or assignment or disruption in the facility arrangements involving Hypertec or other location housing the business or operations of GBV;
- with respect to Marathon, continued losses from operations or decreases in cash balances of Marathon not materially inconsistent with kind and degree of losses from operations and decreases in cash balances which have occurred since September 30, 2017, unfavorable outcome or commencement of any litigation or claims against Marathon;
- with respect to Marathon, the winding down of Marathon's operations not materially inconsistent with the kind and degree of winding down activities which have occurred since September 30, 2017; and
- with respect to GBV and Marathon, any change in the cash position of GBV or Marathon resulting from operations in the ordinary course of business.

If adverse changes occur and Marathon and GBV still complete the Merger, the market price of the combined organization's Common Stock may suffer. This in turn may reduce the value of the Merger to the shareholders of Marathon, GBV or both.

Some Marathon and GBV officers and directors have interests in the Merger that are different from yours and that may influence them to support or approve the Merger without regard to your interests.

Certain officers and directors of Marathon and GBV participate in arrangements that provide them with interests in the Merger that are different from yours, including, among others, the continued service as an officer or director of the combined organization, severance benefits, the acceleration of stock option vesting, continued indemnification and the potential ability to sell an increased number of shares of common stock of the combined organization in accordance with Rule 144 under the Securities Act of 1933, as amended ("Securities Act").

For example, Marathon has entered into certain employment and severance benefits arrangements with certain of its executive officers, including Doug Croxall and Francis Knuettel II, that may result in the receipt by such executive officers of cash severance payments and restricted stock and other benefits, including benefits which become effective upon the closing of the Merger Agreement.

In addition, and for example, certain of GBV's directors and officers, including Charles Allen and Jesse Sutton, have ownership of GBV capital stock which, at the closing of the Merger, shall be converted into and become shares of Series C Preferred Stock or Common Stock of Marathon, certain of GBV's directors and officers are expected to become directors and officers of Marathon upon the closing of the Merger, and all of GBV's directors and officers are entitled to certain indemnification and liability insurance coverage as a result of the closing of the Merger. These interests, among others, may influence the officers and directors of Marathon and GBV to support or approve the Merger.

For more information concerning the interests of Marathon's and GBV's officers and directors, see the sections entitled "The Merger—Interests of Marathon Directors and Officers in the Merger" and "The Merger—Interests of GBV Directors and Officers in the Merger" in this proxy statement/prospectus/information statement.

The market price of Marathon's Common Stock following the Merger may decline as a result of the Merger.

The market price of Marathon's Common Stock may decline as a result of the Merger for a number of reasons including if:

- investors react negatively to the prospects of the combined organization, business and financial condition following the Merger;
- the effect of the Merger on the combined organization's business and prospects is not consistent with the expectations of financial or industry analysts; or
- the combined organization does not achieve the perceived benefits of the Merger as rapidly or to the extent anticipated by financial or industry analysts.

Marathon and GBV shareholders may not realize a benefit from the Merger commensurate with the ownership dilution they will experience in connection with the Merger.

If the combined organization is unable to realize the strategic and financial benefits currently anticipated from the Merger, Marathon and GBV's shareholders will have experienced substantial dilution of their ownership interests in their respective companies without receiving the expected commensurate benefit, or only receiving part of the commensurate benefit to the extent the combined organization is able to realize only part of the expected strategic and financial benefits currently anticipated from the Merger.

During the pendency of the Merger, Marathon and GBV may not be able to enter into a business combination with another party at a favorable price because of restrictions in the Merger Agreement, which could adversely affect their respective businesses.

Covenants in the Merger Agreement impede the ability of Marathon and GBV to make acquisitions, subject to certain exceptions relating to fiduciary duties, or to complete other transactions that are not in the ordinary course of business pending completion of the Merger. As a result, if the Merger is not completed, the parties may be at a disadvantage to their competitors during such period. In addition, while the Merger Agreement is in effect, each party is generally prohibited from soliciting, initiating, encouraging or entering into certain extraordinary transactions, such as a Merger, sale of assets, or other business combination outside the ordinary course of business with any third party, subject to certain exceptions relating to fiduciary duties. Any such transactions could be favorable to such party's shareholders.

Certain provisions of the Merger Agreement may discourage third parties from submitting alternative takeover proposals, including proposals that may be superior to the arrangements contemplated by the Merger Agreement.

The terms of the Merger Agreement prohibit each of Marathon and GBV from soliciting alternative takeover proposals or cooperating with persons making unsolicited takeover proposals, except in limited circumstances when such party's board of directors determines in good faith that an unsolicited alternative takeover proposal is or is reasonably likely to lead to a superior takeover proposal and that failure to cooperate with the proponent of the proposal would be reasonably likely to be inconsistent with the board's fiduciary duties. Moreover, even if a party receives what the party's board of directors determines is a superior proposal, the Merger Agreement does not permit either party to terminate the Merger Agreement to enter into a superior proposal.

Because the lack of a public market for GBV's capital stock and notes makes it difficult to evaluate the value of GBV's capital stock, the shareholders of GBV may receive shares of Marathon's Series C Preferred Stock or Common Stock in the Merger that have a value that is less than, or greater than, the fair market value of GBV's capital stock or notes.

The outstanding capital stock of GBV (and the GBV Notes) are privately held and is not traded in any public market. The lack of a public market makes it extremely difficult to determine the fair market value of GBV. Because the percentage of Marathon's Series C Preferred Stock or Common Stock to be issued to GBV's shareholders and the GBV Note holders was determined based on negotiations between the parties, it is possible that the value of Marathon's Series C Preferred Stock and Common Stock to be received by GBV's shareholders and note holders will be less than the fair market value of GBV, or Marathon may pay more than the aggregate fair market value for GBV.

If the conditions to the Merger are not met, the Merger will not occur.

Even if the Merger is approved by the shareholders of Marathon and GBV, specified conditions must be satisfied or waived to complete the Merger. These conditions are set forth in the Merger Agreement and described in the section entitled "The Merger Agreement —Conditions to the Completion of the Merger" in this proxy statement/prospectus/information statement. Marathon and GBV cannot assure you that all of the conditions will be satisfied or waived. If the conditions are not satisfied or waived, the Merger will not occur or will be delayed, and Marathon and GBV each may lose some, or all, of the intended benefits of the Merger.

Risks Related to Marathon

We may not be able to successfully monetize our patents and thus we may fail to realize all of the anticipated benefits of such acquisitions.

There is no assurance that Marathon will be able to continue to successfully acquire, develop or monetize its patent portfolio. The acquisition of patents could fail to produce anticipated benefits or there could be other adverse effects that we do not currently foresee. Failure to successfully monetize our patents would have a material adverse effect on our business, financial condition and results of operations. We have ceased acquiring new patents and have significantly reduced our workforce and activities seeking to monetize patents.

In addition, our patent portfolio is subject to a number of risks, including, but not limited to the following:

- There is a significant time lag between acquiring a patent portfolio and recognizing revenue from such patent asset. During such time lag, substantial amounts of costs are likely to be incurred that could have a negative effect on our results of operations, cash flows and financial position;

- The monetization of a patent portfolio is a time consuming and expensive process that may disrupt our operations. If our monetization efforts are not successful, our results of operations could be harmed. In addition, we may not achieve anticipated synergies or other benefits from such acquisition; and

- We may encounter unforeseen difficulties with our business or operations in the future that may deplete our capital resources more rapidly than anticipated. As a result, we may be required to obtain additional working capital in the future through public or private debt or equity financings, borrowings or otherwise. If we are required to raise additional working capital in the future, such financing may be unavailable to us on favorable terms, if at all, or may be dilutive to our existing shareholders. If we fail to obtain additional working capital, as and when needed, such failure could have a material adverse impact on our business, results of operations and financial condition.

Therefore, there is no assurance that the monetization of our patent portfolios will generate enough revenue to recoup our investment.

On October 20, 2017, we closed the First Amendment and Restructuring Agreement with DBD to restructure and replace the obligations of Marathon under that certain Amended and Restated Revenue Sharing and Securities Purchase Agreement, dated January 10, 2017, which was originally entered into on January 29, 2015. Pursuant to the First Amendment and Restructuring Agreement, certain patents were assigned to the newly created special purpose entity, an SPE elected by DBD, which SPE is under the management and control of an affiliate of DBD. As a result, DBD now has full, direct control over the patents under the SPE structure. Our interest of 30% of the SPE may not have any value after the recoupment of DBD's investment and its costs and expenses. We retain no control over, ownership of, or recourse to, the SPE patents. As a result, we are wholly-dependent on the efforts and experience of DBD, as well as the costs associated with the efforts of DBD, for any recoveries under these patents as to which we do not anticipate receiving any. After creation of the SPE and as of December 8, 2017, we owned 86 patents.

We presently rely upon the patent assets we acquire from other patent owners. If we are unable to monetize such assets and generate revenue and profit through those assets or by other means, there is a significant risk that our business would fail.

When we commenced our current line of business in 2012, we acquired a portfolio of patent assets from Sampo IP, LLC ("Sampo"), a company affiliated with our Chief Executive Officer, Douglas Croxall, from which we have generated revenue from enforcement activities. On April 16, 2013, we acquired a patent from Mosaid Technologies Incorporated, a Canadian corporation. On April 22, 2013, we acquired a patent portfolio through a Merger between our wholly-owned subsidiary, CyberFone Acquisition Corp., a Texas corporation and CyberFone Systems LLC, a Texas limited liability company ("CyberFone Systems"). In June 2013, in connection with the closing of a licensing agreement with Siemens Technology, Inc. ("Siemens"), we acquired a patent portfolio. In September 2013, we acquired a portfolio from TeleCommunication Systems and an additional portfolio from Intergraph Corporation. In October 2013, we acquired a patent portfolio from TT IP, LLC. In December 2013 we engaged in three transactions: (i) in connection with a licensing agreement with Zhone Technologies Inc., we acquired a portfolio of patents from that company; (ii) we acquired a patent portfolio from Delphi Technologies, Inc.; and (iii) in connection with a settlement and license agreement, we agreed to settle and release a defendant for past and future use of our patents, whereby the defendant agreed to assign and transfer two U.S. patents and rights to us. In May 2014, we acquired ownership rights of Dynamic Advances, LLC, a Texas limited liability company, IP Liquidity Ventures, LLC, a Delaware limited liability company and Sarif Biomedical, LLC, a Delaware limited liability company, all of which hold patent portfolios or contract rights to the revenue generated from patent portfolios. In June 2014, we acquired Selene Communication Technologies, LLC, which holds multiple patents in the search and network intrusion field. In August 2014, we acquired patents from Clouding IP LLC, with such patents related to network and data management technology. In September 2014, we acquired TLI Communications, which owns a single patent in the telecommunication field. In October 2014, we acquired three patent portfolios from MedTech Development, LLC, which owns medical technology patents. In June 2016, one of our subsidiaries, Munitech S.a.r.l. ("Munitech"), acquired two patent portfolios from Siemens covering W-CDMA and GSM cellular technology. In July 2016, one of our subsidiaries, Magnus GmbH ("Magnus"), acquired a patent portfolio from Siemens covering internet-of-things technology. In August 2016, we entered into two transactions. In the first, we acquired a patent portfolio from CPT IP Holdings, LLC covering battery technology and in the second, we entered into a Patent Funding and Exclusive License Agreement with a Fortune 50 company to monetize more than 10,000 patents in a single industry vertical. In September 2016, one of our subsidiaries, Motheye Technologies, LLC ("Motheye"), acquired a patent from Cirrex Systems, LLC, covering LED technology; however, in June 2017, following a decision by Marathon not to enforce such patent, Motheye entered into an agreement whereby such patent held by the subsidiary was assigned back to Cirrex Systems, LLC. In September 2017, Marathon sold Munitech, which included both its assets and its liabilities, in a private transaction to a third party.

Following the closing of the Merger, and giving effect to the SPE, we no longer may generate revenues from our acquired patent portfolios, several of which have been disposed of and others are inactive. If our efforts to generate revenue from these assets fail, we will have incurred significant losses and may be unable to acquire additional assets. If this occurs, our patent monetization business would likely fail.

We have economic interests in patent portfolios that we do not control and the decision regarding the timing and amount of licenses are held by third parties, which could lead to outcomes materially different than what we intended.

We own contract rights to patent portfolios (including the SPE) over which we do not exercise control and cannot determine when and if, and if so, for how much, the patent owner licenses the patents. This could lead to situations where we have dedicated resources, time and money to portfolios that provide little or no return on our investment. In these situations, we would record a loss on investment and incur losses that contribute to our overall performance and could have a material adverse impact on its financial condition.

Failure to effectively manage our growth could place strains on our managerial, operational and financial resources and could adversely affect our business and operating results.

Our growth has placed, and is expected to continue to place, a strain on our limited managerial, operational and financial resources and systems. Further, as our subsidiary companies' businesses grow, we will be required to continue to manage multiple relationships. Any further growth by us or our subsidiary companies, or an increase in the number of our strategic relationships, may place additional strain on our managerial, operational and financial resources and systems. Although we may not grow as we expect, if we fail to manage our growth effectively or to develop and expand our managerial, operational and financial resources and systems, our business and financial results would be materially harmed.

We initiate legal proceedings against potentially infringing companies in the normal course of our business and we believe that extended litigation proceedings would be time-consuming and costly, which may adversely affect our financial condition and our ability to operate our business.

To monetize our patent assets, we historically have initiated legal proceedings against potential infringing companies, pursuant to which we may allege that such companies infringe on one or more of our patents. Our viability could be highly dependent on the cost and outcome of the litigation, and there is a risk that we may be unable to achieve the results we desire from such litigation, which failure would substantially harm our business. In addition, the defendants in the litigations are likely to be much larger than us and have substantially more resources than we do, which could make our litigation efforts more difficult and impact the duration of the litigation which would require us to devote our limited financial, managerial and other resources to support litigation that may be disproportionate to the anticipated recovery.

These legal proceedings may continue for several years and may require significant expenditures for legal fees, patent related costs, such as inter-partes review, and other expenses. Disputes regarding the assertion of patents and other intellectual property rights are highly complex and technical. Once initiated, we may be forced to litigate against others to enforce or defend our patent rights or to determine the validity and scope of other party's patent rights. The defendants or other third parties involved in the lawsuits in which we are involved may allege defenses and/or file counterclaims or commence re-examination proceedings by patenting issuance authorities in an effort to avoid or limit liability and damages for patent infringement, or declare our patents to be invalid or non-infringed. If such defenses or counterclaims are successful, they may preclude our ability to derive revenue from the patents we own. A negative outcome of any such litigation, or an outcome which affects one or more claims contained within any such litigation or invalidating any patents, could materially and adversely impact our business. Additionally, we anticipate that our legal fees and other expenses will be material and will negatively impact our financial condition and results of operations and may result in our inability to continue our business. We have incurred significant legal expenses in our patent litigation in the past that are liabilities of the Company and may be unable to settle or reduce these expenses, regardless of the outcome of our patent litigation or the inability to license or recover damages from our patents. These liabilities may continue following the Merger and lead to litigation or claims with respect to the payment or collection of legal expenses.

Variability in intellectual property laws may adversely affect our intellectual property position.

Intellectual property laws, and patent laws and regulations in particular, have been subject to significant variability either through administrative or legislative changes to such laws or regulations or changes or differences in judicial interpretation, and it is expected that such variability will continue to occur. Additionally, intellectual property laws and regulations differ among states, and countries. Variations in the patent laws and regulations or in interpretations of patent laws and regulations in the United States and other countries may diminish the value of our intellectual property and may change the impact of third-party intellectual property on us. Accordingly, we cannot predict the scope of patents that may be granted to us, the extent to which we will be able to enforce our patents against third parties, or the extent to which third parties may be able to enforce their patents against us.

We may seek to internally develop additional new inventions and intellectual property, which would take time and be costly. Moreover, the failure to obtain or maintain intellectual property rights for such inventions would lead to the loss of our investments in such activities.

We may in the future seek to engage in commercial business ventures or seek internal development of new inventions or intellectual property. These activities would require significant amounts of financial, managerial and other resources and would take time to achieve. Such activities could also distract our management team from its present business initiatives, which could have a material and adverse effect on our business. There is also the risk that such initiatives may not yield any viable new business or revenue, inventions or technology, which would lead to a loss of our investment in such activities.

In addition, even if we are able to internally develop new inventions, in order for those inventions to be viable and to compete effectively, we would need to develop and maintain, and we would be heavily reliant upon, a proprietary position with respect to such inventions and intellectual property. However, there are significant risks associated with any such intellectual property we may develop principally including the following:

- patent applications we may file may not result in issued patents or may take longer than we expect to result in issued patents;
- we may be subject to interference proceedings;
- we may be subject to opposition proceedings in the U.S. or foreign countries;
- any patents that are issued to us may not provide meaningful protection;
- we may not be able to develop additional proprietary technologies that are patentable;
- other companies may challenge patents issued to us;
- other companies may have independently developed and/or patented (or may in the future independently develop and patent) similar or alternative technologies, or duplicate our technologies;
- other companies may design around technologies we have developed; and
- enforcement of our patents would be complex, uncertain and very expensive.

We cannot be certain that patents will be issued as a result of any future patent applications, or that any of our patents, once issued, will provide us with adequate protection from competing products. For example, issued patents may be circumvented or challenged, declared invalid or unenforceable or narrowed in scope. In addition, since publication of discoveries in scientific or patent literature often lags behind actual discoveries, we cannot be certain that we will be the first to make our additional new inventions or to file patent applications covering those inventions. It is also possible that others may have or may obtain issued patents that could prevent us from commercializing our products or require us to obtain licenses requiring the payment of significant fees or royalties in order to enable us to conduct our business. As to those patents that we may acquire, our continued rights will depend on meeting any obligations to the seller and we may be unable to do so. Our failure to obtain or maintain intellectual property rights for our inventions would lead to the loss of our investments in such activities, which would have a material adverse effect on us.

Moreover, patent application delays could cause delays in recognizing revenue from our internally generated patents and could cause us to miss opportunities to license patents before other competing technologies are developed or introduced into the market. We are not actively pursuing any commercialization opportunities or internally generated patents.

Our future success depends on our ability to expand our organization to match the growth of our activities.

As our operations grow, the administrative demands upon us will grow, and our success will depend upon our ability to meet those demands. We are organized as a holding company, with numerous subsidiaries. Both the parent company and each of our subsidiaries require certain financial, managerial and other resources, which could create challenges to our ability to successfully manage our subsidiaries and operations and impact our ability to assure compliance with our policies, practices and procedures. These demands include, but are not limited to, increased executive, accounting, management, legal services, staff support and general office services. We may need to hire additional qualified personnel to meet these demands, the cost and quality of which is dependent in part upon market factors outside of our control. Further, we will need to effectively manage the training and growth of our staff to maintain an efficient and effective workforce, and our failure to do so could adversely affect our business and operating results. Currently, we have limited personnel in our organization to meet our organizational and administrative demands. For example, we have reduced our workforce and have outsourced many services, including our accounting department.

Potential acquisitions may present risks, and we may be unable to achieve the financial or other goals intended at the time of any potential acquisition.

Our future growth may depend in part on our ability to acquire patented technologies, patent portfolios or companies holding such patented technologies and patent portfolios if we determine to again actively pursue patent monetization activities in the future. Such acquisitions are subject to numerous risks, including, but not limited to the following:

- our inability to enter into a definitive agreement with respect to any potential acquisition, or if we are able to enter into such agreement, our inability to consummate the potential acquisition;
- difficulty integrating the operations, technology and personnel of the acquired entity including achieving anticipated synergies;
- our inability to achieve the anticipated financial and other benefits of the specific acquisition;
- difficulty in maintaining controls, procedures and policies during the transition and monetization process;
- diversion of our management's attention from other business concerns; and
- failure of our due diligence process to identify significant issues, including issues with respect to patented technologies and patent portfolios and other legal and financial contingencies.

If we are unable to manage these risks effectively as part of any acquisition, our business could be adversely affected.

Our revenues are unpredictable, and this may harm our financial condition .

From November 12, 2012 to the present, our operating subsidiaries have executed our business strategy of acquiring patent portfolios and accompanying patent rights and monetizing the value of those assets. As of December 8, 2017, on a consolidated basis and taking into account the closing of the First Amendment and Restructuring Agreement with DBD, as further described herein, our operating subsidiaries owned 86 patents which include U.S. patents and certain foreign patents, covering technologies used in a wide variety of industries. Our revenues may vary substantially from quarter to quarter, which could make our business difficult to manage, adversely affect our business and operating results, cause our quarterly results to fall below expectations and adversely affect the market price of our Common Stock.

Our patent monetization cycle is lengthy and costly, and our marketing, legal and administrative efforts may be unsuccessful.

We expect significant marketing, legal and administrative expenses prior to generating revenue from monetization efforts. We will also spend considerable time and resources educating defendants on the benefits of a settlement, prior to or during litigation, that may include issuing a license to our patents and patent rights. As such, we may incur significant losses in any particular period before revenue streams commence.

If our efforts to convince defendants of the benefits of a settlement arrangement prior to litigation are unsuccessful, we may need to continue with the litigation process or other enforcement action to protect our patent rights and to realize revenue from those rights. We may also need to litigate to enforce the terms of existing license agreements, protect our trade secrets or determine the validity and scope of the proprietary rights of others. Enforcement proceedings are typically protracted and complex. The costs are typically substantial, and the outcomes are unpredictable. Enforcement actions will divert our managerial, technical, legal and financial resources from business operations.

Our exposure to uncontrollable risks, including new legislation, court rulings or actions by the United States Patent and Trademark Office), could adversely affect our activities including our revenues, expenses and results of operations.

Our patent acquisition and monetization business is subject to numerous risks including new legislation, regulations and rules. If new legislation, regulations or rules are implemented either by Congress, the United States Patent and Trademark Office, or USPTO, the executive branch, or the courts, that impact the patent application process, the patent enforcement process, the rights of patent holders, or litigation practices, such changes could materially and negatively affect our revenue and expenses and, therefore, our results of operations and the overall success of our Company. On March 16, 2013, the Leahy-Smith America Invents Act or the America Invents Act became effective. The America Invents Act includes a number of significant changes to U.S. patent law. In general, the legislation attempts to address issues surrounding the enforceability of patents and the increase in patent litigation by, among other things, establishing new procedures for patent litigation. For example, the America Invents Act changes the way that parties may be joined in patent infringement actions, increasing the likelihood that such actions will need to be brought against individual allegedly-infringing parties by their respective individual actions or activities. In addition, the America Invents Act enacted a new inter-partes review, or IPR, process at the USPTO which can be used by defendants, and other individuals and entities, to separately challenge the validity of any patent. These legislative changes, at this time, have had an impact on the costs and effectiveness of our patent monetization and enforcement business.

In addition, the U.S. Department of Justice, or the DOJ, has conducted reviews of the patent system to evaluate the impact of patent assertion entities on industries in which those patents relate. It is possible that the findings and recommendations of the DOJ could impact the ability to effectively monetize and enforce standards-essential patents and could increase the uncertainties and costs surrounding the enforcement of any such patented technologies. Also, the Federal Trade Commission, or FTC, has published its intent to initiate a proposed study under Section 6(b) of the Federal Trade Commission Act to evaluate the patent assertion practice and market impact of Patent Assertion Entities, or PAEs.

Finally, judicial rules regarding the burden of proof in patent enforcement actions could substantially increase the cost of our enforcement actions and new standards or limitations on liability for patent infringement could negatively impact our revenue derived from such enforcement actions.

The report of our independent registered public accounting firm expresses substantial doubt about Marathon's ability to continue as a going concern.

Our auditors have indicated in their report on Marathon's financial statements for the fiscal year ended December 31, 2016 that conditions exist that raise substantial doubt about our ability to continue as a going concern due to our recurring losses from operations and substantial decline in our working capital. A "going concern" opinion could impair our ability to finance our operations through the sale of equity, incurring debt, or other financing alternatives. If we are unable to continue as a going concern, we may have to liquidate our assets and may receive less than the value at which those assets are carried on our consolidated financial statements, and it is likely that investors will lose all or a part of their investment. We anticipate that our auditors for our 2017 fiscal year will also provide a "going concern" qualification in connection with their report.

Changes in patent laws could adversely impact our business.

Patent laws and judicial decisions or procedures may continue to change and may alter the historically consistent protections afforded to owners of patent rights. Such changes may not be advantageous for us and may make it more difficult for us to obtain adequate patent protection to enforce our patents against infringing parties. Increased focus on the growing number of patent-related lawsuits may result in legislative changes that increase our costs and related risks of asserting patent enforcement actions. For example, in May 2017, the United States Supreme Court reversed a ruling by a federal appeals court that handles patent cases, which had ruled since 1990 that suits could be filed essentially anywhere a business sold products, and held that patent suits should be filed in the state where the defendant is incorporated for patent infringement venue purposes. This could make it more difficult to seek damages for infringement.

Trial judges and juries often find it difficult to understand complex patent enforcement litigation, and as a result, we may need to appeal adverse decisions by lower courts in order to successfully enforce our patent rights.

It is difficult to predict the outcome of litigation, particularly patent enforcement litigation. It is often difficult for juries and trial judges to understand complex, patented technologies and, as a result, there is a higher rate of successful appeals in patent enforcement litigation than more standard business litigation. Such appeals are expensive and time consuming, resulting in increased costs and delayed final non-appealable judgments that can require payment of damages to Marathon. Although we diligently pursue enforcement litigation, we cannot predict with significant reliability the decisions that may be made by juries and trial courts.

More patent applications are filed each year resulting in longer delays in getting patents issued by the USPTO.

We hold and continue to acquire pending patents in the application or review phase. We believe there is a trend of increasing patent applications each year, which we believe is resulting in longer delays in obtaining approval of pending patent applications. The application delays could cause delays in monetizing such patents which could cause us to miss opportunities to license patents before other competing technologies are developed or introduced into the market.

The length of time required to litigate an enforcement action is increasing.

Our patent enforcement actions are almost exclusively prosecuted in federal court. Federal trial courts that hear our patent enforcement actions also hear criminal and other cases. Criminal cases always take priority over our actions. As a result, it is difficult to predict the length of time it will take to complete an enforcement action. Moreover, we believe there is a trend in increasing numbers of civil and criminal proceedings and, as a result, we believe that the risk of delays in our patent enforcement actions has grown and will continue to grow and will increasingly affect our business in the future unless this trend changes.

Any reductions in the funding of the USPTO could have an adverse impact on the cost of processing pending patent applications and the value of those pending patent applications.

Our ownership or acquisition of pending patent applications before the USPTO is subject to funding and other risks applicable to a government agency. The value of our patent portfolio is dependent, in part, on the issuance of patents in a timely manner, and any reductions in the funding of the USPTO could negatively impact the value of our assets. Further, reductions in funding from Congress could result in higher patent application filing and maintenance fees charged by the USPTO, causing an unexpected increase in our expenses.

Our acquisitions of patent assets may be time consuming, complex and costly, which could adversely affect our operating results.

Acquisitions of patent or other intellectual property assets, are often time consuming, complex and costly to consummate. We may utilize many different transaction structures in our acquisitions and the terms of such acquisition agreements tend to be heavily negotiated. As a result, we expect to incur significant operating expenses and may be required to raise capital during the negotiations even if the acquisition is ultimately not consummated. Even if we are able to acquire particular patent assets, there is no guarantee that we will generate sufficient revenue related to those patent assets to offset the acquisition costs. While we will seek to conduct sufficient due diligence on the patent assets we are considering for acquisition, we may acquire patent assets from a seller who does not have proper title to those assets. In those cases, we may be required to spend significant resources to defend our ownership interest in the patent assets and, if we are not successful, our acquisition may be invalid, in which case we could lose part or all of our investment in the assets.

We may also identify patent or other patent assets that cost more than we are prepared to spend. We may incur significant costs to organize and negotiate a structured acquisition that does not ultimately result in an acquisition of any patent assets or, if consummated, proves to be unprofitable for us. These higher costs could adversely affect our operating results and, if we incur losses, the value of our securities will decline.

In addition, we may acquire patents and technologies that are in the early stages of adoption in the commercial, industrial and consumer markets. Demand for some of these technologies will likely be untested and may be subject to fluctuation based upon the rate at which our companies may adopt our patented technologies in their products and services. As a result, there can be no assurance as to whether technologies we acquire or develop will have value that we can monetize.

In certain acquisitions of patent assets, we may seek to defer payment or finance a portion of the acquisition price. This approach may put us at a competitive disadvantage and could result in harm to our business.

We have limited capital and may seek to negotiate acquisitions of patent or other intellectual property assets where we can defer payments or finance a portion of the acquisition price. These types of debt financing or deferred payment arrangements may not be as attractive to sellers of patent assets as receiving the full purchase price for those assets in cash at the closing of the acquisition. As a result, we might not compete effectively against other companies in the market for acquiring patent assets, many of whom have substantially greater cash resources than we have. In addition, any failure to satisfy any debt repayment obligations that we may incur, may result in adverse consequences to our operating results.

Any failure to maintain or protect our patent assets could significantly impair our return on investment from such assets and harm our brand, our business and our operating results.

Our ability to operate our business and compete in the patent market largely depends on the superiority, uniqueness and value of our acquired patent assets. To protect our proprietary rights, we rely on and will rely on a combination of patent, trademark, copyright and trade secret laws, confidentiality agreements, common interest agreements and agreements with our employees and third parties, and protective contractual provisions. No assurances can be given that any of the measures we undertake to protect and maintain the value of our assets will be successful.

Following the acquisition of patent assets, we will likely be required to spend significant time and resources to maintain the effectiveness of such assets by paying maintenance fees and making filings with the USPTO. We may acquire patent assets, including patent applications that require us to spend resources to prosecute such patent applications with the USPTO. Moreover, there is a material risk that patent related claims (such as, for example, infringement claims (and/or claims for indemnification resulting therefrom), unenforceability claims or invalidity claims) will be asserted or prosecuted against us, and such assertions or prosecutions could materially and adversely affect our business. Regardless of whether any such claims are valid or can be successfully asserted, defending such claims could cause us to incur significant costs and could divert resources away from our core business activities.

Despite our efforts to protect our intellectual property rights, any of the following or similar occurrences may reduce the value of our intellectual property:

- our patent applications, trademarks and copyrights may not be granted and, if granted, may be challenged or invalidated;
- issued trademarks, copyrights, or patents may not provide us with any competitive advantages when compared to potentially infringing other properties;
- our efforts to protect our intellectual property rights may not be effective in preventing misappropriation of our technology; or
- our efforts may not prevent the development and design by others of products or technologies similar to or competitive with, or superior to those we acquire and/or prosecute.

Moreover, we may not be able to effectively protect our intellectual property rights in certain foreign countries where we may do business in the future or from which competitors may operate. If we fail to maintain, defend or prosecute our patent assets properly, the value of those assets would be reduced or eliminated, and our business would be harmed.

We expect that we will be substantially dependent on a concentrated number of licensees. If we are unable to establish, maintain or replace our relationships with licensees and develop a diversified licensee base, our revenues may fluctuate, and our growth may be limited.

A significant portion of our patent monetization revenues will be generated from a limited number of licensees and licenses to such licensees. For the year ended December 31, 2016, the five largest licenses accounted for approximately 97% of our revenue. Some of these licenses were transferred to the SPE with DBD. There can be no guarantee that we will be able to obtain additional licenses for Marathon's patents, or if we are able to do so, that the licenses will be of the same or larger size allowing us to sustain or grow our revenue levels, respectively. If we are not able to generate licenses from the limited group of prospective licensees that we anticipate may generate a substantial majority of our revenues in the future, or if they do not generate revenues at the levels or at the times that we anticipate, our ability to maintain or grow our revenues and our results of operations will be adversely affected.

Risks Related to Marathon's Indebtedness

Our cash flows and capital resources may be insufficient to make required payments on our indebtedness and future indebtedness.

As of December 8, 2017, we have $4,053,948 of indebtedness outstanding. Our indebtedness could have important consequences to our shareholders. For example, it could:

- make it difficult for us to satisfy our debt obligations;
- make us more vulnerable to general adverse economic and industry conditions;
- limit our ability to obtain additional financing for working capital, capital expenditures, acquisitions and other general corporate requirements;
- expose us to interest rate fluctuations because the interest rate on the debt under our existing credit facility is variable;
- require us to dedicate a portion of our cash flow from operations to payments on our debt, thereby reducing the availability of our cash flow for operations and other purposes;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate; and
- place us at a competitive disadvantage compared to competitors that may have proportionately less debt and greater financial resources.

In addition, our ability to make payments or refinance our obligations depends on our successful financial and operating performance, cash flows and capital resources, which in turn depend upon prevailing economic conditions and certain financial, business and other factors, many of which are beyond our control. These factors include, among others:

- economic and demand factors affecting our industry;
- pricing pressures;
- increased operating costs;
- competitive conditions; and
- other operating difficulties.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay capital expenditures, sell material assets or operations, obtain additional capital or restructure our debt. In the event that we are required to dispose of material assets or operations to meet our debt service and other obligations, the value realized on such assets or operations will depend on market conditions and the availability of buyers. Accordingly, any such sale may not, among other things, be for a sufficient dollar amount. The foregoing encumbrances may limit our ability to dispose of material assets or operations. We also may not be able to restructure our indebtedness on favorable economic terms, if at all.

We may incur additional indebtedness in the future. Any incurrence of additional indebtedness would intensify the risks described above.

Risks Relating to Marathon's Stock

Exercise or conversion of warrants and other convertible securities will dilute shareholder's percentage of ownership.

We have issued convertible securities, options and warrants to purchase shares of our Common Stock to our officers, directors, consultants and certain shareholders. In the future, we may grant additional options, warrants and convertible securities. The exercise, conversion or exchange of options, warrants or convertible securities, including for other securities, will dilute the percentage ownership of our shareholders. The dilutive effect of the exercise or conversion of these securities may adversely affect our ability to obtain additional capital. The holders of these securities may be expected to exercise or convert such options, warrants and convertible securities at a time when we would be able to obtain additional equity capital on terms more favorable than such securities or when our Common Stock is trading at a price higher than the exercise or conversion price of the securities. The exercise or conversion of outstanding warrants, options and convertible securities will have a dilutive effect on the securities held by our shareholders. We have in the past, and may in the future, exchange outstanding securities for other securities on terms that are dilutive to the securities held by other shareholders not participating in such exchange.

Our Common Stock may be delisted from The NASDAQ Capital Market ("NASDAQ") if we fail to comply with continued listing standards.

Our Common Stock is currently traded on NASDAQ under the symbol "MARA". If we fail to meet any of the continued listing standards of NASDAQ, our Common Stock could be delisted from NASDAQ. We will be required to meet the more stringent requirements for an initial listing on NASDAQ in connection with the Merger in order for our Common Stock to continue to be listed on NASDAQ. During 2017 Marathon received multiple notices regarding failure to meet several continued listing standards, including $1.00 minimum closing bid price and $2.5 million stockholders' equity requirements, which were subsequently satisfied. We have not held our 2017 annual meeting and, if an annual meeting is not held or an extension is not obtained from NASDAQ we will not be in compliance with the NASDAQ listing standards. Our repeated failures may impact our ability to continue to list our shares for trading on NASDAQ or to obtain approval of any initial listing application in connection with any acquisitions or other changes that require review and approval by NASDAQ. The continued listing standards include specifically enumerated criteria, such as:

- a $1.00 minimum closing bid price;
- stockholders' equity of $2.5 million;
- 500,000 shares of publicly-held Common Stock with a market value of at least $1 million;
- 300 round-lot stockholders; and
- compliance with NASDAQ's corporate governance requirements, as well as additional or more stringent criteria that may be applied in the exercise of NASDAQ's discretionary authority.

The initial listing standards Marathon will be required to satisfy in order to obtain approval to continue to have its Common Stock approved for listing on The NASDAQ Capital Market following the closing of the Merger, in addition to satisfaction of NASDAQ's corporate governance requirements and satisfaction of NASDAQ's discretionary authority, will include:

- $4 minimum closing bid price;
- $4 or $5 million stockholders equity;
- $5 or $15 million market value of publicly held shares;
- 2 year operating history;
- $50 million of market value of listed securities;
- $750,000 of net income from continuing operations
- 1 million publicly held shares;
- 300 round lot holders; and
- 3 market makers.

Our Common Stock may be affected by limited trading volume and price fluctuations, which could adversely impact the value of our Common Stock.

There has been limited trading in our Common Stock and there can be no assurance that an active trading market in our Common Stock will either develop or be maintained. Our Common Stock has experienced, and is likely to experience in the future, significant price and volume fluctuations, which could adversely affect the market price of our Common Stock without regard to our operating performance. In addition, we believe that factors such as quarterly fluctuations in our financial results and changes in the overall economy or the condition of the financial markets could cause the price of our Common Stock to fluctuate substantially. These fluctuations may also cause short sellers to periodically enter the market in the belief that we will have poor results in the future. We cannot predict the actions of market participants and, therefore, can offer no assurances that the market for our will be stable or appreciate over time.

Holders of our Common Stock will experience immediate and substantial dilution upon the conversion of Marathon's outstanding preferred stock, convertible notes, for which certain underlying shares are registered herein, and the exercise of Marathon's outstanding options and warrants, for which the underlying shares are not being registered herein.

As of December 8, 2017:

- 448,775 shares of our Common Stock issuable upon the exercise of outstanding stock options having a weighted average exercise price of $16.22 per share;
- 869,394 shares of our Common Stock issuable upon the exercise of outstanding warrants with a weighted average exercise price of $6.90;
- 1 share of Common Stock issuable upon conversion of 1 outstanding share of Series B Preferred Stock;
- 5,480,649 shares of Common Stock issuable upon conversion of 5,480.65 outstanding shares of Series E Preferred Stock;
- up to 5,067,435 shares of Common Stock issuable upon conversion of $4,053,948 in outstanding convertible notes.
- 300,000 shares of Common Stock issuable to members of the Company's Board of Directors and advisors.
- 126,674,557 shares of Common Stock issuable upon the closing of the Merger.

Assuming full conversion of the GBV Series A Stock and the GBV Notes and exercise of all outstanding options and warrants, and the issuance of the shares pursuant to the Merger, the number of shares of our Common Stock outstanding will increase by 138,840,811 shares of Common Stock from 11,123,235 shares of Common Stock outstanding as of December 14, 2017, to 148,964,046 shares of Common Stock outstanding, after giving effect to the above conversions and exercises, including the closing of the Merger.

Our stock price may be volatile.

The market price of our Common Stock is likely to be highly volatile and could fluctuate widely in price in response to various factors, many of which are beyond our control, including the following:

- changes in our industry;
- competitive pricing pressures;
- our ability to obtain working capital financing;
- additions or departures of key personnel;
- sales of our Common Stock;
- our ability to execute our business plan;
- operating results that fall below expectations;
- loss of any strategic relationship;
- regulatory developments; and
- economic and other external factors.

In addition, the securities markets have from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. These market fluctuations may also materially and adversely affect the market price of our Common Stock.

We have never paid nor, do we expect in the near future to pay cash dividends.

We have never paid cash dividends on our capital stock and do not anticipate paying any cash dividends on our Common Stock for the foreseeable future. While it is possible that we may declare a dividend after a large settlement, investors should not rely on such a possibility, nor should they rely on an investment in us if they require income generated from dividends paid on our capital stock. Any income derived from our Common Stock would only come from rise in the market price of our Common Stock, which is uncertain and unpredictable.

Offers or availability for sale of a substantial number of shares of our Common Stock may cause the price of our Common Stock to decline.

If our stockholders sell substantial amounts of our Common Stock in the public market upon the expiration of any statutory holding period or lockup agreements, under Rule 144, or issued upon the exercise of outstanding warrants or other convertible securities, it could create a circumstance commonly referred to as an "overhang" and in anticipation of which the market price of our Common Stock could fall. The existence of an overhang, whether or not sales have occurred or are occurring, also could make more difficult our ability to raise additional financing through the sale of equity or equity-related securities in the future at a time and price that we deem reasonable or appropriate. The shares of our restricted Common Stock will be freely tradable upon the earlier of: (i) effectiveness of a registration statement covering such shares and (ii) the date on which such shares may be sold without registration pursuant to Rule 144 (or other applicable exemption) under the Securities Act.

Because we became a public company in 2011 by means of a reverse merger, we may not be able to attract the attention of major brokerage firms.

There may be risks associated with Marathon having become a public company in 2011 through a reverse merger. Securities analysts of major brokerage firms may not provide coverage of reverse merger companies since there is no incentive to brokerage firms to recommend the purchase of our Common Stock. No assurance can be given that brokerage firms will, in the future, want to conduct any secondary offerings on our behalf.

Investor relations activities, nominal "float" and supply and demand factors may affect the price of our Common Stock.

We expect to utilize various techniques such as non-deal road shows and investor relations campaigns in order to generate investor awareness. These campaigns may include personal, video and telephone conferences with investors and prospective investors in which our business practices are described. We may provide compensation to investor relations firms and pay for newsletters, websites, mailings and email campaigns that are produced by third parties based upon publicly-available information concerning us. We do not intend to review or approve the content of such analysts' reports or other materials based upon analysts' own research or methods. Investor relations firms should generally disclose when they are compensated for their efforts, but whether such disclosure is made or complete is not under our control. In addition, investors may, from time to time, also take steps to encourage investor awareness through similar activities that may be undertaken at the expense of the investors. Investor awareness activities may also be suspended or discontinued which may impact the trading market of our Common Stock.

Risks Related to the Business of GBV Upon Completion of the Merger

GBV may fail to realize the anticipated benefits of the Merger.

The success of the Merger will depend on, among other things, the ability of GBV to integrate and combine ours and GBV's respective businesses in a manner that realizes anticipated synergies and exceeds the projected stand-alone cost savings and revenue growth trends identified by us and GBV. After the Merger, GBV expects to benefit from significant cost synergies at both the business and corporate levels that will exceed the cost reductions achievable by Marathon and GBV through their stand-alone cost reduction programs. Such cost synergies are expected to be driven by integrating corporate functions, reducing technology spending by optimizing IT infrastructure, using centers of excellence in cost-competitive locations and optimizing real estate and other costs.

However, GBV must successfully combine the businesses of Marathon and GBV in a manner that permits these cost savings and synergies to be realized. In addition, GBV must achieve the anticipated savings and synergies in a timely manner and without adversely affecting current revenues and investments in future growth. If GBV is not able to successfully achieve these objectives, or the cost to achieve these synergies is greater than expected, then in either case the anticipated benefits of the Merger may not be realized fully or at all or may take longer to realize than expected.

A variety of factors may adversely affect GBV's ability to realize the currently expected operating synergies, savings and other benefits of the Merger, including the failure to successfully optimize GBV's facilities footprint, the inability to leverage existing customer relationships, the failure to identify and eliminate duplicative programs, and the failure to otherwise integrate Marathon's and GBV's respective businesses, including their technology platforms.

Combining our business with GBV's business may be more difficult, costly or time-consuming than expected, which may adversely affect GBV's results and negatively affect the value of its Common Stock following the Merger.

We have entered into the Merger Agreement with GBV because each believes that the Merger will be beneficial to its respective company and stockholders or shareholders, as applicable, and that combining our business with GBV's business will produce benefits and cost savings. However, Marathon and GBV have historically operated as independent companies and will continue to do so until the completion of the Merger. Following the completion of the Merger, GBV's management will need to integrate Marathon's and GBV's respective businesses. The combination of two independent businesses is a complex, costly and time-consuming process and the management of GBV may face significant challenges in implementing such integration, many of which may be beyond the control of management, including, without limitation:

- latent impacts resulting from the diversion of the respective management team's attention from ongoing business concerns as a result of the devotion of management's attention to the Merger and performance shortfalls at one or both of the companies;
- difficulties in achieving anticipated cost savings, synergies, business opportunities and growth prospects;
- the possibility of faulty assumptions underlying expectations regarding the integration process;

- unanticipated issues in integrating information technology, communications programs, financial procedures and operations, and other systems, procedures and policies;
- difficulties in managing GBV, addressing differences in business culture and retaining key personnel;
- unanticipated changes in applicable laws and regulations;
- managing tax costs or inefficiencies associated with integrating the operations of GBV;
- coordinating geographically separate organizations; and
- unforeseen expenses or delays associated with the Merger.

Some of these factors will be outside of our control and GBV and any one of them could result in increased costs and diversion of management's time and energy, as well as decreases in the amount of expected revenue which could materially impact our business, financial conditions and results of operations. The integration process and other disruptions resulting from the Merger may also adversely affect GBV's relationships with employees, suppliers, customers, distributors, licensors and others with whom Marathon and GBV have business or other dealings, and difficulties in integrating the businesses or regulatory functions of Marathon and GBV could harm the reputation of GBV.

If GBV is not able to successfully combine the businesses of Marathon and GBV in an efficient, cost-effective and timely manner, the anticipated benefits and cost savings of the Merger may not be realized fully, or at all, or may take longer to realize than expected, and the value of our Common Stock, the revenues, levels of expenses and results of operations may be affected adversely. If GBV is not able to adequately address integration challenges, GBV may be unable to successfully integrate Marathon's and GBV's operations or realize the anticipated benefits of the transactions contemplated by the Merger Agreement.

We have incurred and expect to incur additional significant costs in connection with the integration of GBV.

There are a large number of processes, policies, procedures, operations, technologies and systems that must be integrated in connection with the Merger. While both we and GBV have assumed that a certain level of expenses would be incurred in connection with the Merger and the other transactions contemplated by the Merger Agreement, there are many factors beyond their control that could affect the total amount of, or the timing of, anticipated expenses with respect to the integration and implementation of the combined businesses.

There may also be additional unanticipated significant costs in connection with the Merger that GBV may not recoup. These costs and expenses could reduce the benefits and additional income we expect to achieve from the Merger. Although we expect that these benefits will offset the transaction expenses and implementation costs over time, this net benefit may not be achieved in the near term or at all.

If we lose key personnel or are unable to attract and retain additional qualified personnel, we may not be able to successfully manage our business and achieve our objectives.

We believe our future success will depend upon our ability to retain our key management and attract new key personnel. Currently, we have not engaged any employee and none of its directors are experienced with blockchain or digital asset (cryptocurrency) businesses. We intend to seek to engage officers and employees and appoint directors with experience in blockchain and digital asset technologies in the future, including associated with GBV upon closing of the Merger Agreement. There can be no assurance we will be able to attract or retain any personnel, directors or officers with suitable experience to pursue our goals.

On November 1, 2017, we entered into an amendment (the "Retention Amendment") with Doug Croxall, Marathon's Chief Executive Officer, amending the Retention Agreement dated August 22, 2017, which was amended and restated on August 30, 2017. Pursuant to the Retention Amendment, Mr. Croxall's monthly base compensation was adjusted to $30,000 per month through December 31, 2017. Upon execution of the Merger Agreement, 50% of Mr. Croxall's remaining retention bonus, in the amount of $187,500, was paid to Mr. Croxall, with the remainder to be paid upon the closing of the Merger Agreement. Mr. Croxall continues to serve as our Chief Executive Officer but is expected to resign effective December 31, 2017, although we may seek to enter into a new arrangement with Mr. Croxall for continued service. There can be no assurance that we will be able to retain a qualified individual for the position of Chief Executive Officer. We intend to seek a replacement Chief Executive Officer from GBV, however there can be no assurance that a suitable executive can be retained.

On August 30, 2017, we entered into a Retention Agreement with Mr. Francis Knuettel, II (the "Knuettel Retention Agreement"), pursuant to which the employment agreement with Mr. Knuettel and us was terminated. Mr. Knuettel presently serves as our Chief Financial Officer. After the closing of the Merger with GBV, Mr. Knuettel may no longer be engaged by us to serve as Chief Financial Officer, although we may seek to enter into a new arrangement with Mr. Knuettel for continued service. There can be no assurance that we will be able to retain a qualified executive for the position of Chief Financial Officer.

We may not be successful in attracting, assimilating and retaining our employees in the future. We are competing for employees against companies that are more established than we are and that have the ability to pay more cash compensation than we do. Additionally, the business of blockchain and digital assets (cryptocurrency) are new and evolving and a shortage of skilled employees in these industries may make it difficult or costly to attract and retain suitable candidates.

If we fail to establish and maintain an effective system of internal control, we may not be able to report our financial results accurately and timely or to prevent fraud. Any inability to report and file our financial results accurately and timely could harm our reputation and adversely impact the trading price of our Common Stock.

Effective internal control is necessary for us to provide reliable financial reports and prevent fraud. Internal controls associated with blockchain and digital assets (cryptocurrency) are new and evolving with many unknowns, and with a history of fraud and theft. If we cannot provide reliable financial reports or prevent fraud, we may not be able to manage our business as effectively as we would if an effective control environment existed, and our business and reputation with investors may be harmed. As a result, our small size and any future internal control deficiencies may adversely affect our financial condition, results of operation and access to capital. We have not performed an in-depth analysis to determine if historical un-discovered failures of internal controls exist, and may in the future discover areas of our internal control that need improvement.

As a result of its internal control assessment, we determined there is a material weakness with respect to segregation of duties.

We determined that there is a material weakness in its internal controls with respect to the financial reporting and closing process, resulting from a lack of segregation of duties and evidence of control review. Since we have few employees, most of whom have no involvement in our financial controls and reporting, we are unable to sufficiently distribute reporting and accounting to tasks across enough individuals to ensure that we do not have a material weakness in its financial reporting system.

Risks Related to GBV and Digital Assets After the Merger

GBV has an evolving business model.

As digital assets and blockchain technologies become more widely available, we expect the services and products associated with them to evolve. Very recently, the Commission issued a Report that promoters that use initial coin offerings or token sales to raise capital may be engaged in the offer and sale of securities in violation of the Securities Act and the Exchange Act. This may cause us to potentially change our future business in order to comply fully with the federal securities laws as well as applicable state securities laws. As a result, to stay current with the industry, our business model may need to evolve as well. From time to time we may modify aspects of our business model. We cannot offer any assurance that these or any other modifications will be successful or will not result in harm to the business. We may not be able to manage growth effectively, which could damage our reputation, limit our growth and negatively affect our operating results.

Since there has been limited precedence set for financial accounting of digital assets other than digital securities, it is unclear how we will be required to account for digital asset transactions in the future.

Since there has been limited precedence set for the financial accounting of digital assets other than digital securities, it is unclear how we will be required to account for digital asset transactions or assets. Furthermore, a change in regulatory or financial accounting standards could result in the necessity to restate our financial statements. Such a restatement could negatively impact our business, prospects, financial condition and results of operation.

The further development and acceptance of digital asset networks and other digital assets, which represent a new and rapidly changing industry, are subject to a variety of factors that are difficult to evaluate. The slowing or stopping of the development or acceptance of digital asset systems may adversely affect an investment in us.

Digital assets such as bitcoins and ether, that may be used, among other things, to buy and sell goods and services are a new and rapidly evolving industry of which the digital asset networks are prominent, but not unique, parts. The growth of the digital asset industry in general, and the digital asset networks of bitcoin and ether in particular, are subject to a high degree of uncertainty. The factors affecting the further development of the digital asset industry, as well as the digital asset networks, include:

- continued worldwide growth in the adoption and use of bitcoins and other digital assets;
- government and quasi-government regulation of bitcoins and other digital assets and their use, or restrictions on or regulation of access to and operation of the digital asset network or similar digital assets systems;
- the maintenance and development of the open-source software protocol of the bitcoin network and ether network;
- changes in consumer demographics and public tastes and preferences;
- the availability and popularity of other forms or methods of buying and selling goods and services, including new means of using fiat currencies;
- general economic conditions and the regulatory environment relating to digital assets; and
- the impact of regulators focusing on digital assets and digital securities and the costs associated with such regulatory oversight.

A decline in the popularity or acceptance of the digital asset networks of bitcoin or ether, or similar digital asset systems, could adversely affect an investment in us.

If we acquire digital securities, even unintentionally, we may violate the Investment Company Act of 1940 and incur potential third-party liabilities

As this prospectus discloses, there is an increased regulatory examination of digital assets and digital securities. This has led to regulatory and enforcement activities. In order to limit our acquisition of digital securities to stay within the 40% threshold, we will examine the manner in which digital assets were initially marketed to determine if they may be deemed digital securities and subject to federal and state securities laws. Even if we conclude that a particular digital asset such as ether or bitcoin is not a security under the Securities Act, certain states including California take a stricter view of the term "investment contract" which means the digital asset may have violated applicable state securities laws. This will result in increased compliance costs and legal fees. If our examination of a digital asset is incorrect, we may incur regulatory penalties and private investor liabilities.

Currently, there is relatively small use of digital assets in the retail and commercial marketplace in comparison to relatively large use by speculators, thus contributing to price volatility that could adversely affect an investment in us.

As relatively new products and technologies, digital assets and the blockchain networks on which they exist have only recently become widely accepted as a means of payment for goods and services by many major retail and commercial outlets, and use of digital assets by consumers to pay such retail and commercial outlets remains limited. Conversely, a significant portion of demand for digital assets is generated by speculators and investors seeking to profit from the short- or long-term holding of such digital assets. A lack of expansion of digital assets into retail and commercial markets, or a contraction of such use, may result in increased volatility or a reduction in the price of all or any digital asset, either of which could adversely impact an investment in us.

Significant contributors to all or any digital asset network could propose amendments to the respective network's protocols and software that, if accepted and authorized by such network, could adversely affect an investment in us.

For example, with respect to bitcoins network, a small group of individuals contribute to the Bitcoin Core project on GitHub.com. This group of contributors is currently headed by Wladimir J. van der Laan, the current lead maintainer. These individuals can propose refinements or improvements to the bitcoin network's source code through one or more software upgrades that alter the protocols and software that govern the bitcoin network and the properties of bitcoin, including the irreversibility of transactions and limitations on the mining of new bitcoin. Proposals for upgrades and discussions relating thereto take place on online forums. For example, there is an ongoing debate regarding altering the blockchain by increasing the size of blocks to accommodate a larger volume of transactions. Although some proponents support an increase, other market participants oppose an increase to the block size as it may deter miners from confirming transactions and concentrate power into a smaller group of miners. To the extent that a significant majority of the users and miners on the bitcoin network install such software upgrade(s), the bitcoin network would be subject to new protocols and software that may adversely affect an investment in the Shares. In the event a developer or group of developers proposes a modification to the bitcoin network that is not accepted by a majority of miners and users, but that is nonetheless accepted by a substantial plurality of miners and users, two or more competing and incompatible blockchain implementations could result. This is known as a "hard fork." In such a case, the "hard fork" in the blockchain could materially and adversely affect the perceived value of digital assets as reflected on one or both incompatible blockchains, which may adversely affect an investment in us.

Forks in a digital asset network may occur in the future which may affect the value of digital assets held by us.

For example, on August 1, 2017 bitcoin's blockchain was forked and Bitcoin Cash was created. The fork resulted in a new blockchain being created with a shared history, and a new path forward. Bitcoin Cash has a block size of 8mb and other technical changes. On October 24, 2017, bitcoin's blockchain was forked and Bitcoin Gold was created. The fork resulted in a new blockchain being created with a shared history, and new path forward, Bitcoin Gold has a different proof of work algorithm and other technical changes. The value of the newly created Bitcoin Cash and Bitcoin Gold may or may not have value in the long run and may affect the price of bitcoin if interest is shifted away from bitcoin to the newly created digital assets. The value of bitcoin after the creation of a fork is subject to many factors including the value of the fork product, market reaction to the creation of the fork product, and the occurrence of forks in the future. As such, the value of bitcoin could be materially reduced if existing and future forks have a negative effect on bitcoin's value. If a fork occurs on a digital asset network which we are mining or hold digital assets in it may have a negative effect on the value of the digital asset and may adversely affect an investment in us.

For example, the open-source structure of the bitcoin network protocol means that the contributors to the protocol are generally not directly compensated for their contributions in maintaining and developing the protocol. A failure to properly monitor and upgrade the protocol could damage the bitcoin network and an investment in us.

The bitcoin network for example operates based on an open-source protocol maintained by contributors, largely on the Bitcoin Core project on GitHub. As an open source project, bitcoin is not represented by an official organization or authority. As the bitcoin network protocol is not sold and its use does not generate revenues for contributors, contributors are generally not compensated for maintaining and updating the bitcoin network protocol. Although the MIT Media Lab's Digital Currency Initiative funds the current maintainer Wladimir J. van der Laan, among others, this type of financial incentive is not typical. The lack of guaranteed financial incentive for contributors to maintain or develop the bitcoin network and the lack of guaranteed resources to adequately address emerging issues with the bitcoin network may reduce incentives to address the issues adequately or in a timely manner. Changes to a digital asset network which we are mining on may adversely affect an investment in us.

If a malicious actor or botnet obtains control in excess of 50% of the processing power active on any digital asset network, including the bitcoin network or ether network, it is possible that such actor or botnet could manipulate the blockchain in a manner that adversely affects an investment in us.

If a malicious actor or botnet (a volunteer or hacked collection of computers controlled by networked software coordinating the actions of the computers) obtains a majority of the processing power dedicated to mining on any digital asset network, including the bitcoin network or ether network, it may be able to alter the blockchain by constructing alternate blocks if it is able to solve for such blocks faster than the remainder of the miners on the blockchain can add valid blocks. In such alternate blocks, the malicious actor or botnet could control, exclude or modify the ordering of transactions, though it could not generate new digital assets or transactions using such control. Using alternate blocks, the malicious actor could "double-spend" its own digital assets (i.e., spend the same digital assets in more than one transaction) and prevent the confirmation of other users' transactions for so long as it maintains control. To the extent that such malicious actor or botnet does not yield its majority control of the processing power or the digital asset community does not reject the fraudulent blocks as malicious, reversing any changes made to the blockchain may not be possible. Such changes could adversely affect an investment in us.

For example, in late May and early June 2014, a mining pool known as GHash.io approached and, during a 24- to 48-hour period in early June may have exceeded, the threshold of 50 percent of the processing power on the bitcoin network. To the extent that GHash.io did exceed 50 percent of the processing power on the network, reports indicate that such threshold was surpassed for only a short period, and there are no reports of any malicious activity or control of the blockchain performed by GHash.io. Furthermore, the processing power in the mining pool appears to have been redirected to other pools on a voluntary basis by participants in the GHash.io pool, as had been done in prior instances when a mining pool exceeded 40 percent of the processing power on the bitcoin network.

The approach towards and possible crossing of the 50 percent threshold indicate a greater risk that a single mining pool could exert authority over the validation of digital asset transactions. To the extent that the digital assets ecosystems do not act to ensure greater decentralization of digital asset mining processing power, the feasibility of a malicious actor obtaining in excess of 50 percent of the processing power on any digital asset network (e.g., through control of a large mining pool or through hacking such a mining pool) will increase, which may adversely impact an investment in us.

If the award of digital assets for solving blocks and transaction fees for recording transactions are not sufficiently high to incentivize miners, miners may cease expending hashrate to solve blocks and confirmations of transactions on the blockchain could be slowed temporarily. A reduction in the hashrate expended by miners on any digital asset network could increase the likelihood of a malicious actor obtaining control in excess of fifty percent (50%) of the aggregate hashrate active on such network or the blockchain, potentially permitting such actor to manipulate the blockchain in a manner that adversely affects an investment in us.

As the award of new digital assets for solving blocks declines, and if transaction fees are not sufficiently high, miners may not have an adequate incentive to continue mining and may cease their mining operations. For example, the current fixed reward on the bitcoin network for solving a new block is twelve and a half (12.5) bitcoins per block; the reward decreased from twenty-five (25) bitcoin in July 2016. It is estimated that it will halve again in about four (4) years. This reduction may result in a reduction in the aggregate hashrate of the bitcoin network as the incentive for miners will decrease. Moreover, miners ceasing operations would reduce the aggregate hashrate on the bitcoin network, which would adversely affect the confirmation process for transactions (i.e., temporarily decreasing the speed at which blocks are added to the blockchain until the next scheduled adjustment in difficulty for block solutions) and make the bitcoin network more vulnerable to a malicious actor obtaining control in excess of fifty (50) percent of the aggregate hashrate on the bitcoin network. Periodically, the bitcoin network has adjusted the difficulty for block solutions so that solution speeds remain in the vicinity of the expected ten (10) minute confirmation time targeted by the bitcoin network protocol.

Marathon believes that from time to time there will be further considerations and adjustments to the bitcoin network, and others, including the ether network, regarding the difficulty for block solutions. More significant reductions in aggregate hashrate on digital asset networks could result in material, though temporary, delays in block solution confirmation time. Any reduction in confidence in the confirmation process or aggregate hashrate of any digital asset network may negatively impact the value of digital assets, which will adversely impact an investment in us.

To the extent that the profit margins of digital asset mining operations are not high, operators of digital asset mining operations are more likely to immediately sell their digital assets earned by mining in the digital asset exchange market, resulting in a reduction in the price of digital assets that could adversely impact an investment in us.

Over the past two years, digital asset mining operations have evolved from individual users mining with computer processors, graphics processing units and first-generation servers. Currently, new processing power brought onto the digital asset networks is predominantly added by incorporated and unincorporated "professionalized" mining operations. Professionalized mining operations may use proprietary hardware or sophisticated machines. They require the investment of significant capital for the acquisition of this hardware, the leasing of operating space (often in data centers or warehousing facilities), incurring of electricity costs and the employment of technicians to operate the mining farms. As a result, professionalized mining operations are of a greater scale than prior miners and have more defined, regular expenses and liabilities. These regular expenses and liabilities require professionalized mining operations to more immediately sell digital assets earned from mining operations on the digital asset exchange market, whereas it is believed that individual miners in past years were more likely to hold newly mined digital assets for more extended periods. The immediate selling of newly mined digital assets greatly increases the supply of digital assets on the digital asset exchange market, creating downward pressure on the price of each digital asset.

The extent to which the value of digital assets mined by a professionalized mining operation exceeds the allocable capital and operating costs determines the profit margin of such operation. A professionalized mining operation may be more likely to sell a higher percentage of its newly mined digital assets rapidly if it is operating at a low profit margin—and it may partially or completely cease operations if its profit margin is negative. In a low profit margin environment, a higher percentage could be sold into the digital asset exchange market more rapidly, thereby potentially reducing digital asset prices. Lower digital asset prices could result in further tightening of profit margins, particularly for professionalized mining operations with higher costs and more limited capital reserves, creating a network effect that may further reduce the price of digital assets until mining operations with higher operating costs become unprofitable and remove mining power from the respective digital asset network. The network effect of reduced profit margins resulting in greater sales of newly mined digital assets could result in a reduction in the price of digital assets that could adversely impact an investment in us.

To the extent that any miners cease to record transactions in solved blocks, transactions that do not include the payment of a transaction fee will not be recorded on the blockchain until a block is solved by a miner who does not require the payment of transaction fees. Any widespread delays in the recording of transactions could result in a loss of confidence in that digital asset network, which could adversely impact an investment in us.

To the extent that any miners cease to record transaction in solved blocks, such transactions will not be recorded on the blockchain. Currently, there are no known incentives for miners to elect to exclude the recording of transactions in solved blocks; however, to the extent that any such incentives arise (e.g., a collective movement among miners or one or more mining pools forcing bitcoin users to pay transaction fees as a substitute for or in addition to the award of new bitcoins upon the solving of a block), actions of miners solving a significant number of blocks could delay the recording and confirmation of transactions on the blockchain. Any systemic delays in the recording and confirmation of transactions on the blockchain could result in greater exposure to double-spending transactions and a loss of confidence in certain or all digital asset networks, which could adversely impact an investment in us.

The acceptance of digital asset network software patches or upgrades by a significant, but not overwhelming, percentage of the users and miners in any digital asset network could result in a "fork" in the respective blockchain, resulting in the operation of two separate networks until such time as the forked blockchains are merged. The temporary or permanent existence of forked blockchains could adversely impact an investment in us.

Digital asset networks are open source projects and, although there is an influential group of leaders in, for example, the bitcoin network community known as the "Core Developers," there is no official developer or group of developers that formally controls the bitcoin network. Any individual can download the bitcoin network software and make any desired modifications, which are proposed to users and miners on the bitcoin network through software downloads and upgrades, typically posted to the bitcoin development forum on GitHub.com. A substantial majority of miners and bitcoin users must consent to those software modifications by downloading the altered software or upgrade that implements the changes; otherwise, the changes do not become a part of the bitcoin network. Since the bitcoin network's inception, changes to the bitcoin network have been accepted by the vast majority of users and miners, ensuring that the bitcoin network remains a coherent economic system; however, a developer or group of developers could potentially propose a modification to the bitcoin network that is not accepted by a vast majority of miners and users, but that is nonetheless accepted by a substantial population of participants in the bitcoin network. In such a case, and if the modification is material and/or not backwards compatible with the prior version of bitcoin network software, a fork in the blockchain could develop and two separate bitcoin networks could result, one running the pre-modification software program and the other running the modified version (i.e., a second "bitcoin" network). Such a fork in the blockchain typically would be addressed by community-led efforts to merge the forked blockchains, and several prior forks have been so merged. This kind of split in the bitcoin network could materially and adversely impact an investment in us and, in the worst case scenario, harm the sustainability of the bitcoin network's economy.

Intellectual property rights claims may adversely affect the operation of some or all digital asset networks.

Third parties may assert intellectual property claims relating to the holding and transfer of digital assets and their source code. Regardless of the merit of any intellectual property or other legal action, any threatened action that reduces confidence in some or all digital asset networks' long-term viability or the ability of end-users to hold and transfer digital assets may adversely affect an investment in us. Additionally, a meritorious intellectual property claim could prevent us and other end-users from accessing some or all digital asset networks or holding or transferring their digital assets. As a result, an intellectual property claim against us or other large digital asset network participants could adversely affect an investment in us.

The digital asset exchanges on which digital assets trade are relatively new and, in most cases, largely unregulated and may therefore be more exposed to fraud and failure than established, regulated exchanges for other products. To the extent that the digital asset exchanges representing a substantial portion of the volume in digital asset trading are involved in fraud or experience security failures or other operational issues, such digital asset exchanges' failures may result in a reduction in the price of some or all digital assets and can adversely affect an investment in us.

The digital asset exchanges on which the digital assets trade are new and, in most cases, largely unregulated. Furthermore, many digital asset exchanges (including several of the most prominent USD denominated digital asset exchanges) do not provide the public with significant information regarding their ownership structure, management teams, corporate practices or regulatory compliance. As a result, the marketplace may lose confidence in, or may experience problems relating to, digital asset exchanges, including prominent exchanges handling a significant portion of the volume of digital asset trading.

For example, over the past 4 years, a number of bitcoin exchanges have been closed due to fraud, failure or security breaches. In many of these instances, the customers of such bitcoin exchanges were not compensated or made whole for the partial or complete losses of their account balances in such bitcoin exchanges. While smaller bitcoin exchanges are less likely to have the infrastructure and capitalization that make larger bitcoin exchanges more stable, larger bitcoin exchanges are more likely to be appealing targets for hackers and "malware" (i.e., software used or programmed by attackers to disrupt computer operation, gather sensitive information or gain access to private computer systems). Further, the collapse of the largest bitcoin exchange in 2014 suggests that the failure of one component of the overall bitcoin ecosystem can have consequences for both users of a bitcoin exchange and the bitcoin industry as a whole.

More recently, the Wall Street Journal has reported that China will shut down bitcoin exchanges and other virtual currency trading platforms. The article reported that China has accounted for the bulk of global bitcoin trading.

A lack of stability in the digital asset exchange market and the closure or temporary shutdown of digital asset exchanges due to fraud, business failure, hackers or malware, or government-mandated regulation may reduce confidence in the digital asset networks and result in greater volatility in digital asset values. These potential consequences of a digital asset exchange's failure could adversely affect an investment in us.

Political or economic crises may motivate large-scale sales of digital assets, which could result in a reduction in some or all digital assets' values and adversely affect an investment in us.

As an alternative to fiat currencies that are backed by central governments, digital assets such as bitcoins, which are relatively new, are subject to supply and demand forces based upon the desirability of an alternative, decentralized means of buying and selling goods and services, and it is unclear how such supply and demand will be impacted by geopolitical events. Nevertheless, political or economic crises may motivate large-scale acquisitions or sales of digital assets either globally or locally. Large-scale sales of digital assets would result in a reduction in their value and could adversely affect an investment in us.

Demand for ether and bitcoin is driven, in part, by their status as the two most prominent and secure digital assets. It is possible that digital assets other than ether and bitcoin could have features that make them more desirable to a material portion of the digital asset user base, resulting in a reduction in demand for ether and bitcoin, which could have a negative impact on the price of ether and bitcoin and adversely affect an investment in us.

Bitcoins and ether, as assets, hold "first-to-market" advantages over other digital assets. This first-to-market advantage is driven in large part by having the largest user bases and, more importantly, the largest combined mining power in use to secure their respective blockchains and transaction verification systems. Having a large mining network results in greater user confidence regarding the security and long-term stability of a digital asset's network and its blockchain; as a result, the advantage of more users and miners makes a digital asset more secure, which makes it more attractive to new users and miners, resulting in a network effect that strengthens the first-to-market advantage.

As of November 21, 2017, there were over 1,300 alternate digital assets tracked by CoinMarketCap, having a total market capitalization (including the market capitalization of ether and bitcoin) of approximately $245 billion, using market prices and total available supply of each digital asset. This included digital assets using a "proof of work" mining structure similar to bitcoin, and those using a "proof of stake" transaction verification system that is different than bitcoin's mining system (e.g., Peercoin, Bitshares and NXT). As of November 21, 2017, bitcoin's $138 billion market capitalization was approximately four (4) times the size of the $35 billion market cap of ether, the second largest proof-of-work digital asset. Despite the marked first-mover advantage of the bitcoin network over other digital asset networks, it is possible that another digital asset could become materially popular due to either a perceived or exposed shortcoming of the bitcoin network protocol that is not immediately addressed by the bitcoin contributor community or a perceived advantage of an altcoin that includes features not incorporated into bitcoin. If a digital asset obtains significant market share (either in market capitalization, mining power or use as a payment technology), this could reduce bitcoin's market share as well as other digital assets we may become involved in and have a negative impact on the demand for, and price of, such digital assets and could adversely affect an investment in us.

Our ability to adopt technology in response to changing security needs or trends poses a challenge to the safekeeping of our bitcoins.

The history of digital asset exchanges has shown that exchanges and large holders of digital assets must adapt to technological change in order to secure and safeguard their digital assets. We rely on Bitgo Inc.'s multi-signature enterprise storage solution to safeguard our digital assets from theft, loss, destruction or other issues relating to hackers and technological attack. Our digital assets will also be moved to various exchanges in order to exchange them for fiat currency during which time we'll be relying on the security of such exchanges to safeguard our digital assets. We believe that it may become a more appealing target of security threats as the size of our bitcoin holdings grow. To the extent that either Bitgo Inc. or we are unable to identify and mitigate or stop new security threats, our digital assets may be subject to theft, loss, destruction or other attack, which could adversely affect an investment in us.

Security threats to us could result in, a loss of our digital assets, or damage to the reputation and our brand, each of which could adversely affect an investment in us.

Security breaches, computer malware and computer hacking attacks have been a prevalent concern in the digital asset exchange markets, for example since the launch of the bitcoin network. Any security breach caused by hacking, which involves efforts to gain unauthorized access to information or systems, or to cause intentional malfunctions or loss or corruption of data, software, hardware or other computer equipment, and the inadvertent transmission of computer viruses, could harm our business operations or result in loss of our digital assets. Any breach of our infrastructure could result in damage to our reputation which could adversely affect an investment in us. Furthermore, we believe that, as our assets grow, it may become a more appealing target for security threats such as hackers and malware.

We primarily rely on Bitgo Inc.'s multi-signature enterprise storage solution to safeguard our digital assets from theft, loss, destruction or other issues relating to hackers and technological attack. Nevertheless, Bitgo Inc.'s security system may not be impenetrable and may not be free from defect or immune to acts of God, and any loss due to a security breach, software defect or act of God will be borne by us. Our digital assets will also be stored with exchanges such as Kraken, Bitfinex, Itbit and Coinbase and others prior to selling them.

The security system and operational infrastructure may be breached due to the actions of outside parties, error or malfeasance of an employee of ours, or otherwise, and, as a result, an unauthorized party may obtain access to our, private keys, data or bitcoins. Additionally, outside parties may attempt to fraudulently induce employees of ours to disclose sensitive information in order to gain access to our infrastructure. As the techniques used to obtain unauthorized access, disable or degrade service, or sabotage systems change frequently, or may be designed to remain dormant until a predetermined event and often are not recognized until launched against a target, we may be unable to anticipate these techniques or implement adequate preventative measures. If an actual or perceived breach of our security system occurs, the market perception of the effectiveness of our security system could be harmed, which could adversely affect an investment in us.

In the event of a security breach, we may be forced to cease operations, or suffer a reduction in assets, the occurrence of each of which could adversely affect an investment in us.

A loss of confidence in our security system, or a breach of our security system, may adversely affect us and the value of an investment in us.

We will take measures to protect us and our digital assets from unauthorized access, damage or theft; however, it is possible that the security system may not prevent the improper access to, or damage or theft of our digital assets. A security breach could harm our reputation or result in the loss of some or all of our digital assets. A resulting perception that our measures do not adequately protect our digital assets could result in a loss of current or potential shareholders, reducing demand for our Common Stock and causing our shares to decrease in value.

Digital Asset transactions are irrevocable and stolen or incorrectly transferred digital assets may be irretrievable. As a result, any incorrectly executed digital asset transactions could adversely affect an investment in us.

Digital asset transactions are not, from an administrative perspective, reversible without the consent and active participation of the recipient of the transaction or, in theory, control or consent of a majority of the processing power on the respective digital asset network. Once a transaction has been verified and recorded in a block that is added to the blockchain, an incorrect transfer of digital assets or a theft of digital assets generally will not be reversible, and we may not be capable of seeking compensation for any such transfer or theft. Although our transfers of digital assets will regularly be made to or from vendors, consultants, services providers, etc. it is possible that, through computer or human error, or through theft or criminal action, our digital assets could be transferred from us in incorrect amounts or to unauthorized third parties. To the extent that we are unable to seek a corrective transaction with such third party or are incapable of identifying the third party which has received our digital assets through error or theft, we will be unable to revert or otherwise recover incorrectly transferred Company digital assets. To the extent that we are unable to seek redress for such error or theft, such loss could adversely affect an investment in us.

GBV's digital assets may be subject to loss, damage, theft or restriction on access.

There is a risk that part or all of GBV's digital assets could be lost, stolen or destroyed. We believe that GBV's digital assets will be an appealing target to hackers or malware distributors seeking to destroy, damage or steal our digital assets. Although we primarily utilize Bitgo Inc.'s enterprise multi-signature storage solution, to minimize the risk of loss, damage and theft, we cannot guarantee that it will prevent such loss, damage or theft, whether caused intentionally, accidentally or by act of God. Access to GBV's digital assets could also be restricted by natural events (such as an earthquake or flood) or human actions (such as a terrorist attack). Any of these events may adversely affect GBV's operations and, consequently, an investment in us.

The limited rights of legal recourse against us, and our lack of insurance protection expose us and our shareholders to the risk of loss of our digital assets for which no person is liable.

The digital assets held by us are not insured. Therefore, a loss may be suffered with respect to our digital assets which is not covered by insurance and for which no person is liable in damages which could adversely affect our operations and, consequently, an investment in us.

Digital assets held by us are not subject to FDIC or SIPC protections.

We do not hold our digital assets with a banking institution or a member of the Federal Deposit Insurance Corporation ("FDIC") or the Securities Investor Protection Corporation ("SIPC") and, therefore, our digital assets are not subject to the protections enjoyed by depositors with FDIC or SIPC member institutions.

We may not have adequate sources of recovery if our digital assets are lost, stolen or destroyed.

If our digital assets are lost, stolen or destroyed under circumstances rendering a party liable to us, the responsible party may not have the financial resources sufficient to satisfy our claim. For example, as to a particular event of loss, the only source of recovery for us might be limited, to the extent identifiable, other responsible third parties (e.g., a thief or terrorist), any of which may not have the financial resources (including liability insurance coverage) to satisfy a valid claim of ours.

The sale of our digital assets to pay expenses at a time of low digital asset prices could adversely affect an investment in us.

We may sell our digital assets to pay expenses on an as-needed basis, irrespective of then-current prices. Consequently, our digital assets may be sold at a time when the prices on the respective digital asset exchange market are low, which could adversely affect an investment in us.

Regulatory changes or actions may restrict the use of bitcoins or the operation of the bitcoin network in a manner that adversely affects an investment in us.

Until recently, little or no regulatory attention has been directed toward bitcoin and the bitcoin network by U.S. federal and state governments, foreign governments and self-regulatory agencies. As bitcoin has grown in popularity and in market size, the Federal Reserve Board, U.S. Congress and certain U.S. agencies (e.g., the CFTC, the Commission, FinCEN and the Federal Bureau of Investigation) have begun to examine the operations of the bitcoin network, bitcoin users and the bitcoin exchange market.

On July 25, 2017, the Commission issued its Report of Investigation, or "Report," which concluded that digital assets or tokens issued for the purpose of raising funds may be securities within the meaning of the federal securities laws. The Report focused on the activities of ether, which is a prominent digital asset. The Report emphasized that whether a digital asset is a security is based on the facts and circumstances. Although our activities are not focused on raising capital or assisting others that do so, the federal securities laws are very broad, and there can be no assurances that the Commission will not take enforcement action against us in the future including for the sale of unregistered securities in violation of the Securities Act or acting as an unregistered investment company in violation of the Investment Company Act. The Commission has taken various actions against persons or entities misusing bitcoin in connection with fraudulent schemes (i.e., Ponzi scheme), inaccurate and inadequate publicly disseminated information, and the offering of unregistered securities. More recently, the Commission suspended trading in three digital asset public companies. The CFTC has determined that bitcoin and other virtual currencies are commodities and the sale of derivatives based on digital currencies must be done in accordance with the provisions of the CEA and CFTC regulations. Also of significance, is that the CFTC appears to have taken the position that bitcoin is not encompassed by the definition of currency under the CEA and CFTC regulations. The CFTC defined bitcoin and other "virtual currencies" as "a digital representation of value" that functions as a medium of exchange, a unit of account, and/or a store of value, but does not have legal tender status in any jurisdiction. Bitcoin and other virtual currencies are distinct from 'real' currencies, which are the coin and paper money of the United States or another country that are designated as legal tender, circulate, and are customarily used and accepted as a medium of exchange in the country of issuance." To the extent that bitcoin itself is determined to be a security, commodity future or other regulated asset, or to the extent that a U.S. or foreign government or quasi-governmental agency exerts regulatory authority over the bitcoin or bitcoin trading and ownership, trading or ownership in bitcoin or an investment in us may be adversely affected.

The CFTC affirmed its approach to the regulation of bitcoin and bitcoin-related enterprises on June 2, 2016, when the CFTC settled charges against Bitfinex, a bitcoin exchange based in Hong Kong. In its Order, the CFTC found that Bitfinex engaged in "illegal, off-exchange commodity transactions and failed to register as a futures commission merchant" when it facilitated borrowing transactions among its users to permit the trading of bitcoin on a "leveraged, margined or financed basis" without first registering with the CFTC. In 2017, the CFTC stated that it would consider bitcoin and other virtual currencies as commodities or derivatives depending on the facts of the offering. The CME Group announced that it will permit trading of bitcoin futures on its exchanges as early as December 2017.

Local state regulators such as the New York State Department of Financial Services, or NYSDFS, have also initiated examinations of bitcoin, the bitcoin network and the regulation thereof. In July 2014, the NYSDFS proposed the first U.S. regulatory framework for licensing participants in "virtual currency business activity." The proposed regulations, known as the "BitLicense," are intended to focus on consumer protection and, after the closure of an initial comment period that yielded 3,746 formal public comments and a re-proposal, the NYSDFS issued its final "BitLicense" regulatory framework in June 2015. The "BitLicense" regulates the conduct of businesses that are involved in "virtual currencies" in New York or with New York customers and prohibits any person or entity involved in such activity to conduct activities without a license.

Additionally, a U.S. federal magistrate judge in the U.S. District Court for the Eastern District of Texas has ruled that "Bitcoin is a currency or form of money," a Florida circuit court judge determined that bitcoin did not qualify as money or "tangible wealth," and an opinion from the U.S. District Court for the Northern District of Illinois identified bitcoin as "virtual currency." Additionally, two CFTC commissioners publicly expressed a belief that derivatives based on bitcoin are subject to the same regulation as those based on commodities, and the IRS released guidance treating bitcoin as property that is not currency for U.S. federal income tax purposes. Taxing authorities of a number of U.S. states have also issued their own guidance regarding the tax treatment of bitcoin for state income or sales tax purposes. On June 28, 2014, the Governor of the State of California signed into law a bill that removed state-level prohibitions on the use of alternative forms of currency or value (including bitcoin). The bill which indirectly authorizes bitcoin's use as an alternative form of money in the state. In February 2015, a bill was introduced in the California State Assembly to establish a licensing regime for businesses engaging in "virtual currencies." In September 2015, the bill was ordered to become an inactive file and as of the date of this registration statement there hasn't been further consideration by the California State Assembly. As of August 2016, the bill was withdrawn from consideration for vote for the remainder of the year. There is a possibility of future regulatory change altering, perhaps to a material extent, the nature of an investment in us or the ability of us to continue our operations.

Digital assets currently face an uncertain regulatory landscape in not only the United States but also in many foreign jurisdictions such as the European Union, China and Russia. While certain governments such as Germany, where the Ministry of Finance has declared bitcoin to be "*Rechnungseinheiten*" (a form of private money that is recognized as a unit of account, but not recognized in the same manner as fiat currency), have issued guidance as to how to treat bitcoin, most regulatory bodies have not yet issued official statements regarding intention to regulate or determinations on regulation of bitcoin, the bitcoin network and bitcoin users.

Among those for which preliminary guidance has been issued in some form, Canada and Taiwan have labeled bitcoin as a digital or virtual currency, distinct from fiat currency, while Sweden and Norway are among those to categorize bitcoin as a form of virtual asset or commodity. In Australia, a GST (similar to the European value added tax ("VAT")) is currently applied to bitcoin, forcing a ten (10%) percent markup on top of market price, essentially preventing the operation of any bitcoin exchange. This may be undergoing a change, however, since the Senate Economics References Committee and the Productivity Commission recommended that digital currency be treated as money for GST purposes to remove the double taxation. The United Kingdom determined that the VAT will not apply to bitcoin sales. In China, a recent government notice classified bitcoin as legal and "virtual commodities;" however, the same notice restricted the banking and payment industries from using bitcoin, creating uncertainty and limiting the ability of bitcoin exchanges to operate in the then-second largest bitcoin market. In January 2016, the People's Bank of China, China's central bank, disclosed that it has been studying a state-backed electronic monetary system and potentially had plans for its own state-backed electronic money. In January 2017, the People's Bank of China announced that it had found several violations, including margin financing and a failure to impose anti-money laundering controls, after on-site inspections of two China-based bitcoin exchanges. In response to the Chinese regulator's oversight, the three largest China-based bitcoin exchanges, OKCoin, Huobi, and BTC China, started charging trading commission fees to suppress speculative trading and prevent price swings which resulted in a significant drop in volume on these exchanges. Since December 2013, China, Iceland, Vietnam and Russia have taken a more restrictive stance toward bitcoin and, thereby, have reduced the rate of expansion of bitcoin use in each country. In May 2014, the Central Bank of Bolivia banned the use of bitcoin as a means of payment. In the summer and fall of 2014, Ecuador announced plans for its own state-backed electronic money, while passing legislation that prohibits the use of decentralized digital assets such as bitcoin. In July 2016, economists at the Bank of England advocated that central banks issue their own digital currency, and the House of Lords and Bank of England started discussing the feasibility of creating a national virtual currency, the BritCoin. As of July 2016, Iceland was studying how to create a system in which all money is created by a central bank, and Canada was beginning to experiment with a digital version of its currency called CAD-COIN, intended to be used exclusively for interbank payments. On August 24, 2017, Canada issued guidance stating the sale of cryptocurrency may constitute an investment contract in accordance with Canadian law for determining if an investment constitutes a security. In July 2016, the Russian Ministry of Finance indicated it supports a proposed law that bans bitcoin domestically but allows for its use as a foreign currency. Russia recently issued several releases indicating they may begin regulating bitcoin and licensing miners and entities engaging in initial coin offerings. Conversely, regulatory bodies in some countries such as India and Switzerland have declined to exercise regulatory authority when afforded the opportunity. In April 2015, the Japanese Cabinet approved proposed legal changes that would reportedly treat bitcoin and other digital assets as included in the definition of currency. These regulations would, among other things, require market participants, including exchanges, to meet certain compliance requirements and be subject to oversight by the Financial Services Agency, a Japanese regulator. In September 2017 Japan began regulating bitcoin exchanges and registered several such exchanges to operate within Japan. In July 2016, the European Commission released a draft directive that proposed applying counter-terrorism and anti-money laundering regulations to virtual currencies, and, in September 2016, the European Banking authority advised the European Commission to institute new regulation specific to virtual currencies, with amendments to existing regulation as a stopgap measure. Various foreign jurisdictions may, in the near future, adopt laws, regulations or directives that affect the bitcoin network and its users, particularly bitcoin exchanges and service providers that fall within such jurisdictions' regulatory scope. Such laws, regulations or directives may conflict with those of the United States and may negatively impact the acceptance of bitcoin by users, merchants and service providers outside of the United States and may therefore impede the growth of the bitcoin economy. On September 4, 2017, reports were published that China may begin prohibiting the practice of using cryptocurrency for capital fundraising. Additional reports have surfaced that China is considering regulating bitcoin exchanges by enacting a licensing regime wherein bitcoin exchanges may legally operate. In September 2017, the Financial Services Commission of South Korea released a statement that initial coin offerings would be prohibited as a fundraising tool. In June 2017, India's government ruled in favor of regulating bitcoin and India's ministry of Finance is currently developing rules for such regulation. Australia has previously introduced legislation to regulate bitcoin exchanges and increase anti-money laundering policies.

The effect of any future regulatory change on us, bitcoins, or other digital assets is impossible to predict, but such change could be substantial and adverse to us and could adversely affect an investment in us.

It may be illegal now, or in the future, to acquire, own, hold, sell or use digital assets in one or more countries, and ownership of, holding or trading in our securities may also be considered illegal and subject to sanction.

Although currently digital assets are not regulated or are lightly regulated in most countries, including the United States, one or more countries such as China and Russia may take regulatory actions in the future that severely restricts the right to acquire, own, hold, sell or use digital assets or to exchange digital assets for fiat currency. Such an action may also result in the restriction of ownership, holding or trading in our securities. Such restrictions may adversely affect an investment in us.

If regulatory changes or interpretations of our activities require our registration as a MSB under the regulations promulgated by FinCEN under the authority of the U.S. Bank Secrecy Act, we may be required to register and comply with such regulations. If regulatory changes or interpretations of our activities require the licensing or other registration of us as a money transmitter (or equivalent designation) under state law in any state in which we operate, we may be required to seek licensure or otherwise register and comply with such state law. In the event of any such requirement, to the extent Marathon decides to continue, the required registrations, licensure and regulatory compliance steps may result in extraordinary, non-recurring expenses to us. We may also decide to cease Marathon's operations. Any termination of certain Company operations in response to the changed regulatory circumstances may be at a time that is disadvantageous to investors.

To the extent that the activities of Marathon cause it to be deemed a money services business ("MSB") under the regulations promulgated by FinCEN under the authority of the U.S. Bank Secrecy Act, Marathon may be required to comply with FinCEN regulations, including those that would mandate Marathon to implement anti-money laundering programs, make certain reports to FinCEN and maintain certain records.

To the extent that the activities of Marathon cause it to be deemed a "money transmitter" ("MT") or equivalent designation, under state law in any state in which Marathon operates, Marathon may be required to seek a license or otherwise register with a state regulator and comply with state regulations that may include the implementation of anti-money laundering programs, maintenance of certain records and other operational requirements. Currently, the NYSDFS has finalized its "BitLicense" framework for businesses that conduct "virtual currency business activity," the Conference of State Bank Supervisors has proposed a model form of state level "virtual currency" regulation and additional state regulators including those from California, Idaho, Virginia, Kansas, Texas, South Dakota and Washington have made public statements indicating that virtual currency businesses may be required to seek licenses as money transmitters. In July 2016, North Carolina updated the law to define "virtual currency" and the activities that trigger licensure in a business-friendly approach that encourages companies to use virtual currency and blockchain technology. Specifically, the North Carolina law does not require miners or software providers to obtain a license for multi-signature software, smart contract platforms, smart property, colored coins and non-hosted, non-custodial wallets. Starting January 1, 2016, New Hampshire requires anyone exchanges a digital currency for another currency must become a licensed and bonded money transmitter. In numerous other states, including Connecticut and New Jersey, legislation is being proposed or has been introduced regarding the treatment of bitcoin and other digital assets. Marathon will continue to monitor for developments in such legislation, guidance or regulations.

Such additional federal or state regulatory obligations may cause Marathon to incur extraordinary expenses, possibly affecting an investment in the Shares in a material and adverse manner. Furthermore, Marathon and its service providers may not be capable of complying with certain federal or state regulatory obligations applicable to MSBs and MTs. If Marathon is deemed to be subject to and determines not to comply with such additional regulatory and registration requirements, we may act to dissolve and liquidate Marathon. Any such action may adversely affect an investment in us.

Current interpretations require the regulation of bitcoins under the CEA by the CFTC, we may be required to register and comply with such regulations. To the extent that we decide to continue operations, the required registrations and regulatory compliance steps may result in extraordinary, non-recurring expenses to us. We may also decide to cease certain operations. Any disruption of our operations in response to the changed regulatory circumstances may be at a time that is disadvantageous to investors.

Current and future legislation, CFTC and other regulatory developments, including interpretations released by a regulatory authority, may impact the manner in which bitcoins are treated for classification and clearing purposes. In particular, bitcoin derivatives are not excluded from the definition of "commodity future" by the CFTC. We cannot be certain as to how future regulatory developments will impact the treatment of bitcoins under the law.

Bitcoins have been deemed to fall within the definition of a commodity and, we may be required to register and comply with additional regulation under the CEA, including additional periodic report and disclosure standards and requirements. Moreover, we may be required to register as a commodity pool operator and to register us as a commodity pool with the CFTC through the National Futures Association. Such additional registrations may result in extraordinary, non-recurring expenses, thereby materially and adversely impacting an investment in us. If we determine not to comply with such additional regulatory and registration requirements, we may seek to cease certain of our operations. Any such action may adversely affect an investment in us. No CFTC orders or rulings are applicable to our business.

If regulatory changes or interpretations require the regulation of bitcoins under the Securities Act and Investment Company Act by the Commission, we may be required to register and comply with such regulations. To the extent that we decide to continue operations, the required registrations and regulatory compliance steps may result in extraordinary, non-recurring expenses to us. We may also decide to cease certain operations. Any disruption of our operations in response to the changed regulatory circumstances may be at a time that is disadvantageous to investors. This would likely have a material adverse effect on us and investors may lose their investment.

Current and future legislation and the Commission rulemaking and other regulatory developments, including interpretations released by a regulatory authority, may impact the manner in which bitcoins are treated for classification and clearing purposes. The Commission's July 25, 2017 Report expressed its view that digital assets may be securities depending on the facts and circumstances. As of the date of this prospectus, we are not aware of any rules that have been proposed to regulate bitcoins as securities. We cannot be certain as to how future regulatory developments will impact the treatment of bitcoins under the law. Such additional registrations may result in extraordinary, non-recurring expenses, thereby materially and adversely impacting an investment in us. If we determine not to comply with such additional regulatory and registration requirements, we may seek to cease certain of our operations. Any such action may adversely affect an investment in us.

To the extent that digital assets including ether, bitcoins and other digital assets we may own are deemed by the Commission to fall within the definition of a security, we may be required to register and comply with additional regulation under the Investment Company Act, including additional periodic reporting and disclosure standards and requirements and the registration of our Company as an investment company. Additionally, one or more states may conclude ether, bitcoins and other digital assets we may own are a security under state securities laws which would require registration under state laws including merit review laws which would adversely impact us since we would likely not comply. As stated earlier in this prospectus, some states including California define the term "investment contract" more strictly than the Commission. Such additional registrations may result in extraordinary, non-recurring expenses of our Company, thereby materially and adversely impacting an investment in our Company. If we determine not to comply with such additional regulatory and registration requirements, we may seek to cease all or certain parts of our operations. Any such action would likely adversely affect an investment in us and investors may suffer a complete loss of their investment.

If federal or state legislatures or agencies initiate or release tax determinations that change the classification of bitcoins as property for tax purposes (in the context of when such bitcoins are held as an investment), such determination could have a negative tax consequence on our Company or our shareholders.

Current IRS guidance indicates that digital assets such as ether and bitcoin should be treated and taxed as property, and that transactions involving the payment of ether or bitcoin for goods and services should be treated as barter transactions. While this treatment creates a potential tax reporting requirement for any circumstance where the ownership of a bitcoin passes from one person to another, usually by means of bitcoin transactions (including off-blockchain transactions), it preserves the right to apply capital gains treatment to those transactions which may adversely affect an investment in our Company.

On December 5, 2014, the New York State Department of Taxation and Finance issued guidance regarding the application of state tax law to digital assets such as ether or bitcoins. The agency determined that New York State would follow IRS guidance with respect to the treatment of digital assets such as ether or bitcoin for state income tax purposes. Furthermore, they defined digital assets such as ether or bitcoin to be a form of "intangible property," meaning the purchase and sale of ether or bitcoins for fiat currency is not subject to state income tax (although transactions of bitcoin for other goods and services maybe subject to sales tax under barter transaction treatment). It is unclear if other states will follow the guidance of the IRS and the New York State Department of Taxation and Finance with respect to the treatment of digital assets such as ether or bitcoins for income tax and sales tax purposes. If a state adopts a different treatment, such treatment may have negative consequences including the imposition of greater a greater tax burden on investors in bitcoin or imposing a greater cost on the acquisition and disposition of ether or bitcoin, generally; in either case potentially having a negative effect on prices in the digital asset exchange market and may adversely affect an investment in our Company.

Foreign jurisdictions may also elect to treat digital assets such as ether or bitcoin differently for tax purposes than the IRS or the New York State Department of Taxation and Finance. To the extent that a foreign jurisdiction with a significant share of the market of ether or bitcoin users imposes onerous tax burdens on ether or bitcoin users, or imposes sales or value added tax on purchases and sales of ether or bitcoin for fiat currency, such actions could result in decreased demand for ether or bitcoins in such jurisdiction, which could impact the price of ether, bitcoin or other digital assets and negatively impact an investment in our Company.

Risks Related to GBV's Mining Business

The loss or destruction of a private key required to access a digital asset may be irreversible. Our loss of access to our private keys or our experience of a data loss relating to our Company's digital assets could adversely affect an investment in our Company.

Digital assets are controllable only by the possessor of both the unique public key and private key relating to the local or online digital wallet in which the digital assets are held. We are required by the operation of digital asset networks to publish the public key relating to a digital wallet in use by us when it first verifies a spending transaction from that digital wallet and disseminates such information into the respective network. We safeguard and keep private the private keys relating to our digital assets by primarily utilizing Bitgo Inc.'s enterprise multi-signature storage solution; to the extent a private key is lost, destroyed or otherwise compromised and no backup of the private key is accessible, we will be unable to access the digital assets held by it and the private key will not be capable of being restored by the respective Digital Asset network. Any loss of private keys relating to digital wallets used to store our digital assets could adversely affect an investment in us.

If the award of digital assets for solving blocks and transaction fees for recording transactions are not sufficiently high to cover expenses related to running data center operations it may have adverse effects on an investment in us.

If the award of new digital assets for solving blocks declines and transaction fees are not sufficiently high, we may not have an adequate incentive to continue our mining operations, which may adversely impact an investment in us.

As the number of digital assets awarded for solving a block in the blockchain decreases, the incentive for miners to continue to contribute processing power to the respective digital asset network will transition from a set reward to transaction fees. Either the requirement from miners of higher transaction fees in exchange for recording transactions in the blockchain or a software upgrade that automatically charges fees for all transactions may decrease demand for digital assets and prevent the expansion of the digital asset networks to retail merchants and commercial businesses, resulting in a reduction in the price of digital assets that could adversely impact an investment in us.

In order to incentivize miners to continue to contribute processing power to any digital asset network, such network may either formally or informally transition from a set reward to transaction fees earned upon solving for a block. This transition could be accomplished either by miners independently electing to record in the blocks they solve only those transactions that include payment of a transaction fee or by the digital asset network adopting software upgrades that require the payment of a minimum transaction fee for all transactions. If transaction fees paid for digital asset transactions become too high, the marketplace may be reluctant to accept digital assets as a means of payment and existing users may be motivated to switch from one digital asset to another digital asset or back to fiat currency. Decreased use and demand for bitcoins or ether that we have accumulated may adversely affect their value and may adversely impact an investment in us.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements. Such statements include statements regarding our expectations, hopes, beliefs or intentions regarding the future, including but not limited to statements regarding our market, strategy, competition, development plans (including acquisitions and expansion), financing, revenues, operations, and compliance with applicable laws. THE SPECIAL MEETING OF MARATHON'S SHAREHOLDERS

Date, Time and Place

The Special Meeting will be held on ____ 2018, at the offices of Sichenzia Ross Ference Kesner, LLP, 1185 Avenue of the Americas, Suite 3700, New York, NY 10036 commencing at _____. Marathon is sending this proxy statement/prospectus/information statement to its stockholders in connection with the solicitation of proxies by Marathon's board of directors for use at the Special Meeting and any adjournments or postponements of the Special Meeting. This proxy statement/prospectus/information statement is first being furnished to Marathon's stockholders on or about [●], 2018.

Purpose of the Special Meeting

The purpose of the Special Meeting is:

1. To consider and vote upon a proposal to approve the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of Marathon common stock to GBV's shareholders and holders of the GBV Notes in accordance with the Merger Agreement.

2. To approve the amendment to the amended and restated certificate of incorporation of Marathon to effect the Marathon Name Change in the form attached as **Annex D** to this proxy statement/prospectus/information statement

3. To consider and vote upon an adjournment of the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of Proposal Nos. 1 and 2.

4. To transact such other business as may properly come before the Special Meeting or any adjournment or postponement thereof.

Recommendation of Marathon's Board of Directors

- Marathon's board of directors has determined that the transactions contemplated by the Merger Agreement, including the Merger and the issuance of shares of Marathon's common stock to GBV's shareholders pursuant to the Merger Agreement are fair to, advisable and in the best interest of Marathon and its shareholders and has approved and declared advisable the Merger Agreement and such transactions. Marathon's board of directors recommends that Marathon's shareholders stockholders vote "FOR" Proposal No. 1 to approve the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of shares of Marathon's Common Stock as set forth in this proxy statement/prospectus/information statement.

- Marathon's board of directors has determined that the Marathon Name Change is fair to, advisable and in the best interest of Marathon and its shareholders and has approved and declared advisable the Marathon Name Change. Marathon's board of directors recommends that Marathon's shareholders vote "FOR" Proposal No. 2 to approve an amendment to the amended and restated Articles of Incorporation of Marathon effecting the Marathon Name Change.

- Marathon's board of directors has determined and believes that adjourning the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of Proposal Nos. 1 or 2 is advisable to, and in the best interests of, Marathon and its shareholders and has approved and adopted the proposal. Marathon's board of directors recommends that Marathon's shareholders vote "FOR" Proposal No. 3 to adjourn the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of Proposal Nos. 1 or 2.

Record Date and Voting Power

Only holders of record of Marathon's common stock at the close of business on the record date, ____ 2018, are entitled to notice of, and to vote at, the Special Meeting. There were approximately xx holders of record of Marathon's common stock at the close of business on the record date. At the close of business on the record date, _____ shares of Marathon's Common Stock were issued and outstanding. Each share of Marathon's Common Stock entitles the holder thereof to one vote on each matter submitted for shareholder approval. Certain shares of Marathon's preferred stock are entitled to vote at the Special Meeting on an "as-converted" basis. See the section entitled "Principal Stockholders of Marathon" in this proxy statement/prospectus/information statement for information regarding persons known to Marathon management to be the beneficial owners of more than 5% of the outstanding shares of Marathon's Common Stock.

Voting and Revocation of Proxies

The proxy accompanying this proxy statement/prospectus/information statement is solicited on behalf of Marathon's board of directors for use at the Special Meeting.

If you are a stockholder of record of Marathon as of the record date referred to above, you may vote in person at the Special Meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the Special Meeting, Marathon urges you to vote by proxy to ensure your vote is counted. You may still attend the Special Meeting and vote in person if you have already voted by proxy. As a stockholder of record, you may vote in any of the following ways:

- to vote in person, attend the Special Meeting and Marathon will provide you a ballot when you arrive.
- to vote using the proxy card, simply mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided. If you return your signed proxy card to Marathon before the Special Meeting, Marathon will vote your shares as you direct on the proxy card.
- to vote by telephone or on the Internet, dial the number on the proxy card or voting instruction form or visit the website on the proxy card or voting instruction form to complete an electronic proxy card. You will be asked to provide Marathon's number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern time on _____ to be counted.

If your shares of Marathon's Common Stock are held by your broker as your nominee, that is, in "street name," the enclosed voting instruction card is sent by the institution that holds your shares. Please follow the instructions included on that proxy card regarding how to instruct your broker to vote your shares of Marathon's common stock. If you do not give instructions to your broker, your broker can vote your shares of Marathon's common stock with respect to "discretionary" items but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of NASDAQ on which your broker may vote shares held in "street name" in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, your shares of Marathon's common stock will be treated as broker non-votes. It is anticipated that Proposal Nos. 1 and 2 will be non-discretionary items.

All properly executed proxies that are not revoked will be voted at the Special Meeting and at any adjournments or postponements of the Special Meeting in accordance with the instructions contained in the proxy. If a holder of Marathon's Common Stock executes and returns a proxy and does not specify otherwise, the shares represented by that proxy will be voted "FOR" Proposal No. 1 to approve the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of shares of Marathon's Series C Preferred Stock and Common Stock to GBV's shareholders and note holders pursuant to the Merger Agreement; "FOR" Proposal No. 2 to approve an amendment to the amended and restated Articles of Incorporation of Marathon to effect the Marathon Name Change; and "FOR" Proposal No. 3 to approve the adjournment of the Special Meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of Proposal Nos. 1 or 2 in accordance with the recommendation of Marathon's board of directors.

Marathon's shareholders of record, other than those Marathon's shareholders of record who have executed voting agreements, may change their vote at any time before their proxy is voted at the Special Meeting in one of three ways. First, a shareholder of record of Marathon can send a written notice to the Secretary of Marathon stating that the shareholder would like to revoke its proxy. Second, a shareholder of record of Marathon can submit new proxy instructions either on a new proxy card or by telephone or via the Internet. Third, a shareholder of record of Marathon can attend the Special Meeting and vote in person. Attendance alone will not revoke a proxy. If a stockholder of Marathon of record or a stockholder who owns shares of Marathon's common stock in "street name" has instructed a broker to vote its shares of Marathon's Common Stock, the shareholder must follow directions received from its broker to change those instructions.

Required Vote

The presence, in person or represented by proxy, at the Special Meeting of the holders of a majority of the shares of Marathon outstanding and/or entitled to vote at the Special Meeting is necessary to constitute a quorum at the meeting. Abstentions and broker non-votes will be counted towards a quorum. Approval of Proposal Nos. 1 and 3 requires the affirmative vote of the holders of a majority of the shares of Marathon's Common Stock having voting power present in person or represented by proxy at the Special Meeting. Approval of Proposal No. 2 requires the affirmative vote of holders of a majority of Marathon's common stock having voting power outstanding on the record date for the Special Meeting.

Votes will be counted by the inspector of election appointed for the Special Meeting, who will separately count "FOR" and "AGAINST" votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total and will have the same effect as "AGAINST" votes for Proposal No. 2; abstentions will have no effect on Proposal Nos. 1 and 3. Broker non-votes will have the same effect as "AGAINST" votes for Proposal No. 2 . For Proposal Nos. 1 and 3, broker non-votes will have no effect and will not be counted towards the vote total, but will be used to determine whether a quorum is present at the Special Meeting.

As of December __, 2017, the directors and executive officers of Marathon beneficially owned approximately 10.9% of the outstanding shares of Marathon's common stock entitled to vote at the Special Meeting. Doug Croxall, our Chief Executive Officer and director, has entered into a voting agreement, pursuant to which such director, executive officer or other stockholder has agreed to be present (in person or by proxy) at the Special Meeting to vote all shares of Marathon's voting stock subject to the agreement (2,000,000 shares) owned by him or it as of the record date (a) in favor of (i) the approval of the Merger Agreement, including the issuance of shares of Marathon's Series C Convertible Stock and Common Stock pursuant to the Merger Agreement, (ii) the adoption of an amendment to Marathon's Articles of Incorporation to effect the Marathon Name Change, (iii) any proposal to adjourn or postpone the meeting to a later date, if there are not sufficient votes for the approval of the Merger Agreement and the transactions contemplated therein, including the issuance of Series C Preferred Stock and Common Stock pursuant to the Merger Agreement or the Marathon Name Change on the date on which such meeting is held, and (iv) any other proposal included in this proxy statement/prospectus/information statement in connection with, or related to, the consummation of the Merger for which Marathon's board of directors has recommended that the Marathon's shareholders vote in favor; and (b) against any competing acquisition proposal with respect to Marathon. As of December ___, 2017, the Company believes affiliates, shareholders and note holders, or their affiliates own Series E Preferred Stock entitling them to vote up to 4.99% of the outstanding stock of the Company which are entitled to vote at the Special Meeting and beneficially own 4.99% of the GBV's common stock.

Solicitation of Proxies

In addition to solicitation by mail, the directors, officers, employees and agents of Marathon may solicit proxies from Marathon's shareholder by personal interview, telephone, telegram or otherwise. Marathon will pay the costs of printing and filing this proxy statement/prospectus/information statement and proxy card. Arrangements will also be made with brokerage firms and other custodians, nominees and fiduciaries who are record holders of Marathon's Common Stock for the forwarding of solicitation materials to the beneficial owners of Marathon's Common Stock. Marathon will reimburse these brokers, custodians, nominees and fiduciaries for the reasonable out-of-pocket expenses they incur in connection with the forwarding of solicitation materials. If Marathon elects to use a proxy solicitor, it will pay the fees which Marathon expects to be approximately $10,000, plus reimbursement of out-of-pocket expenses.

Other Matters

As of the date of this proxy statement/prospectus/information statement, Marathon's board of directors does not know of any business to be presented at the Special Meeting other than as set forth in the notice accompanying this proxy statement/prospectus/information statement. If any other matters should properly come before the Special Meeting, it is intended that the shares represented by proxies will be voted with respect to such matters in accordance with the judgment of the persons voting the proxies.

No Appraisal Rights

Under the Nevada Revised Statutes and our charter documents, holders of our Common Stock will not be entitled to statutory rights of appraisal, commonly referred to as dissenters' rights or appraisal rights (i.e., the right to seek a judicial determination of the "fair value" of their shares and to compel the purchase of their shares for cash in that amount) with respect any of the proposals. For more information about such rights, see the provisions of Section 92A.390 of the Nevada Revised Statutes and the section entitled "The Merger —Appraisal Rights" in this proxy statement/prospectus/information statement. Holders of GBV's capital stock who do not vote in favor of, or consent to, the Merger, are entitled to dissent from the Merger and obtain payment of the fair value of their shares of GBV stock. Those GBV shareholders wishing to dissent from the Merger and obtain payment, must, within 30 days after the date of mailing a notice to such shareholders, send a written demand for payment and all GBV stock certificates to GBV.

Comparison of Shareholder Rights

Both Marathon and GBV are incorporated under the laws of the State of Nevada and accordingly, the rights of the shareholders of each are currently, and will continue to be, governed by the Nevada Revised Statutes (the "NRS"). If the Merger is consummated, GBV shareholders will become shareholders of Marathon, and their rights will be governed by the NRS, the bylaws of Marathon and the Amended and Restated Articles of Incorporation of Marathon. The rights of Marathon's shareholders contained in Marathon's bylaws and Amended and Restated Articles of Incorporation, differ from the rights of GBV shareholders under the Articles of Incorporation and bylaws of GBV, as more fully described under the section entitled "Comparison of Rights of Holders of Marathon Stock and GBV Stock" in this proxy statement/prospectus/information statement.

THE MERGER

Background of the Merger

Marathon's board of directors and management reviews Marathon's operating and strategic plans. This review involves, among other things, discussions of opportunities and risks associated with Marathon's activities, programs, financial condition and market, as well as consideration of strategic alternatives and options available to Marathon.

During 2017 members of Marathon's management at that time, including Mr. Croxall and Mr. Knuettel, reviewed the results of Marathon's agreements with DBD. The results of the review which had been ongoing over an extended period of time including prior to the agreements with DBD hinged upon the successful elimination of the financing debt owed to DBD, and indicated that Marathon's remaining patents, in the light of the changed legal, regulatory and business environment, would be costly to enforce requiring additional capital and the results uncertain, with greater risk to shareholders than had historically been applied to Marathon's business.

In response to these factors, Marathon's board of directors underwent a process to identify and evaluate strategic alternatives available to Marathon that ultimately resulted in the execution of the Merger Agreement with GBV. The terms of the Merger Agreement are the result of extensive arm's-length negotiations among members of management, Marathon's management team, and the management team of GBV along with their respective advisors and under the guidance of each company's board of directors. From the beginning, Marathon followed a process assisted by experienced outside financial and legal advisors to examine potential transactions and transaction candidates however, such review was severely limited by the capital constraints impacting Marathon and the ability/willingness of certain investors (existing investors in Marathon) to assist with capital necessary to transform Marathon which resulted in an introduction of GBV, an entity in which the investors in Marathon would bridge pending the ability of Marathon to satisfy the conditions of the Merger Agreement, through purchase of the GBV Common Stock, the GBV Series A Stock and the GBV Notes. The following is a summary of the background of the process undertaken by Marathon, and the identification and evaluation of strategic alternatives and the negotiation of the Merger Agreement, including the circumstances surrounding Marathon's decision to review strategic alternatives available to it.

On June 26, 2017, Douglas Croxall was called by Palladium Capital Investments, LLC Director of Investment Banking, Michael Hartstein, and was introduced to a cryptocurrency or digital asset mining investment opportunity for Marathon. A series of phone calls followed over that day as well as June 27 and June 28, 2017 to discuss specifically the crypto community, digital asset mining, as well as the regulatory environment surrounding the digital asset market.

Discussions with Mr. Hartstein continued informally regarding potential acquisitions and potential funding for Marathon. From June 26 - 28, 2017, Marathon negotiated a term sheet for a convertible preferred investment to be made into Marathon. The term sheet for the funding was executed on June 29, 2017. The funding was necessary to allow Marathon to restructure its payables balance, to restructure and or eliminate other short-term and long-term debt, to allow Marathon to increase its cash reserves to maintain minimum listing requirements for its continued listing on NASDAQ, and to provide appropriate time and working capital for Marathon to conduct a process to identify potential acquisition opportunities.

Throughout the month of July 2017, Marathon conducted research and due diligence into the digital asset market, the investment opportunity and on the different business models that were being practiced by other companies that had entered the digital asset industry.

On July 27, 2017, Palladium introduced Marathon to a startup digital asset mining company that was being established at a data center in Canada.

On August 7-10, 2017 Marathon continued its due diligence conducting several phone calls between Doug Croxall discussing the competitive advantages of the digital asset mining opportunity.

On August 11, 2017, Merrick Okamoto joined Marathon's board of directors by filling a vacancy that was created when one of Marathon's directors stepped down. The Board of Directors established an informal acquisition committee comprised of Mr. Croxall and Mr. Okamoto, to specifically analyze the different acquisition opportunities.

On September 20, 2017, Palladium and Marathon continued conversations about a potential acquisition of a digital asset mining opportunity start-up known as Global Bit Ventures. On September 26, 2017 a nondisclosure agreement was executed with GBV to allow for more formal due diligence to occur on GBV.

On September 26 – 28, 2017, a total of four phone calls between Marathon and Palladium continued to explore the possibility of an acquisition of GBV.

On October 3, 2017, Mr. Croxall visited a datacenter in Canada that GBV uses to house its digital asset mining operations. Additionally, Mr. Croxall met with representatives of the data center and discussed the experience and expertise that the management of the data center had with regard to the digital asset mining community and met with Charles Allen and Jesse Sutton of GBV, as well as Michal Handerhan, for a full day of face-to-face discussion regarding GBV and Marathon.

On October 4, 2017, Marathon was provided access to the data room that was established by GBV, and telephone conversations continued between Charles Allen of GBV and Doug Croxall of Marathon. In these calls specific attention provided to the technical operations of the mining of digital assets as well as the financial projections and the assumptions underlying those projections prepared by GBV.

Updates were provided to the Marathon board of directors throughout the month of August and September 2017 culminating in a written presentation that was provided to the board and a call in which directors Merrick Okamoto, David Lieberman, Chris Roubichaud, and Edward Kovalik participated on October 6, 2017.

On October 10 – 12, 2017, a series of phone calls occurred with Mr. Hartstein in which Marathon negotiated specific terms of a potential acquisition of GBV.

On October 16 – 17, 2017, two phone calls transpired with Charles Allen and the terms of an acquisition of GBV were discussed.

On October 23 – 26, 2017, Doug Croxall of Marathon and Charles Allen of GBV and Michael Hartstein of Palladium had five calls to finalize the terms of the acquisition. A final due diligence presentation was made to the board of directors of Marathon on October 26, 2017.

From October 26 – 29, 2017, Doug Croxall and Merrick Okamoto engaged in negotiation of the merger agreement. A further board of directors meeting was conducted on October 30, 2017 at which the acquisition of GBV was unanimously approved.

On December 13, 2017, Roth provided its oral opinion to the Marathon board of directors regarding the fairness to the holders of Marathon Common Stock, from a financial point of view, of the aggregate consideration paid by Marathon in the Merger, which was subsequently confirmed by delivery of a written "fairness opinion" dated December 13, 2017.

Marathon's Reasons for the Merger

In connection with Marathon's agreement to acquire GBV, Marathon has secured financing in connection with winding down the patenting business and working capital for reduced operations while it prepares for the acquisition of GBV. Marathon is transitioning from its historic business into businesses involved in supporting the blockchain and digital asset (cryptocurrency) ecosystem. While reducing its reliance on patent enforcement and licensing for the generation of revenue, Marathon has undertaken steps to dedicate its resources and efforts towards blockchain and digital asset (cryptocurrency) acquisition. Cryptocurrencies are one form of digital assets. As a result, we sometimes use the phrases "cryptocurrency" and "digital assets" interchangeably. These activities include the acquisition of businesses and assets engaged in or necessary for supporting the business of mining, as described below, including the direct acquisition of businesses, equipment and technology that service the blockchain ecosystem as well as the outright acquisition of digital assets, such as cryptocurrency, that may be held for appreciation or exchanged for other digital or non-digital assets or sold. Marathon intends to complete the acquisition of GBV and enter into a new and unproven business model with significant risks, both known and unknown, as more fully described in the section titled "Risk Factors", below. In connection with that newly-adopted business strategy, Marathon anticipates it will be necessary to add personnel to the management team, as well as other personnel, to enhance assessment of controls over risks, to review and seek approval of regulatory bodies (including the NASDAQ Capital Market for continued listing of its Common Stock) and will face other uncertainties associated with the evolving business and regulatory risks of blockchain and digital assets (cryptocurrency). There is no assurance that Marathon will be able to successfully navigate these risks or that regulatory and other requirements will not have a material adverse effect on the goals and objectives of Marathon or prevent Marathon from realizing its objectives.

Following the Merger, the combined organization will focus on the development of GBV's new business involving the blockchain ecosystem and generation of digital assets. GBV is focused on mining digital assets and intends to add specialized computer equipment and plans to expand its activities to mine new digital assets.

- Management Team. It is expected that the combined organization will be led by the management team from GBV and a board of directors with representation from each of Marathon and GBV.

- Cash Resources. The combined organization is expected to have approximately $8.0 million in cash and cash equivalents at the closing of the Merger, which Marathon and GBV believe is sufficient to enable GBV to implement its near-term business plans.

Each of Marathon's and GBV's respective board of directors also considered other reasons for the Merger, as described herein. For example, Marathon's board of directors considered, among other things:

- the strategic alternatives of Marathon to the Merger, including the discussions that Marathon's management and Marathon's board of directors previously conducted related to internal organic growth, investment in new technologies and with other potential target acquisitions and Merger partners;

- the changes in the patent monetization industry following legislative changes and increasingly hostile legal, regulatory and business environment creating risk for longer and more costly campaigns for patent licensing and enforcement by non-practicing entities, referred to as NPEs, such as Marathon seeking to enforce patents and the unlikelihood that such circumstances would change for the benefit of Marathon's shareholders in the foreseeable future;

- the risk associated with, and uncertain value and costs to shareholders, of liquidating Marathon;

- the opportunity as a result of the Merger for Marathon's shareholders to participate in the GBV opportunity; and

- the interest expressed by Marathon's investors and note holders of their desire to evaluate opportunities, such as GBV, to enter into blockchain and digital assets related businesses.

GBV Reasons for the Merger

GBV's board of directors approved the Merger based on a number of factors, including the following:

- the potential increased access to sources of capital and a broader range of investors to support the GBV growth objectives;

- the potential to provide its current shareholders with greater liquidity by owning stock in a public company;

- GBV's board of directors' belief that no alternatives to the Merger were reasonably likely to create greater value for GBV's shareholders after reviewing the various strategic options to enhance shareholder value that were considered by GBV's board of directors;

- the cash resources of the combined organization expected to be available at the closing of the Merger; and

- the expectation that the Merger will be treated as a reorganization for U.S. federal income tax purposes.

Opinion of the Marathon's Financial Advisor

Pursuant to an engagement letter dated October 23, 2017, Marathon retained a financial advisor to render a valuation of GBV in connection with the Merger and the transactions contemplated by the Merger Agreement. Pursuant to an engagement letter dated December 8, 2017, Marathon retained Roth to render an opinion to Marathon's board of directors as to the fairness, from a financial point of view, of the aggregate consideration to be paid by Marathon as of October 31,2017. On December 13, 2017, Roth rendered its oral opinion, subsequently confirmed by delivery of a written opinion dated December 13, 2017 (the "Opinion"), to Marathon's board of directors, that, as of October 31, 2017, and based upon the various assumptions, qualifications and limitations set forth therein, the aggregate consideration to be paid by Marathon was fair, from a financial point of view, to the holders of Marathon's Common Stock.

The full text of the written Opinion, dated December 13, 2017, is attached as Annex B to this registration statement/prospectus/information statement and is incorporated by reference. Marathon encourages Marathon's shareholders to read the Opinion in its entirety for the assumptions made, procedures followed, other matters considered and limits of the review by Roth. The summary of the Opinion set forth herein is qualified by reference to the full text of the Opinion. Roth provided the Opinion for the sole benefit and use of Marathon's board of directors in its consideration of the Merger and the other transactions contemplated by the Merger Agreement. The Opinion is not a recommendation to any shareholder as to how to vote with respect to the proposed Merger or the transactions contemplated by the Merger Agreement or to take any other action in connection with the Merger or otherwise.

In connection with rendering the opinion described above and performing its related financial analyses, Roth, among other things:

- reviewed the Merger Agreement;
- reviewed certain publicly available business and financial information of Marathon that Roth believes to be relevant to its inquiry;
- reviewed certain internal financial statements and other financial and operating data concerning Marathon and GBV, respectively, including certain information prepared by the managements of Marathon and GBV relating to the patent portfolios of Marathon and the business of GBV;
- reviewed certain financial forecasts relating to GBV prepared by the management of GBV ("GBV Forecasts");
- reviewed certain financial forecasts relating to Marathon prepared by the management of Marathon ("Marathon Forecasts");
- discussed certain aspects of the Merger and the past and current businesses, financial condition and prospects of Marathon and GBV with managements of Marathon and GBV, respectively;
- reviewed the reported prices and trading activity for the twelve-month period ending October 31, 2017, of Marathon's Common Stock;
- compared the financial performance of Marathon and the reported prices of Marathon's Common Stock with that of certain publicly traded companies it deemed relevant; and
- performed such other analyses and considered such other factors as it has deemed appropriate.

In conducting its review and arriving at its opinion, Roth did not independently verify, nor did it assume responsibility or liability for independently verifying, any of the foregoing information and Roth assumed and relied upon such information being accurate and complete in all material respects, and Roth further relied upon the assurances of the management of each of Marathon and GBV that they were not aware of any facts that would make any of the information reviewed by Roth inaccurate, incomplete or misleading in any material respect. With respect to the Marathon Forecasts and GBV Forecasts, Roth assumed, upon the advice of GBV and at the direction of Marathon, that they were reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of each of GBV and Marathon as to the future financial performance of GBV and Marathon. Roth was not engaged to assess the accuracy, completeness or achievability of the Marathon Forecasts and GBV Forecasts or the assumptions on which they were based, and Roth expressed no view as to such forecasts or such assumptions. In addition, Roth assumed the Company's financial statements were prepared in accordance with, and based on, generally accepted accounting principles.

Roth did not perform any analysis to review or assess the potential pro forma financial effects of the proposed Merger on Marathon or the potential dilutive effects of the Merger on existing security holders of Marathon, and Marathon did not consider such effects for purposes of the Opinion. Roth did not assume any responsibility for any independent valuation or appraisal of the assets or liabilities, including any ongoing litigation and administrative investigations, of either Marathon or GBV, nor was Roth furnished with any such valuation or appraisal. In addition, Roth did not assume any obligation to conduct, nor did Roth conduct, any physical inspection of the properties or facilities of Marathon or GBV. Roth relied upon, without independent verification, the assessments of the management of Marathon as to the ability of Marathon to successfully integrate the businesses of Marathon and GBV and retain key employees of GBV.

Roth gave the Opinion subject to, and qualified the Opinion in its entirety by, the Merger Agreement having been amended by Marathon, GBV and Global Bit Acquisition Corp. to reflect the financial terms of the Merger and the aggregate consideration paid in the Merger as set forth in the Opinion. Roth assumed that the Merger will be consummated in compliance with the applicable provisions of the Securities Act, Exchange Act, and all other applicable federal, state and local statutes, rules, regulations and ordinances, that the representations and warranties of each party in the Merger Agreement are true and correct, that each party will perform on a timely basis all covenants and agreements required to be performed by such party under such agreement and that all conditions to the consummation of the Merger will be satisfied without waiver thereof. Roth also assumed that all governmental, regulatory and other consents and approvals contemplated by the Merger Agreement will be obtained and that, in the course of obtaining any of those consents and approvals, no modification, delay, limitation, restriction or condition, including any divestiture requirements, will be imposed or waivers made that would have an adverse effect on Marathon, GBV, or Global Bit Acquisition Corp., or on the contemplated benefits of the Merger. Roth assumed that the Merger will qualify for the intended tax treatment described in the Merger Agreement for U.S. federal income tax purposes, and existing regulations promulgated thereunder and official interpretation thereof as set forth in published guidance should not apply in such a manner so as to cause Holdco to be treated as a domestic corporation for U.S. federal tax purposes.

Roth did not, participate in the negotiation or structuring of the Merger consideration or any other aspect of the Merger or advise Marathon with respect to any evaluation of alternatives to the Merger. The Opinion only addresses the fairness, from a financial point of view, to the holders of Marathon's Common Stock of the aggregate consideration to be paid by Marathon in the Merger, and the Opinion does not in any manner address any other aspect or implication of the Merger, or any agreement, arrangement or understanding entered into in connection with the Merger or otherwise, or the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the Merger, or class of such persons, relative to the Merger consideration or otherwise. The Opinion also does not address the relative merits of the Merger as compared to any alternative business strategies that might exist for Marathon, the underlying business decision of Marathon to proceed with the Merger, or the effects of any other transaction in which Marathon or GBV might engage. Roth expressed no opinion as to what the value of the consideration paid in the Merger actually will be upon consummation of the Merger or the prices at which shares of Marathon's Common Stock, Marathon's Series C Preferred Stock, GBV Common Stock or GBV Preferred Stock will trade, or otherwise be purchased or sold, at any time. It should be understood that, although subsequent developments may affect Roth's opinion, Roth does not have any obligation to update, revise or reaffirm the Opinion, and Roth expressly disclaims any responsibility to do so.

The following is a summary of the material financial analyses performed by Roth in connection with rendering the Opinion. The following summary, however, does not purport to be a complete description of the factors considered or financial analyses performed by Roth, nor does the order of analyses described represent relative importance or weight given to those analyses by Roth. Some of these summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Roth's financial analyses.

When selecting the companies used in certain of these analyses, the criteria utilized by Roth included the companies' industry, size, growth, profitability, services and markets. These criteria are inherently subjective, so Roth was required to exercise its professional judgment in selecting companies based upon these criteria. While Roth believes the companies selected were adequate and representative of companies with similar business characteristics to Marathon, there may be other companies that meet the criteria that Roth did not select based on its professional judgment.

Contribution Analysis

Roth analyzed the relative contribution of Marathon and GBV to certain financial metrics for the pro forma combined company. Such financial and operating metrics consisted of: (i) projected revenue for 2018; and (ii) projected earnings before interest, taxes, depreciation and amortization ("EBITDA") for 2018. The results of this analysis are summarized in the table below:

Metric	Marathon	GBV	Pro Forma Contribution % (Marathon)	Pro Forma Contribution % (GBV)	Combined
2018 Projected Revenue	$ 0.2 million	$ 20.0 million	0.8%	99.2%	$ 20.1 million
2018 Projected EBITDA	$ (2.4) million	$ 16.0 million	0%	100%	$ 13.7 million

Note: Pro forma contribution does not include any purchase accounting or merger adjustments.

Discounted Cash Flow Method – Marathon and GBV

Roth performed two discounted cash flow analyses, which were used to estimate the present value of the unlevered, after-tax, free cash flows on a standalone basis of each of Marathon and GBV. In performing its discounted cash flow analyses, Roth calculated the free cash flows that Marathon and GBV are expected to generate for fiscal years 2018 through 2022 based on the long-term forecast for fiscal years 2018 through 2022 of each of Marathon's management and GBV's management. Neither of the discounted cash flow analyses relied on actual or projected performance for the fourth quarter of 2017. Projected financial information of Marathon for the fourth quarter of 2017 was not provided for Roth. However, Roth deemed that information not material to its analysis.

For the Marathon Forecast, Roth calculated a range of implied enterprise value by calculating the present value of estimated unlevered free cash flows through the end of fiscal year 2022, but no residual value for cash flows beyond fiscal year 2022 (at the direction of Marathon's management on the assumption that Marathon would cease existing business activities at the end of the year 2022), based on a range of discount rates of 15% to 19%, which were based upon Marathon's estimated weighted average cost of capital ("WACC").

The estimated WACC used in the Marathon analysis was based upon estimates of Marathon's cost of equity capital, cost of debt capital, an assumed capital structure and an estimated effective tax rate, all of which were based upon information from various independent sources (including Duff & Phelps' Valuation Handbook and S&P Capital IQ, Inc.) concerning market risk-free interest rates, market equity risk premiums, size premiums, equity betas, and other related items, provided that the cost of debt capital was based upon the rate of interest on the Marathon Notes.

Based on the assumptions above, the discounted cash flow analysis for Marathon resulted in a range of estimated enterprise values of $2.6 million to $3.2 million.

For the GBV Forecast, Roth calculated a range of implied enterprise value by calculating the present value of estimated unlevered free cash flows through the end of fiscal year 2022, as well as a residual value that takes into account cash flows beyond fiscal year 2022, based on a range of discount rates of 30% to 50% (a required rate of return that reflects rates of return required by venture capital companies in early-stage companies), and a range of EBITDA multiples of 5.0x to 9.0x (based on majority or full control transactions involving target companies based in the U.S. or Canada with enterprise values between $50 million and $250 million and which occurred during the last three years as of December 12, 2017).

The estimated discount rate used in the GBV analysis was based upon a third-party report providing required rates of return by venture capital firms based on the stage of a company's maturity. Based on the third-party report, Roth determined that venture capital companies would command a rate of return on GBV equal to a company that is able to gain real feedback from the market related to its developmental projects but is still unprofitable or only at breakeven. The third-party report on which Roth relied based the required rates of return on studies performed by QED Research, Inc. and Entrepreneurial Finance.

Based on the assumptions above, the discounted cash flow analysis for GBV resulted in a range of estimated enterprise values of $90.6 million to $306.9 million.

Comparable Companies Analysis. Roth reviewed certain publicly available financial information for the following group of companies engaged in the business of acquiring patents and patent rights from owners or other ventures that, based on its experience and professional judgment, share similar business characteristics to Marathon:

Company	Revenue Over Last 12 Months ("LTM Revenue") (Millions)	Projected Revenue for 2018 ("2018P Revenue") (Millions)
Acacia Research Corporation	$ 83.9	$ 57.5
Finjan Holdings, Inc.	$ 35.5	$ 31.0
Great Elm Capital Group, Inc.	$ 6.7	N/A
InterDigital, Inc.	$ 601.5	$ 305.6
Inventergy Global, Inc.	$ 1.4	N/A
Pendrell Corporation	$ 41.1	N/A
Quarterhill Inc.	$ 142.3	$ 106.9
Spherix Incorporated	$ 1.3	N/A
VirnetX Holding Corp	$ 1.5	N/A
Xperi Corporation	$ 317.2	$ 432.8

Metric	Marathon	25th Percentile Multiple	75th Percentile Multiple	Implied 25th Percentile Enterprise Value	Implied 75th Percentile Enterprise Value
LTM Revenue	$ 0.8	1.3x	3.9x	$ 1.0	$ 3.1
2018P Revenue	$ 0.2	0.5x	3.3x	$ 0.2	$ 0.5

No company utilized in the comparable companies analysis is directly comparable to Marathon and certain of these companies may have financial, business and/or operating characteristics that are materially different from those of Marathon. However, the companies were selected, among other reasons, because they are publicly traded companies with businesses that, for purposes of Roth's analysis, may be considered similar to that of Marathon based on industry sector and business model.

Roth calculated the implied enterprise value of each of the comparable companies based on information obtained from Marathon's management and S&P Capital IQ, Inc. For this analysis, Roth calculated the enterprise value of Marathon by applying the multiple of the LTM Revenue of the comparable companies to Marathon's LTM Revenue and the multiple of 2018P Revenue of the comparable companies to Marathon's 2018P Revenue.

Based on the foregoing, the comparable companies analysis for Marathon resulted in a range of estimated implied enterprise values of $1.0 million in the 25th percentile to $3.1 million in the 75th percentile based on LTM Revenue, and estimated implied enterprise values of $1.0 million in the 25th percentile to $3.1 million in the 75th percentile based on 2018P Revenue.

Roth also reviewed certain publicly available financial information for companies engaged in businesses related to blockchain technology. As a result of the blockchain industry being nascent and the limited number of public companies in the blockchain industry, especially companies mining digital assets, Roth did not find the companies' characteristics or the result of its analysis sufficiently meaningful to be included in its analysis.

Recent Events

The price of ether has increased from $309.18 as of 10:15:05 UTC on October 31, 2017, to $448.30, as of 10:55:05 UTC on December 8, 2017. GBV's management forecasted financials on which Roth relied are based on an ether price of $310.00. The price of bitcoin has increased from $6,126.39 as of 00:00:00 UTC on October 31, 2017, to $17,021.01, as of 00:00:00 UTC on December 8, 2017. GBV's management forecasted financials on which Roth relied are based on a Bitcoin price of $5,934.11.

Based on the prices of ether and bitcoin as of December 8, 2017, as set forth above, the Discounted Cash Flow analysis would have an implied Enterprise Value for GBV of between $2.7 billion to $5.0 billion.

Preparation of Opinion

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying the Opinion. In arriving at its fairness determination, Roth considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Roth made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses, taken as a whole. No company used in the above analyses as a comparison is directly comparable to Marathon. The reasons for and the circumstances surrounding each of the selected companies analyzed were diverse and there are inherent differences in the business, operations, financial condition and prospects of Marathon and the companies included in those analyses.

As described above, the Opinion was one of many factors taken into consideration by the Marathon Board in making its determination to approve the Merger Agreement. The foregoing summary does not purport to be a complete description of the factors considered or financial analyses performed by Roth in connection with the Opinion and is qualified in its entirety by reference to the full text of the written opinion of Roth attached to this registration statement. The issuance of the Opinion was approved by a fairness committee of Roth.

Roth and its affiliates are engaged in investment banking and financial advisory services, commercial banking, securities trading, investment management, brokerage activities and other financial and non-financial activities and services for various persons and entities. In the ordinary course of these activities and services, Roth and its affiliates may acquire, hold or sell, for its and its affiliates' own accounts and the accounts of customers, equity, debt and other securities and financial instruments (including bank loans and other obligations) of Marathon.

During the two years preceding the date of the Opinion, neither Roth nor any of its affiliates had any other material financial advisory or other material commercial or investment banking relationships with Marathon or GBV. In August 2015, Roth received a $250,000 fee from Marathon in connection with providing a fairness opinion to Marathon.

The Marathon Board selected Roth as its financial advisor because it is a nationally recognized investment banking firm that has substantial experience in transactions similar to the Merger. Pursuant to an engagement letter, dated as of December 8, 2017, Marathon agreed to pay Roth a fee of $300,000 that was payable upon execution of the engagement letter. In addition, Marathon agreed to reimburse Roth for certain expenses and to indemnify Roth and related persons against various liabilities relating to or arising out of its engagement.

Interests of Certain Directors, Officers and Affiliates of Marathon and GBV

In considering the recommendation of Marathon's board of directors with respect to the issuance of Marathon's Series C Preferred Stock and Common Stock pursuant to the Merger Agreement and the other matters to be acted upon by Marathon's shareholders at the Special Meeting, Marathon's shareholders should be aware that certain members of Marathon's board of directors and executive officers of Marathon have interests in the Merger that may be different from, or in addition to, interests they have as Marathon's shareholders.

Ownership Interests

As of December 8, 2017, Marathon's directors and executive officers beneficially owned, in the aggregate approximately 10.9% of the outstanding shares of Marathon's Common Stock.

Marathon Options

The vesting of 448,775 unexercised options to purchase shares of Marathon's Common Stock, which are substantially vested, will remain outstanding as of the closing of the Merger.

Employment Agreements with Marathon's Executive Officers:

Each of the employment agreements with Marathon's executive officers in effect prior to the Merger Agreement has been terminated and Marathon has entered into retention, consulting or employment agreements with certain continuing executive officers, as described below.

Retention Agreement with Doug Croxall

On November 1, 2017 Marathon has entered into certain agreements with Doug Croxall amending the prior Retention Agreement dated August 22, 2017 as amended September 29, 2017 that may result in the receipt of cash severance payments and other benefits with a total value of approximately $565,000 (excluding the value of any accelerated vesting of stock options and stock issuances) following the Effective Time of the Merger, of which $347,500 has been paid and $217,500 is payable at the Effective Time of the Merger, ongoing salary in the amount of $30,000 per month through December 31, 2017, the date on which his resignation becomes effective, and to not sell any shares of Common Stock until 10 days following a change of control of Marathon. In addition, Mr. Croxall has the right to vesting of 700,000 shares, after giving effect to the transfer of 50,000 shares of Common Stock to Francis Knuettel II.

Consulting Agreement with Francis Knuettel II

On August 30, 2017 Marathon has entered into a consulting agreement with Francis Knuettel II that may result in the receipt of cash severance payments and other benefits with a total value of approximately $75,000 (excluding the value of any accelerated vesting of stock options and stock issuances) following the Effective Time of the Merger, ongoing salary in the amount of $15,000 per month for six months commencing October 1, 2017 through termination. In addition, Mr. Knuettel has the right to receive 50,000 shares of Common Stock upon filing of Marathon's 2017 Annual Report on Form 10-K in addition to the 50,000 shares of Common Stock transferred to Mr. Knuettel by Doug Croxall.

Additional Retention/Consulting/Bonus Agreements and Understandings

On August 30, 2017, Marathon entered into a revised employment Agreement with James Crawford, Marathon's Chief Operating Officer pursuant to which the existing employment agreement was terminated. Under the revised agreement James Crawford shall continue to serve as the Chief Operating Officer on an at-will basis and shall be entitled to receive monthly compensation in the amount of $7,500 until termination. Mr. Crawford is not entitled to any severance or other payment upon a change of control.

On August 31, 2017, Marathon entered into a Consulting Termination and Release Agreement terminating the Consulting Agreement providing that Erich Spangenberg is not entitled to any compensation from the Company and entered into a Consulting Agreement on August 31, 2017 with Page Innovations, LLC, whereby Mr. Spangenberg shall provide advice and consulting services as an independent contractor, as may be requested from time to time, in consideration of the payment of 100,000 shares of restricted Common Stock of Marathon.

Support and Voting Agreements

None of the shareholders or GBV's note holders are party to support or voting agreements with Marathon. However, it is expected by both Marathon and GBV that all Marathon shareholders or note holders who are also GBV's shareholders or note holders will cast all of their votes for approval of Proposal Nos 1 and 2 in favor of the adoption of the Merger Agreement and approval of any other matter necessary to consummate the transactions contemplated by the Merger Agreement that are considered and voted upon by Marathon's and GBV's shareholders and against any alternative acquisition proposal. The parties who beneficially own securities possessing voting rights in both Marathon and GBV, the position held, if any, and the relative voting power of each is as follows:

Lock-up Agreements

The Merger Agreement does not require any lock-up agreements. However, certain of Marathon's shareholders and GBV's shareholders have entered into lock-up agreements, pursuant to which such parties have agreed not to, except in limited circumstances, sell or transfer, or engage in swap or similar transactions with respect to, shares of Marathon's common stock, including, as applicable, shares received in the Merger and issuable upon exercise of certain warrants and options, from the closing of the Merger until 180 days from the closing date of the Merger.

As of December 8, 2017, Marathon's shareholders who have committed to execute lock-up agreements beneficially owned in the aggregate approximately 8.4% of the outstanding shares of Marathon's common stock.

It is expected that certain GBV shareholders who are part of the management team will enter into lock-up/leak-out agreements prior to the closing of the Merger.

Lock-up agreements have been entered into with the following present or former officers, directors and/or 5% holders of either Marathon or GBV as follows:

During the period beginning on the date of closing of a Qualifying Transaction (as defined in the lock-up agreement) which is considered to include the Merger, and ending on the 6 months anniversary of the closing of the Merger, Doug Croxall agrees to not directly or indirectly, (i) offer, sell, offer to sell, contract to sell, hedge, pledge, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or sell (or announce any offer, sale, offer of sale, contract of sale, hedge, pledge, sale of any option or contract to purchase, purchase of any option or contract of sale, grant of any option, right or warrant to purchase or other sale or disposition), or otherwise transfer or dispose of (or enter into any transaction or device that is designed to, or could be expected to, result in the disposition by any person at any time in the future), any Share Awards, beneficially owned, within the meaning of Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), by the undersigned on the date hereof or hereafter acquired or (ii) enter into any swap or other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership of any Share Awards, whether or not any such swap or transaction described in clause (i) or (ii) above is to be settled by delivery of any Parent Security.

Vesting

The Lock-Up Agreement with Doug Croxall was in furtherance of certain share awards of Common Stock made upon the earlier of (A) December 31, 2017 and (B) the date of shareholder approval of the Company's 2017 Equity Incentive Plan. Marathon issued to Doug Croxall 750,000 shares of restricted Common Stock, of which, 50,000 shares of Common Stock were transferred to Francis Knuettel II.

The share awards shall vest as follows 16.67% on the 30th day following the original date of issuance and an additional 16.67% on each succeeding monthly (30 day) period following the date of the initial vesting, until fully vested.

Until vested Doug Croxall may not sell, transfer, pledge or assign the share award. In the event of a material breach of certain

agreements all unvested share awards are immediately cancelled.

Quantification of Payments and Benefits to Marathon's Named Executive Officers

In accordance with Item 402(t) of Regulation S-K of the Securities Act, which requires disclosure of information about compensation for Marathon's Chief Executive Officer and the two most highly compensated officers as of the end of its last fiscal year, who are referred to as the named executive officers, that is based on or otherwise related to the Merger, the table below sets forth the amount of payments and benefits that each of Marathon's named executive officers may receive in connection with the Merger, assuming that the Merger was consummated and such executive officer experienced a qualifying termination on October xx, 2017. The amounts below were determined using a per share price of Marathon's Common Stock of $1.41, which represents the average closing trading price of Marathon's Common Stock over the first five business days following the first public announcement of the transaction. As a result of the foregoing assumptions, the actual amounts, if any, to be received by a named executive officer may materially differ from the amounts set forth below.

Name (a)	Cash ($) (b)	Equity ($) (c)	Pension/ NQDC ($) (d)	Perquisites/ benefits ($) (e)	Tax reimbursement ($) (f)	Other ($) ($) (g)	Total ($) (h)
Doug Croxall	$ 375,000	$ 988,400	$ -	$ 11,000	$ -	$ -	$1,374,400
Francis Knuettel II	$ 75,000	$ 141,200	$ -	$ 11,000	$ -	$ -	$ 152,200
James Crawford	$ -	$ -	$ -	$ 11,000	$ -	$ -	$ 11,000

Interests of the GBV Directors and Executive Officers in the Merger

In considering the recommendation of GBV's board of directors with respect to adopting the Merger Agreement, GBV's shareholders should be aware that certain members of GBV's board of directors and certain executive officers of GBV may have interests in the Merger that may be different from, or in addition to, the interests of GBV's shareholders. Each of Marathon's board of directors and GBV's board of directors was aware of these potential conflicts of interest and considered them, among other matters, in reaching their respective decisions to approve the Merger Agreement and the Merger, and to recommend, as applicable, that Marathon's shareholders approve the proposals to be presented to Marathon's shareholders for consideration at the Special Meeting as contemplated by this proxy statement/prospectus/information statement, and that GBV's shareholders sign and return the written consent as contemplated by this proxy statement/prospectus/information statement.

Ownership Interests

As of December 18, 2017, all of GBV's directors and executive officers, together with their affiliates, owned approximately 3.2% of the outstanding shares of GBV capital stock, on an as converted to common stock basis.

GBV Options and Warrants

None.

Management Following the Merger

The Merger Agreement does not specify or require management appointments. Marathon and GBV are expected to agree to management to afford continuity to the combined companies as well as management with skills in blockchain and digital assets businesses and amend the Merger Agreement, or otherwise coordinate the appointment of all management and director appointments prior to the closing of the Merger.

Indemnification and Insurance

GBV's directors and executive officers will be entitled to certain indemnification and liability insurance coverage pursuant to the terms of the Merger Agreement or upon closing of the Merger.

Limitations of Liability and Indemnification

GBV's directors and executive officers will be entitled to certain indemnification and liability insurance coverage pursuant to the terms of the Merger Agreement or upon closing of the Merger.

GBV's Stock Options and Warrants

None.

THE MERGER AGREEMENT

*The following is a summary of the material terms of the Merger Agreement. A copy of the Merger Agreement is attached as **Annex A** to this proxy statement/prospectus/information statement and is incorporated by reference into this proxy statement/prospectus/information statement. The Merger Agreement has been attached to this proxy statement/prospectus/information statement to provide you with information regarding its terms. It is not intended to provide any other factual information about Marathon or GBV. The following description does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement. You should refer to the full text of the Merger Agreement for details of the Merger and the terms and conditions of the Merger Agreement.*

The Merger Agreement contains representations and warranties that Marathon and GBV have made to one another as of specific dates. These representations and warranties have been made for the benefit of the other parties to the Merger Agreement and may be intended not as statements of fact but rather as a way of allocating the risk to one of the parties if those statements prove to be incorrect. In addition, the assertions embodied in the representations and warranties are qualified by information in confidential disclosure schedules exchanged by the parties in connection with signing the Merger Agreement. While Marathon and GBV do not believe that these disclosure schedules contain information required to be publicly disclosed under the applicable securities laws, other than information that has already been so disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached Merger Agreement. Accordingly, you should not rely on the representations and warranties as current characterizations of factual information about Marathon or GBV, because they were made as of specific dates, may be intended merely as a risk allocation mechanism between Marathon and GBV, and are modified by the disclosure schedules.

General

Pursuant to the terms of the Merger Agreement, GBVAC, Marathon's wholly-owned subsidiary formed in connection with the Merger will merge with and into GBV, with GBV surviving as a wholly-owned subsidiary of Marathon.

Merger Consideration

At the Effective Time of the Merger, each share of (A) common stock of GBV, par value $0.0001 per share ("GBV Common Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock of Marathon (the "Series C Preferred Stock") or (y) common stock, par value $0.0001 per share of Marathon ("Common Stock"): (B) Series A Preferred Stock, par value $0.0001 per share, of GBV ("GBV Series A Stock") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or (y) Common Stock; and (C) all of GBV's outstanding convertible debt ("GBV Notes") will automatically be cancelled and converted into shares of either (x) Series C Preferred Stock or Common Stock. Marathon will not assume outstanding and unexercised warrants and options to purchase shares of GBV capital stock, and none are outstanding. The total number of shares of Marathon's Common Stock and Common Stock that is issuable under the Series C Preferred Stock is 126,674,557. After the completion of the Merger, Marathon will change its corporate name to "Marathon Blockchain, Inc." or similar name determined by the board of directors of Marathon as required by the Merger Agreement (the "Marathon Name Change").

Description of Marathon Series C Convertible Preferred Stock

Each share of Marathon's Series C Preferred Stock is convertible into 100 shares of Common Stock. The stated value of each share of Series C Preferred Stock is $0.0001 per share, each subject to adjustment for stock splits, stock dividends, recapitalizations, combinations, subdivisions or other similar events. Except to the extent that the holders of at least a majority of the outstanding Preferred Shares expressly consent to the creation of parity stock or senior preferred stock, all shares of capital stock of Marathon hereafter issued shall be junior in rank to all Series C Preferred Stock with respect to the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding-up of Marathon (except, for the avoidance of doubt, with respect to Marathon's Series B Convertible Preferred Stock). Each share of Series C Preferred Stock is entitled to vote for every share of Common Stock into which it is convertible on any matter submitted for a vote of shareholders, subject to the beneficial ownership limitations set forth in the Certificate of Designation of 0% Series C Convertible Preferred Stock. The Company shall not effect the conversion of any Series C Preferred Stock in the event that Holder would beneficially own in excess of 2.49% of the shares of Common Stock outstanding immediately after giving effect to such conversion. The Holder shall have the right to elect an initial Maximum Percentage of up to 4.99% and thereafter decrease the Maximum Percentage upon one (1) days' notice or to increase the Maximum Percentage to up to 9.99% upon 61 days' notice. Each shares of Series C Preferred Stock is convertible into 100 shares of Common Stock.

Description of Marathon Series E-1 Convertible Preferred Stock

Each share of Marathon's Series E-1 Preferred Stock is convertible into shares of Common Stock based on a conversion calculation equal to the quotient of the Stated Value divided by the Conversion Price. The Stated Value of each Series E-1 Preferred Stock is $1,000 and the Conversion Price is $0.80 per share, each subject to adjustment for stock splits, stock dividends, recapitalizations, combinations, subdivisions or other similar events. The Company shall not effect the conversion of any Series C Preferred Stock in the event that Holder would beneficially own in excess of 2.49% of the shares of Common Stock outstanding immediately after giving effect to such conversion. The Holder shall have the right to elect an initial Maximum Percentage of up to 4.99% and thereafter decrease the Maximum Percentage upon one (1) days' notice or to increase the Maximum Percentage to up to 9.99% upon 61 days' notice. The Series E-1 Preferred Stock, with respect to dividend rights and rights on liquidation, winding-up and dissolution, in each case will rank senior to the Common Stock and all other securities of Marathon that do not expressly provide that such securities rank on parity with or senior to the Series F Preferred Stock. Until converted, each share of Series E-1 Preferred Stock is entitled to vote for every share of Common Stock into which it is convertible on any matter submitted for a vote of shareholders, subject to the beneficial ownership limitations set forth in the Certificate of Designation of 0% Series E-1 Convertible Preferred Stock ("Series E-1 COD").

AGREEMENTS RELATED TO THE MERGER

Lock-Up Agreements

On September 7, 2017, Marathon entered into a Lock-up Agreement with Marathon's Chief Executive Officer Doug Croxall. The Lock-Up Agreement also amended the Amended and Restated Retention Agreement, dated August 30, 2017 with Doug Croxall. Under the agreement, 700,000 restricted shares of common stock issuable to Doug Croxall (net of the 50,000 shares of Common Stock transferred by Doug Croxall to Francis Knuettel II) became subject to a lock-up provision under which he agreed that (1) the date of issuance of the shares shall be the earlier of the date of shareholder approval of the 2017 Equity Incentive Plan or December 31, 2017, and (2) he may not, directly or indirectly (i) offer, sell, offer to sell, contract to sell, hedge, pledge, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or sell (or announce any offer, sale, offer of sale, contract of sale, hedge, pledge, sale of any option or contract to purchase, purchase of any option or contract of sale, grant of any option, right or warrant to purchase or other sale or disposition), or otherwise transfer or dispose of (or enter into any transaction or device that is designed to, or could be expected to, result in the disposition by any person at any time in the future), any of the restricted shares, beneficially owned, within the meaning of Rule 13d-3 under the Exchange Act or (ii) enter into any swap or other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership; provided, however, on the 30th day following the date of a Qualifying Transaction (as defined in the Agreements) and on each succeeding monthly (30 day) period following the date of issuance, 16.67% of such restricted shares shall no longer be subject to such restrictions.

Voting and Standstill Agreements

On November 1, 2017, Marathon entered into an amendment with Marathon's Chief Executive Officer to the retention agreement signed on August 22, 2017, whereby his tenure as Chief Executive Officer would be extended until December 31, 2017. Mr. Croxall's monthly base compensation was adjusted to $30,000 per month through December 31, 2017 and upon execution of the Merger Agreement, fifty (50%) percent of the remaining retention bonus, in the amount of $187,500, would be immediately paid, with the remainder to be paid upon close of the Merger.

In addition, Mr. Croxall entered into a Voting and Standstill Agreement on November 1, 2017 whereby he agreed to vote all of the shares he either directly or beneficially owns or acquires as instructed by Marathon's board of directors and to not sell any shares until 10 days after a change of control as defined in the agreement. To secure the obligations to vote Mr. Croxall also appointed the Chairman of Marathon or its designees, as the true and lawful proxy and attorney, with the power to act alone and with full power of substitution, to vote all of the shares and to execute all appropriate instruments on behalf of Mr. Croxall if, and only if, he fails to vote all of the shares or execute such other instruments in accordance with the provisions of the agreement within 5 days of written request for written consent or signature.

MATTERS BEING SUBMITTED TO A VOTE OF MARATHON'S SHAREHOLDERS

Proposal No. 1: Approval of the Merger and the Issuance of Common Stock in the Merger

At the Special Meeting, Marathon's shareholders stockholders will be asked to approve the Merger Agreement and the transactions contemplated thereby, including the Merger and the issuance of Marathon's Series C Preferred Stock and Common Stock to holders of GBV's Common Stock, Series A Preferred Stock and GBV Notes pursuant to the Merger Agreement. Immediately following the execution of the Merger Agreement, it is expected that GBV's Common Stock, Series A Preferred Stock and GBV Notes will own, or hold rights to acquire, approximately 81% of the Fully-Diluted Common Stock of Marathon and other changes in Marathon's capitalization following the date of the Merger Agreement, with current Marathon shareholders, option holders and warrant holders owning, or holding rights to acquire, approximately 19% of the Fully-Diluted Common Stock of Marathon prior to giving effect of the issuance of 1 million shares of Marathon's Common Stock on December 13, 2017 at $5.00 per share in a registered offering subsequent to the Merger Agreement (as such percentages are increased or reduced for the registered offering and any other shares issued or cancelled prior to the closing of the Merger).

The terms of, reasons for and other aspects of the Merger Agreement, the Merger and the issuance of Marathon's Series C Preferred Stock and Common Stock pursuant to the Merger Agreement are described in detail in the other sections in this proxy statement/prospectus/information statement.

Required Vote

The affirmative vote of the holders of a majority of the shares of Common Stock having voting power present in person or represented by proxy at the Special Meeting is required for approval of Proposal No. 1.

MARATHON'S BOARD OF DIRECTORS RECOMMENDS THAT MARATHON'S SHAREHOLDERS VOTE "FOR" PROPOSAL NO. 1 TO APPROVE THE MERGER AGREEMENT AND THE TRANSACTIONS CONTEMPLATED THEREBY, INCLUDING THE MERGER AND THE ISSUANCE OF MARATHON'S SERIES C PREFERRED STOCK AND COMMON STOCK PURSUANT TO THE MERGER AGREEMENT.

Proposal No. 2: Approval of Marathon Name Change

At the Special Meeting, Marathon's shareholders will be asked to approve the amendment to the amended and restated Articles of Incorporation of Marathon to effect the Marathon Name Change. The primary reason for the corporate name change is that management believes this will allow for brand recognition of GBV's business and programs following the consummation of the Merger. Marathon's management believes that the current name will no longer accurately reflect the business of Marathon and the mission of Marathon subsequent to the consummation of the Merger.

The affirmative vote of holders of a majority of the shares of Marathon's Common Stock having voting power outstanding on the record date for the Special Meeting is required to approve the amendment to the amended and restated Articles of Incorporation to effect the Marathon Name Change.

MARATHON'S BOARD OF DIRECTORS RECOMMENDS THAT MARATHON'S SHAREHOLDERS VOTE "FOR" PROPOSAL NO. 2 TO APPROVE THE MARATHON NAME CHANGE.

Proposal No. 3: Approval of Possible Adjournment of the Marathon Special Meeting

If Marathon fails to receive a sufficient number of votes to approve Proposal Nos. 1 or 2, Marathon may propose to adjourn the Special Meeting, for a period of not more than 60 days, for the purpose of soliciting additional proxies to approve Proposal Nos. 1 or 2. Marathon currently does not intend to propose adjournment at the Special Meeting if there are sufficient votes to approve Proposal Nos. 1 or 2. The affirmative vote of the holders of a majority of the shares of Marathon common stock having voting power present in person or represented by proxy at the Special Meeting is required to approve the adjournment of the Special Meeting for the purpose of soliciting additional proxies to approve Proposal Nos. 1 or 2.

MARATHON'S BOARD OF DIRECTORS RECOMMENDS THAT MARATHON'S SHAREHOLDERS VOTE "FOR" PROPOSAL NO. 3 TO ADJOURN THE SPECIAL MEETING, IF NECESSARY, TO SOLICIT ADDITIONAL PROXIES IF THERE ARE NOT SUFFICIENT VOTES IN FAVOR OF PROPOSAL NOS. 1 OR 2. EACH OF PROPOSAL 1 AND 2 ARE CONDITIONED UPON EACH OTHER AND THE APPROVAL OF EACH SUCH PROPOSAL IS REQUIRED TO CONSUMMATE THE MERGER.

MARKET PRICE AND DIVIDEND INFORMATION

Marathon's Common Stock is listed on The NASDAQ Capital Market under the symbol "MARA". The following table sets forth, for the periods indicated and through December 14, 2017 for the Fourth Quarter of 2017, the high and low intraday prices per share of Marathon's Common Stock as reported by The NASDAQ Capital Market.

GBV is a private company and its common stock and preferred stock are not publicly traded.

Marathon's Common Stock

	2017		2016		2015	
	High	Low	High	Low	High	Low
First Quarter	$ 9.16	2.52	11.48	5.16	35.25	21.36
Second Quarter	4.08	0.52	11.72	5.62	24.96	11.20
Third Quarter	2.32	0.88	13.76	10.32	13.60	6.04
Fourth Quarter	10.03	1.00	11.24	5.76	8.80	5.28

The closing price of Marathon's Common Stock on December 14, 2017, as reported on The NASDAQ Capital Market, was $5.43 per share.

Because the market price of Marathon's Common Stock is subject to fluctuation, the market value of the shares of Marathon's Common Stock that GBV shareholders will be entitled to receive in the Merger may increase or decrease.

As of *, 2017, the record date for the Special Meeting, Marathon had approximately [ ] holders of record of its Common Stock, [ ] holders of record of its Series B Preferred Stock and [ ] holders of record of its Series E Preferred Stock. As of [ ], 2017, GBV had [ ] holders of record of its common stock and [ ] holders of record of its preferred stock. For detailed information regarding the beneficial ownership of certain shareholders of Marathon upon consummation of the Merger, see the section entitled "Principal Shareholders of Combined Company" in this proxy statement/prospectus.

Dividends

Marathon has never paid or declared any cash dividends on its Common Stock. Marathon does not anticipate paying dividends in the foreseeable future as the board of directors intends to retain future earnings for use in Marathon's business. Any future determination as of the payment of dividends will depend upon Marathon's financial conditions, results of operations and such other factors as the Board of Directors seems relevant.

GBV has never paid or declared any cash dividends on its common stock. If the Merger does not occur, GBV does not anticipate paying any cash dividends on its common stock in the foreseeable future.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

Generally

The following discussion summarizes the material U.S. federal income tax consequences of the Merger to U.S. holders (as defined below) of GBV capital stock. This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations, administrative pronouncements and judicial decisions currently in effect, all of which are subject to change, possibly with retroactive effect. Any such change could affect the accuracy of this discussion.

This discussion assumes you hold your shares of GBV capital stock as capital assets within the meaning of Section 1221 of the Code. This discussion does not address all aspects of U.S. federal income taxation that may be relevant to you in light of your particular circumstances or to U.S. holders of GBV capital stock subject to special treatment under the federal income tax laws such as:

- insurance companies;
- investment companies;
- tax-exempt organizations;
- financial institutions;
- dealers in securities or foreign currency;
- banks or trusts;
- persons that hold GBV capital stock as part of a straddle, hedge, constructive sale or other integrated security transaction;
- persons that have a functional currency other than the U.S. dollar;
- investors in pass-through entities; or
- persons who acquired their GBV capital stock through the exercise of options or otherwise as compensation or through a tax-qualified retirement plan.

Further, this discussion does not consider the potential effects of any state, local or foreign tax laws or U.S. federal tax laws other than federal income tax laws.

This discussion is not intended to be tax advice to any particular holder of GBV capital stock. Tax matters regarding the Merger are complicated, and the tax consequences of the Merger to you will depend on your particular situation. You should consult your own tax advisor regarding the specific tax consequences to you of the Merger, including the applicability and effect of federal, state, local and foreign income and other tax laws.

For purposes of this discussion, you are a "U.S. holder" if you beneficially own GBV capital stock and you are:

1. a citizen or resident of the United States for federal income tax purposes;
2. a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States or any of its political subdivisions;
3. a trust, if (i) a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (ii) the trust has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person; or
4. an estate that is subject to U.S. federal income tax on its income regardless of its source.

If an entity classified as a partnership for U.S. federal income tax purposes holds GBV capital stock, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. **Partners of partnerships holding GBV capital stock are urged to consult their own tax advisors.**

Neither Marathon nor GBV have requested a ruling from the Internal Revenue Service (the "IRS") with respect to any of the U.S. federal income tax consequences of the Merger and, as a result, there can be no assurance that the IRS will not disagree with any of the conclusions described below.

The tax treatment of holders of GBV Notes is expected to be substantially similar to the description of the tax treatment on the holders of GBV securities.

No opinion will be obtained with respect to the tax treatment of the Merger or the securities issued or issuable to GBV stock holder or holders of the GBV Notes.

The discussion below summarizes the material U.S. federal income tax consequences to a U.S. holder of GBV capital stock resulting from the qualification of the Merger as reorganization within the meaning of Section 368(a) of the Code.

U.S. Federal Income Tax Consequences of the Merger to U.S. Holders

As a tax-free reorganization, the Merger will have the following federal income tax consequences for U.S. holders of GBV capital stock:

(1) No gain or loss will be recognized by U.S. holders of GBV capital stock as a result of the exchange of such shares for the Merger Consideration pursuant to the Merger.
(2) The tax basis of the Merger Consideration received by each U.S. holder of GBV capital stock will equal the tax basis of such U.S. holder's shares of GBV capital stock exchanged in the Merger
(3) The holding period for the Merger Consideration received by each U.S. holder of GBV capital stock will include the holding period for the shares of GBV capital stock of such U.S. holder exchanged in the Merger.

Reporting and Retention Requirements

If you receive the Merger Consideration as a result of the Merger, you are required to retain certain records pertaining to the Merger pursuant to the Treasury Regulations under the Code. If you are a "significant holder" (as defined in the Treasury Regulations under the Code) of GBV capital stock, you must file with your U.S. federal income tax return for the year in which the Merger takes place a statement setting forth certain facts relating to the Merger. **You are urged to consult your tax advisors concerning potential reporting requirements.**

Neither Marathon nor GBV have requested a ruling from the IRS with respect to any of the U.S. federal income tax consequences of the Merger and, as a result, there can be no assurance that the IRS will not disagree with any of the conclusions described below

Ownership Interests

As of December 8, 2017, all directors and executive officers of Marathon beneficially owned approximately 10.9% of the shares of Marathon's voting capital. The affirmative vote of the holders of a plurality of the shares of Marathon's voting capital present in person or represented by proxy at Marathon's Annual Meeting is required for approval of Proposal No. 2. The affirmative vote of the holders of a majority of shares of Marathon's voting capital on the record date for Marathon's Special Meeting is required for approval of Proposal Nos. 1, 3 and 4.

Equity Compensation Plans

Marathon has a 2017 Equity Incentive Plan (the "2017 Plan"), and reserves for issuance 2,500,000 shares of its Common Stock. Equity incentive awards play a significant role in the compensation provided to executive officers and employees in the current market. We intend on relying on equity compensation in order to attract and retain key employees, align the interests of our executive officers with those of our shareholders and to provide executive officers and other employees with the opportunity to accumulate retirement income. The 2017 Plan is designed to provide flexibility to meet our need to remain competitive in the marketplace in order to attract and retain executive talent and other key employees. There are approximately 1,400,000 shares available for future grants.

A summary of option activity for the fiscal year ended December 31, 2016 is as follows:

	Number of Options	Weighted Average Exercise Price	Weighted Average Remaining Life
Balance at December 31, 2015	3,383,267	$ 4.25	7.11
Granted	780,000	$ 2.13	9.44
Cancelled	373,856	$ 5.80	—
Forfeited	273,275	$ 5.24	—
Exercised	—	$ —	—
Balance at December 31, 2016	3,516,316	$ 4.46	6.80
Options Exercisable at December 31, 2016	2,574,703	$ 4.67	6.03
Options expected to vest	941,433	$ 3.65	8.90
Weighted average fair value of options granted during the period		$ 0.89	

(1) This amount represents the difference between the exercise price and $6.88, the closing price of Marathon's common stock on December 30, 2016 (the last trading day of 2016) as reported on The NASDAQ Stock Market, for all in-the-money options outstanding and all the in-the-money shares exercisable

The number of securities to be issued upon exercise of outstanding options, securities remaining available for future issuance and weighted average exercise price has been adjusted to reflect the reverse 1-for-4 stock split effective October 31, 2017.

Interests of Certain GBV Directors and Officers in the Merger

In considering the recommendation of the GBV board of directors with respect to adopting the Merger Agreement and the issuance of the Merger Consideration by Marathon, GBV shareholders should be aware that certain members of the board of directors and executive officers of GBV have interests in the Merger that may be different from, or in addition to, interests they may have as GBV shareholders. Each of Marathon and GBV board of directors was aware of these potential conflicts of interest and considered them, among other matters, in reaching their respective decisions to approve the Merger Agreement, the Merger and the issuance of the Merger Consideration.

Ownership Interests

Certain of GBV's directors and all of its executive officers currently hold shares of GBV's common stock. The table below sets forth the ownership of GBV's common stock as of December 18, 2017 by GBV's directors and executive officers.

Name	Number of shares of GBV common stock
Charles Allen	2,250,000
Jesse Sutton	250,000

Form of the Merger

The Merger Agreement provides that at the Effective Time, GBVA will be merged with and into GBV. Upon the consummation of the Merger, GBV will continue as the surviving corporation and will be a wholly-owned subsidiary of Marathon.

Merger Consideration

At the Effective Time, the outstanding shares of common stock, Series A Preferred Stock, and outstanding convertible promissory notes of GBV will be converted into the right to receive an aggregate of up to 126,674,557 shares of Common Stock of Marathon (including shares of Common Stock issuable upon conversion of our newly designated Series C Convertible).

The Merger Agreement does not include a price-based termination right, and there will be no adjustment to the total number of shares of Marathon's Common Stock that GBV shareholders will be entitled to receive for changes in the market price of Marathon's Common Stock. Accordingly, the market value of the shares of Marathon's Common Stock issued pursuant to the Merger will depend on the market value of the shares of Marathon's Common Stock at the time the Merger is consummated, and could vary significantly from the market value on the date of this proxy statement/prospectus.

Company's Series C Preferred Stock

On or prior to the Effective Time, Marathon will file a Certificate of Designation of 0% Series C Convertible Preferred Stock with the Secretary of State of the State of Nevada with respect to the designation of shares of Series C Preferred Stock, par value $0.0001 per share (the "Par Value"). Each share of Series C Preferred Stock is convertible into 100 validly issued, fully paid and non-assessable shares of Common Stock. Upon the liquidation, dissolution or winding up of the business of Marathon, each holder of Series C Preferred Stock shall be entitled to receive, for each share of Series C Preferred Stock, a preferential amount in cash equal to (and not more than) the Par Value, before payment is made to any other class or series of capital stock whose terms expressly provide that the holders of Series C Preferred Stock should receive preferential payment and Marathon's Common Stock; provided, however, that Series B Convertible Preferred Stock shall rank senior to Series C Preferred Stock.

Holders of Series C Preferred Stock are entitled to vote the number of Preferred Shares owned at the record date, together with the holders of Common Stock (subject to the conversion limitations) on all matters and not as a separate class, and to receive dividends when and as declared by the Board of Directors. If at any time Marathon grants, issues or sells any options, convertible securities or rights to purchase stock, warrants, securities or other property pro rata to the record holders of any class of Common Stock (the "Purchase Rights"), then each Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such holder could have acquired if such holder had held the number of shares of Common Stock acquirable upon complete conversion of all the Series C Preferred Shares (without taking into account any limitations or restrictions on the convertibility of the Preferred Shares) held by such holder immediately before the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of Common Stock are to be determined for the grant, issue or sale of such Purchase Rights; provided, however, that if the holder's right to participate in any such Purchase Right would result in such holder exceeding the Beneficial Ownership Limitation (defined below), then such holder shall not be entitled to participate in such Purchase Right until such time as the Purchase Rights would not result in such holder exceeding the Beneficial Ownership Limitation. At no time may shares of Series C Preferred Stock be converted if such conversion would cause the holder to hold in excess of 2.49% of the issued and outstanding Common Stock of Marathon (the "Beneficial Ownership Limitation"). The Series C Preferred Stock is subject to adjustment in the event of stock dividends, splits and fundamental transactions.

Promptly after the Effective Time of the Merger, each holder of GBV's common stock and Series A Preferred Stock, immediately prior to the Effective Time of the Merger will receive a letter of transmittal and instructions for surrendering and exchanging the holder's GBV capital stock for the Merger Consideration. Upon surrender of GBV capital stock certificate for exchange together with a duly signed letter of transmittal and such other documents as Marathon's exchange agent or Marathon may reasonably require, the GBV stock certificate surrendered will be cancelled and the holder of the GBV stock certificate will be entitled to receive a certificate representing the Merger Consideration that such holder has the right to receive pursuant to the provisions of the Merger Agreement.

At the Effective Time of the Merger, all holders of certificates representing shares of GBV common stock or GBV Series A stock that were outstanding immediately prior to the Effective Time of the Merger will cease to have any rights as shareholders of GBV. In addition, no transfer of GBV common stock or GBV Series A stock after the Effective Time of the Merger will be registered on the stock transfer books of GBV.

If any GBV stock certificate has been lost, stolen or destroyed, Marathon may, in its discretion, and as a condition to the delivery of the Merger Consideration, require the owner of such lost, stolen or destroyed certificate to deliver an affidavit claiming such certificate has been lost, stolen or destroyed and post a bond indemnifying Marathon against any claim suffered by Marathon related to the lost, stolen or destroyed certificate or the Merger Consideration issued in exchange for such certificate as Marathon may reasonably request.

From and after the Effective Time of the Merger, until it is surrendered, each certificate that previously evidenced GBV common stock or GBV Series A stock will be deemed to represent only the right to the Merger Consideration.

Effective Time of the Merger

The Merger Agreement requires the parties to consummate the Merger after all of the conditions to the consummation of the Merger contained in the Merger Agreement are satisfied or waived, including approval by Marathon's shareholders of the Merger. The Merger will become effective upon the filing of Articles of Merger with the Secretary of State of the State of Nevada or at such later time as is agreed by Marathon. Neither Marathon nor GBV can predict the exact timing of the consummation of the Merger. Immediately after the Effective Time of the Merger, GBVAC will merge with and into GBV, with GBV surviving as a wholly-owned subsidiary of Marathon.

Regulatory Approvals

Marathon must comply with applicable federal and state securities laws and the rules and regulations of The NASDAQ Stock Market LLC in connection with the consummation of the Merger and the issuance of the Merger Consideration and the filing of this proxy statement/prospectus.

NASDAQ Stock Market Listing

Marathon's Common Stock currently is listed on The NASDAQ Capital Market under the symbol "MARA". Marathon has agreed to obtain approval for listing of the Common Stock constituting the common stock portion and shares underlying the Series C Preferred Stock on The NASDAQ Capital Market. Pursuant to the Merger Agreement, the consummation of the Merger is subject to the satisfaction or waiver by each of the parties, at or prior to the Effective Time of the Merger, of various conditions, including that Marathon must have caused the Merger Consideration to be approved for listing on The NASDAQ Capital Market.

Prior to consummation of the Merger, Marathon intends to file an additional listing application with The NASDAQ Capital Market with respect to the listing of the Common Stock constituting the Merger Consideration.

Anticipated Accounting Treatment

The Merger will be treated by Marathon as a reverse Merger under the business combination method of accounting in accordance with accounting principles generally accepted in the United States. For accounting purposes, GBV is considered to be acquiring Marathon in the Merger.

Appraisal Rights

Under the Nevada Revised Statutes and our charter documents, holders of our Common Stock will not be entitled to statutory rights of appraisal, commonly referred to as dissenters' rights or appraisal rights (i.e., the right to seek a judicial determination of the "fair value" of their shares and to compel the purchase of their shares for cash in that amount) with respect any of the proposals.

Pursuant to Section 92A.390 of the Nevada Revised Statutes, there is no right of dissent with respect to a plan of Merger in favor of shareholders of any class or series which is a covered security under section 18(b)(1)(A) of the Securities Act. Section 18(b)(1)(A) of the Securities Act defines a covered security to include a security that is listed on the National Market System of the NASDAQ Stock Market.

Holders of GBV's capital stock who do not vote in favor of, or consent to, the Merger, are entitled to dissent from the Merger and obtain payment of the fair value of their shares of GBV stock. Those GBV shareholders wishing to dissent from the Merger and obtain payment, must, within 30 days after the date of mailing a notice to such shareholders, send a written demand for payment and all GBV stock certificates to GBV.

MARATHON PATENT GROUP, INC.

Marathon is formerly an IP licensing company. On November 2, 2017, the Company announced that it has entered into a definitive purchase agreement to acquire 100% ownership of Global Bit Ventures Inc. ("GBV"), a digital asset technology company that mines cryptocurrencies. GBV has robust infrastructure in place with significant capability for expansion. The closing of the transaction is subject to obtaining requisite approvals.

Additional information about Marathon and its subsidiaries is included in documents incorporated by reference into this proxy statement-prospectus as set forth on page 92.

Legal Proceedings

Marathon and Clouding Corp. are currently defendants in a lawsuit captioned as Symantec Corporation v. IP Navigation Group, LLC; Clouding IP, LLC, et al., filed in the Los Angeles County Superior Court, Case No.: BC640931 on November 14, 2016. Symantec alleges the following causes of action against Marathon and Clouding in the First Amended Complaint: fraudulent misrepresentation; interference with contractual relations; violation of Business and Professions Code section 17200, et seq.; and accounting.

During 2017, Marathon, Doug Croxall and Francis Knuettel II were named as defendants in a lawsuit captioned as Jeffrey Feinberg v. Marathon Patent Group, Inc., Doug Croxall, Francis Knuettel II and Does 1-10, inclusive, Los Angeles County Superior Court, Case No.: BC673128 filed on August 21, 2017 alleging violation of Section 11 of the Securities Act; violation of Section 12(a)(2) of the Securities Act; violation of Section 15 of the Securities Act; fraud and fraudulent concealment; constructive fraud; and negligent misrepresentation. On November 9, 2017, the lawsuit was dismissed.

COMPARISON OF RIGHTS OF HOLDERS OF MARATHON STOCK AND GBV STOCK

Both Marathon and GBV are incorporated under the laws of the State of Nevada and, accordingly, the rights of the shareholders of each are currently, and will continue to be, governed by the NRS. If the Merger is completed, GBV shareholders will become shareholders of Marathon, and their rights will be governed by the NRS, the bylaws of Marathon, assuming Proposals 1 is approved by Marathon's shareholders at the Annual Meeting.

The table below summarizes the material differences between the current rights of GBV shareholders under GBV's Amended and Restated Articles of Incorporation and bylaws and the rights of Marathon's shareholders, post-Merger, under Marathon's Articles of Incorporation, as amended, and amended and restated bylaws, each as in effect immediately following the Merger.

While Marathon and GBV believe that the summary tables cover the material differences between the rights of their respective shareholders prior to the Merger and the rights of Marathon's shareholders following the Merger, these summary tables may not contain all of the information that is important to you. These summaries are not intended to be a complete discussion of the respective rights of Marathon and GBV shareholders and are qualified in their entirety by reference to the NRS and the various documents of Marathon and GBV that are referred to in the summaries. You should carefully read this entire proxy statement/prospectus and the other documents referred to in this proxy statement/prospectus for a more complete understanding of the differences between being a stockholder of Marathon and GBV before the Merger and being a stockholder of Marathon after the Merger. Marathon has filed copies of its current Articles of Incorporation, as amended and amended and restated bylaws with the SEC and will send copies of the documents referred to in this proxy statement/prospectus to you upon your request. GBV will also send copies of its documents referred to in this proxy statement/prospectus to you upon your request. See the section entitled "Where You Can Find More Information" in this proxy statement/prospectus.

Stockholder Action by Written Consent	GBV;s Bylaws provide that any action required or permitted to be taken at a meeting of the stockholders may be taken without a meeting if, before or after the action, a written consent thereto is signed by stockholders holding at least a majority of the voting power; provided that if a different proportion of voting power is required for such an action at a meeting, then that proportion of written consents is required. In no instance where action is authorized by written consent need a meeting of stockholders be called or noticed	Marathon's Bylaws provide that any action which may be taken at any annual or special meeting of stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted.
Amendments to the Bylaws	GBV's Bylaws may at any time and from time to time be amended, altered or repealed exclusively by the board of directors, as provided in the articles of incorporation.	Marathon's Bylaws provide that subject to the provisions of Marathon's Articles and the provisions of the NRS, the power to amend, alter, or repeal these Bylaws and to adopt new Bylaws may be exercised by the Board of Directors or by the stockholder.
Indemnification of Officers and Directors and Advancements of Expenses		
Indemnification	GBV's Bylaws provide that GBV shall, to the fullest extent permitted by the NRS, as now or hereafter in effect, indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of GBV, by reason of the fact that he is or was a director, officer, employee or agent of GBV, or is or was serving at the request of GBV as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit or proceeding if he: (i) is not liable pursuant to NRS Section 78.138; or (ii) acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. GBV's Articles of provide that individual liability of the directors and officers of GBV is eliminated to the fullest extent permitted by the NRS, as the same may be amended and supplemented.	Marathon's Bylaws provides that a director or officer of Marathon shall have no personal liability to Marathon or its stockholders for damages for breach of fiduciary duty as a director or officer, except for damages for breach of fiduciary duty resulting from (a) acts or omissions which involve intentional misconduct, fraud, or a knowing violation of law, or (b) the payment of dividends in violation of the Nevada Revised Statutes as it may from time to time be amended or any successor provision thereto. Marathon's Articles provide that Marathon shall, to the fullest extent permitted by the NRS, as now or hereafter in effect, indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of Marathon, by reason of the fact that he, or a person of whom he is the legal representative, is or was a director or officer of Marathon, or is or was serving at the request of Marathon as a director or officer of another corporation, or as its representative in a partnership, joint venture, trust or other enterprise, against all expenses, liability and loss (including attorneys' fees, judgments, fines and amounts paid in settlement) reasonably incurred by him in connection with the action, suit or proceeding. The expenses of officers and directors incurred in defending a civil or criminal action, suit or proceeding must be paid by Marathon as they are incurred and in advance of the final disposition of the action, suit or proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay the amount if it is ultimately determined by a court of competent jurisdiction that he is not entitled to be indemnified by Marathon. Marathon's board of directors may adopt bylaws from time to time, to provide at all times the fullest indemnification permitted by the laws of the State of Nevada, and may cause Marathon to purchase and maintain insurance on behalf of any person who is or was a director or officer of Marathon, or is or was serving at the request of Marathon as director or officer of another corporation or as its representative in a partnership, joint venture, trust or other enterprises against any liability asserted against such person and incurred in any such capacity or arising out of such status, whether or not Marathon would have the power to indemnify such person. Marathon's Articles also provide that individual liability of the directors and officers of Marathon is eliminated to the fullest extent permitted by the NRS, as the same may be amended and supplemented.
Dividends		

Declaration and Payment of Dividends	GBV's Bylaws provides that dividends on the capital stock of GBV, subject to the rights of holders of Preferred Stock of GBV, if any, may be declared by the board of directors pursuant to law at any regular or special meeting. Dividends may be paid in cash or otherwise.	Marathon's Bylaws provides in order that Marathon may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion, or exchange of stock, or for the purpose of any other lawful action, the board of directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than 60 days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

GLOBAL BIT VENTURES INC.
TABLE OF CONTENTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Global Bit Ventures Inc.

We have audited the accompanying balance sheet of Global Bit Ventures Inc. (the "Company") as of September 30, 2017, and the related statements of operations, stockholders' equity and cash flows for the period from August 9, 2017 (inception) to September 30, 2017. Global Bit Ventures Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Bit Ventures Inc. as of September 30, 2017, and the results of its operations and its cash flows for the period from August 9, 2017 (inception) to September 30, 2017, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has suffered losses from operations, which raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty

Global Bit Ventures Inc.
Notes to Financial Statements

Note 1 - Organization, Plan of Business Operations

Global Bit Ventures Inc. (the "Company" or "GBV") was incorporated in Nevada on August 9, 2017 ("Inception"). The Company is in the business of mining cryptocurrencies which is a form of Digital Asset. It does this by operating specialized computer equipment in Canada which solve a set of prescribed complex mathematical calculations in order to add blocks to a blockchain and thereby confirm Digital Asset transactions. The reward for successfully adding a block to a blockchain, is a certain number of Digital Assets such as bitcoin (BTC) or ether (ETH).

The Company may seek to obtain additional capital through the sale of debt or equity financings or other arrangements to fund its research and development activities as well as its operations; however, there can be no assurance that the Company will be able to raise needed capital under acceptable terms, if at all. The sale of additional equity may dilute existing stockholders and newly issued shares may contain senior rights and preferences compared to currently outstanding shares of common stock. Issued debt securities may contain covenants and limit the Company's ability to pay dividends or make other distributions to stockholders. If the Company is unable to obtain such additional financing, future operations would need to be scaled back or discontinued.

Note 2 - Basis of Presentation

The Company maintains its books of account and prepares financial statements in accordance with Generally Accepted Accounting Principles in the United States of America ("U.S. GAAP"). The Company's fiscal year ends on September 30th.

Emerging growth company

The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart our Business Startups Act of 2012, (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accountant standards used.

Note 3 - Liquidity, Financial Condition and Management's Plans

The Company has commenced its planned operations but has limited operating activities to date. The Company has financed its operations since inception using proceeds received from capital contributions made by its stockholders and proceeds in financing transactions.

Notwithstanding, the Company has no revenues, limited capital resources and is subject to all of the risks and uncertainties that are typical of an early stage enterprise. Significant uncertainties include, among others, whether the Company will be able to raise the capital it needs to finance its longer term operations and whether such operations, if launched, will enable the Company to sustain operations as a profitable enterprise.

The Company's working capital needs are influenced by the level of operations, and generally decrease with higher levels of revenue. The Company had cash of approximately $204,000 and working capital approximately $191,000 at September 30, 2017. The Company expects to incur losses into the foreseeable future as it undertakes its efforts to execute its business plans.

The Company will require significant additional capital to sustain its short-term operations and make the investments it needs to execute its longer-term business plan. The Company's existing liquidity is not sufficient to fund its operations and anticipated capital expenditures for the foreseeable future. The Company is currently seeking to obtain additional debt or equity financing, however there are currently no commitments in place for further financing nor is there any assurance that such financing will be available to the Company on favorable terms, if at all.

Because of recurring operating losses, net operating cash flow deficits, and an accumulated deficit, there is substantial doubt about the Company's ability to continue as a going concern for one year from the issuance of the financial statements. The financial statements have been prepared assuming the Company will continue as a going concern. The Company has not made adjustments to the accompanying financial statements to reflect the potential effects on the recoverability and classification of assets or liabilities should the Company be unable to continue as a going concern.

Note 4 - Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. There were no cash equivalents at September 30, 2017.

Property and Equipment, Net - Mining Hardware

The computer mining hardware will be used to generate digital currencies. The Company will depreciate computer mining hardware over a 2-year period.

Income Taxes

For purposes of these financial statements, the Company's income tax expense and deferred tax balances have been recorded as if it filed tax returns on a stand-alone basis.

Deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities measured at the enacted tax rates in effect for the year in which these items are expected to reverse. Deferred tax assets are reduced by valuation allowances if, based on the consideration of all available evidence, it is more likely than not that some portion or all of the deferred tax asset will not be realized.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period.

Fair Value Measurement

The Company follows accounting guidance on fair value measurements for financial assets and liabilities measured at fair value on a recurring basis. Under the accounting guidance, fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or a liability.

The accounting guidance requires fair value measurements be classified and disclosed in one of the following three categories:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices, for similar assets or liabilities that are directly or indirectly observable in the marketplace.

Level 3: Unobservable inputs which are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Assets and liabilities measured at fair value are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires management to make judgments and consider factors specific to the asset or liability.

Net loss per Share

Basic loss per share is computed on the basis of the weighted average number of shares outstanding for the reporting period. Diluted loss per share is computed on the basis of the weighted average number of common shares plus dilutive potential common shares outstanding using the treasury stock method. Any potentially dilutive securities are anti-dilutive due to the Company's net losses. For the period from August 9, 2017 (Inception) to September 30, 2017 presented, there is no difference between the basic and diluted net loss per share.

Preferred Stock

The Company applies the guidance enumerated in ASC 480 "Distinguishing Liabilities from Equity" when determining the classification and measurement of preferred stock. Preferred shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. The Company classifies conditionally redeemable preferred shares (if any), which includes preferred shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control, as temporary equity. At all other times, the Company classifies its preferred shares in stockholders' equity. The Company's preferred shares do not feature any redemption rights within the holders' control or conditional redemption features not within the Company's control as of September 30, 2017. Accordingly all issuances of preferred stock are presented as a component of stockholders' equity.

Convertible Instruments

The Company has evaluated the Series A Convertible Preferred Stock ("Preferred Stock") component of the Private Placement and determined it should be considered an "equity host" and not a "debt host" as defined by ASC 815, *Derivatives and Hedging.* This evaluation is necessary in order to determine if any embedded features require bifurcation and, therefore, separate accounting as a derivative liability. The Company's analysis followed the "whole instrument approach," which compares an individual feature against the entire preferred stock instrument which includes that feature. The Company's analysis was based on a consideration of the Preferred Stock's economic characteristics and risks and more specifically evaluated all the stated and implied substantive terms and features including (i) whether the Preferred Stock included redemption features, (ii) whether the preferred stockholders were entitled to dividends, (iii) the voting rights of the Preferred Stock and (iv) the existence and nature of any conversion rights. As a result of the Company's determination that the Preferred Stock is an "equity host," the embedded conversion feature is not considered a derivative liability.

Fair Value Option

As permitted under FASB ASC 825, Financial Instruments, ("ASC 825"), the Company has elected the fair value option to account for its convertible notes that were issued during the period from August 9, 2017 (Inception) to September 30, 2017. ASC 825 requires that the entity record the financial asset or financial liability, including those instruments when the fair value options is elected at fair value rather than historical cost at a discounted carrying amount with changes in fair value recorded in the statement of operations. In addition, it requires that upfront costs and fees related to items for which the fair value option is elected be recognized in earnings as incurred and not deferred.

Recently Adopted Accounting Standards

In July 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2017-11, *Earnings Per Share (Topic 260), Distinguishing Liabilities from Equity (Topic 480), Derivatives and Hedging (Topic 815).* The amendments in Part I of this Update change the classification analysis of certain equity-linked financial instruments (or embedded features) with down round features. When determining whether certain financial instruments should be classified as liabilities or equity instruments, a down round feature no longer precludes equity classification when assessing whether the instrument is indexed to an entity's own stock. The amendments also clarify existing disclosure requirements for equity-classified instruments. As a result, a freestanding equity-linked financial instrument (or embedded conversion option) no longer would be accounted for as a derivative liability at fair value as a result of the existence of a down round feature. For freestanding equity classified financial instruments, the amendments require entities that present earnings per share (EPS) in accordance with Topic 260 to recognize the effect of the down round feature when it is triggered. That effect is treated as a dividend and as a reduction of income available to common shareholders in basic EPS. Convertible instruments with embedded conversion options that have down round features are now subject to the specialized guidance for contingent beneficial conversion features (in Subtopic 470-20, Debt—Debt with Conversion and Other Options), including related EPS guidance (in Topic 260). The amendments in Part II of this Update recharacterize the indefinite deferral of certain provisions of Topic 480 that now are presented as pending content in the Codification, to a scope exception. Those amendments do not have an accounting effect. For public business entities, the amendments in Part I of this Update are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. For all other entities, the amendments in Part I of this Update are effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. Early adoption is permitted for all entities, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. The Company is currently evaluating the impact of adopting this standard on the financial statements and disclosures.

In May 2014, the FASB issued ASU 2014-09—Revenue from Contracts with Customers (Topic 606). The guidance requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The FASB delayed the effective date to annual reporting periods beginning after December 15, 2017, including interim reporting periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. In addition, in March and April 2016, the FASB issued new guidance intended to improve the operability and understandability of the implementation guidance on principal versus agent considerations. Both amendments permit the use of either a retrospective or cumulative effect transition method and are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2017, with early application permitted. The Company is assessing the impact of this new standard on its financial statements and has not yet selected a transition method.

In February 2016, the FASB issued ASU 2016-02—Leases (Topic 842), requiring lessees to recognize a right-of-use asset and a lease liability on the balance sheet for all leases with the exception of short-term leases. For lessees, leases will continue to be classified as either operating or finance leases in the income statement. The effective date of the new standard for public companies is for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years. Early adoption is permitted. The new standard must be adopted using a modified retrospective transition and requires application of the new guidance at the beginning of the earliest comparative period presented. The Company is evaluating the effect that the updated standard will have on its financial statements and related disclosures.

In August 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-15—Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments. ASU 2016-15 provides guidance for eight specific cash flow issues with respect to how cash receipts and cash payments are classified in the statements of cash flows, with the objective of reducing diversity in practice. The effective date for ASU 2016-15 is for annual periods beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted. The Company is currently assessing the impact of this new standard on its financial statements.

In January 2017, the FASB issued Accounting Standards Update ("ASU") 2017-04, Intangibles – Goodwill and Other (Topic 350). The amendments in this update simplify the test for goodwill impairment by eliminating Step 2 from the impairment test, which required the entity to perform procedures to determine the fair value at the impairment testing date of its assets and liabilities following the procedure that would be required in determining fair value of assets acquired and liabilities assumed in a business combination. The amendments in this update are effective for public companies for annual or any interim goodwill impairment tests in fiscal years beginning after December 15, 2019. We are evaluating the impact of adopting this guidance on our Consolidated Financial Statements.

In January 2017, the FASB issued ASU 2017-01, Business Combinations (Topic 805); Clarifying the Definition of a Business. The amendments in this update clarify the definition of a business to help companies evaluate whether transactions should be accounted for as acquisitions or disposals of assets or businesses. The amendments in this update are effective for public companies for annual periods beginning after December 15, 2017, including interim periods within those periods. We are evaluating the impact of adopting this guidance on our Consolidated Financial Statements.

Note 5 – Net Loss per Share Applicable to Common Stockholders

Basic loss per common share is computed by dividing net loss by the weighted average number of common shares outstanding during the reporting period. Diluted loss per common share is computed similar to basic loss per common share except that it reflects the potential dilution that could occur if dilutive securities or other obligations to issue common stock were exercised or converted into common stock.

The following table sets forth the computation of potentially dilutive securities for the period from August 9, 2017 (Inception) to September 30, 2017:

	For the period from August 9, 2017 (Inception) to September 30, 2017
Series A convertible preferred stock	54,000,000
Secured convertible notes payable and accrued interest	10,006,507
Potentially dilutive securities	64,006,507

Note 6 – Purchase of Contact List

BTCS Inc.

On September 19, 2017, the Company purchased a contact list from BTCS Inc. ("BTCS") for $40,000. Charles Allen, the Chief Executive Officer of BTCS, was appointed as director of the Company on October 10, 2017. The Company considers this cost a marketing related expense and has recorded such amount as a component of general and administrative expenses.

Note 7 - Secured Convertible Notes Payable, at Fair Value

In September 2017, the Company issued aggregate amount of $2,000,000 in secured convertible notes payable (the "Notes") to multiple investors. The Notes are convertible into the Company's common stock at $0.20 per share, subject to adjustments including an adjustment upon issuance of subsequent shares of common stock, have a 5% annual interest rate and mature on March 6, 2019 and March 28, 2019. The Notes are secured by all assets and properties of the Company.

Due to the complexity and number of embedded features within the Notes and as permitted under ASC 825, the Company elected to account for the Notes and all the embedded features (collectively, the "hybrid instrument") under the fair value option. ASC 825 requires the entity to record the financial asset or financial liability at fair value rather than at historical cost with changes in fair value recorded in the statement of operations. In addition, it requires that upfront costs and fees related to items for which the fair value option is elected be recognized in earnings as incurred and not deferred.

Note 8 - Commitments and Contingencies

Leases

The Company is not a party to any leases for office space or equipment.

Litigation

The Company recognizes a liability for a contingency when it is probable that liability has been incurred and when the amount of loss can be reasonably estimated. When a range of probable loss can be estimated, the Company accrues the most likely amount of such loss, and if such amount is not determinable, then the Company accrues the minimum of the range of probable loss. As of September 30, 2017, there was no litigation against the Company.

Prepaid Equipment Purchase

On September 27, 2017, the Company agreed to purchase mining hardware amounting to $4.6 million ("Purchase Order"). The Company prepaid $2.0 million of this Purchase Order as of September 30, 2017. During October and November 2017, the Company obtained title to the mining hardware and paid additional $1.9 million of this Purchase Order.

Note 9 - Stockholders' Equity

Class A Convertible Preferred Shares

As of September 30, 2017, the Company has 20,000,000 shares of Class A Convertible Preferred Shares authorized, with a par value of $0.0001 per share. The Class A Convertible Preferred Shares convert into the Company's common stock at $0.01 per share, subject to adjustment.

During the period from August 9, 2017 (Inception) to September 30, 2017, the Company issued 5,400 shares of Class A Convertible Preferred Shares for approximately $238,000. As of September 30, 2017, the Company has a receivable for a Class A Convertible Preferred investor (recorded as a contra-equity) of $230,000.

Common Stock

As of September 30, 2017, the Company has 200,000,000 shares of common stock shares authorized, with a par value of $0.0001 per share.

During the period from August 9, 2017 (Inception) to September 30, 2017, the Company issued 3,000,000 shares of common stock for approximately $7,500 to its founders.

Note 10 - Fair Value Measurement

The Company's liabilities recorded at fair value have been categorized based upon a fair value hierarchy.

The following table presents information about the Company's liabilities measured at fair value on a recurring basis and the Company's estimated level within the fair value hierarchy of those liabilities as of September 30, 2017:

	Fair value measured at September 30, 2017			
	Fair value at September 30, 2017	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Secured convertible notes at fair value	$ 2,000,000	$ -	$ -	$ 2,000,000

There were no transfers between Level 1, 2 or 3 during the period from August 9, 2017 (Inception) to September 30, 2017.

The Notes are measured at fair value using the Black-Scholes simulation valuation methodology. At the issuance date and as of September 30, 2017, the fair value equaled the proceeds received, which were both approximately $2,000,000.

A summary of the weighted average (in aggregate) significant unobservable inputs (Level 3 inputs) used in measuring the convertible debt that is categorized within Level 3 of the fair value hierarchy for the period from August 9, 2017 (Inception) to September 30, 2017 is as follows:

	Fair value at September 30, 2017
Conversion price	$ 0.20
Expected terms (in years)	1.50
Expected volatility	65%
Risk-free rate	1%
Expected dividend yield	-

There was no change in fair value during the period from August 9, 2017 (Inception) to September 30, 2017.

Note 11 – Income Taxes

The Company had no income tax expense due to an operating loss incurred from August 9, 2017 (Inception) to September 30, 2017.

The tax effects of tax loss carry forwards that give rise to deferred tax assets at September 30, 2017 are comprised of the following:

	As of September 30, 2017
Deferred tax assets:	
Net-operating loss carryforward	$ 21,509
Total Deferred Tax Assets	21,509
Valuation allowance	(21,509)
Deferred Tax Asset, Net of Allowance	$ -

At September 30, 2017, the Company had net operating loss carry forwards for federal and state tax purposes of approximately $55,000 which expires in 2037. The Company has not completed its IRC Section 382 Valuation, as required and the NOL's, because of potential Change of Ownerships, might be completely worthless. Therefore, Management of the Company has recorded a Full Valuation Reserve, since it is more likely than not that no benefit will be realized for the Deferred Tax Assets.

In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the period in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and taxing strategies in making this assessment. In case the deferred tax assets will not be realized in future periods, the Company has provided a valuation allowance for the full amount of the deferred tax assets at September 30, 2017.

The expected tax expense (benefit) based on the U.S. federal statutory rate is reconciled with actual tax expense (benefit) as follows:

	For the period ended September 30, 2017
Statutory Federal Income Tax Rate	(34.0)%
State Taxes, Net of Federal Tax Benefit	(5.3)%
Change in Valuation Allowance	39.3%
Income Taxes Provision (Benefit)	-%

The Company has not identified any uncertain tax positions requiring a reserve as of September 30, 2017.

Note 12 – Subsequent Events

Class A Convertible Preferred Shares

On October 17, 2017, the Company received $225,000 from an investor for the issuance of 2,250 shares of Class A Convertible Preferred Shares. The preferred shares were issued and outstanding as of September 30, 2017.

Common Stock

Subsequent to September 30, 2017, the Company issued 1,770,000 shares of common stock for approximately $836,000.

Secured Convertible Notes

On October 17, 2017, the Company issued a Secured Convertible Note (the "Note") to an investor for $1,750,000. The Note is convertible into the Company's common stock at $0.20 per share, subject to adjustments including an adjustment upon issuance of subsequent shares of common stock, have a 5% annual interest rate and mature on March 28, 2019.

Proposed Merger

On November 1, 2017, Marathon Patent Group, Inc. ("Marathon") entered into an agreement to acquire, through its wholly-owned subsidiary, the Company. Under the terms of the Agreement and Plan of Merger (the "Merger Agreement"), Marathon will issue preferred and common stock totaling 126,674,557 shares of its underlying Common Stock in exchange for one-hundred (100%) percent of the shares of the Company's capital stock. At the closing of the merger, the Company shall be merged with and into Marathon pursuant to the Merger Agreement and the Company shall be the surviving company. The closing of the acquisition is subject to certain closing conditions including approval of the Merger Agreement by Marathon's Shareholders.

Global Bit Ventures Inc.
Management's Discussion and Analysis

Overview

We were incorporated in Nevada on August 9, 2017 ("Inception"). We are in the business of mining cryptocurrencies which is a form of Digital Asset. We do this by operating specialized computer equipment in Canada which solve a set of prescribed complex mathematical calculations in order to add blocks to a blockchain and thereby confirm Digital Asset transactions. The reward for successfully adding a block to a blockchain, is a certain number of Digital Assets such as bitcoin (BTC) or ether (ETH).

Critical Accounting Policies and Use of Estimates

Our discussion and analysis of our financial condition and results of operations are based on our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP"). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities in our financial statements. On an ongoing basis, we evaluate our estimates and judgments, including those related to accrued expenses. We base our estimates on historical experience, known trends and events and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Our significant accounting policies are described in the notes to our financial statements appearing elsewhere in this registration statement.

Results of Operations

At September 30, 2017, we had an accumulated deficit of approximately $55,000, primarily as a result of expenditures for the purchase of a contact list from BTCS Inc. for $40,000, legal and professional cost for $14,000, and for approximately $1,000 for general and administrative purposes. The Company considers the purchase of a contact list from BTCS Inc. a marketing related expense and has recorded such amount as a component of general and administrative expenses.

While we may in the future generate revenue from mining activities, our entity is in early stages of development and may never be able to generate net income in the future. Accordingly, we expect to continue to incur substantial losses from operations for the foreseeable future, and there can be no assurance that we will ever generate significant revenues.

Liquidity and Capital Resources

During the period from August 9, 2017 (Inception) to September 30, 2017, we issued 5,400 shares of Series A preferred stock for approximately $238,000, and 3,000,000 shares of common stock for approximately $7,500 to our founders.

On September 28, 2017, we issued $2,000,000 in secured convertible notes payable (the "Notes"). The Notes are convertible into our common stock at $0.20 per share, subject to adjustments including an adjustment upon issuance of subsequent shares of common stock, have a 5% annual interest rate and mature on March 28, 2019.

On October 17, 2017, we received $225,000 from an investor for the issuance of 2,250 shares of Class A Convertible Preferred Shares. The preferred shares were issued and outstanding as of September 30, 2017.

On September 27, 2017, we agreed to purchase mining hardware amounting to $4.6 million ("Purchase Order"). We prepaid $2.0 million of this Purchase Order as of September 30, 2017. During October and November 2017, we obtained title to the mining hardware and paid additional $1.9 million of this Purchase Order.

To date, our operations have been funded by the issuance of common stock, Notes and convertible preferred stock and may continue to be funded by the issuance of debt or equity securities, until we are able to generate positive cash flows from operations. Our plans to raise capital may not be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern.

Operating Activities

Cash used for operating activities were approximately $41,000 from August 9, 2017 ("Inception") to September 30, 2017 and were primarily a result of expenditures for the purchase of a contact list from BTCS Inc. for $40,000.

Investing Activities

On September 27, 2017, we agreed to purchase mining hardware amounting to $4.6 million ("Purchase Order"). We prepaid $2.0 million of this Purchase Order as of September 30, 2017. During October and November 2017, we obtained title to the mining hardware and paid additional $1.9 million of this Purchase Order.

Financing Activities

Net cash provided from financing activities were approximately $2.245 million from August 9, 2017 ("Inception") to September 30, 2017 and were primarily a result of proceeds from the issuance of secured convertible notes of $2.0 million and cash proceeds of $238,000 from the issuance of Series A convertible preferred stock.

Recently Issued Accounting Pronouncements

There are no recently issued accounting pronouncements that have not yet been adopted that are expected, when adopted, to have a material impact on our financial statements or notes thereto.

Off-Balance Sheet Arrangements

We are not party to any off-balance sheet transactions. We have no guarantees or obligations other than those which arise out of normal business operations.

Amended and Restated Agreement and Plan of Merger

Opinion of Roth Capital Partners, LLC

Sections 92A.300 through 92A.500 of the Nevada Revised Statutes

NRS 92A.300 Definitions. As used in NRS 92A.300 to 92A.500, inclusive, unless the context otherwise requires, the words and terms defined in NRS 92A.305 to 92A.335, inclusive, have the meanings ascribed to them in those sections.

(Added to NRS by 1995, 2086)

NRS 92A.305 "Beneficial stockholder" defined. "Beneficial stockholder" means a person who is a beneficial owner of shares held in a voting trust or by a nominee as the stockholder of record.

(Added to NRS by 1995, 2087)

NRS 92A.310 "Corporate action" defined. "Corporate action" means the action of a domestic corporation.

(Added to NRS by 1995, 2087)

NRS 92A.315 "Dissenter" defined. "Dissenter" means a stockholder who is entitled to dissent from a domestic corporation's action under NRS 92A.380 and who exercises that right when and in the manner required by NRS 92A.400 to 92A.480, inclusive.

(Added to NRS by 1995, 2087; A 1999, 1631)

NRS 92A.320 "Fair value" defined. "Fair value," with respect to a dissenter's shares, means the value of the shares determined:

1. Immediately before the effectuation of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the corporate action unless exclusion would be inequitable;

2. Using customary and current valuation concepts and techniques generally employed for similar businesses in the context of the transaction requiring appraisal; and

3. Without discounting for lack of marketability or minority status.

(Added to NRS by 1995, 2087; A 2009, 1720)

NRS 92A.325 "Stockholder" defined. "Stockholder" means a stockholder of record or a beneficial stockholder of a domestic corporation.

(Added to NRS by 1995, 2087)

NRS 92A.330 "Stockholder of record" defined. "Stockholder of record" means the person in whose name shares are registered in the records of a domestic corporation or the beneficial owner of shares to the extent of the rights granted by a nominee's certificate on file with the domestic corporation.

(Added to NRS by 1995, 2087)

NRS 92A.335 "Subject corporation" defined. "Subject corporation" means the domestic corporation which is the issuer of the shares held by a dissenter before the corporate action creating the dissenter's rights becomes effective or the surviving or acquiring entity of that issuer after the corporate action becomes effective.

(Added to NRS by 1995, 2087)

NRS 92A.340 Computation of interest. Interest payable pursuant to NRS 92A.300 to 92A.500, inclusive, must be computed from the effective date of the action until the date of payment, at the rate of interest most recently established pursuant to NRS 99.040.

(Added to NRS by 1995, 2087; A 2009, 1721)

NRS 92A.350 Rights of dissenting partner of domestic limited partnership. A partnership agreement of a domestic limited partnership or, unless otherwise provided in the partnership agreement, an agreement of merger or exchange, may provide that contractual rights with respect to the partnership interest of a dissenting general or limited partner of a domestic limited partnership are available for any class or group of partnership interests in connection with any merger or exchange in which the domestic limited partnership is a constituent entity.

(Added to NRS by 1995, 2088)

NRS 92A.360 Rights of dissenting member of domestic limited-liability company. The articles of organization or operating agreement of a domestic limited-liability company or, unless otherwise provided in the articles of organization or operating agreement, an agreement of merger or exchange, may provide that contractual rights with respect to the interest of a dissenting member are available in connection with any merger or exchange in which the domestic limited-liability company is a constituent entity.

(Added to NRS by 1995, 2088)

NRS 92A.370 Rights of dissenting member of domestic nonprofit corporation.

1. Except as otherwise provided in subsection 2, and unless otherwise provided in the articles or bylaws, any member of any constituent domestic nonprofit corporation who voted against the merger may, without prior notice, but within 30 days after the effective date of the merger, resign from membership and is thereby excused from all contractual obligations to the constituent or surviving corporations which did not occur before the member's resignation and is thereby entitled to those rights, if any, which would have existed if there had been no merger and the membership had been terminated or the member had been expelled.

2. Unless otherwise provided in its articles of incorporation or bylaws, no member of a domestic nonprofit corporation, including, but not limited to, a cooperative corporation, which supplies services described in chapter 704 of NRS to its members only, and no person who is a member of a domestic nonprofit corporation as a condition of or by reason of the ownership of an interest in real property, may resign and dissent pursuant to subsection 1.

(Added to NRS by 1995, 2088)

NRS 92A.380 Right of stockholder to dissent from certain corporate actions and to obtain payment for shares.

1. Except as otherwise provided in NRS 92A.370 and 92A.390 and subject to the limitation in paragraph (f), any stockholder is entitled to dissent from, and obtain payment of the fair value of the stockholder's shares in the event of any of the following corporate actions:

(a) Consummation of a plan of merger to which the domestic corporation is a constituent entity:

(1) If approval by the stockholders is required for the merger by NRS 92A.120 to 92A.160, inclusive, or the articles of incorporation, regardless of whether the stockholder is entitled to vote on the plan of merger; or

(2) If the domestic corporation is a subsidiary and is merged with its parent pursuant to NRS 92A.180.

(b) Consummation of a plan of conversion to which the domestic corporation is a constituent entity as the corporation whose subject owner's interests will be converted.

(c) Consummation of a plan of exchange to which the domestic corporation is a constituent entity as the corporation whose subject owner's interests will be acquired, if the stockholder's shares are to be acquired in the plan of exchange.

(d) Any corporate action taken pursuant to a vote of the stockholders to the extent that the articles of incorporation, bylaws or a resolution of the board of directors provides that voting or nonvoting stockholders are entitled to dissent and obtain payment for their shares.

(e) Accordance of full voting rights to control shares, as defined in NRS 78.3784, only to the extent provided for pursuant to NRS 78.3793.

(f) Any corporate action not described in this subsection that will result in the stockholder receiving money or scrip instead of a fraction of a share except where the stockholder would not be entitled to receive such payment pursuant to NRS 78.205, 78.2055 or 78.207. A dissent pursuant to this paragraph applies only to the fraction of a share, and the stockholder is entitled only to obtain payment of the fair value of the fraction of a share.

2. A stockholder who is entitled to dissent and obtain payment pursuant to NRS 92A.300 to 92A.500, inclusive, may not challenge the corporate action creating the entitlement unless the action is unlawful or fraudulent with respect to the stockholder or the domestic corporation.

3. Subject to the limitations in this subsection, from and after the effective date of any corporate action described in subsection 1, no stockholder who has exercised the right to dissent pursuant to NRS 92A.300 to 92A.500, inclusive, is entitled to vote his or her shares for any purpose or to receive payment of dividends or any other distributions on shares. This subsection does not apply to dividends or other distributions payable to stockholders on a date before the effective date of any corporate action from which the stockholder has dissented. If a stockholder exercises the right to dissent with respect to a corporate action described in paragraph (f) of subsection 1, the restrictions of this subsection apply only to the shares to be converted into a fraction of a share and the dividends and distributions to those shares.

(Added to NRS by 1995, 2087; A 2001, 1414, 3199; 2003, 3189; 2005, 2204; 2007, 2438; 2009, 1721; 2011, 2814)

NRS 92A.390 Limitations on right of dissent: Stockholders of certain classes or series; action of stockholders not required for plan of merger.

1. There is no right of dissent with respect to a plan of merger, conversion or exchange in favor of stockholders of any class or series which is:

(a) A covered security under section 18(b)(1)(A) or (B) of the Securities Act of 1933, 15 U.S.C. § 77r(b)(1)(A) or (B), as amended;

(b) Traded in an organized market and has at least 2,000 stockholders and a market value of at least $20,000,000, exclusive of the value of such shares held by the corporation's subsidiaries, senior executives, directors and beneficial stockholders owning more than 10 percent of such shares; or

(c) Issued by an open end management investment company registered with the Securities and Exchange Commission under the Investment Company Act of 1940, 15 U.S.C. §§ 80a-1 et seq., as amended, and which may be redeemed at the option of the holder at net asset value,

(d) unless the articles of incorporation of the corporation issuing the class or series or the resolution of the board of directors approving the plan of merger, conversion or exchange expressly provide otherwise.

2. The applicability of subsection 1 must be determined as of:

(a) The record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the corporate action requiring dissenter's rights; or

(b) The day before the effective date of such corporate action if there is no meeting of stockholders.

3. Subsection 1 is not applicable and dissenter's rights are available pursuant to NRS 92A.380 for the holders of any class or series of shares who are required by the terms of the corporate action requiring dissenter's rights to accept for such shares anything other than cash or shares of any class or any series of shares of any corporation, or any other proprietary interest of any other entity, that satisfies the standards set forth in subsection 1 at the time the corporate action becomes effective.

4. There is no right of dissent for any holders of stock of the surviving domestic corporation if the plan of merger does not require action of the stockholders of the surviving domestic corporation under NRS 92A.130.

5. There is no right of dissent for any holders of stock of the parent domestic corporation if the plan of merger does not require action of the stockholders of the parent domestic corporation under NRS 92A.180.

(Added to NRS by 1995, 2088; A 2009, 1722; 2013, 1285)

NRS 92A.400 Limitations on right of dissent: Assertion as to portions only to shares registered to stockholder; assertion by beneficial stockholder.

1. A stockholder of record may assert dissenter's rights as to fewer than all of the shares registered in his or her name only if the stockholder of record dissents with respect to all shares of the class or series beneficially owned by any one person and notifies the subject corporation in writing of the name and address of each person on whose behalf the stockholder of record asserts dissenter's rights. The rights of a partial dissenter under this subsection are determined as if the shares as to which the partial dissenter dissents and his or her other shares were registered in the names of different stockholders.

2. A beneficial stockholder may assert dissenter's rights as to shares held on his or her behalf only if the beneficial stockholder:

(a) Submits to the subject corporation the written consent of the stockholder of record to the dissent not later than the time the beneficial stockholder asserts dissenter's rights; and

(b) Does so with respect to all shares of which he or she is the beneficial stockholder or over which he or she has power to direct the vote.

(Added to NRS by 1995, 2089; A 2009, 1723)

NRS 92A.410 Notification of stockholders regarding right of dissent.

1. If a proposed corporate action creating dissenter's rights is submitted to a vote at a stockholders' meeting, the notice of the meeting must state that stockholders are, are not or may be entitled to assert dissenter's rights under NRS 92A.300 to 92A.500, inclusive. If the domestic corporation concludes that dissenter's rights are or may be available, a copy of NRS 92A.300 to 92A.500, inclusive, must accompany the meeting notice sent to those record stockholders entitled to exercise dissenter's rights.

2. If the corporate action creating dissenter's rights is taken by written consent of the stockholders or without a vote of the stockholders, the domestic corporation shall notify in writing all stockholders entitled to assert dissenter's rights that the action was taken and send them the dissenter's notice described in NRS 92A.430.

(Added to NRS by 1995, 2089; A 1997, 730; 2009, 1723; 2013, 1286)

NRS 92A.420 Prerequisites to demand for payment for shares.

1. If a proposed corporate action creating dissenter's rights is submitted to a vote at a stockholders' meeting, a stockholder who wishes to assert dissenter's rights with respect to any class or series of shares:

(a) Must deliver to the subject corporation, before the vote is taken, written notice of the stockholder's intent to demand payment for his or her shares if the proposed action is effectuated; and

(b) Must not vote, or cause or permit to be voted, any of his or her shares of such class or series in favor of the proposed action.

2. If a proposed corporate action creating dissenter's rights is taken by written consent of the stockholders, a stockholder who wishes to assert dissenter's rights with respect to any class or series of shares must not consent to or approve the proposed corporate action with respect to such class or series.

3. A stockholder who does not satisfy the requirements of subsection 1 or 2 and NRS 92A.400 is not entitled to payment for his or her shares under this chapter.

(Added to NRS by 1995, 2089; A 1999, 1631; 2005, 2204; 2009, 1723; 2013, 1286)

NRS 92A.430 Dissenter's notice: Delivery to stockholders entitled to assert rights; contents.

1. The subject corporation shall deliver a written dissenter's notice to all stockholders of record entitled to assert dissenter's rights in whole or in part, and any beneficial stockholder who has previously asserted dissenter's rights pursuant to NRS 92A.400.

2. The dissenter's notice must be sent no later than 10 days after the effective date of the corporate action specified in NRS 92A.380, and must:

(a) State where the demand for payment must be sent and where and when certificates, if any, for shares must be deposited;

(b) Inform the holders of shares not represented by certificates to what extent the transfer of the shares will be restricted after the demand for payment is received;

(c) Supply a form for demanding payment that includes the date of the first announcement to the news media or to the stockholders of the terms of the proposed action and requires that the person asserting dissenter's rights certify whether or not the person acquired beneficial ownership of the shares before that date;

(d) Set a date by which the subject corporation must receive the demand for payment, which may not be less than 30 nor more than 60 days after the date the notice is delivered and state that the stockholder shall be deemed to have waived the right to demand payment with respect to the shares unless the form is received by the subject corporation by such specified date; and

(e) Be accompanied by a copy of NRS 92A.300 to 92A.500, inclusive.

(Added to NRS by 1995, 2089; A 2005, 2205; 2009, 1724; 2013, 1286)

NRS 92A.440 Demand for payment and deposit of certificates; loss of rights of stockholder; withdrawal from appraisal process.

1. A stockholder who receives a dissenter's notice pursuant to NRS 92A.430 and who wishes to exercise dissenter's rights must:

(a) Demand payment;

(b) Certify whether the stockholder or the beneficial owner on whose behalf he or she is dissenting, as the case may be, acquired beneficial ownership of the shares before the date required to be set forth in the dissenter's notice for this certification; and

(c) Deposit the stockholder's certificates, if any, in accordance with the terms of the notice.

2. If a stockholder fails to make the certification required by paragraph (b) of subsection 1, the subject corporation may elect to treat the stockholder's shares as after-acquired shares under NRS 92A.470.

3. Once a stockholder deposits that stockholder's certificates or, in the case of uncertified shares makes demand for payment, that stockholder loses all rights as a stockholder, unless the stockholder withdraws pursuant to subsection 4.

4. A stockholder who has complied with subsection 1 may nevertheless decline to exercise dissenter's rights and withdraw from the appraisal process by so notifying the subject corporation in writing by the date set forth in the dissenter's notice pursuant to NRS 92A.430. A stockholder who fails to so withdraw from the appraisal process may not thereafter withdraw without the subject corporation's written consent.

5. The stockholder who does not demand payment or deposit his or her certificates where required, each by the date set forth in the dissenter's notice, is not entitled to payment for his or her shares under this chapter.

(Added to NRS by 1995, 2090; A 1997, 730; 2003, 3189; 2009, 1724)

NRS 92A.450 Uncertificated shares: Authority to restrict transfer after demand for payment. The subject corporation may restrict the transfer of shares not represented by a certificate from the date the demand for their payment is received.

(Added to NRS by 1995, 2090; A 2009, 1725)

NRS 92A.460 Payment for shares: General requirements.

1. Except as otherwise provided in NRS 92A.470, within 30 days after receipt of a demand for payment pursuant to NRS 92A.440, the subject corporation shall pay in cash to each dissenter who complied with NRS 92A.440 the amount the subject corporation estimates to be the fair value of the dissenter's shares, plus accrued interest. The obligation of the subject corporation under this subsection may be enforced by the district court:

(a) Of the county where the subject corporation's principal office is located;

(b) If the subject corporation's principal office is not located in this State, in the county in which the corporation's registered office is located; or

(c) At the election of any dissenter residing or having its principal or registered office in this State, of the county where the dissenter resides or has its principal or registered office.

(d) The court shall dispose of the complaint promptly.

2. The payment must be accompanied by:

(a) The subject corporation's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, a statement of income for that year, a statement of changes in the stockholders' equity for that year or, where such financial statements are not reasonably available, then such reasonably equivalent financial information and the latest available quarterly financial statements, if any;

(b) A statement of the subject corporation's estimate of the fair value of the shares; and

(c) A statement of the dissenter's rights to demand payment under NRS 92A.480 and that if any such stockholder does not do so within the period specified, such stockholder shall be deemed to have accepted such payment in full satisfaction of the corporation's obligations under this chapter.

(Added to NRS by 1995, 2090; A 2007, 2704; 2009, 1725; 2013, 1287)

NRS 92A.470 Withholding payment for shares acquired on or after date of dissenter's notice: General requirements.

1. A subject corporation may elect to withhold payment from a dissenter unless the dissenter was the beneficial owner of the shares before the date set forth in the dissenter's notice as the first date of any announcement to the news media or to the stockholders of the terms of the proposed action.

2. To the extent the subject corporation elects to withhold payment, within 30 days after receipt of a demand for payment pursuant to NRS 92A.440, the subject corporation shall notify the dissenters described in subsection 1:

(a) Of the information required by paragraph (a) of subsection 2 of NRS 92A.460;

(b) Of the subject corporation's estimate of fair value pursuant to paragraph (b) of subsection 2 of NRS 92A.460;

(c) That they may accept the subject corporation's estimate of fair value, plus interest, in full satisfaction of their demands or demand appraisal under NRS 92A.480;

(d) That those stockholders who wish to accept such an offer must so notify the subject corporation of their acceptance of the offer within 30 days after receipt of such offer; and

(e) That those stockholders who do not satisfy the requirements for demanding appraisal under NRS 92A.480 shall be deemed to have accepted the subject corporation's offer.

3. Within 10 days after receiving the stockholder's acceptance pursuant to subsection 2, the subject corporation shall pay in cash the amount offered under paragraph (b) of subsection 2 to each stockholder who agreed to accept the subject corporation's offer in full satisfaction of the stockholder's demand.

4. Within 40 days after sending the notice described in subsection 2, the subject corporation shall pay in cash the amount offered under paragraph (b) of subsection 2 to each stockholder described in paragraph (e) of subsection 2.

(Added to NRS by 1995, 2091; A 2009, 1725; 2013, 1287)

NRS 92A.480 Dissenter's estimate of fair value: Notification of subject corporation; demand for payment of estimate.

1. A dissenter paid pursuant to NRS 92A.460 who is dissatisfied with the amount of the payment may notify the subject corporation in writing of the dissenter's own estimate of the fair value of his or her shares and the amount of interest due, and demand payment of such estimate, less any payment pursuant to NRS 92A.460. A dissenter offered payment pursuant to NRS 92A.470 who is dissatisfied with the offer may reject the offer pursuant to NRS 92A.470 and demand payment of the fair value of his or her shares and interest due.

2. A dissenter waives the right to demand payment pursuant to this section unless the dissenter notifies the subject corporation of his or her demand to be paid the dissenter's stated estimate of fair value plus interest under subsection 1 in writing within 30 days after receiving the subject corporation's payment or offer of payment under NRS 92A.460 or 92A.470 and is entitled only to the payment made or offered.

(Added to NRS by 1995, 2091; A 2009, 1726)

NRS 92A.490 Legal proceeding to determine fair value: Duties of subject corporation; powers of court; rights of dissenter.

1. If a demand for payment pursuant to NRS 92A.480 remains unsettled, the subject corporation shall commence a proceeding within 60 days after receiving the demand and petition the court to determine the fair value of the shares and accrued interest. If the subject corporation does not commence the proceeding within the 60-day period, it shall pay each dissenter whose demand remains unsettled the amount demanded by each dissenter pursuant to NRS 92A.480 plus interest.

2. A subject corporation shall commence the proceeding in the district court of the county where its principal office is located in this State. If the principal office of the subject corporation is not located in this State, the right to dissent arose from a merger, conversion or exchange and the principal office of the surviving entity, resulting entity or the entity whose shares were acquired, whichever is applicable, is located in this State, it shall commence the proceeding in the county where the principal office of the surviving entity, resulting entity or the entity whose shares were acquired is located. In all other cases, if the principal office of the subject corporation is not located in this State, the subject corporation shall commence the proceeding in the district court in the county in which the corporation's registered office is located.

3. The subject corporation shall make all dissenters, whether or not residents of Nevada, whose demands remain unsettled, parties to the proceeding as in an action against their shares. All parties must be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

4. The jurisdiction of the court in which the proceeding is commenced under subsection 2 is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers have the powers described in the order appointing them, or any amendment thereto. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

5. Each dissenter who is made a party to the proceeding is entitled to a judgment:

(a) For the amount, if any, by which the court finds the fair value of the dissenter's shares, plus interest, exceeds the amount paid by the subject corporation; or

(b) For the fair value, plus accrued interest, of the dissenter's after-acquired shares for which the subject corporation elected to withhold payment pursuant to NRS 92A.470.

(Added to NRS by 1995, 2091; A 2007, 2705; 2009, 1727; 2011, 2815; 2013, 1288)

NRS 92A.500 Assessment of costs and fees in certain legal proceedings.

1. The court in a proceeding to determine fair value shall determine all of the costs of the proceeding, including the reasonable compensation and expenses of any appraisers appointed by the court. The court shall assess the costs against the subject corporation, except that the court may assess costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously or not in good faith in demanding payment.

2. The court may also assess the fees and expenses of the counsel and experts for the respective parties, in amounts the court finds equitable:

(a) Against the subject corporation and in favor of all dissenters if the court finds the subject corporation did not substantially comply with the requirements of NRS 92A.300 to 92A.500, inclusive; or

(b) Against either the subject corporation or a dissenter in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously or not in good faith with respect to the rights provided by NRS 92A.300 to 92A.500, inclusive.

3. If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the subject corporation, the court may award to those counsel reasonable fees to be paid out of the amounts awarded to the dissenters who were benefited.

4. In a proceeding commenced pursuant to NRS 92A.460, the court may assess the costs against the subject corporation, except that the court may assess costs against all or some of the dissenters who are parties to the proceeding, in amounts the court finds equitable, to the extent the court finds that such parties did not act in good faith in instituting the proceeding.

5. To the extent the subject corporation fails to make a required payment pursuant to NRS 92A.460, 92A.470 or 92A.480, the dissenter may bring a cause of action directly for the amount owed and, to the extent the dissenter prevails, is entitled to recover all expenses of the suit.

6. This section does not preclude any party in a proceeding commenced pursuant to NRS 92A.460 or 92A.490 from applying the provisions of N.R.C.P. 68.

Marathon's Amended and Restated Articles of Incorporation

PART II
INFORMATION NOT REQUIRED IN PROXY STATEMENT/PROSPECTUS

Item 20. ***Indemnification of Directors and Officers***

Section 78.7502(1) of the Nevada Revised Statutes ("NRS") provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (except an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding if such person: (i) is not liable for a breach of fiduciary duties that involved intentional misconduct, fraud or a knowing violation of law; or (ii) acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Section 78.7502(2) of the NRS further provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including amounts paid in settlement and attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of the action or suit if such person: (i) is not liable for a breach of fiduciary duties that involved intentional misconduct, fraud or a knowing violation of law; or (ii) acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the best interests of the corporation. Indemnification may not be made for any claim, issue or matter as to which such a person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom, to be liable to the corporation or for amounts paid in settlement to the corporation, unless and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

To the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (1) and (2) of Section 78.7502, as described above, or in defense of any claim, issue or matter therein, the corporation shall indemnify him or her against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense.

The Amended and Restated Bylaws of Marathon provides that Marathon shall, to the fullest extent permitted by the NRS, as now or hereafter in effect, indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of Marathon, by reason of the fact that he is or was a director, officer, employee or agent of Marathon, or is or was serving at the request of Marathon as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit or proceeding if he: (i) is not liable pursuant to NRS Section 78.138; or (ii) acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of Marathon, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Item 21. ***Exhibits and Financial Statement Schedules***

(a) Exhibit Index

A list of exhibits filed with this registration statement on Form S-4 is set forth on the Exhibit Index and is incorporated herein by reference.

(b) Financial Statements

The financial statements filed with this registration statement on Form S-4 is set forth on the Financial Statement Index and is incorporated herein by reference.

Item 22. ***Undertakings***

(a) The undersigned registrant hereby undertakes as follows:

(1) That prior to any public reoffering of the securities registered hereunder through use of a proxy statement/prospectus/information statement which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering proxy statement/prospectus/information statement will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(2) That every proxy statement/prospectus/information statement (i) that is filed pursuant to paragraph (a)(1) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To respond to requests for information that is incorporated by reference into this proxy statement/prospectus/information statement pursuant to Item 4 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(4) To supply by means of a post-effective amendment all information concerning a transaction, and Marathon being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(b) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(c) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Certificate of Amendment
to the
Amended and Restated Articles of Incorporation
of Marathon Patent Group, Inc.

Marathon Patent Group, Inc., a corporation organized and existing under the laws of the State of Nevada (the "Corporation") hereby certifies as follows:

l. Section 3.02 of the Corporation's Amended and Restated Articles shall be amended by adding the following section to the end of Section 3.02 of the Amended and Restated Articles, that reads as follows, subject to compliance with applicable law:

> "Upon the filing and effectiveness (the "Effective Time") pursuant to the Nevada Revised Statutes of this amendment to the Corporation's Amended and Restated Articles of Incorporation, as amended, each four (4) shares of Common Stock issued and outstanding immediately prior to the Effective Time either issued and outstanding or held by the Corporation as treasury stock shall be combined into one (1) validly issued, fully paid and non-assessable share of Common Stock without any further action by the Corporation or the holder thereof (the "Reverse Stock Split"); provided that no fractional shares shall be issued to any holder and that instead of issuing such fractional shares, the Corporation shall round shares up to the nearest whole number. Each certificate that immediately prior to the Effective Time represented shares of Common Stock ("Old Certificates"), shall thereafter represent that number of shares of Common Stock into which the shares of Common Stock represented by the Old Certificate shall have been combined, subject to the treatment of fractional shares as described above."

2. The foregoing amendment has been duly adopted in accordance with the provisions of Nevada Revised Statutes 78.385 and 78.390 by the vote of a majority of each class of outstanding stock of the Corporation entitled to vote thereon.

IN WITNESS WHEREOF, I have signed this Certificate this 25th day of October, 2017.

CERTIFICATE OF DESIGNATION OF PREFERENCES, RIGHTS AND LIMITATIONS OF THE 0% E-1 CONVERTIBLE PREFERRED STOCK OF MARATHON PATENT GROUP, INC.

I, Doug Croxall, hereby certify that I am the Chief Executive Officer of Marathon Patent Group, Inc. (the " **Company**"), a corporation organized and existing under the Nevada Revised Statutes (the "**NRS**"), and further do hereby certify:

That pursuant to the authority expressly conferred upon the Board of Directors of the Company (the "**Board**") by the Company's Articles of Incorporation (the "**Articles of Incorporation**"), the Board on _____, adopted the following resolutions creating a series of shares of Preferred Stock designated as 0% Series E-1 Convertible Preferred Stock, none of which shares have been issued:

RESOLVED, that the Board designates the 0% Series E-1 Convertible Preferred Stock and the number of shares constituting such series, and fixes the rights, powers, preferences, privileges and restrictions relating to such series in addition to any set forth in the Articles of Incorporation as follows:

TERMS OF SERIES E-1 CONVERTIBLE PREFERRED STOCK

1. Designation and Number of Shares. There shall hereby be created and established by this Certificate of Designation of Preferences, Rights and Limitations of the 0% Series E-1 Convertible Preferred Stock (this "**Certificate of Designation**") a series of preferred stock of the Company designated as "0% Series E-1 Convertible Preferred Stock" (the "**Preferred Shares**"). The authorized number of Preferred Shares shall be 5,075 shares. Each Preferred Share shall have $0.0001 par value (the "**Par Value**"). Capitalized terms not defined herein shall have the meaning as set forth in Section 23 below and the Merger Agreement.

2. Liquidation and Ranking. (i) Upon the liquidation, dissolution or winding up of the business of the Company, whether voluntary or involuntary, each holder of Preferred Shares shall be entitled to receive, for each share thereof, out of assets of the Company legally available therefor, a preferential amount in cash equal to (and not more than) the Par Value. All preferential amounts to be paid to the holders of Preferred Shares in connection with such liquidation, dissolution or winding up shall be paid before the payment or setting apart for payment of any amount for, or the distribution of any assets of the Company to the holders of (i) any other class or series of capital stock whose terms expressly provide that the holders of Preferred Shares should receive preferential payment with respect to such distribution (to the extent of such preference) and (ii) the Common Stock but not before any payment to the holders of outstanding shares of the Company's Series B and D Convertible Preferred Stock. If upon any such distribution the assets of the Company shall be insufficient to pay the holders of the Preferred Shares (or the holders of any class or series of capital stock ranking on a parity with the Preferred Shares as to distributions in the event of a liquidation, dissolution or winding up of the Company) the full amounts to which they shall be entitled, such holders shall share ratably in any distribution of assets in accordance with the sums which would be payable on such distribution if all sums payable thereon were paid in full. Any distribution in connection with the liquidation, dissolution or winding up of the Company, or any bankruptcy or insolvency proceeding, shall be made in cash to the extent possible. Whenever any such distribution shall be paid in property other than cash, the value of such distribution shall be the fair market value of such property as determined in good faith by the Board of Directors of the Company.

(ii) Ranking. Except to the extent that the holders of at least a majority of the outstanding Preferred Shares (the "**Required Holders**") expressly consent to the creation of Parity Stock (as defined below) or Senior Preferred Stock (as defined below) in accordance with Section 12, all shares of capital stock of the Company hereafter issued shall be junior in rank to all Preferred Shares with respect to the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding-up of the Company (such junior stock is referred to herein collectively as "**Junior Stock**") (except, for the avoidance of doubt, with respect to the Company's Series B Convertible Preferred Stock) . The rights of all such shares of capital stock of the Company shall be subject to the rights, powers, preferences and privileges of the Preferred Shares. Without limiting any other provision of this Certificate of Designation, without the prior express consent of the Required Holders, voting separate as a single class, the Company shall not hereafter authorize or issue any additional or other shares of capital stock that is (i) of senior rank to the Preferred Shares in respect of the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding-up of the Company (collectively, the "**Senior Preferred Stock**"), (ii) of pari passu rank to the Preferred Shares in respect of the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding-up of the Company (collectively, the "**Parity Stock**") or (iii) any Junior Stock having a maturity date (or any other date requiring redemption or repayment of such shares of Junior Stock) that is prior to the date on which any Preferred Shares remain outstanding. In the event of the merger or consolidation of the Company with or into another corporation, the Preferred Shares shall maintain their relative rights, powers, designations, privileges and preferences provided for herein and no such merger or consolidation shall result inconsistent therewith

3. Dividends. In addition to Sections 5(a) and 11 below, from and after the first date of issuance of any Preferred Shares (the "**Initial Issuance Date**"), each holder of a Preferred Share (each, a "**Holder**" and collectively, the "**Holders**") shall be entitled to receive dividends ("**Dividends**") when and as declared by the Board, from time to time, in its sole discretion, which Dividends shall be paid by the Company out of funds legally available therefor, payable, subject to the conditions and other terms hereof, in cash on the Stated Value of such Preferred Share. In addition to the foregoing, the Preferred Shares shall participate on an "as converted" basis, with all Dividends declared on the Common Stock (as defined below) of the Company as provided herein.

4. Conversion. Each Preferred Share shall be convertible into validly issued, fully paid and non-assessable shares of Common Stock on the terms and conditions set forth in this Section 4.

(a) Holder's Conversion Right. Subject to the provisions of Section 4(e) and 4(f), at any time or times on or after the Initial Issuance Date, each Holder shall be entitled to convert any whole number of Preferred Shares into validly issued, fully paid and non-assessable shares of Common Stock in accordance with Section 4(c) at the Conversion Rate (as defined below).

(b) Conversion Rate. The number of validly issued, fully paid and non-assessable shares of Common Stock issuable upon conversion of each Preferred Share pursuant to Section 4(a) shall be determined according to the following formula (the "**Conversion Rate**"):

$$\frac{\text{Base Amount}}{\text{Conversion Price}}$$

No fractional shares of Common Stock are to be issued upon the conversion of any Preferred Shares. If the issuance would result in the issuance of a fraction of a share of Common Stock, the Company shall round such fraction of a share of Common Stock up to the nearest whole share.

(c) Mechanics of Conversion. The conversion of each Preferred Share shall be conducted in the following manner:

(i) Holder's Conversion. To convert a Preferred Share into validly issued, fully paid and non-assessable shares of Common Stock on any date (a "**Conversion Date**"), a Holder shall deliver (whether via facsimile or otherwise), for receipt on or prior to 11:59 p.m., New York time, on such date, a copy of an executed notice of conversion of the share(s) of Preferred Shares subject to such conversion in the form attached hereto as **Exhibit I** (the "**Conversion Notice**") to the Company. If required by Section 4(c)(vi), within five (5) Trading Days following a conversion of any such Preferred Shares as aforesaid, such Holder shall surrender to a nationally recognized overnight delivery service for delivery to the Company the original certificates representing the share(s) of Preferred Shares (the "**Preferred Share Certificates**") so converted as aforesaid.

(ii) Company's Response. On or before the first (1^{st}) Trading Day following the date of receipt of a Conversion Notice, the Company shall transmit by facsimile an acknowledgment of confirmation, in the form attached hereto as **Exhibit II**, of receipt of such Conversion Notice to such Holder and the transfer agent for the Company's Common Stock (the "**Transfer Agent**"), which confirmation shall constitute an instruction to the Transfer Agent to process such Conversion Notice in accordance with the terms herein. On or before the second (2^{nd}) Trading Day following the date of receipt by the Company of such Conversion Notice, the Company shall (1) provided that the Transfer Agent is participating in DTC Fast Automated Securities Transfer Program, credit such aggregate number of shares of Common Stock to which such Holder shall be entitled to such Holder's or its designee's balance account with DTC through its Deposit and Withdrawal at Custodian system, or (2) if the Transfer Agent is not participating in the DTC Fast Automated Securities Transfer Program, issue and deliver (via reputable overnight courier) to the address as specified in such Conversion Notice, a certificate, registered in the name of such Holder or its designee, for the number of shares of Common Stock to which such Holder shall be entitled. If the number of Preferred Shares represented by the Preferred Share Certificate(s) submitted for conversion pursuant to Section 4(c)(vi) is greater than the number of Preferred Shares being converted, then the Company shall if requested by such Holder, as soon as practicable and in no event later than two (2) Trading Days after receipt of the Preferred Share Certificate(s) and at its own expense, issue and deliver to such Holder (or its designee) a new Preferred Share Certificate representing the number of Preferred Shares not converted.

(iii) Record Holder. The Person or Persons entitled to receive the shares of Common Stock issuable upon a conversion of Preferred Shares shall be treated for all purposes as the record holder or holders of such shares of Common Stock on the Conversion Date.

(iv) Company's Failure to Timely Convert. If the Company shall fail, for any reason or for no reason, except in the case that the relevant Preferred Share Certificate is required to be and shall not have been timely received by the Transfer Agent, to issue to a Holder within two (2) Trading Days after the Company's receipt of a Conversion Notice (whether via facsimile or otherwise) (the "**Share Delivery Deadline**"), a certificate for the number of shares of Common Stock to which such Holder is entitled and register such shares of Common Stock on the Company's share register or to credit such Holder's or its designee's balance account with DTC for such number of shares of Common Stock to which such Holder is entitled upon such Holder's conversion of any Preferred Shares (as the case may be) (a "**Conversion Failure**"), then, in addition to all other remedies available to such Holder, such Holder, upon written notice to the Company, (x) may void its Conversion Notice with respect to, and retain or have returned (as the case may be) any Preferred Shares that have not been converted pursuant to such Holder's Conversion Notice, provided that the voiding of a Conversion Notice shall not affect the Company's obligations to make any payments which have accrued prior to the date of such notice pursuant to the terms of this Certificate of Designation or otherwise and (y) the Company shall pay in cash to such Holder on each day after such second (2^{nd}) Trading Day that the issuance of such shares of Common Stock is not timely effected an amount equal to 1.0% of the greater of (y) the Stated Value of the Preferred Shares subject to the Conversion Failure and (z) the product of (A) the aggregate number of shares of Common Stock not issued to such Holder on a timely basis and to which the Holder is entitled and (B) the Closing Sale Price of the Common Stock on the Trading Day immediately preceding the last possible date on which the Company could have issued such shares of Common Stock to the Holder without violating Section 4(c). In addition to the foregoing, if within two (2) Trading Days after the Company's receipt of a Conversion Notice (whether via facsimile or otherwise), the Company shall fail to issue and deliver a certificate to such Holder and register such shares of Common Stock on the Company's share register or credit such Holder's or its designee's balance account with DTC for the number of shares of Common Stock to which such Holder is entitled upon such Holder's conversion hereunder (as the case may be), and if on or after such second (2^{nd}) Trading Day such Holder (or any other Person in respect, or on behalf, of such Holder) purchases (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by such Holder of all or any portion of the number of shares of Common Stock, or a sale of a number of shares of Common Stock equal to all or any portion of the number of shares of Common Stock, issuable upon such conversion that such Holder so anticipated receiving from the Company, then, in addition to all other remedies available to such Holder, the Company shall, within two (2) Business Days after such Holder's request and in such Holder's discretion, either (i) pay cash to such Holder in an amount equal to such Holder's total purchase price (including brokerage commissions and other out-of-pocket expenses, if any) for the shares of Common Stock so purchased (including, without limitation, by any other Person in respect, or on behalf, of such Holder) (the "**Buy-In Price**"), at which point the Company's obligation to so issue and deliver such certificate or credit such Holder's balance account with DTC for the number of shares of Common Stock to which such Holder is entitled upon such Holder's conversion hereunder (as the case may be) (and to issue such shares of Common Stock) shall terminate, or (ii) promptly honor its obligation to so issue and deliver to such Holder a certificate or certificates representing such shares of Common Stock or credit such Holder's balance account with DTC for the number of shares of Common Stock to which such Holder is entitled upon such Holder's conversion hereunder (as the case may be) and pay cash to such Holder in an amount equal to the excess (if any) of the Buy-In Price over the product of (A) such number of shares of Common Stock multiplied by (B) the lowest Closing Sale Price of the Common Stock on any Trading Day during the period commencing on the date of the applicable Conversion Notice and ending on the date of such issuance and payment under this clause (ii).

(v) Pro Rata Conversion; Disputes. In the event the Company receives a Conversion Notice from more than one Holder for the same Conversion Date and the Company can convert some, but not all, of such Preferred Shares submitted for conversion, the Company shall convert from each Holder electing to have Preferred Shares converted on such date a pro rata amount of such Holder's Preferred Shares submitted for conversion on such date based on the number of Preferred Shares submitted for conversion on such date by such Holder relative to the aggregate number of Preferred Shares submitted for conversion on such date. In the event of a dispute as to the number of shares of Common Stock issuable to a Holder in connection with a conversion of Preferred Shares, the Company shall issue to such Holder the number of shares of Common Stock not in dispute and resolve such dispute in accordance with Section 22.

(vi) Book-Entry. Notwithstanding anything to the contrary set forth in this Section 4, upon conversion of any Preferred Shares in accordance with the terms hereof, no Holder thereof shall be required to physically surrender the certificate representing the Preferred Shares to the Company following conversion thereof unless (A) the full or remaining number of Preferred Shares represented by the certificate are being converted (in which event such certificate(s) shall be delivered to the Company as contemplated by this Section 4(c)(vi)) or (B) such Holder has provided the Company with prior written notice (which notice may be included in a Conversion Notice) requesting reissuance of Preferred Shares upon physical surrender of any Preferred Shares. Each Holder and the Company shall maintain records showing the number of Preferred Shares so converted by such Holder and the dates of such conversions or shall use such other method, reasonably satisfactory to such Holder and the Company, so as not to require physical surrender of the certificate representing the Preferred Shares upon each such conversion. In the event of any dispute or discrepancy, such records of the Company establishing the number of Preferred Shares to which the record holder is entitled shall be controlling and determinative in the absence of manifest error. A Holder and any transferee or assignee, by acceptance of a certificate, acknowledge and agree that, by reason of the provisions of this paragraph, following conversion of any Preferred Shares, the number of Preferred Shares represented by such certificate may be less than the number of Preferred Shares stated on the face thereof. Each certificate for Preferred Shares shall bear the following legend:

ANY TRANSFEREE OR ASSIGNEE OF THIS CERTIFICATE SHOULD CAREFULLY REVIEW THE TERMS OF THE CORPORATION'S CERTIFICATE OF DESIGNATIONS RELATING TO THE SHARES OF SERIES E-1 PREFERRED STOCK REPRESENTED BY THIS CERTIFICATE, INCLUDING SECTION 4(c)(vi) THEREOF. THE NUMBER OF SHARES OF SERIES E-1 PREFERRED STOCK REPRESENTED BY THIS CERTIFICATE MAY BE LESS THAN THE NUMBER OF SHARES OF SERIES E-1 PREFERRED STOCK STATED ON THE FACE HEREOF PURSUANT TO SECTION 4(c)(vi) OF THE CERTIFICATE OF DESIGNATIONS RELATING TO THE SHARES OF SERIES E-1 PREFERRED STOCK REPRESENTED BY THIS CERTIFICATE.

(d) Taxes. The Company shall pay any and all documentary, stamp, transfer (but only in respect of the registered holder thereof), issuance and other similar taxes that may be payable with respect to the issuance and delivery of shares of Common Stock upon the conversion of Preferred Shares.

(e) Limitation on Beneficial Ownership. Notwithstanding anything to the contrary set forth in this Certificate of Designation, the Company shall not effect the conversion of any Preferred Shares of a Holder, and such Holder shall not have the right to convert such Preferred Shares pursuant to the terms and conditions of this Certificate of Designation and any such conversion shall be null and void and treated as if never made, to the extent that after giving effect to such conversion, such Holder together with any Attribution Parties to such Holder collectively would beneficially own in excess of 2.49% (the "**Maximum Percentage**") of the shares of Common Stock outstanding immediately after giving effect to such conversion. The Holder shall have the right to elect an initial Maximum Percentage of up to 4.99% and thereafter decrease the Maximum Percentage, upon one (1) days' notice or to increase the Maximum Percentage, to up to 9.99% upon 61 days' notice. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock beneficially owned by such Holder and other Attribution Parties to such Holder shall include the number of shares of Common Stock held by such Holder and all other Attribution Parties to such Holder plus the number of shares of Common Stock issuable upon conversion of the Preferred Shares with respect to which the determination of such sentence is being made, but shall exclude shares of Common Stock which would be issuable upon (A) conversion of the remaining, non-converted Preferred Shares beneficially owned by such Holder or any of other Attribution Parties to such Holder and (B) exercise or conversion of the unexercised or non-converted portion of any other securities of the Company (including, without limitation, any convertible notes or convertible preferred stock or warrants) beneficially owned by such Holder or any other Attribution Party to such Holder subject to a limitation on conversion or exercise analogous to the limitation contained in this Section 4(e). For purposes of this Section 4(e), beneficial ownership shall be calculated in accordance with Section 13(d) of the 1934 Act. For purposes of determining the number of outstanding shares of Common Stock such Holder may acquire upon the conversion of Preferred Shares without exceeding the Maximum Percentage, such Holder may rely on the number of outstanding shares of Common Stock as reflected in (x) the Company's most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q, Current Report on Form 8-K or other public filing with the SEC, as the case may be, (y) a more recent public announcement by the Company or (z) any other written notice by the Company or its transfer agent, if any, setting forth the number of shares of Common Stock outstanding (the "**Reported Outstanding Share Number**"). If the Company receives a Conversion Notice from such Holder at a time when the actual number of outstanding shares of Common Stock is less than the Reported Outstanding Share Number, the Company shall notify such Holder in writing of the number of shares of Common Stock then outstanding and, to the extent that such Conversion Notice would otherwise cause such Holder's beneficial ownership, as determined pursuant to this Section 4(e), to exceed the Maximum Percentage, such Holder must notify the Company of a reduced number of shares of Common Stock to be purchased pursuant to such Conversion Notice. For any reason at any time, upon the written or oral request of such Holder, the Company shall within one (1) Business Day confirm orally and in writing or by electronic mail to such Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including any Preferred Shares then outstanding, by such Holder and any other Attribution Party since the date as of which the Reported Outstanding Share Number was reported. In the event that the issuance of shares of Common Stock to such Holder upon conversion of any Preferred Shares results in such Holder and the other Attribution Parties to such Holder being deemed to beneficially own, in the aggregate, more than the Maximum Percentage of the number of outstanding shares of Common Stock (as determined under Section 13(d) of the 1934 Act), the number of shares so issued by which such Holder's and the other Attribution Parties to such Holder's aggregate beneficial ownership exceeds the Maximum Percentage (the "**Excess Shares**") shall be deemed null and void and shall be cancelled ab initio, and such Holder shall not have the power to vote or to transfer the Excess Shares. For purposes of clarity, the shares of Common Stock issuable pursuant to the terms of this Certificate of Designation in excess of the Maximum Percentage shall not be deemed to be beneficially owned by such Holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the 1934 Act. No prior inability to convert any Preferred Shares pursuant to this paragraph shall have any effect on the applicability of the provisions of this paragraph with respect to any subsequent determination of convertibility. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 4(e) to the extent necessary to correct this paragraph (or any portion of this paragraph) which may be defective or inconsistent with the intended beneficial ownership limitation contained in this Section 4(e) or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitation contained in this paragraph may not be waived and shall apply to each successor holder of Preferred Shares.

(f) Issuance Restrictions. (i) If the Company has not obtained the Shareholder and NASDAQ Approvals (as defined in the Merger Agreement) in accordance with NASDAQ Listing Rules, then the Company may not issue, upon conversion of the Preferred Shares, a number of shares of Common Stock, which, when aggregated with any shares of Common Stock (i) issued pursuant to the Merger Agreement or (ii) underlying the Preferred Shares issued pursuant to the Merger Agreement, would exceed 19.99% of the shares of Common Stock issued and outstanding as of the Closing Date, subject to adjustment for reverse and forward stock splits, stock dividends, stock combinations and other similar transactions of the Common Stock that occur after the date of the Merger Agreement (such number of shares, the "**Issuable Maximum**"). The Holder and the holders of the other Preferred Shares issued pursuant to the Merger Agreement shall be entitled to a portion of the Issuable Maximum equal to such Holder's pro rata portion of the aggregate Merger Consideration. In addition, the Holder may allocate its pro-rata portion of the Issuable Maximum among Preferred Shares held by it in its sole discretion. Such portion shall be adjusted upward ratably in the event a Holder no longer holds any Preferred Shares and the amount of shares issued to such Holder pursuant to its Preferred Shares was less than such Holder's pro-rata share of the Issuable Maximum.

5. Rights Upon Issuance of Purchase Rights and Other Corporate Events.

(a) Purchase Rights. In addition to any adjustments pursuant to Section 7 below, if at any time the Company grants, issues or sells any Options, Convertible Securities or rights to purchase stock, warrants, securities or other property pro rata to the record holders of any class of Common Stock (the "**Purchase Rights**"), then each Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such Holder could have acquired if such Holder had held the number of shares of Common Stock acquirable upon complete conversion of all the Preferred Shares (without taking into account any limitations or restrictions on the convertibility of the Preferred Shares) held by such Holder immediately before the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of Common Stock are to be determined for the grant, issue or sale of such Purchase Rights (provided, however, to the extent that such Holder's right to participate in any such Purchase Right would result in such Holder exceeding the Maximum Percentage, then such Holder shall not be entitled to participate in such Purchase Right to such extent (or beneficial ownership of such shares of Common Stock as a result of such Purchase Right to such extent) and such Purchase Right to such extent shall be held in abeyance for such Holder until such time, if ever, as its right thereto would not result in such Holder exceeding the Maximum Percentage).

(b) Other Corporate Events. In addition to and not in substitution for any other rights hereunder, prior to the consummation of any Fundamental Transaction pursuant to which holders of shares of Common Stock are entitled to receive securities or other assets with respect to or in exchange for shares of Common Stock (a "**Corporate Event**"), the Company shall make appropriate provision to insure that each Holder will thereafter have the right to receive upon a conversion of all the Preferred Shares held by such Holder (i) in addition to the shares of Common Stock receivable upon such conversion, such securities or other assets to which such Holder would have been entitled with respect to such shares of Common Stock had such shares of Common Stock been held by such Holder upon the consummation of such Corporate Event (without taking into account any limitations or restrictions on the convertibility of the Preferred Shares contained in this Certificate of Designation) or (ii) in lieu of the shares of Common Stock otherwise receivable upon such conversion, such securities or other assets received by the holders of shares of Common Stock in connection with the consummation of such Corporate Event in such amounts as such Holder would have been entitled to receive had the Preferred Shares held by such Holder initially been issued with conversion rights for the form of such consideration (as opposed to shares of Common Stock) at a conversion rate for such consideration commensurate with the Conversion Rate. The provisions of this Section 5(b) shall apply similarly and equally to successive Corporate Events and shall be applied without regard to any limitations on the conversion of the Preferred Shares contained in this Certificate of Designation.

6. Rights Upon Fundamental Transactions.

(a) Assumption. The Company shall not enter into or be party to a Fundamental Transaction unless (i) the Successor Entity assumes in writing all of the obligations of the Company under this Certificate of Designation and the other Transaction Documents in accordance with the provisions of this Section 6 pursuant to written agreements in form and substance satisfactory to holders of Preferred Shares representing the Required Holders and approved by the Required Holders prior to such Fundamental Transaction, including agreements to deliver to each holder of Preferred Shares in exchange for such Preferred Shares a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Certificate of Designation, including, without limitation, having a stated value and dividend rate equal to the stated value and dividend rate of the Preferred Shares held by the Holders and having similar ranking to the Preferred Shares, and reasonably satisfactory to the Required Holders and (ii) the Successor Entity (including its Parent Entity) is a publicly traded corporation whose shares of common stock are quoted on or listed for trading on an Eligible Market. Upon the occurrence of any Fundamental Transaction, the Successor Entity shall succeed to, and be substituted for (so that from and after the date of such Fundamental Transaction, the provisions of this Certificate of Designation and the other Transaction Documents referring to the "Company" shall refer instead to the Successor Entity), and may exercise every right and power of the Company and shall assume all of the obligations of the Company under this Certificate of Designation and the other Transaction Documents with the same effect as if such Successor Entity had been named as the Company herein and therein. In addition to the foregoing, upon consummation of a Fundamental Transaction, the Successor Entity shall deliver to each Holder confirmation that there shall be issued upon conversion of the Preferred Shares at any time after the consummation of such Fundamental Transaction, in lieu of the shares of Common Stock (or other securities, cash, assets or other property (except such items still issuable under Sections 5 and 11, which shall continue to be receivable thereafter)) issuable upon the conversion of the Preferred Shares prior to such Fundamental Transaction, such shares of publicly traded common stock (or their equivalent) of the Successor Entity (including its Parent Entity) which each Holder would have been entitled to receive upon the happening of such Fundamental Transaction had all the Preferred Shares held by each Holder been converted immediately prior to such Fundamental Transaction (without regard to any limitations on the conversion of the Preferred Shares contained in this Certificate of Designation), as adjusted in accordance with the provisions of this Certificate of Designation. The provisions of this Section 6 shall apply similarly and equally to successive Fundamental Transactions and shall be applied without regard to any limitations on the conversion of the Preferred Shares.

7. Rights and Restrictions Upon Issuance of Other Securities.

(a) Record Date.

If the Company takes a record of the holders of shares of Common Stock for the purpose of entitling them (A) to receive a dividend or other distribution payable in shares of Common Stock, Options or in Convertible Securities or (B) to subscribe for or purchase shares of Common Stock, Options or Convertible Securities, then such record date will be deemed to be the date of the issue or sale of the shares of Common Stock deemed to have been issued or sold upon the declaration of such dividend or the making of such other distribution or the date of the granting of such right of subscription or purchase (as the case may be).

(b) Adjustment of Conversion Price upon Subdivision or Combination of Common Stock. Without limiting any provision of Sections 5 and 11, if the Company at any time on or after the Initial Issuance Date subdivides (by any stock split, stock dividend, recapitalization or otherwise) one or more classes of its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in effect immediately prior to such subdivision will be proportionately reduced. Without limiting any provision of Sections 5 and 11, if the Company at any time on or after the Initial Issuance Date combines (by combination, reverse stock split or otherwise) one or more classes of its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased. Any adjustment pursuant to this Section 7(b) shall become effective immediately after the effective date of such subdivision or combination. If any event requiring an adjustment under this Section 7(b) occurs during the period that a Conversion Price is calculated hereunder, then the calculation of such Conversion Price shall be adjusted appropriately to reflect such event.

(c) Subsequent Equity Sales. If the Company or any Subsidiary thereof, as applicable, at any time while this Preferred Shares are outstanding, shall sell or grant any option to purchase, or sell or grant any right to reprice, or otherwise issue (or announce any offer, sale, grant or any option to purchase or other disposition) any Common Stock or Common Stock Equivalents, at an effective price per share less than the Conversion Price then in effect, excluding Exempt Issuances as (such lower price, the "Base Share Price" and such issuances collectively, a "Dilutive Issuance") (it being understood and agreed that if the holder of the Common Stock or Common Stock Equivalents so issued shall at any time, whether by operation of purchase price adjustments, reset provisions, floating conversion, exercise or exchange prices or otherwise, or due to warrants, options or rights per share which are issued in connection with such issuance, be entitled to receive shares of Common Stock at an effective price per share that is less than the Conversion Price, such issuance shall be deemed to have occurred for less than the Conversion Price on such date of the Dilutive Issuance at such effective price), then simultaneously with the consummation of each Dilutive Issuance the Conversion Price shall be reduced and only reduced to equal the Base Share Price and the number of Preferred Shares issuable hereunder shall be increased such that the aggregate Conversion Price payable hereunder, after taking into account the decrease in the Conversion Price, shall be equal to the aggregate Conversion Price prior to such adjustment. Such adjustment shall be made whenever such Common Stock or Common Stock Equivalents are issued. Notwithstanding the foregoing, no adjustments shall be made, paid or issued under this Section in respect of an Exempt Issuance. The Company shall notify the Holder, in writing, no later than the Trading Day following the issuance or deemed issuance of any Common Stock or Common Stock Equivalents subject to this Section, indicating therein the applicable issuance price, or applicable reset price, exchange price, conversion price and other pricing terms (such notice, the "Dilutive Issuance Notice"). For purposes of clarification, whether or not the Company provides a Dilutive Issuance Notice pursuant to this Section, upon the occurrence of any Dilutive Issuance, the Holder is entitled to receive a number of Preferred Shares based upon the Base Share Price regardless of whether the Holder accurately refers to the Base Share Price in the Notice of Exercise. If the Company enters into a Variable Rate Transaction, the Company shall be deemed to have issued Common Stock or Common Stock Equivalents at the lowest possible conversion or exercise price at which such securities may be converted or exercised.

(d) Restriction on offering of Securities. For a period of twelve (12) months from the Initial Issuance Date, the Company will not issue or agree to issue any common stock or securities that are convertible into common stock or create or incur any indebtedness, except in the ordinary course of business, without the consent of the Required Holders. The prohibitions in this Section shall also apply to an equity line or ATM transaction but shall not apply to an Exempt Issuance.

(e) Other Events. In the event that the Company (or any Subsidiary) shall take any action to which the provisions hereof are not strictly applicable, or, if applicable, would not operate to protect any Holder from dilution or if any event occurs of the type contemplated by the provisions of this Section 7 but not expressly provided for by such provisions (including, without limitation, the granting of stock appreciation rights, phantom stock rights or other rights with equity features), then the Board shall in good faith determine and implement an appropriate adjustment in the Conversion Price so as to protect the rights of such Holder, provided that no such adjustment pursuant to this Section 7(d) will increase the Conversion Price as otherwise determined pursuant to this Section 7, provided further that if such Holder does not accept such adjustments as appropriately protecting its interests hereunder against such dilution, then the Board and such Holder shall agree, in good faith, upon an independent investment bank of nationally recognized standing to make such appropriate adjustments, whose determination shall be final and binding and whose fees and expenses shall be borne by the Company.

(f) Calculations. All calculations under this Section 7 shall be made by rounding to the nearest one-hundred thousandth of a cent or the nearest 1/100th of a share, as applicable. The number of shares of Common Stock outstanding at any given time shall not include shares owned or held by or for the account of the Company, and the disposition of any such shares, other than a return thereof to the Company's treasury for cancellation shall be considered an issue or sale of Common Stock.

8. Authorized Shares.

(a) Reservation. The Company shall initially reserve out of its authorized and unissued Common Stock a number of shares of Common Stock equal to 100% of the Conversion Rate with respect to the Base Amount of each Preferred Share as of the Initial Issuance Date (assuming for purposes hereof, that all the Preferred Shares issuable pursuant to the Merger Agreement have been issued, such Preferred Shares are convertible at the Conversion Price and without taking into account any limitations on the conversion of such Preferred Shares set forth in herein) issuable pursuant to the terms of this Certificate of Designationsfrom the Initial Issuance Date through the second anniversary of the Initial Issuance Date assuming (assuming for purposes hereof, that all the Preferred Shares issuable pursuant to the Merger Agreements have been issued and without taking into account any limitations on the issuance of securities set forth herein). So long as any of the Preferred Shares are outstanding, the Company shall take all action necessary to reserve and keep available out of its authorized and unissued shares of Common Stock, solely for the purpose of effecting the conversion of the Preferred Shares, as of any given date, 100% of the number of shares of Common Stock as shall from time to time be necessary to effect the conversion of all of the Preferred Shares issued or issuable pursuant to the Merger Agreement assuming for purposes hereof, that all the Preferred Shares issuable pursuant to the Merger Agreement have been issued and without taking into account any limitations on the issuance of securities set forth herein), provided that at no time shall the number of shares of Common Stock so available be less than the number of shares required to be reserved by the previous sentence (without regard to any limitations on conversions contained in this Certificate of Designation) (the "**Required Amount**"). The initial number of shares of Common Stock reserved for conversions of the Preferred Shares and each increase in the number of shares so reserved shall be allocated pro rata among the Holders based on the number of Preferred Shares held by each Holder on the Initial Issuance Date or increase in the number of reserved shares (as the case may be) (the "**Authorized Share Allocation**"). In the event a Holder shall sell or otherwise transfer any of such Holder's Preferred Shares, each transferee shall be allocated a pro rata portion of such Holder's Authorized Share Allocation. Any shares of Common Stock reserved and allocated to any Person which ceases to hold any Preferred Shares shall be allocated to the remaining Holders of Preferred Shares, pro rata based on the number of Preferred Shares then held by such Holders.

(b) Insufficient Authorized Shares. If, notwithstanding Section 8(a) and not in limitation thereof, at any time while any of the Preferred Shares remain outstanding the Company does not have a sufficient number of authorized and unissued shares of Common Stock to satisfy its obligation to have available for issuance upon conversion of the Preferred Shares at least a number of shares of Common Stock equal to the Required Amount (an "**Authorized Share Failure**"), then the Company shall promptly take all action necessary to increase the Company's authorized shares of Common Stock to an amount sufficient to allow the Company to reserve and have available the Required Amount for all of the Preferred Shares then outstanding. Without limiting the generality of the foregoing sentence, as soon as practicable after the date of the occurrence of an Authorized Share Failure, but in no event later than ninety (90) days after the occurrence of such Authorized Share Failure, the Company shall hold a meeting of its stockholders or conduct a consent solicitation for the approval of an increase in the number of authorized shares of Common Stock. In connection with such meeting, the Company shall provide each stockholder with a proxy statement (or consent solicitation statement, as the case may be) and shall use its best efforts to solicit its stockholders' approval of such increase in authorized shares of Common Stock and to cause its Board to recommend to the stockholders that they approve such proposal. Nothing contained in this Section 8 shall limit any obligations of the Company under any provision of the Merger Agreement. In the event that the Company is prohibited from issuing shares of Common Stock upon a conversion of any Preferred Share due to the failure by the Company to have sufficient shares of Common Stock available out of the authorized but unissued shares of Common Stock (such unavailable number of shares of Common Stock, the "**Authorization Failure Shares**"), in lieu of delivering such Authorization Failure Shares to such Holder of such Preferred Shares, the Company shall pay cash in exchange for the cancellation of such Preferred Shares convertible into such Authorized Failure Shares at a price equal to the greater of (y) the Stated Value of the Preferred Shares subject to the Conversion Notice with respect to such Authorization Failure Shares and (z) the sum of (i) the product of (x) such number of Authorization Failure Shares and (y) the Closing Sale Price on the Trading Day immediately preceding the date such Holder delivers the applicable Conversion Notice with respect to such Authorization Failure Shares to the Company and (ii) to the extent such Holder purchases (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by such Holder of Authorization Failure Shares, any brokerage commissions and other out-of-pocket expenses, if any, of such Holder incurred in connection therewith.

9. [Intentionally Omitted].

10. Voting Rights. Except as otherwise required by law, the Holders of the Preferred Shares shall vote together with the holders of Common Stock (subject to the conversion limitations set forth in section 4(e) and Section 4(f) herein) on all matters and shall not vote as a separate class such that except as otherwise expressly required by law, each Holder shall be entitled to vote on all matters submitted to shareholders of the Company and shall be entitled to the number of votes for its Preferred Shares owned at the record date for the determination of shareholders entitled to vote on such matter or, if no such record date is established, at the date such vote is taken or any written consent of shareholders is solicited, equal to the number of shares of Common Stock into which such Preferred Shares held are convertible, but not in excess of the conversion limitations set forth in Section 4(e) and Section 4(f) herein.

11. Participation. In addition to any adjustments pursuant to Section 7(b), the Holders shall, as holders of Preferred Shares, be entitled to receive such dividends paid and distributions made to the holders of shares of Common Stock to the same extent as if such Holders had converted each Preferred Share held by each of them into shares of Common Stock (without regard to any limitations on conversion herein or elsewhere) and had held such shares of Common Stock on the record date for such dividends and distributions. Payments under the preceding sentence shall be made concurrently with the dividend or distribution to the holders of shares of Common Stock (provided, however, to the extent that a Holder's right to participate in any such dividend or distribution would result in such Holder exceeding the Maximum Percentage, then such Holder shall not be entitled to participate in such dividend or distribution to such extent (or the beneficial ownership of any such shares of Common Stock as a result of such dividend or distribution to such extent) and such dividend or distribution to such extent shall be held in abeyance for the benefit of such Holder until such time, if ever, as its right thereto would not result in such Holder exceeding the Maximum Percentage).

12. Vote to Change the Terms of or Issue Preferred Shares . In addition to any other rights provided by law, except where the vote or written consent of the holders of a greater number of shares is required by law or by another provision of the Articles of Incorporation, without first obtaining the affirmative vote at a meeting duly called for such purpose or the written consent without a meeting of the Required Holders, voting together as a single class, the Company shall not: (a) amend or repeal any provision of, or add any provision to, its Articles of Incorporation or bylaws, or file any certificate of designations or articles of amendment of any series of shares of preferred stock, if such action would adversely alter or change in any respect the preferences, rights, privileges or powers, or restrictions provided for the benefit, of the Preferred Shares, regardless of whether any such action shall be by means of amendment to the Articles of Incorporation or by merger, consolidation or otherwise; (b) increase or decrease (other than by conversion) the authorized number of Preferred Shares; (c) without limiting any provision of Section 2, create or authorize (by reclassification or otherwise) any new class or series of shares that has a preference over or is on a parity with the Preferred Shares with respect to dividends or the distribution of assets on the liquidation, dissolution or winding-up of the Company; (d) purchase, repurchase or redeem any shares of capital stock of the Company junior in rank to the Preferred Shares (other than pursuant to equity incentive agreements (that have in good faith been approved by the Board) with employees giving the Company the right to repurchase shares upon the termination of services); (e) without limiting any provision of Section 2, pay dividends or make any other distribution on any shares of any capital stock of the Company junior in rank to the Preferred Shares; or (f) without limiting any provision of Section 16, whether or not prohibited by the terms of the Preferred Shares, circumvent a right of the Preferred Shares.

13. Intentionally Omitted.

14. Lost or Stolen Certificates. Upon receipt by the Company of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of any certificates representing Preferred Shares (as to which a written certification and the indemnification contemplated below shall suffice as such evidence), and, in the case of loss, theft or destruction, of an indemnification undertaking by the applicable Holder to the Company in customary and reasonable form and, in the case of mutilation, upon surrender and cancellation of the certificate(s), the Company shall execute and deliver new certificate(s) of like tenor and date.

15. Remedies, Characterizations, Other Obligations, Breaches and Injunctive Relief. The remedies provided in this Certificate of Designation shall be cumulative and in addition to all other remedies available under this Certificate of Designation and any of the other Transaction Documents, at law or in equity (including a decree of specific performance and/or other injunctive relief), and no remedy contained herein shall be deemed a waiver of compliance with the provisions giving rise to such remedy. Nothing herein shall limit any Holder's right to pursue actual and consequential damages for any failure by the Company to comply with the terms of this Certificate of Designation. The Company covenants to each Holder that there shall be no characterization concerning this instrument other than as expressly provided herein. Amounts set forth or provided for herein with respect to payments, conversion and the like (and the computation thereof) shall be the amounts to be received by a Holder and shall not, except as expressly provided herein, be subject to any other obligation of the Company (or the performance thereof). The Company acknowledges that a breach by it of its obligations hereunder will cause irreparable harm to the Holders and that the remedy at law for any such breach may be inadequate. The Company therefore agrees that, in the event of any such breach or threatened breach, each Holder shall be entitled, in addition to all other available remedies, to an injunction restraining any such breach or any such threatened breach, without the necessity of showing economic loss and without any bond or other security being required. The Company shall provide all information and documentation to a Holder that is requested by such Holder to enable such Holder to confirm the Company's compliance with the terms and conditions of this Certificate of Designation.

16. Noncircumvention. The Company hereby covenants and agrees that the Company will not, by amendment of its Articles of Incorporation, bylaws or through any reorganization, transfer of assets, consolidation, merger, scheme of arrangement, dissolution, issue or sale of securities, or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Certificate of Designation, and will at all times in good faith carry out all the provisions of this Certificate of Designation and take all action as may be required to protect the rights of the Holders. Without limiting the generality of the foregoing or any other provision of this Certificate of Designation, the Company (i) shall not increase the par value of any shares of Common Stock receivable upon the conversion of any Preferred Shares above the Conversion Price then in effect, (ii) shall take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and non-assessable shares of Common Stock upon the conversion of Preferred Shares and (iii) shall, so long as any Preferred Shares are outstanding, take all action necessary to reserve and keep available out of its authorized and unissued shares of Common Stock, solely for the purpose of effecting the conversion of the Preferred Shares, the maximum number of shares of Common Stock as shall from time to time be necessary to effect the conversion of the Preferred Shares then outstanding (without regard to any limitations on conversion contained herein).

17. Failure or Indulgence Not Waiver. No failure or delay on the part of a Holder in the exercise of any power, right or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or privilege preclude other or further exercise thereof or of any other right, power or privilege. No waiver shall be effective unless it is in writing and signed by an authorized representative of the waiving party. This Certificate of Designation shall be deemed to be jointly drafted by the Company and all Holders and shall not be construed against any Person as the drafter hereof.

18. Notices. The Company shall provide each Holder of Preferred Shares with prompt written notice of all actions taken pursuant to the terms of this Certificate of Designation, including in reasonable detail a description of such action and the reason therefor. Whenever notice is required to be given under this Certificate of Designation, unless otherwise provided herein, such notice must be in writing and shall be given in accordance with Section 8.01 of the Merger Agreement or, with respect to any Holder, to the last address the Company has on file for such Holder in its register. Without limiting the generality of the foregoing, the Company shall give written notice to each Holder (i) promptly following any adjustment of the Conversion Price, setting forth in reasonable detail, and certifying, the calculation of such adjustment and (ii) at least fifteen (15) days prior to the date on which the Company closes its books or takes a record (A) with respect to any dividend or distribution upon the Common Stock, (B) with respect to any grant, issuances, or sales of any Options, Convertible Securities or rights to purchase stock, warrants, securities or other property to all holders of shares of Common Stock as a class or (C) for determining rights to vote with respect to any Fundamental Transaction, dissolution or liquidation, provided, in each case, that such information shall be made known to the public prior to, or simultaneously with, such notice being provided to any Holder.

19. Transfer of Preferred Shares. The Holder may transfer some or all of its Preferred Shares without the consent of the Company.

20. Preferred Shares Register. The Company shall maintain at its principal executive offices (or such other office or agency of the Company as it may designate by notice to the Holders), a register for the Preferred Shares, in which the Company shall record the name, address and facsimile number of the Persons in whose name the Preferred Shares have been issued, as well as the name and address of each transferee. The Company may treat the Person in whose name any Preferred Shares is registered on the register as the owner and holder thereof for all purposes, notwithstanding any notice to the contrary, but in all events recognizing any properly made transfers.

21. Stockholder Matters; Amendment.

(a) Stockholder Matters. Any stockholder action, approval or consent required, desired or otherwise sought by the Company pursuant to the NRS, the Articles of Incorporation, this Certificate of Designation or otherwise with respect to the issuance of Preferred Shares may be effected by written consent of the Company's stockholders or at a duly called meeting of the Company's stockholders, all in accordance with the applicable rules and regulations of the NRS. This provision is intended to comply with the applicable sections of the NRS permitting stockholder action, approval and consent affected by written consent in lieu of a meeting.

(b) Amendment. This Certificate of Designation or any provision hereof may be amended by obtaining the affirmative vote at a meeting duly called for such purpose, or written consent without a meeting in accordance with the NRS, of the Required Holders, voting separate as a single class, and with such other stockholder approval, if any, as may then be required pursuant to the NRS and the Articles of Incorporation.

22. Dispute Resolution.

(a) Disputes Over Closing Bid Price, Closing Sale Price, Conversion Price or Fair Market Value.

(i) In the case of a dispute relating to a Closing Bid Price, a Closing Sale Price, a Conversion Price or fair market value (as the case may be) (including, without limitation, a dispute relating to the determination of any of the foregoing), the Company or such applicable Holder (as the case may be) shall submit the dispute via facsimile (I) within two (2) Business Days after delivery of the applicable notice giving rise to such dispute to the Company or such Holder (as the case may be) or (II) if no notice gave rise to such dispute, at any time after such Holder learned of the circumstances giving rise to such dispute. If such Holder and the Company are unable to resolve such dispute relating to such Closing Bid Price, such Closing Sale Price, such Conversion Price or such fair market value (as the case may be) by 5:00 p.m. (New York time) on the third (3rd) Business Day following such delivery by the Company or such Holder (as the case may be) of such dispute to the Company or such Holder (as the case may be), then such Holder shall select an independent, reputable investment bank to resolve such dispute.

(ii) Such Holder and the Company shall each deliver to such investment bank (x) a copy of the initial dispute submission so delivered in accordance with the first sentence of this Section 22(a) and (y) written documentation supporting its position with respect to such dispute, in each case, no later than 5:00 p.m. (New York time) by the fifth (5th) Business Day immediately following the date on which such Holder selected such investment bank (the "**Dispute Submission Deadline**") (the documents referred to in the immediately preceding clauses (x) and (y) are collectively referred to herein as the "**Required Dispute Documentation**") (it being understood and agreed that if either such Holder or the Company fails to so deliver all of the Required Dispute Documentation by the Dispute Submission Deadline, then the party who fails to so submit all of the Required Dispute Documentation shall no longer be entitled to (and hereby waives its right to) deliver or submit any written documentation or other support to such investment bank with respect to such dispute and such investment bank shall resolve such dispute based solely on the Required Dispute Documentation that was delivered to such investment bank prior to the Dispute Submission Deadline). Unless otherwise agreed to in writing by both the Company and such Holder or otherwise requested by such investment bank, neither the Company nor such Holder shall be entitled to deliver or submit any written documentation or other support to such investment bank in connection with such dispute (other than the Required Dispute Documentation).

(iii) The Company and such Holder shall cause such investment bank to determine the resolution of such dispute and notify the Company and such Holder of such resolution no later than ten (10) Business Days immediately following the Dispute Submission Deadline. The fees and expenses of such investment bank shall be borne solely by the Company, and such investment bank's resolution of such dispute shall be final and binding upon all parties absent manifest error.

(b) Disputes Over Arithmetic Calculation of the Conversion Rate.

(i) In the case of a dispute as to the arithmetic calculation of a Conversion Rate, the Company or such Holder (as the case may be) shall submit the disputed arithmetic calculation via facsimile (i) within two (2) Business Days after delivery of the applicable notice giving rise to such dispute to the Company or such Holder (as the case may be) or (ii) if no notice gave rise to such dispute, at any time after such Holder learned of the circumstances giving rise to such dispute. If such Holder and the Company are unable to resolve such disputed arithmetic calculation of such Conversion Rate by 5:00 p.m. (New York time) on the third (3rd) Business Day following such delivery by the Company or such Holder (as the case may be) of such disputed arithmetic calculation, then such Holder shall select an independent, reputable accountant or accounting firm to perform such disputed arithmetic calculation.

(ii) Such Holder and the Company shall each deliver to such accountant or accounting firm (as the case may be) (x) a copy of the initial dispute submission so delivered in accordance with the first sentence of this Section 22(a) and (y) written documentation supporting its position with respect to such disputed arithmetic calculation, in each case, no later than 5:00 p.m. (New York time) by the fifth (5th) Business Day immediately following the date on which such Holder selected such accountant or accounting firm (as the case may be) (the "**Submission Deadline**") (the documents referred to in the immediately preceding clauses (x) and (y) are collectively referred to herein as the "**Required Documentation**") (it being understood and agreed that if either such Holder or the Company fails to so deliver all of the Required Documentation by the Submission Deadline, then the party who fails to so submit all of the Required Documentation shall no longer be entitled to (and hereby waives its right to) deliver or submit any written documentation or other support to such accountant or accounting firm (as the case may be) with respect to such disputed arithmetic calculation and such accountant or accounting firm (as the case may be) shall perform such disputed arithmetic calculation based solely on the Required Documentation that was delivered to such accountant or accounting firm (as the case may be) prior to the Submission Deadline). Unless otherwise agreed to in writing by both the Company and such Holder or otherwise requested by such accountant or accounting firm (as the case may be), neither the Company nor such Holder shall be entitled to deliver or submit any written documentation or other support to such accountant or accounting firm (as the case may be) in connection with such disputed arithmetic calculation of the Conversion Rate (other than the Required Documentation).

(iii) The Company and such Holder shall use their respective commercial best efforts to cause such accountant or accounting firm (as the case may be) to perform such disputed arithmetic calculation and notify the Company and such Holder of the results no later than ten (10) Business Days immediately following the Submission Deadline. The fees and expenses of such accountant or accounting firm (as the case may be) shall be borne solely by the Company, and such accountant's or accounting firm's (as the case may be) arithmetic calculation shall be final and binding upon all parties absent manifest error.

(c) Miscellaneous. The Company expressly acknowledges and agrees that (i) this Section 22 constitutes an agreement to arbitrate between the Company and such Holder (and constitutes an arbitration agreement) under § 7501, et seq. of the New York Civil Practice Law and Rules ("**CPLR**") and that each party shall be entitled to compel arbitration pursuant to CPLR § 7503(a) in order to compel compliance with this Section 22, (ii) the terms of this Certificate of Designation and each other applicable Transaction Document shall serve as the basis for the selected investment bank's resolution of the applicable dispute, such investment bank shall be entitled (and is hereby expressly authorized) to make all findings, determinations and the like that such investment bank determines are required to be made by such investment bank in connection with its resolution of such dispute and in resolving such dispute such investment bank shall apply such findings, determinations and the like to the terms of this Certificate of Designation and any other applicable Transaction Documents, (iii) the terms of this Certificate of Designation and each other applicable Transaction Document shall serve as the basis for the selected accountant's or accounting firm's performance of the applicable arithmetic calculation, (iv) for clarification purposes and without implication that the contrary would otherwise be true, disputes relating to matters described in Section 22(a) shall be governed by Section 22(a) and not by Section 22(b), (v) such Holder (and only such Holder), in its sole discretion, shall have the right to submit any dispute described in this Section 22 to any state or federal court sitting in The City of New York, Borough of Manhattan in lieu of utilizing the procedures set forth in this Section 22 and (vi) nothing in this Section 22 shall limit such Holder from obtaining any injunctive relief or other equitable remedies (including, without limitation, with respect to any matters described in Section 22(a) or Section 22(b)).

23. Certain Defined Terms. For purposes of this Certificate of Designation, the following terms shall have the following meanings:

(a) "**1934 Act**" means the Securities Exchange Act of 1934, as amended.

(b) "**Attribution Parties**" means, with respect to any given Holder, collectively, the following Persons and entities: (i) any investment vehicle, including, any funds, feeder funds or managed accounts, currently, or from time to time after the issuance of the Preferred Shares, directly or indirectly managed or advised by such Holder's investment manager or any of its affiliates or principals, (ii) any direct or indirect affiliates of such Holder or any of the foregoing, (iii) any Person acting or who could be deemed to be acting as a group together with such Holder or any of the foregoing and (iv) any other Persons whose beneficial ownership of the Company's Common Stock would or could be aggregated with such Holder's and the other Attribution Parties for purposes of Section 13(d) of the 1934 Act. For clarity, the purpose of the foregoing is to subject collectively such Holder and all other Attribution Parties to the Maximum Percentage.

(c) "**Base Amount**" means, with respect to each Preferred Share, as of the applicable date of determination, the sum of (1) the Stated Value thereof, plus (2) the Unpaid Dividend Amount thereon as of such date of determination.

CF MARATHON LLC

LIMITED LIABILITY COMPANY AGREEMENT

LIMITED LIABILITY COMPANY AGREEMENT (this "Agreement") of CF Marathon LLC (the "Company") is entered into as of October 20, 2017, by and among CF DB EZ, LLC, a Delaware limited liability company (the "Class A Member "), Marathon Patent Group, Inc., a Delaware corporation (the "Class B Member") and the Company.

WHEREAS, pursuant to the filing of the Certificate of Formation (the "Certificate of Formation") with the office of the Secretary of State of the State of Delaware, the Company was formed on October 9, 2017, as a limited liability company in accordance with the Delaware Limited Liability Company Act, codified in Chapter 18 of Title 6 of the Delaware Code, as the same may be amended from time to time (the "Act");

WHEREAS, in connection with the transactions contemplated by the Restructuring Agreement, the Class A Member and the Class B Member desire to, and to cause the Company to, enter into this Agreement; and

WHEREAS, simultaneous with the execution of this Agreement the parties intend that (i) the Class B Member, or its Affiliates, will transfer all of its ownership rights with respect to the Rensselaer Polytechnic Institute Portfolio, the CPT IP Holdings, LLC Portfolio and the Siemens Switzerland Ltd. and Siemens Industry Inc. Portfolio to the Class A Member in exchange for cancellation in full of the Notes and all Note Obligations, (ii) the Class A Member will in turn contribute all of its ownership rights received from the Class B Member, or its Affiliates, pursuant to the preceding clause (i) to the Company in exchange for an interest in the Company, (iii) The Company will in turn transfer all of its ownership rights with respect to the Rensselaer Polytechnic Institute Portfolio to CF Dynamic Advances LLC, all of its ownership rights to the CPT IP Holdings, LLC Portfolio to CF Traverse LLC and all of its ownership rights to the Siemens Switzerland Ltd. and Siemens Industry Inc. Portfolio to CF Magnus LLC, each of which are wholly owned Subsidiaries of the Company (collectively, the "Portfolio Holders") as contemplated pursuant to the terms of the Restructuring Agreement and pursuant to the terms of the Patent Assignment Agreements dated as of the date hereof by and between the Class B Member, or its Affiliates, and each of the Portfolio Holders (the "Patent Assignments"); (iv) the Class A Member contributed all of its rights under the Restructuring Agreement to the Company, and (v) the Profits Interest Holders have provided their consent to the Patent Assignments; it being that for administrative convenience the end result of the actions described in clauses (i) through (iii) above will be achieved through the Class B Member, or its Affiliates, directly contributing all of the ownership rights with respect to the Rensselaer Polytechnic Institute Portfolio to CF Dynamic Advances LLC, all of the ownership rights to the CPT IP Holdings, LLC Portfolio to CF Traverse LLC and all of the ownership rights to the Siemens Switzerland Ltd. and Siemens Industry Inc. Portfolio to CF Magnus LLC, the Class A Member's cancellation in full of the Notes and all Note Obligations and the Company's issuance of an interest in the Company to the Class A Member.

NOW, THEREFORE, in consideration of the mutual covenants herein contained and other valuable consideration, the receipt and adequacy of which are hereby acknowledged, each of the Company and the Members hereby agree as follows:

1. DEFINITIONS

For purposes of this Agreement the following terms shall have the following meanings:

"Act" has the meaning set forth in the Recitals hereto.

"Affiliate" means, with respect to any specified Person, any Person that directly or through one or more intermediaries controls or is controlled by or is under common control with the specified Person. As used in this definition, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through ownership of voting securities, by contract or otherwise.

"Agreement" has the meaning set forth in the Preamble hereto.

"Asset Value" of any tangible or intangible property of the Company (including goodwill) means its adjusted basis for federal income tax purposes unless:

(a) the property was accepted by the Company as a contribution to capital at a value different than its adjusted basis, in which event the initial Asset Value for such property means the gross fair value of such asset, as determined by the Managing Member; or

(b) as a consequence of the grant of an interest in the Company or the redemption of all or part of the interest of a Member, the property of the Company is revalued in accordance with Section 5.2.

As of any date, references to the "then prevailing Asset Value" of any property means the Asset Value last determined for such property less the depreciation, amortization and cost recovery deductions taken into account in computing Net Profit or Net Loss in fiscal periods subsequent to such prior determination date.

2. FORMATION AND PURPOSE

2.1. Formation, etc. The Company was formed as a limited liability company pursuant to the Act by the filing of the Certificate of Formation, which was executed, delivered and filed with the Secretary of State of the State of Delaware by the Class A Member, as a designated "authorized person" within the meaning of the Act. The rights, duties and liabilities of the Members shall be determined pursuant to the Act and this Agreement. To the extent that such rights, duties or obligations are different by reason of any provision of this Agreement than they would be in the absence of such provision, this Agreement shall, to the extent permitted by the Act, control.

2.2. Name. The name of the Company is CF Marathon LLC. The business of the Company may be conducted under that name or, upon compliance with applicable laws, any other name that the Managing Member deems appropriate or advisable. The Managing Member shall file, or shall cause to be filed, any fictitious name certificates and similar filings, and any amendments thereto, that the Managing Member considers appropriate or advisable.

2.3. Registered Office/Agent. The registered office required to be maintained by the Company in the State of Delaware pursuant to the Act shall be: c/o The Corporation Trust Company, Corporation Trust Center, 1209 Orange Street, Wilmington, DE 19801. The name and address of the registered agent of the Company pursuant to the Act shall initially be The Corporation Trust Company, Corporation Trust Center, 1209 Orange Street, Wilmington, DE 19801. The Company may, upon compliance with the applicable provisions of the Act, change its registered office or registered agent from time to time in the discretion of the Managing Member.

2.4. Term. The term of the Company shall continue indefinitely unless sooner terminated as provided herein. The existence of the Company as a separate legal entity shall continue until the cancellation of the Certificate of Formation as provided in the Act.

2.5. Purpose. The Company is formed for the purpose of, and the nature of the business to be conducted by the Company is, engaging in any lawful act or activity for which limited liability companies may be formed under the Act and engaging in any activities necessary, convenient or incidental thereto. Without limited the generality of the preceding sentence, the Members intend that the activities of the Company and its subsidiaries shall be limited to the maintenance and monetization of the Company's intellectual property, and activities reasonably related thereto, which may include the maintenance and monetization of additional patent portfolios to the extent that the Managing Member deems such to be desirable and on such terms as are determined by the Managing Member, in its sole discretion, to aid in the monetization of the Company's intellectual property.

2.6. Specific Powers. Without limiting the generality of Section 2.5, the Company shall have the power and authority to take any and all actions necessary, appropriate, proper, advisable, incidental or convenient to or for the furtherance of the purpose set forth in Section 2.5, including, but not limited to, the power:

(a) to conduct its business, carry on its operations and have and exercise the powers granted to a limited liability company by the Act in any country, state, territory, district or other jurisdiction, whether domestic or foreign;

(b) to acquire by purchase, lease, contribution of property or otherwise, own, hold, operate, maintain, finance, improve, lease, sell, convey, mortgage, transfer, demolish or dispose of any real or personal property;

(c) to negotiate, enter into, renegotiate, extend, renew, terminate, modify, amend, waive, execute, perform and carry out and take any other action with respect to contracts or agreements of any kind, including without limitation leases, licenses, guarantees and other contracts for the benefit of or with any Member or any Affiliate of any Member, without regard to whether such contracts may be deemed necessary, convenient to, or incidental to the accomplishment of the purposes of the Company;

(d) to purchase, take, receive, subscribe for or otherwise acquire, own, hold, vote, use, employ, sell, mortgage, lend, pledge, or otherwise dispose of, and otherwise use and deal in and with, shares or other interests in or obligations of domestic or foreign corporations, associations, general or limited partnerships, trusts, limited liability companies, or individuals or other Persons or direct or indirect obligations of the United States or of any government, state, territory, governmental district or municipality or of any instrumentality of any of them;

(e) to lend money, to invest and reinvest its funds, and to accept real and personal property for the payment of funds so loaned or invested;

(f) to borrow money and issue evidence of indebtedness, and to secure the same by a mortgage, pledge, security interest or other lien on the assets of the Company;

(g) to make payments of Third Party Expenses or other Company expenses to any Person, including a Member;

(h) to pay, collect, compromise, litigate, arbitrate or otherwise adjust or settle any and all other claims or demands of or against the Company or to hold such proceeds against the payment of contingent liabilities;

(i) to sue and be sued, complain and defend, and participate in administrative or other proceedings, in its name;

(j) to appoint employees, officers, agents and representatives of the Company, and define their duties and fix their compensation;

(k) to indemnify any Person in accordance with the Act and this Agreement;

(l) to cease its activities and cancel its Certificate of Formation; and

(m) to make, execute, acknowledge and file any and all documents or instruments necessary, convenient or incidental to the accomplishment of the purpose of the Company.

2.7. Principal Office. The principal executive office of the Company shall be located at such place within or without the State of Delaware as the Managing Member shall establish, and the Managing Member may from time to time change the location of the principal executive office of the Company to any place within or without the State of Delaware. The Managing Member may establish and maintain such additional offices and places of business of the Company, either within or without the State of Delaware, as it deems appropriate.

3. MEMBERS

3.1. Members. The name and the business address of the Members of the Company are set forth on Schedule 3.1.

3.2. Initial Capital Contributions. Upon the execution of this Agreement, the Class A Member shall contribute assets or other property to the Company set forth on Schedule 3.2 as such Member's initial Capital Contribution, and the Company shall be deemed to cause the Patents to be contributed to each respective Portfolio Holder in accordance with the Patent Assignments.

3.3. Additional Capital Contributions. No Member shall be obligated to make any additional Capital Contributions.

3.4. Return of Capital Contributions. The Members shall not have the right to demand a return of all or any part of its Capital Contributions, and any return of the Capital Contributions of the Members shall be made solely from the assets of the Company and only in accordance with the terms of this Agreement and the Act. No interest shall be paid to the Members with respect to its Capital Contributions except as otherwise set forth herein.

4. STATUS AND RIGHTS OF THE MEMBERS

4.1. Limited Liability. Except as otherwise provided by the Act, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and neither the Members nor any other Indemnified Party shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member or an Indemnified Party. All Persons dealing with the Company shall look solely to the assets of the Company for the payment of the debts, obligations or liabilities of the Company.

4.2. Return of Distributions of Capital. Except as otherwise expressly required by law, each Member, in its capacity as such, shall have no liability either to the Company or any of its creditors in excess of (a) the amount of such Member's Capital Contributions actually made to the Company, if any, (b) such Member's share of any assets and undistributed profits of the Company and (c) the amount of any distributions distributed to such Member in clear and manifest accounting or similar error.

5. CAPITAL ACCOUNTS.

5.1. Capital Accounts. A separate account (each a "Capital Account") shall be established and maintained for each Member which:

(i) shall be increased by (i) the amount of cash and the Fair Value of any other property contributed by such Member to the Company as a Capital Contribution (net of liabilities secured by such property or that the Company assumes or takes the property subject to), including any Cash Advance or Management Fee as made or earned, as applicable, and (ii) such Member's share of the Net Profit (and other items of income and gain) of the Company; and

(ii) shall be reduced by (i) the amount of cash and the Fair Value of any other property distributed to such Member (net of liabilities secured by such property or that the Member assumes or takes the property subject to) and (ii) such Member's share of the Net Loss (and other items of loss and deduction) of the Company.

It is the intention of the Members that the Capital Accounts of the Company be maintained in accordance with the provisions of Section 704(b) of the Code and the regulations promulgated thereunder and that this Agreement be interpreted consistently therewith.

5.2. Revaluations of Assets and Capital Account Adjustments . Unless otherwise determined by the Managing Member, immediately preceding the grant of any interest in the Company in exchange for cash, property or services to a new or existing Member and upon the redemption of the interest of any Member, the then prevailing Asset Values of the Company shall be adjusted to equal their respective gross Fair Value and any increase in the net equity value of the Company (Asset Values less liabilities) shall be credited to the Capital Accounts of the Members in the same manner as Net Profits are credited under Section 6.5(b) (or any decrease in the net equity value of the Company shall be charged in the same manner as Net Losses are charged under Section 6.5(b)).

5.3. Additional Capital Account Adjustments. Any income of the Company that is exempt from federal income tax shall be credited to the Capital Accounts of the Members in the same manner as Net Profits are credited under Section 6.5(b) when such income is realized. Any expenses or expenditures of the Company which may neither be deducted nor capitalized for tax purposes (or are so treated for tax purposes) shall be charged to the Capital Accounts of the Members in the same manner as Net Losses are charged under Section 6.5(b). If any special adjustments are made to Company property pursuant to Code Sections 734(b) or 743(b), Capital Accounts shall be adjusted to the extent required by the regulations promulgated under Section 704 of the Code.

6. DISTRIBUTIONS; TAX TREATMENT

6.1. Distributions - Managing Member Determination. The Managing Member shall determine the timing and the aggregate amount of Distributions to the Members under Section 6.1(a), in its sole discretion, and shall make the Distributions required by Section 6.1(b) in the due course of business as and when the Managing Member determines that funds become available, and subject in all events to any reserves determined by the Managing Member to be appropriate, including, without limitation and by way of example, to address liabilities or expenses that are either contingent or have not yet been determined or come due and to address any future anticipated expenses. The relative amount of any such Distributions to any Member at any time shall be determined in accordance with this Section 6.1.

(a) Distributions. Except for Liquidating Distributions, Distributions shall be made as follows:

(i) First, to the Class A Member until it has received an amount equal to the sum of (x) the Cash Advance Accrual Amount, plus (y) the Management Fee Accrual Amount, plus (z) $24,500,000; and

(ii) Second, 55% to the Class A Member, 30% to the Class B Member and 15% to the Profits Interest Holders.

(b) Liquidating Distributions. Distributions made in connection with the liquidation of the Company ("Liquidating Distributions") shall be made in accordance with Section 10.2.

(c) Any payment to be made to the Profits Interests Holders shall be as designated by the Profits Interests Holders, jointly.

6.2. No Violation. Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make a Distribution to any Member on account of such Member's interest in the Company if such Distribution would violate Section 18-607 of the Act or other applicable law.

6.3. Withholding, Taxes Imposed on the Partnership.

(a) All amounts withheld pursuant to the Code or any federal, state, local or foreign tax law with respect to any payment, distribution or allocation to the Company in respect of a Member shall be treated for all other purposes of this Agreement as amounts distributed to such Member. In addition, the Managing Member is authorized to withhold from Distributions to Members, and to pay over to the appropriate federal, state, local or foreign government any amounts so required to be withheld, and any such withheld amounts shall be treated as amounts loaned to such Member. The withholdings by the Company referred to in this Section 6.3 shall be made at the maximum statutory rate under applicable laws unless the Company has received an opinion of counsel, or other evidence satisfactory to the Managing Member, that a lower rate is applicable, or that no withholding is required or otherwise necessary. The provisions of this Section 6.3 shall survive the termination, dissolution and winding up of the Company. All Members shall provide the Managing Member with a properly completed and signed IRS Form W-9 or W-8BEN-E, as appropriate, upon becoming a Member, at such time such previously delivered form becomes inaccurate or expires and at such times as requested by the Managing Member produce any information or document reasonably necessary to determine and effect withholdings.

(b) The parties acknowledge that ownership of an interest in the Company, including as a Profits Interest Holder, could result in such member being (i) allocated income (or losses) that are considered effectively connected with a U.S trade or business for U.S. federal income tax purposes and (ii) required to file a U.S. federal income tax return.

(c) To the extent the Company at any time is required to pay any taxes that are attributable to a Member of the Company (including a Profits Interest Holder), such Member shall indemnify the Company for any such taxes. In addition, the Company or any Affiliate of the Company shall have the ability to set off any such taxes paid by the Company that are attributable to a Member against any amount owed to such Member by the Company or by an Affiliate of this Company under this agreement or under any other agreement among the parties (including any agreement between a Member and an Affiliate of the Company). For the avoidance of doubt, to the extent that the Company or any of its Affiliates applies any set-off pursuant to the preceding sentence against any Member, such Member's obligation to indemnify the Company pursuant to the second preceding sentence will be reduced by the amount of such set-off.

6.4. Property Distributions and Installment Sales. If any assets of the Company shall be distributed in kind pursuant to this Section 6.4, such assets shall be distributed to the Members entitled thereto in the same proportions as the Members would have been entitled to cash Distributions. The amount by which the Fair Value of any property to be distributed in kind to the Members exceeds or is less than the then prevailing Asset Value of such property shall, to the extent not otherwise recognized by the Company, be taken into account in determining Net Profit and Net Loss and determining the Capital Accounts of the Members as if such property had been sold at its Fair Value immediately prior to such Distribution.

6.5. Net Profit or Net Loss.

(a) The "Net Profit" or "Net Loss" of the Company for each year or relevant part thereof shall mean the Company's taxable income or loss for federal income tax purposes for such period (including all items of income, gain, loss or deduction required to be stated separately pursuant to Section 703(a)(1) of the Code), with the following adjustments:

(i) Gain or loss attributable to the disposition of property of the Company with an Asset Value different from the adjusted basis of such property for federal income tax purposes shall be computed with respect to the Asset Value of such property, and any tax gain or loss not included in Net Profit or Net Loss shall be taken into account and allocated for federal income tax purposes among the Members pursuant to Section 6.7.

(ii) In lieu of the depreciation, amortization or other cost recovery deductions taken into account in computing such taxable income or loss, depreciation, amortization or cost recovery deductions allowable with respect to any property the Asset Value of which differs from its adjusted tax basis for federal income tax purposes shall be equal to an amount that bears the same ratio to such beginning Asset Value as the federal income tax depreciation, amortization or other cost recovery deductions for such period bear to such beginning adjusted tax basis; provided, however, that if the adjusted tax basis of the property at the beginning of such period is zero, depreciation shall be determined with respect to such asset using any reasonable method selected by the Managing Member.

(iii) Any items that are required to be specially allocated pursuant to Section 6.6 shall not be taken into account in determining Net Profit or Net Loss.

(b) Allocations of Income, Gain, Loss, Deduction and Credit. Net Profit or Net Loss of the Company or to the extent appropriate items thereof for any relevant period shall be allocated among the Members in a manner such that the Capital Accounts of each Member, immediately after giving effect to such allocation, are, as nearly as possible, equal (proportionately) to the Distributions that would be made to such Member pursuant to Section 6.1(a) if the Company were dissolved and terminated and its affairs were wound up.

6.6. Regulatory Allocations. Although the Members do not anticipate that events will arise that will require application of this Section 6.6, provisions are included in this Agreement governing the allocation of income, gain, loss, deduction and credit (and items thereof) as may be necessary to provide that the Company's allocation provisions contain a so-called "Qualified Income Offset" and comply with all provisions relating to the allocation of so-called "Non-recourse Deductions" and "Partner Non-recourse Deductions" and the chargeback thereof as set forth in the regulations promulgated under Section 704(b) of the Code (such regulatory allocations, "Regulatory Allocations"); provided, however, that the Members intend that all Regulatory Allocations that may be required shall be offset by other Regulatory Allocations or special allocations of items so that the share of the Net Profit and Net Loss of the Company of each Member will be the same as it would have been had the events requiring the Regulatory Allocations not occurred. For this purpose the Managing Member, based on the advice of the Company's auditors or tax counsel, is hereby authorized to make such special curative allocations as may be appropriate.

6.7. Tax Allocations; Contributed Assets; Revalued Assets; Elections and Limitations.

(a) Tax Allocations. Except as set forth below, or as otherwise required by law, all items of income, gain, losses, deduction and credit shall be allocated by the Managing Member for federal, state and local income tax purposes, in the same manner as such items of income, gain, loss, deduction and credit shall be allocated among such Members pursuant to Section 6.5(b), except to the extent otherwise required by Section 704(c) of the Code and the regulations promulgated thereunder or as required by law.

(b) Contributed Assets. In accordance with Section 704(c) of the Code, income, gain, loss and deduction with respect to any property contributed to the Company with an adjusted basis for federal income tax purposes different from the initial Asset Value at which such property was accepted by the Company shall, solely for tax purposes, be allocated among the Members so as to take into account such difference in the manner required by Section 704(c) of the Code and the applicable regulations promulgated thereunder.

(c) Revalued Assets. If the Asset Value of any asset of the Company is adjusted pursuant to Section 5.2, subsequent allocations of income, gain, loss and deduction with respect to such asset shall, solely for tax purposes, be allocated among the Members so as to take into account such adjustment in the same manner as under Section 704(c) of the Code and the applicable regulations promulgated thereunder.

(d) Elections and Limitations. The allocations required by this Section 6.7 are solely for purposes of federal, state and local income taxes and shall not affect either the allocation of Net Profits or Net Losses as between Members or any Member's Capital Account. All tax allocations required by this Section 6.7 shall be made using the so called "traditional method" described in Regulation 1.704-3(b); provided, however, that the Managing Member, upon the advice of the Company's auditors or tax counsel, may elect to use the so-called "traditional method with curative allocations" described in Regulation 1.704-3(c).

6.8. Changes in Members' Interest. If during any year of the Company there is a change in any Member's interest in the Company, the Managing Member shall confer with the tax advisors to the Company and, in conformity with such advice, allocate the Net Profit or Net Loss to the Members so as to take into account the varying interests of the Members in the Company in a manner that complies with the provisions of Section 706 of the Code and the regulations promulgated thereunder.

6.9. Tax Position. Without providing prior written notice to the Company and obtaining the prior written consent of the Managing Member, no Member will take a position on such Member's federal income tax return, in any claim for refund or in any administrative or legal proceedings that is inconsistent with this Agreement or with any information return filed by the Company.

6.10. Information. Upon request of the Class B Member or the Profits Interest Holders, in either case not more than once per calendar year, the Company shall permit a nationally recognized accounting firm hired by such Member to, during normal business hours and in a manner that does not interfere with the day to day operations of the Company, visit and inspect any of its property, corporate books, and financial records related to the Patents, to examine of its books of accounts and other financial records related to the Patents and its Monetization Activities and Monetization Revenues, and to discuss its affairs, finances, and accounts with, and to be advised as to the same by, its managers, officers, and employees, in each case, subject to exceptions determined by the Managing Member for privileged or confidential information. All costs and expenses incurred in connection with the exercise of the Class B Member or Profits Interest Holders' rights pursuant to this Section 6.10 shall be paid by the Member so exercising.

7. MANAGEMENT AND CONTROL

7.1. Managing Member; Authority. The Class A Member (the "Managing Member") shall have the exclusive power and authority to manage the business, affairs and assets of the Company and its Subsidiaries and to make all decisions with respect thereto, including, without limitation, the exclusive power and authority to make any and all decisions, in any manner it sees fit, relating to, and shall otherwise fully, solely, absolutely and irrevocably control in all respects, the Patents and any Monetization Activities, including by way of example and not limitation: (w) the initiation, direction, termination, conclusion or negotiation of any assignment, sale or license (whether directly or through multiple tiers or sub-licensees) of any Patent or any other type of a Monetization Activity of any nature or description; (x) the maintenance or abandonment, in whole or in part, of any one or more of the Patents; (y) the discretion to allocate revenues from Monetization Activities among multiple portfolios where Monetization Activities involve more than one portfolio; or (z) the discretion to make or to decline to make Cash Advances. Any action taken by the Managing Member on behalf of the Company shall constitute the act of and serve to bind the Company. In dealing with the Managing Member acting on behalf of the Company, no Person shall be required to inquire into the authority of the Managing Member to bind the Company. Persons and entities dealing with the Company are entitled to rely conclusively on the power and authority of the Managing Member as set forth in this Agreement. Except as otherwise specifically provided in this Agreement, the Managing Member shall have all rights and powers of a "Managing Member" under the Act, and shall have all authority, rights and powers in the management of the Company business to do any and all other acts and things necessary, proper, convenient or advisable to effectuate the purposes of this Agreement.

7.2. Officers; Agents. The Managing Member may, from time to time, designate one or more officers and agents to act for the Company with such titles, if any, as the Managing Member deems appropriate and to delegate to such officers or agents such of the powers as are granted to the Managing Member hereunder, including the power to execute documents on behalf of the Company, as the Managing Member may in its sole discretion determine; provided, however, that no such delegation by the Managing Member shall cause the Persons so appointed or delegated to be deemed a "Managing Member" within the meaning of the Act. The officers or agents so appointed may include persons holding titles such as Executive Chairman, Chief Executive Officer, Chief Operating Officer, President, Chief Financial Officer, Deputy Chief Financial Officer, Chief Accounting Officer, Executive Vice President, Senior Vice President, Vice President, Assistant Vice President, Treasurer, Controller, Secretary or Assistant Secretary. Any officer may be removed at any time with or without cause. Unless the authority of the agent designated as the officer in question is limited in the document appointing such officer or is otherwise specified by the Managing Member, any officer so appointed shall have the same authority to act for the Company as a corresponding officer of a Delaware corporation would have to act for a corporation in the absence of a specific delegation of authority and all deeds, leases, transfers, contracts, bonds, notes, checks, drafts or other obligations made, accepted or endorsed by the Company may be signed by the Executive Chairman, the President, a Vice President (including any Assistant Vice President) or the Treasurer, Chief Financial Officer, Chief Accounting Officer, Controller, Secretary or Assistant Secretary at the time in office. The Managing Member, in its sole discretion, may ratify any act previously taken by an officer or agent acting on behalf of the Company.

7.3. Reliance by Third Parties. Any Person dealing with the Company or a Member may rely upon a certificate signed by the Managing Member as to: (a) the identity of the Members, (b) the existence or non-existence of any fact or facts which constitute a condition precedent to acts by any Member or are in any other manner germane to the affairs of the Company, (c) the persons who or entities which are authorized to execute and deliver any instrument or document of or on behalf of the Company or (d) any act or failure to act by the Company or as to any other matter whatsoever involving the Company or any Member.

7.4. Waiver of Fiduciary Duties. To the fullest extent permitted by applicable law, no Member, in his, her or its capacity as a Member or Managing Member, shall have any duties or liabilities, including fiduciary duties, to the Company or any other Member and all such duties or liabilities are hereby irrevocably disclaimed and eliminated. The provisions of this Agreement, to the extent that they restrict or otherwise modify or eliminate the duties and liabilities, including fiduciary duties, of a Member otherwise existing at law or in equity, are agreed by the Members to replace any such other duties or liabilities of a Member.

7.5. Tax Matters Partner; Partnership Representative.

7.5.1 To the extent the Company is required to have a "tax matters partner" under Section 6231(a)(7) of the Code (the "Tax Matters Partner"), the Class A Member shall act as the Tax Matters Partner. The Tax Matters Partner may resign at any time. The Company shall pay and be responsible for all reasonable third-party costs and expenses incurred by the Tax Matters Partner in performing its duties and any costs incurred by the Tax Matters Partner in connection with an audit of a Company income tax return, and any such costs and expenses shall be Cash Advances.

7.5.2 For all taxable years beginning on or after January 1, 2018, the Class A Member (or any other Person designated by the Class A Member) shall be designated as the "partnership representative" (the "Partnership Representative"), as defined in Code Section 6223 (as in effect following the effective date of its amendment by Section 1101 of H.R. 1314, the "Bipartisan Budget Act of 2015") and the Company and the Members shall complete any necessary actions (including executing any required certificates or other documents) to effect such designation. The Partnership Representative may resign at any time. The Company shall pay and be responsible for all third-party costs incurred by the Partnership Representative in performing its duties and any costs and expenses incurred by the Partnership Representative in connection with an audit of a Company income tax return, which costs and expenses shall be treated as Cash Advances. The Partnership Representative may make any elections available to be made as Partnership Representative, including, without limitation, the election described in Code Section 6226(a)(1) (as in effect following the effective date of its amendment by Section 1101 of the Bipartisan Budget Act of 2015). In the event that the Company becomes liable for any taxes, interest or penalties under Section 6225 of the Code, (i) each Person that was a Member of the Company for the taxable year to which such liability relates shall indemnify, defend and hold harmless the Company for such Person's allocable share of the amount of such tax liability, including any interest and penalties associated therewith, (ii) the Company may cause the Members (including any former Member) to whom such liability relates to pay, and each such Member hereby agrees to pay, such amount to the Company, and such amount shall not be treated as a Capital Contribution, and (iii) without reduction to a Member's (or former Member's) obligations under this Section 7.5.2, any amount paid by the Company that is attributable to a Member and that is not paid by such Member pursuant to clause (ii) above, shall be treated for purposes of this Agreement as (A) a distribution to such Member for purposes of Section 6.1, and (B) a reduction to such Member's Capital Account balance. The provisions contained in this Section 7.5.2 shall survive the dissolution of the Company and the withdrawal of any Member or the assignment of any Member's interest in the Company.

7.5.3 The Company shall indemnify and hold harmless the Tax Matters Partner or Partnership Representative, as applicable, from and against any loss, liability, damage, cost or expense (including attorneys' and accountants' fees) sustained or incurred as a result of any act or decision concerning Company tax matters and within the scope of such Member's responsibility as Tax Matters Partner or Partnership Representative, as applicable. All amounts indemnified shall be advanced as incurred, and shall be treated as Cash Advances. The Tax Matters Partner or Partnership Representative, as applicable, shall be entitled to rely on the advice of outside legal counsel and accountants as to the nature and scope of its responsibilities and authority, and any act or omission of the Tax Matters Partner or Partnership Representative pursuant to such advice in no event shall subject the Tax Matters Partner or Partnership Representative to liability to the Company or any Member.

7.5.4 Each Member agrees that any action taken by the Tax Matters Partner or Partnership Representative, as applicable, in connection with audits of the Company or any other matters relating to taxes shall be binding upon such Members and each such Members further agrees that such Members shall not treat any Company item inconsistently on such Member's income tax return with the treatment of the item on the Company's return and that such Member shall not independently act with respect to tax audits or tax proceedings affecting the Company, unless previously authorized to do so in writing by the Tax Matters Representative or Partnership Representative, as applicable, which authorization may be withheld by the Tax Matters Representative or Partnership Representative, as applicable, in its sole discretion.

7.6. Tax Elections. The Class A Member shall have the authority to make, and abstain from making, all Company elections permitted under the Code.

8. TRANSFER OF INTERESTS

8.1. Transfer of Interests. The Members may not sell, assign, pledge, encumber, dispose of or otherwise transfer (a "Transfer") all or any part of the economic or other rights that comprise its interest in the Company without the prior written consent of the Managing Member, which consent will not be unreasonably withheld (any such transferee agrees to be bound by this Agreement); provided, that any Member may withdraw or resign as a Member in its sole discretion for no consideration.

8.2. Drag-Along Right. If the Class A Member proposes a Transfer of all or substantially all of the economic or other rights that comprise its interest in the Company to one or more third parties that are not Affiliates of any Member, the Class A Member shall have the right to require each of the Class B Member and Profits Interest Holders to (i) take all actions reasonably necessary or appropriate to enable the Class A Member to effect such transaction and (ii) sell, Transfer or otherwise dispose of a corresponding percentage of the economic or other rights that comprise the Class B Member and Profits Interest Holders' interest in the Company on the same terms and conditions and at the same time (but at a price that corresponds to such Member's entitlements under Section 6.1(a)) as the Class A Member.

8.3. Tag-Along Right. If at any time the Class A Member proposes to Transfer all or any part of the economic or other rights that comprise its interest in the Company (other than a Transfer to a third party who (i) provides services to the Company or (ii) in connection with a bona fide financing by the Company) to one or more third parties that are not Affiliates of any Member, prior to such Transfer, the Class A Member shall deliver notice of such Transfer to the Class B Member (the "Transfer Notice") and the Class B Member shall have the right for a period of thirty days following delivery of such Transfer Notice to participate in such Transfer and sell its pro rata share of economic or other rights that comprise its interest in the Company on the same terms and conditions and at the same time (but at a price that corresponds to such Member's entitlements under Section 6.1(a)) as the Class A Member.

9. AMENDMENTS TO AGREEMENT

9.1. This Agreement may be amended, modified or waived by the written action of the Managing Member; provided, however, that (a) no amendment, modification or waiver shall alter or modify Section 4.1, to the extent that such amendment or waiver alters or modifies the limited liability of any Member, without the consent of such Member, (b) no amendment or waiver shall require any Member to make additional Capital Contributions to the Company without the written consent of such Member, and (c) no amendment, modification or waiver shall alter or modify Section 6.1(a), 8.2 or 10.2 (or the related definitions) without the written consent of each Member. The Managing Member shall cause to be prepared and filed any amendment to the Certificate of Formation that may be required to be filed under the Act as a consequence of any amendment to this Agreement. Any modification, waiver or amendment to this Agreement pursuant to this Section 9 shall be binding on all Members.

10. DISSOLUTION OF COMPANY

10.1. Events of Dissolution or Liquidation. The Company will dissolve and its affairs will be wound up as may be determined by the Managing Member, or upon the earlier occurrence of any other event causing dissolution of the Company under the Act, provided that, in no event may the Company be dissolved without the prior written consent of the Managing Member; provided further, that, in no event may the Company file any voluntary or involuntary petition or action for relief under any bankruptcy reorganization, insolvency or moratorium law or any other applicable law for relief of, or relating to, debtors, now or hereafter in effect, or seek the appointment of a custodian, receiver, trustee (or other similar official) of the Company or all or any material portion of the Company's assets, or the making of any assignment for the benefit of creditors, or the taking of any action in furtherance of any of the foregoing, in each case, without the prior written consent of the Managing Member. In such event, the Managing Member will proceed diligently to wind up the affairs of the Company and make final distributions, and will cause the existence of the Company to be terminated.

10.2. Liquidation. After termination of the business of the Company, a final allocation shall be made pursuant to Section 6.5 and the assets of the Company shall be distributed in the following order of priority:

(a) to creditors of the Company, including the Members if a creditor to the extent permitted by law, in satisfaction of liabilities of the Company (whether by payment thereof or the making of reasonable provision for payment thereof), and reasonable, actual and documented out-of-pocket expenses incurred by the Class A Member in the performance of such Member's duties as a Class A Member, other than liabilities for Distributions to the Members; and then

(b) to the Members in accordance with Section 6.1(a).

11. INDEMNIFICATION

11.1. General. To the fullest extent permitted by applicable law, the Company shall indemnify, defend, and hold harmless the Members, the Managing Member and any director, officer, partner, stockholder, controlling Person or employee of the Members and any Person serving at the request of the Company as a Managing Member, officer, employee, partner, trustee or independent contractor of another corporation, partnership, limited liability company, joint venture, trust or other enterprise (all of the foregoing Persons being referred to collectively as "Indemnified Parties" and individually as an "Indemnified Party") from any liability, loss or damage incurred by the Indemnified Party by reason of any act performed or omitted to be performed by the Indemnified Party in connection with the business of the Company and from liabilities or obligations of the Company imposed on such Person by virtue of such Person's position with the Company, including reasonable and documented attorneys' fees and costs and any amounts expended in the settlement of any such claims of liability, loss or damage (solely to the extent that the Company has consented in writing to such settlement terms); provided, however, that if the liability, loss, damage or claim arises out of any action or inaction of an Indemnified Party, indemnification under this Section 11 shall be available only if (a) either (i) the Indemnified Party, at the time of such action or inaction, determined in good faith that its, his or her course of conduct was in, or not opposed to, the best interests of the Company or (ii) in the case of inaction by the Indemnified Party, the Indemnified Party did not intend its, his or her inaction to be harmful or opposed to the best interests of the Company and (b) the action or inaction did not constitute fraud, gross negligence or willful misconduct by the Indemnified Party; provided, further, however, that the indemnification under this Section 11.1 shall be recoverable only from the assets of the Company and not from any assets of the Member. Unless the Managing Member determines in good faith that the Indemnified Party is unlikely to be entitled to indemnification under this Section 11 the Company shall pay or reimburse reasonable and documented attorneys' fees of an Indemnified Party as incurred, provided that such Indemnified Party executes an undertaking, with appropriate security if requested by the Managing Member, to repay the amount so paid or reimbursed in the event that a final non-appealable determination by a court of competent jurisdiction that such Indemnified Party is not entitled to indemnification under this Section 11. The Company may pay for insurance covering liability of the Indemnified Party for negligence in operation of the Company's affairs.

11.2. Exculpation. To the fullest extent permitted by applicable law, no Indemnified Party shall be liable, in damages or otherwise, to the Company or to the Members for any loss that arises out of any act performed or omitted to be performed by it, him or her pursuant to the authority granted by this Agreement if (a) either (i) the Indemnified Party, at the time of such action or inaction, determined in good faith that such Indemnified Party's course of conduct was in, or not opposed to, the best interests of the Company or (ii) in the case of inaction by the Indemnified Party, the Indemnified Party did not intend such Indemnified Party's inaction to be harmful or opposed to the best interests of the Company and (b) the conduct of the Indemnified Party did not constitute fraud, gross negligence or willful misconduct by such Indemnified Party. In no event shall the Class A Member or any of its Indemnified Parties be liable, in damages or otherwise, to the Company or to the Members for any loss that arises out of any act performed or omitted to be performed by the Class A Member pursuant to this Agreement, unless such action or omission constitutes intentional common law fraud as determined by a court of competent jurisdiction in a final non-appealable order.

11.3. Agreement Supersedes Duties Prescribed at Law or in Equity, etc. Notwithstanding anything to the contrary in this Agreement or otherwise in law or in equity, to the extent the Class A Member has duties or liabilities relating thereto to the Company or any Member, the Class A Member acting in connection with the Company's business or affairs shall not be liable to the Company or to any Member for its good faith reliance on the provisions of this Agreement. The provisions of this Agreement, to the extent that they restrict or eliminate the duties and liabilities or rights and powers of the Class A Member otherwise existing at law or in equity, are agreed by the Members to replace such other duties, liabilities, rights and powers of such Class A Member to the maximum extent permitted by law. Whenever in this Agreement the Class A Member is permitted or required to make a decision in its "discretion" or under a grant of similar authority or latitude, the Class A Member shall be entitled to consider only such interests and factors as it desires, and shall, to the maximum extent permitted by law, have no duty or obligation to give any consideration to any interest of or factors affecting any Member or the Company.

11.4. Persons Entitled to Indemnity. Any Person who is within the definition of "Indemnified Party" at the time of any action or inaction in connection with the business of the Company shall be entitled to the benefits of this Section 11 as an "Indemnified Party" with respect thereto, regardless of whether such Person continues to be within the definition of "Indemnified Party" at the time of such Indemnified Party's claim for indemnification or exculpation hereunder.

11.5. Procedure Agreements. The Company may enter into an agreement with any of its officers, employees, consultants, counsel and agents or the Member, setting forth procedures consistent with applicable law for implementing the indemnities provided in this Section 11.

12. MISCELLANEOUS

12.1. General. This Agreement: (a) shall be binding upon the legal successors of the Members, (b) shall be governed by and construed in accordance with the laws of the State of Delaware and (c) contains the entire agreement as to the subject matter hereof. The waiver of any of the provisions, terms, or conditions contained in this Agreement shall not be considered as a waiver of any of the other provisions, terms, or conditions hereof.

12.2. Notices, Etc. All notices and other communications required or permitted hereunder shall be in writing and shall be deemed effectively given upon email delivery, personal delivery or receipt (which may be evidenced by a return receipt if sent by registered mail or by signature if delivered by courier or delivery service or by email return receipt), addressed to such Member at its address in Schedule 3.1 or otherwise specified by such Member.

12.3. Gender. Any gender shall be deemed to include the masculine, feminine and neuter genders.

12.4. Severability. If any provision of this Agreement is determined by a court to be invalid or unenforceable, that determination shall not affect the other provisions hereof, each of which shall be construed and enforced as if the invalid or unenforceable portion were not contained herein. That invalidity or unenforceability shall not affect any valid and enforceable application thereof, and each said provision shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

12.5. Headings. The headings used in this Agreement are used for administrative convenience only and do not constitute substantive matter to be considered in construing the terms of this Agreement.

12.6. No Third Party Rights. Except for the provisions of Section 7.3, the provisions of this Agreement are for the benefit of the Company, the Members and permitted assignees and no other Person, including creditors of the Company, shall have any right or claim against the Company or the Members by reason of this Agreement or any provision hereof or be entitled to enforce any provision of this Agreement.

Re: M&A Advisory Agreement

Dear Mr. Sutton:

This will confirm the understanding and agreement (the "Agreement") between PALLADIUM CAPITAL ADVISORS, LLC, a Delaware limited liability company ("Palladium"), and GLOBAL BIT VENTURES, INC., a Nevada corporation (the "Company"), as follows:

1. The Company hereby engages Palladium on a best efforts basis as its non-exclusive advisor in connection with its participation in a merger or acquisition with one or more companies in one or more series of transactions, by merger, consolidation, purchase of all or a portion of the Company, securities or assets or any other business combination (each a "Merger"). Palladium will advise and assist you in connection with the planning, execution and closing of a Merger. Our services may include, to the extent that you and we agree necessary or advisable, assisting and advising you with respect to (1) identifying potential Merger candidates acceptable to you, (2) coordinating the process by which you will select the Merger candidate (3) negotiating the agreements effecting the Merger (4) administering the closing of the Merger.

2. The appointment and authorization of Palladium under Section 1 of this Agreement shall commence on the date hereof and shall expire 12 months after the date hereof (the "Term").

3. If a Merger is consummated during the Term or if the Company enters into a definitive agreement during the Term with a party introduced by Palladium which subsequently results in a Merger, the Company agrees to pay Palladium the following compensation:

(i) One hundred thousand (100,000) shares of common stock in the Company. The shares of common stock shall be issued to Palladium upon closing of the Merger.

4. The Company shall reimburse Palladium periodically for its reasonable and customary out-of-pocket and incidental expenses incurred during the term of its engagement hereunder, including the fees and expenses of its legal counsel and those of any advisor retained by Palladium. In order for the Company to be responsible for any such expenses in excess of $1000, Palladium shall be required to obtain the Company's written approval prior to the incurrence of any such expenses.

5. The Company agrees to provide indemnification as set forth in Annex A attached hereto and made a part hereof.

6. The provisions of Sections 3, 4, and 5 (including, without limitation, the provisions of indemnification referred to in Section 5) shall survive the expiration or termination of this Agreement.

7. The Company acknowledges and agrees that Palladium will be using, and relying upon, the Company to furnish Palladium with written materials and information, including but not limited to financial statements, to be provided to potential Merger candidates (the "Materials") describing the Company and the Merger concerning the Company's business, operations, assets, liabilities and receivables, and Palladium will be using, and relying upon, such Materials supplied by the Company, its officers, agents, and others and any other publicly available information without any independent investigation or verification thereof or independent appraisal by Palladium of the Company or its business or assets. Palladium does not assume responsibility for the accuracy or completeness of the Materials, including but not limited to any disclosure materials related to the Merger, except for such information that is provided in writing by Palladium to the Company that is independently produced by Palladium and not based on Materials provided by the Company or information available from generally recognized public sources. The Company shall provide Palladium with access to the Company's officers, directors, accountants, counsel and other advisors, and shall notify Palladium of any events that might have a material effect on the financial condition of the Company. The Company represents and warrants to Palladium that all information concerning the Company, including, without limitation, all information contained in the Materials, will be true, complete and accurate in all material respects and will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein not misleading in light of the circumstances under which such statements are made. If at any time prior to the completion of a Merger an event occurs which would cause the Materials (as supplemented or amended) to contain an untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, the Company will promptly notify Palladium of such event. Notwithstanding any previously executed non-disclosure agreement, Company agrees Palladium is permitted to show Materials to prospective Merger candidates in order to induce them to participate in a Merger as contemplated by this Agreement.

8. Palladium and Company each represent, warrant and agree to the other that neither it, nor any of its directors, executive officers, other officers or employees participating in the offering of

Securities, general partners or managing members, or any of the directors, executive officers or other officers participating in the offering of Securities of any such general partner or managing member (each, a "Covered Person" and, together, "Covered Persons"), is subject to any of the "Bad Actor" disqualifications described in Rule 506(d)(1)(i) to (viii) under the Securities Act (a "Disqualification Event"), except for a Disqualification Event (i) contemplated by Rule 506(d)(2) of the Securities Act and (ii) a description of which has been furnished in writing to the other on or prior to execution hereof. Each of Palladium and Company shall provide prompt written notice to the other of any Disqualification Event relating to any Covered Person, or any event that would, with the passage of time, become such a Disqualification Event, prior to each Closing. Each represents and warrants that it is not aware of any person other than a Covered Person that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with the sale of Securities.

9. After any public announcements of the Merger, the Company agrees that Palladium has the right to place notices and/or advertisements on its own website and/or marketing materials, at its own expense, describing its services to the Company hereunder.

10. Nothing contained in this Agreement shall limit or restrict the right of Palladium or of any member, employee, agent or representative of Palladium, to be a shareholder, member, partner, director, officer, employee, agent or representative of, or to engage in, any other business, whether of a similar nature or not, nor to limit or restrict the right of Palladium to render services of any kind to any other corporation, company, firm, individual or association.

11. The failure or neglect of the parties hereto to insist, in any one or more instances, upon the strict performance of any of the terms or conditions of this Agreement, or their waiver of strict performance of any of the terms or conditions of this Agreement, shall not be construed as a waiver or relinquishment in the future of such term or condition, but the same shall continue in full force and effect.

12. Any notices hereunder shall be in writing, and shall be sent to the Company and to Palladium at their respective addresses set forth above. Any notice shall be given by email sent registered or certified mail, postage prepaid, or by reputable overnight courier such as FedEx, and shall be deemed to have been given when deposited in the United States mail or delivered by overnight courier or upon confirmed receipt if delivered by e-mail. Either party may designate any other address to which notice shall be given by giving written notice to the other party of such change of address in the manner herein provided.

13. Each party hereby represents and warrants to the other party that it has the full and complete right and authority to enter into the Agreement, that all required action has been taken by it as is necessary to authorize it to enter into this Agreement, that it is fully bound by the terms hereof, and that the person executing this agreement on its behalf is authorized to do so and does bind the undersigned hereto without the joinder or further approval of any other person whomsoever.

14. Company acknowledges and agrees that Palladium has been retained to act solely as independent contractors and in such capacity shall not act as agent or employee of Company.

15. This Agreement shall inure to the benefit of and be binding upon the respective, Affiliates, successors and assigns of the parties hereto. The term "Affiliates" shall mean, with respect to any person or entity, any other person or entity who, directly or indirectly, through one or more intermediaries controls, is controlled by, or is under common control with such person or entity and any spouse, parent or issue of any such person; "control" means the power, directly or indirectly, to direct or cause the direction of the management and policies of a person or entity whether through ownership of voting securities, by contract or otherwise.

16. THE PARTIES HERETO AGREE THAT ALL DISPUTES ARISING FROM OR RELATING TO THE AGREEMENT WILL BE RESOLVED BY ARBITRATION IN NEW YORK CITY PURSUANT TO THE ARBITRATION RULES OF FINRA WITH RESPECT TO DISPUTES BETWEEN FINRA MEMBERS AND THEIR CUSTOMERS. THIS AGREEMENT CONTAINS A PREDISPUTE ARBITRATION CLAUSE. BY SIGNING AN ARBITRATION AGREEMENT, THE PARTIES AGREE AS FOLLOWS:

(1) All parties to this agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.

(2) Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.

(3) The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.

(4) The arbitrators do not have to explain the reason(s) for their award unless, in an eligible case, a joint request for an explained decision has been submitted by all parties to the panel at least 20 days prior to the first scheduled hearing date.

(5) The panel of arbitrators may include a minority of arbitrators who were or are affiliated with the securities industry.

(6) The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.

(7) The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this agreement.

17. This Agreement has been made in the State of New York and shall be construed and governed in accordance with the laws thereof without giving effect to its principles governing conflict of laws or choice of law.

18. This Agreement contains the entire agreement between the parties, may not be altered or modified, except in writing and signed by the party to be charged thereby, and supersedes any and all previous agreements between the parties relating to the subject matter hereof.

19. Palladium acknowledges that it is not granted any right or authority to assume or create any obligation or liability or to make any representation, covenant, agreement or warranty, express

or implied or Company's behalf, or to bind Company in any matter whatsoever. Palladium will not have any rights or obligations in connection with the sale and purchase of the Securities contemplated by this Agreement except as expressly provided in this Agreement.

20. This Agreement may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to each other party, it being understood that the parties need not sign the same counterpart. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

21. Palladium is not an expert on, and cannot render opinions regarding, legal, accounting, regulatory, or tax matters. The Company should consult with its other professional advisors concerning these matters before undertaking any transaction. All services, advice and information and reports provided by Palladium to the Company in connection with this assignment shall be for the sole benefit of the Company and shall not be relied upon by any other person.

Palladium is delighted to accept this engagement and looks forward to working with you on this assignment. Please confirm that the foregoing correctly sets forth our understanding by signing below, whereupon this letter shall constitute a binding agreement as of the date first above written.

As set forth in Section 16 above, this Agreement contains an agreement to arbitrate disputes.

Very truly yours,

PALLADIUM CAPITAL ADVISORS, LLC

Annex A

Indemnification Provisions

In connection with the engagement of Palladium by the Company pursuant to the Agreement, the Company hereby agrees as follows:

1. In connection with or arising out of or relating to the engagement of Palladium under the Agreement, or any actions taken or omitted, services performed or matters contemplated by or in connection with the Agreement, the Company agrees to reimburse Palladium, its affiliates and their respective members, officers, employees, agents and controlling persons (each an "Indemnified Party") promptly upon demand for actual, out-of-pocket expenses (including reasonable fees and expenses for legal counsel) as they are incurred in connection with the investigation of, preparation for or defense of any pending or threatened claim, or any litigation, proceeding or other action in respect thereof (collectively, a "Claim"). The Company also agrees (in connection with the foregoing) to indemnify and hold harmless each Indemnified Party from and against any and all out-of-pocket losses, claims, damages and liabilities, joint or several, to which any Indemnified Party may become subject, including any amount paid in settlement of any litigation or other action (commenced or threatened) to which the Company shall have consented in writing (such consent not to be unreasonably withheld), whether or not any Indemnified Party is a party and whether or not liability resulted; provided, however, that the Company shall not be liable pursuant to this paragraph in respect of any loss, claim, damage or liability to the extent that a court or other agency having competent jurisdiction shall have determined by final judgment (not subject to further appeal) that such loss, claim, damage or liability was incurred solely as a direct result of fraud, willful misconduct or gross negligence of such Indemnified Party. The Company also agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Company or its partners, security holders or creditors related to or arising out of the engagement of Palladium pursuant to, or the performance by Palladium of the services contemplated by, this Agreement except to the extent that any loss, claim, damage or liability is determined in a final judgment (not subject to further appeal) by a court to have resulted solely from fraud, willful misconduct or gross negligence of the Indemnified Party.

2. An Indemnified Party shall have the right to retain separate legal counsel of its own choice to conduct the defense and all related matters in connection with any Claim. The Company shall pay the reasonable fees and expenses of such legal counsel, and such counsel shall to the fullest extent, consistent with its professional responsibilities, cooperate with the Company and any legal counsel designated by the Company.

3. The Company will not, without the prior written consent of each Indemnified Party, settle, compromise or consent to the entry of any judgment in any pending or threatened Claim in respect of which indemnification may be reasonably sought hereunder (whether or not any Indemnified Party is an actual or potential party to such Claim), unless such settlement, compromise or consent includes an unconditional, irrevocable release of each Indemnified Party against whom such Claim may be brought hereunder from any and all liability arising out of such Claim.

4. In the event the indemnity provided for in paragraphs 1 and 2 of this Annex A is unavailable or insufficient to hold any Indemnified Party harmless, then the Company shall contribute to amounts

paid or payable by an Indemnified Party in respect of such Indemnified Party's losses, claims, damages and liabilities as to which the indemnity provided for in paragraphs 1 and 2 of this Annex A is unavailable or insufficient (i) in such portion as appropriately reflects the relative benefits received by the Company, on the one hand, and the Indemnified Party, on the other hand, in connection with the matters as to which losses, claims, damages or liabilities relate, or (ii) if the allocation provided by (i) above is not permitted by applicable law, in such proportion as appropriately reflects not only the relative benefits referred to in clause (i) but also the relative fault of the Company, on the one hand, and the Indemnified Parties, on the other hand, as well as any other equitable considerations. The amounts paid or payable by a party in respect of losses, claims, damages and liabilities referred to above shall be deemed to include any reasonable legal or other out-of-pocket fees and expenses incurred in defending any litigation, proceeding or other action or claim. Notwithstanding the provisions hereof, Palladium's share of the liability hereunder shall not be in excess of the amount of fees actually received by Palladium under the Agreement (excluding any amounts received as reimbursement of expenses by Palladium). No person guilty of fraud, willful misconduct or gross negligence shall be entitled to contribution from any person who was not guilty of such fraud, willful misconduct or gross negligence.

5. In the event any Indemnified Party is requested or required to appear as a witness in any action, suit or proceeding brought by or on behalf of or against the Company or any affiliate or any participant in a Merger covered hereby in which such Indemnified Party is not named as a defendant, the Company agrees to reimburse Palladium and each Indemnified Party for all reasonable disbursements incurred by them in connection with such Indemnified Party's appearing and preparing to appear as a witness, including, without limitation, the fees and disbursements of their legal counsel, and to compensate Palladium and each Indemnified Party in an amount to be mutually agreed upon.

6. All amounts due under the Indemnification Provisions of this Annex A shall be payable within ten (10) days after written notice of such event giving rise to the indemnification obligations, and if not paid within such 10-day period, such amounts shall bear interest at a rate of 1.5% per month or at the highest rate permitted under the laws of the State of New York, whichever rate is lower.

7. These Indemnification Provisions shall remain in full force and effect in connection with the transactions contemplated by the Agreement whether or not consummated, and shall survive the expiration or termination of the Agreement, and shall be in addition to any liability that the Company might otherwise have to any Indemnified Party under the Agreement or otherwise.

8. Each party hereto consents to personal jurisdiction and service of process and venue in any court in the State of New York in which any claim for indemnity is brought by any Indemnified Party.

MASTER SERVICES AGREEMENT

This Master Services Agreement ("Agreement") is between **HYPERTEC SYSTEMS INC.**, a company incorporated under the laws of Canada having a place of business at 9300 TransCanada Highway, Ville Saint Laurent, Province of Québec, H4S 1K5 ("Hypertec")

-AND-

GLOBAL BIT VENTURES INC., a company incorporated under the laws of Nevada, having its registered office at 2 Burlington Woods Dr., Ste.100 Burlington, MA 01803 ("Customer").

The parties agree as follows:

1. SERVICES

1.1 **Provision of Services:** The Customer requests and Hypertec shall provide to the Customer the services and equipment described in Schedule A attached hereto as well as each schedule (each a "Service Schedule") attached to this Agreement from time to time (the "Services") on the terms and conditions set out in this Agreement and the applicable Service Schedules.

1.2 **Standalone Service Schedules:** The pricing, terms and conditions set out or referenced in each Service Schedule of this Agreement are not dependent upon the Customer taking any or all of the other services or equipment put forward by Hypertec or its Affiliates. The Customer may terminate each Service Schedule in accordance with the provisions contained in Section 4, independently of any other service or equipment the Customer receives from Hypertec or its Affiliates.

2. CHARGES

2.1 **Charges and Taxes:** The Customer shall pay the charges as listed in any Service Schedule as amended by section 3.4 in the case of a renewal (collectively the "Charges"). The Customer shall also pay applicable commodity taxes, including all sales, retail, use, goods and services, value-added, excise and similar taxes levied or assessed by any Government authority, as well as surcharges for foreign taxes and withholding, if any (collectively, "Taxes"). The Services shall be invoiced on the first of each month for the Services to be rendered during that month with payment terms of net 30 days with prior credit approval unless stipulated otherwise in any Service Schedule. The first monthly payment is due at the signing of this Agreement. If any legislation authorizes the Customer to purchase Services pursuant to this Agreement without the payment of commodity taxes, Customer agrees to supply Hypertec with evidence of such authorization. Any incident of late payment shall entail suspension of the Services, should the Customer fail to remedy the late payment within a delay of five (5) business days following the delivery of a written notice to the Customer requesting payment of the amount that is due and owing.

2.2 **Late Payment Charges:** Invoiced Charges and Taxes are subject to a late payment charge ("Late Payment Charge") at the rate specified in the invoice, which rate may vary from time to time, calculated from the invoice date, if not paid within 30 days of the invoice date. Customer will be responsible for the payment of all costs reasonably incurred by Hypertec in collecting or attempting to collect any unpaid Charges or Taxes or Late Payment Charges. Except as provided elsewhere in this Agreement, all payments made by Customer will be non-refundable.

2.3 **No Withholding, Deduction or Set-Off:** Customer shall not withhold or deduct any amounts from, or set-off amounts owed by Hypertec to Customer against, any amounts invoiced by Hypertec for Charges, Taxes or Late Payment Charges.

2.4 **Credits:** The Customer shall notify Hypertec within 90 days of the date of the applicable invoice, of any charges that should not have been billed or that were over-billed. If Hypertec confirms that those charges should not have been billed or were over-billed, Hypertec will credit the Customer for those charges.

3. TERM

3.1 **Term of the main body of this Agreement:** The term of the main body of this Agreement (the "Agreement Term") will begin on the later of the date it is signed by the Customer and the date it is signed by Hypertec. It will expire or terminate on the date that the Service Term (as defined in **Section 3.4**) of the last remaining Service Schedule expires or terminates.

3.2 **Term of Each Service Schedule:** Each Service will be provided for the period set out in the relevant Service Schedule (the "Initial Service Term");

3.3 **Early Provision of Services:** If Hypertec begins work to provide any Service, or if Hypertec delivers any Service, before the start of the Agreement Term or the relevant Initial Service Term, all work and services provided by Hypertec before either of those dates will be considered to have been provided under all of the terms and conditions of this Agreement including the relevant Service Schedule.

3.4 **Renewal Term(s):** Unless the Customer or Hypertec gives a notice of non-renewal to the other party as described in **Section 3.5**, each Service Schedule will automatically be renewed at the end of the Initial Service Term on the same terms and conditions for the consecutive renewal period(s) set out in that Service Schedule. If there is no renewal period set out in a Service Schedule, then that Service Schedule will expire and the Services provided thereunder will be terminated at the end of the Initial Service Term. Each renewal period described above is defined as a "Service Renewal Term". The Initial Service Term and any Service Renewal Term(s) are collectively referred to as the "Service Term". Hypertec may change the Charges for a Service Renewal Term by providing the Customer with at least ninety (90) days advance written notice of the change before the end of the then current Initial Service Term or Service Renewal Term, as the case may be.

3.5 **Notice of Non-Renewal:** Either party may send to the other party a written notice, at least thirty (30) days in advance of the expiration of the relevant Service Term, as the case may be, that it does not intend to renew a Service Schedule. As a result, that Service Schedule will expire and the Services provided thereunder will be terminated at the end of the then current Service Term.

4. TERMINATION

4.1 **Early Termination by Customer:** Customer may terminate a Service it has requested under a Service Schedule ("Terminated Service") at any time before the end of the relevant Service Term by giving notice of termination to Hypertec at least 30 days before the proposed early termination date. Customer may not terminate a Service except as provided herein. If Customer terminates a Service under this Section, the Customer shall pay to Hypertec the Charges defined in paragraph 6 of the Service Schedule.

4.2 **Termination for Cause:** Either party may terminate this Agreement or any Service Schedule, or Hypertec may suspend the Services in whole or in part, by giving notice in writing to the other party, upon the occurrence of any of the following: (i) the other party materially defaults with respect to a material obligation under this Agreement or the applicable Service Schedule and does not remedy that default within five (5) days after receiving written notice of the default; or (ii) the other party enters into a compulsory or voluntary liquidation, or convenes a meeting of its creditors or has a receiver appointed over all or any part of its assets or takes or suffers any similar action in consequence of a debt, or ceases for any reason to carry on business. Hypertec has certain additional rights of termination as provided under this Agreement. Customer's failure to pay any invoiced Charges, Taxes or Late Payment Charges when due is a material default with respect to a material obligation. Notwithstanding the foregoing, if Hypertec materially defaults with respect to a material obligation in the provision of a Service, and Hypertec has not remedied that default within 30 days after receiving written notice of such default, Customer shall only be entitled to terminate the Service Schedule for that Service.

4.3 **Charges Payable:** On the termination of this Agreement or a Service Schedule for any reason, all payments required to be made to Hypertec by the Customer under the Agreement or that Service Schedule, as applicable, shall be due and payable immediately, and Hypertec may apply any prepaid amounts by Customer towards any other amount payable by Customer. Termination of a Service Schedule or this Agreement shall not relieve the Customer from any liability, including amounts owing, which accrued before the termination became effective. Customer will not be required to pay Termination Charges if Customer terminates this Agreement or a Service Schedule in accordance with Section 4.2.

4.4 **Additional Termination Rights:** Hypertec may terminate this Agreement immediately without notice in the event of a change of Control of the Customer or other assignment of this Agreement by the Customer without the prior written consent of Hypertec as provided in Section 12.3. "Control" means control, as defined in Section 2(3) of the Canada Business Corporations Act, and includes control "directly or indirectly in any manner whatever", as defined in Section 256(5.1) of the Income Tax Act (Canada). Notwithstanding the foregoing, Hypertec shall not terminate this Agreement in the event of a change of control of the Customer or other assignment to Marathon Patent Group Inc.

4.5 **Collaboration:** In the event of the termination of the present Agreement for any reason, the parties hereby agree to collaborate with each other and with their respective suppliers in order to facilitate the migration of material resources and/or to carry out any other adjustment required to transfer the Services to another supplier or to the Customer's premises. Such collaboration may be subject to reasonable charges which shall be notified to the other party in advance.

4.6 **Default**: In the event that Customer fails to perform or fulfill any obligations under this Agreement or fails to remedy in the event of default as provided in section 4.2 herein, Hypertec may at Hypertec's option (a) cure such default and the cost of such action may be added to Customer's financial obligations under this Agreement; or (b) as permitted by law, take possession of Customer's Equipment being hosted by Hypertec at the time of default. Hypertec may, at its option, hold Customer liable for any difference between any amount that would have been payable under this Agreement during the balance of the unexpired term of the Agreement.

5. SERVICE OBLIGATIONS

5.1 **Service Commitments:** Hypertec undertakes to put into place all that is necessary to ensure the continuity and quality of its Services. Hypertec shall provide each Service in accordance with this Agreement, including the relevant Service Schedule, and any service level agreements that may be specified in that Service Schedule and shall employ the highest degree of care in accordance with industry standards, subject to the Force Majeure provisions contained in Section 10.

5.2 **Rights and Remedies:** All of Customer's rights and remedies relating to Hypertec's failure to meet a service level agreement, including credits, refunds or rights of termination, are set out in the relevant Service Schedule. These rights and remedies are subject to the limitations of liability set out in Section 7 and are the only remedies for Hypertec's failure to meet a service level agreement or for a service interruption.

5.3 **Disclaimer:** Customer acknowledges that Hypertec does not warrant (i) uninterrupted or error-free Services, or (ii) the content, availability, accuracy or any other aspect of any information including all data, files and all other information or content in any form, accessible or made available to or by the Customer or End Users (as defined in Section 6.1 below) through the use of the Services. During a Service Term, Hypertec may migrate a Service to an alternative service or technology as long as the alternative service or technology provides similar functionality for the Service. The definition of "Service" includes the alternative service. Hypertec shall not be responsible if any changes in the Services affect the performance of equipment, hardware or software other than Hypertec provided equipment or cause it to become obsolete or require modification or attention. Hypertec shall provide the Customer with a 60-day prior notice of any such change. Customer acknowledges that Hypertec may interrupt the Services, as may be specified in the Service Schedules or in case of emergency, in order to provide maintenance in respect of the Services.

5.4 **WAIVER:** THE WARRANTIES PROVIDED IN THIS AGREEMENT REPLACE ALL OTHER WARRANTIES AND CONDITIONS. THE CUSTOMER WAIVES ALL OTHER WARRANTIES AND CONDITIONS, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR AVAILABILITY OR RELIABILITY OF THE SERVICES.

6. CUSTOMER OBLIGATIONS

Obligations:

6.1 Adhere to the Acceptable use policy (AUP) as attached in Schedule B hereto;

6.2 In addition to any other obligations of the Customer under this Agreement, the Customer shall:

(a) obtain and maintain all third party permissions and consents necessary to permit Hypertec and/or the Hypertec Providers to gain prompt and safe access to Customer's premises so they can perform Hypertec's obligations under this Agreement;

(b) be responsible for use of the Services by any of its employees, officers, directors, agents and its end users (collectively, "End Users"), and take all necessary measures to ensure that the End Users use the Services in accordance with the terms and conditions of this Agreement;

(c) comply and cause its End Users to comply with (A) the internet acceptable use policy attached to a Service Schedule (as may be amended by Hypertec from time to time and made available on Hypertec's website) for any internet-based Service if the Customer is receiving that Service; and (B) any third party software license terms and conditions for software used by the Customer and/or its End Users in connection with the use of the Services;

(d) not tamper with, alter or otherwise rearrange the Services;

(e) not use or abuse the Services, or permit or assist others to do so in any manner that interferes with the Services or the provision of them, or with the networks of Hypertec or any Hypertec Provider or with access to those networks by other users;

(f) not use or abuse the Services, or permit or assist others to do so for any purpose or in any manner that directly or indirectly violates the terms of this Agreement, applicable laws or any third party or Hypertec rights; and

(g) ensure that at all times, during the Agreement Term, Customer is a business entity duly organized and validly existing and in good standing under the laws of its jurisdiction of organization.

(h) Comply with the Acceptable Customer Policy (ACP) of Hypertec, which disqualifies the customer if in violation with any Federal laws of Canada (Including; Corruption of Foreign Public Officials legislation, The Criminal Code, Anti-Money Laundering and Anti-Terrorist Financing legislation) the laws of Quebec (Including; Applicable securities legislation, Gaming Control legislation) and if the customer is on the Canada Economic Sanctions List or the Public Safety – Listed Terrorist Entities. The customer needs to comply at any time on the ACP and continuous screening will be performed every year by Hypertec, as per this process.

6.3 Hypertec is not liable for any failure to provide the Services in accordance with this Agreement that arises from Customer's failure to comply with any of the obligations set out in Section 6.1. Also, if a Customer's failure to comply with any of the obligations in Section 6 materially adversely affects Hypertec, the Services or other customers' ability to receive services from Hypertec, Hypertec may take all actions which it reasonably considers necessary to address that material adverse effect including the immediate suspension of or restriction on the use of the Services.

6.4 Hypertec may impose sanctions including suspension up to termination with any customer who (i) fails to comply with the AUP, and or (ii) fails to comply with the ACP.

7. LIMITATION OF LIABILITY

7.1 **LIABILITY FOR DIRECT DAMAGES:** HYPERTEC'S AND THE HYPERTEC PROVIDERS' TOTAL CUMULATIVE LIABILITY FOR DAMAGES, EXPENSES, COSTS, LIABILITY OR LOSSES (COLLECTIVELY, "DAMAGES") ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE PROVISION OF SERVICES UNDER THIS AGREEMENT,

WHETHER ARISING IN NEGLIGENCE, TORT, STATUTE, EQUITY, CONTRACT, COMMON LAW, OR ANY OTHER CAUSE OF ACTION OR LEGAL THEORY EVEN IF HYPERTEC OR A HYPERTEC PROVIDER HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES, IS LIMITED TO DIRECT, ACTUAL, PROVABLE DAMAGES AND WILL IN NO EVENT EXCEED AN AMOUNT EQUAL TO THE TOTAL AGGREGATE MONTHLY CHARGES (LESS ALL DISCOUNTS AND CREDITS) PAID BY THE CUSTOMER FOR THE SPECIFIC SERVICE(S) THAT GAVE RISE TO THE DAMAGES DURING THE THREE MONTH PERIOD BEFORE THE EVENT GIVING RISE TO THE DAMAGES, LESS AMOUNTS PAID FOR PREVIOUS CLAIMS FOR SUCH SERVICE, IF ANY.

7.2 **NO LIABILITY FOR CERTAIN DAMAGES:** HYPERTEC IS NOT LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES WHATSOEVER ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE PROVISION OF SERVICES UNDER A SERVICE SCHEDULE (INCLUDING LOST PROFITS, ANTICIPATED OR LOST REVENUE, LOSS OF DATA, LOSS OF USE OF ANY INFORMATION SYSTEM, FAILURE TO REALIZE EXPECTED SAVINGS OR ANY OTHER COMMERCIAL OR ECONOMIC LOSS, OR ANY THIRD PARTY CLAIM), WHETHER ARISING IN NEGLIGENCE, TORT, STATUTE, EQUITY, CONTRACT, COMMON LAW, OR ANY OTHER CAUSE OF ACTION OR LEGAL THEORY EVEN IF HYPERTEC HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. HYPERTEC AND THE HYPERTEC PROVIDERS ARE NOT LIABLE FOR, AND CUSTOMER SHALL BE LIABLE FOR, (I) THE USE OF THE SERVICES PROVIDED BY HYPERTEC IN COMBINATION WITH SERVICES, PRODUCTS OR EQUIPMENT PROVIDED BY THE CUSTOMER OR ANY THIRD PARTIES, (II) THE FAILURE BY THE CUSTOMER TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT, (III) CUSTOMER'S OR ANY OF ITS END USER'S USE OF THE SERVICES OR TRANSMISSION OF CONTENT (AS DEFINED IN SECTION 10), OR (IV) CLAIMS AGAINST HYPERTEC OR A HYPERTEC PROVIDER BY AN END USER IN CONNECTION WITH THE SERVICES.

7.3 **CUSTOMER PROPERTY**: HYPERTEC SHALL NOT BE HELD RESPONSIBLE FOR DATA, SOUND, TEXT, IMAGES, ELEMENTS OF FORM, AND APPLICATIONS THAT ARE STORED ON THE CUSTOMER'S EQUIPMENT.

7.4 **FUNDAMENTAL BREACH:** SECTION 7 OF THIS AGREEMENT SHALL APPLY EVEN IF THERE IS A BREACH OF AN ESSENTIAL OR FUNDAMENTAL TERM OR A FUNDAMENTAL BREACH OF THIS AGREEMENT.

7.5 **LIMITATIONS FAIR AND REASONABLE:** CUSTOMER AGREES THAT THE LIMITATIONS OF LIABILITY SET OUT IN THIS SECTION ARE FAIR AND REASONABLE IN THE COMMERCIAL CIRCUMSTANCES OF THIS AGREEMENT AND THAT HYPERTEC WOULD NOT HAVE ENTERED INTO THIS AGREEMENT BUT FOR THE CUSTOMER'S AGREEMENT TO LIMIT HYPERTEC'S AND THE HYPERTEC PROVIDERS' LIABILITY IN THE MANNER, AND TO THE EXTENT, PROVIDED FOR IN THIS SECTION.

8. CONFIDENTIAL INFORMATION

8.1 **Definition of Confidential Information:** For the purposes of this Agreement, Confidential Information means all information relating to the business and operations of either party, including, without limitation, equipment, software, designs, methods, procedures, processes, technology, programs, inventions, applications, configurations, product or service specifications, prices, price lists, customer lists, costing, contracts, marketing plans, profits, profit margins, financial information and all other information identified as confidential at the time of disclosure or that a reasonable person would consider, from the nature of the information and the circumstances of disclosure, to be confidential information. Such confidential information includes original information as well as all copies and any reports, analyses, products and other materials derived therefrom;

8.2 **Use of Confidential Information:** The parties hereby undertake to use and protect the Confidential Information as follows:

(a) The parties hereby undertake to use the Confidential Information provided strictly for the purposes of this Agreement and shall not to divulge, either directly or indirectly, any of the Confidential Information to any individual within their respective organizations or any third party, except on a need to know basis;

(b) Neither party will make use, in any manner whatsoever, whether directly or indirectly of the disclosed Confidential Information for its own gain or to personally profit therefrom.

(c) The parties hereby undertake to use the same degree of care in protecting the discloser's Confidential Information as they would employ in connection with their own Confidential Information, but in no event shall either party use less than reasonable diligence in this regard;

(d) Upon the request of the discloser or upon the termination of the business relationship between the parties, the recipient of Confidential Information shall promptly return all the Confidential Information, howsoever recorded, that are in the recipient's possession, or under its control, or shall immediately destroy all such documents and furnish the discloser with written certification of their destruction.

(e) The parties hereby acknowledge and confirm that any breach of the confidentiality obligations will cause to the non-breaching party such irreparable harm and prejudice that cannot be fully compensated in damages and therefore, the breaching party hereby consents to the non-breaching party seeking injunctive relief.

8.3 **Consent:** Consent to disclose information kept by Hypertec regarding the Customer may be taken to be given by the Customer where the Customer provides written consent, electronic confirmation via the Internet or consent through other methods, as long as an objective document record of Customer consent is provided by the Customer or an independent third party.

8.4 **Survival:** The parties hereby agree their obligation of confidentiality will survive the termination of this Agreement.

9. CONTENT

Customer acknowledges that Hypertec does not own or have any control over the content, availability, accuracy or any other aspect of any information, data, files, pictures or content in any form or any type (collectively, the "Content") accessible or that may be available to or by the Customer or its End Users through the use of the Services. Hypertec does not monitor the use of the Services by the Customer or its End Users, unless monitoring is provided as part of a Service and explicitly set out in a Service Schedule, and has no control over the Customer's or its End Users' use of the Services. However, Hypertec will be entitled to electronically monitor the Services from time to time and disclose any information that is necessary to satisfy any law, regulation or lawful request or as necessary to operate the Services or to protect the rights or property of itself or others that are directly related to providing the Services.

10. FORCE MAJEURE

If there is a default or delay in a party's performance of its obligations under this Agreement (except for the obligation to make any payments under this Agreement), and the default or delay is caused by circumstances beyond the reasonable control of that party including but not limited to fire, flood, earthquake, elements of nature, acts of God, epidemic, explosion, power failure, war, terrorism, revolution, civil commotion, acts of public enemies, law, order, regulation, ordinance or requirement of any government or its representative or legal body having jurisdiction, or labour unrest such as strikes, slowdowns, picketing or boycotts, then that party shall not be liable for that default or delay, and shall be excused from further performance of the affected obligations on a day-by-day basis, if that party uses commercially reasonable efforts to expeditiously remove the causes of such default or delay in its performance.

11. INSURANCE

11.1 **General:** All insurance maintained by Hypertec under this Agreement must be with a reputable insurance company. Promptly after the effective date of this Agreement, and at each policy renewal or at other times upon request from Customer, Hypertec will furnish Customer with certificates of insurance that show the minimum levels of insurance Hypertec must maintain under this Agreement. Hypertec will name Customer and its officers, directors, employees, successors, assigns and agents" as additional insureds for the Commercial General Liability policy and will cause each of its policies of insurance (and the underlying property owner's policies, as applicable) to contain a waiver of any right of subrogation on the part of the insurer against the foregoing parties where permitted by law. The insurance maintained by Hypertec under this Agreement must be primary to, and without any right of contribution from, any other insurance that may be available to Customer.

11.2 **Worker's Compensation and General Commercial Liability Insurance:** Hypertec will maintain, at its expense, during the entire term of the present Agreement and any renewals thereof:

(a) "Workers' Compensation" insurance, including coverage for all costs, benefits and liabilities under workers' compensation and similar laws that may accrue in favor of any person employed by Hypertec in all geographic areas where Hypertec performs Services, and "Employer's Liability" insurance with limits of liability of not less than US$1,000,000;

(b) "Commercial General Liability" insurance including public liability and product liability insurance with limits of not less than $5,000,000 per occurrence and $5,000,000 general aggregate to cover loss and damage incurred by Customer in connection with this Agreement;

(c) "Professional Indemnity" or "Errors and Omissions" insurance with limits of not less than $2,000,000 per claim and with a retroactive date no later than the date Services commenced.

12. GENERAL PROVISIONS

12.1 **Performance of Obligations:** Hypertec may perform its obligations under this Agreement through its affiliates, agents, suppliers or subcontractors (the "Hypertec Providers"), but Hypertec shall not be relieved of its obligations by using the Hypertec Providers.

12.2 **Entire Agreement; Amendment:** This Agreement is the entire agreement between the Customer and Hypertec with respect to the subject matter, and supersedes all prior agreements, understandings, commitments, undertakings, representations, negotiations and discussions on the subject matter, whether written or oral. There are no conditions, agreements, representations, warranties or other provisions, express or implied (including through course of dealing), collateral or otherwise, relating to the subject matter of this Agreement, which induced either party to enter into this Agreement or on which either party places any reliance, other than those set forth in this Agreement. If the Customer issues a purchase order or other document for the Services, it will be considered to be for the Customer's internal use only and any provisions contained herein shall not amend or be used to interpret this Agreement. This Agreement shall not be amended other than by an instrument in writing signed by both parties and stating that the parties expressly intend to amend this Agreement.

12.3 **Assignment:** Neither party may assign this Agreement in whole or in part, including any Service Schedule, without the prior written consent of the other party, not to be unreasonably withheld. A change of Control of the Customer shall be considered an assignment which would require the prior written consent of Hypertec. Notwithstanding the foregoing, an assignment by Customer shall be contingent upon Hypertec determining the Customer's assignee to be credit worthy and in compliance with any eligibility criteria for the Services.

12.4 **Interpretation:** In this Agreement, the headings are for convenience of reference only and shall not affect its construction or interpretation. If there is any conflict between the terms of the main body of this Agreement and the Service Schedules, the terms of the main body of the Agreement shall govern unless otherwise expressly provided for in writing in a Service Schedule.

12.5 **Currency:** Unless otherwise specified in a Service Schedule, all dollar amounts referred to in this Agreement are expressed in Canadian dollars.

12.6 **Waivers:** No waiver of any provision of this Agreement shall bind a party unless consented to in writing by that party. No waiver of any provision of this Agreement shall be a waiver of any other provisions, nor shall any waiver be a continuing waiver, unless otherwise expressly provided in the waiver.

12.7 **Notice:** All notices provided for shall be given in writing and delivered by personal delivery, prepaid first class registered or certified mail, by email or by facsimile. Notices delivered by facsimile shall be considered to have been received upon the sender obtaining a bona fide confirmation of such delivery. The address for notice shall be (i) for the Customer, the address to which Hypertec sends the Customer's invoices to the attention of the Customer's authorized signatory; and (ii) for Hypertec, to the business address and attention of the Hypertec sales representative for the Customer. Customer shall notify Hypertec of a change in its billing address and any change in its corporate name or any business or trade name used in connection with the Services.

12.8 **Severability:** If any provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or unenforceable, the other provisions of this Agreement shall not be affected or impaired, and the offending provision shall automatically be modified to the least extent necessary in order to be valid, legal and enforceable.

12.9 **Independent Contractors:** The present Agreement does not create nor is it intending to create a joint-venture, partnership or other form of association and neither party shall have the power to bind the other. The Customer and Hypertec shall remain at all times independent contractors and neither party may represent the other.

12.10 **Counterparts:** This Agreement, including any Service Schedule or service order, signed pursuant to a Service Schedule may be signed in one or more counterparts, each of which shall be considered an original and all of which, taken together, shall constitute one and the same instrument.

12.11 **Language:** The parties have requested that this Agreement and all correspondence and all documentation relating to this Agreement be written in the English language. Les parties aux présentes ont exigé que la présente entente, de même que toute la correspondance et la documentation relatives à cette entente, soient rédigées en langue anglaise.

12.12 **Third Party Beneficiaries:** Nothing in this Agreement, express or implied, shall or is intended to confer on any other person, firm or enterprise, any rights, benefits, remedies, obligations or liabilities of this Agreement, other than the Parties, their respective successors or permitted assigns.

12.13 **Non-Solicitation:** The Customer undertakes throughout the Agreement Term and any renewals thereof not to hire an employee of Hypertec working in the domain similar to the services offered herein. The Customer further undertakes not to solicit or encourage an employee of Hypertec to leave his/her job at Hypertec to work with Customer. The following restriction shall not apply to any employee of Hypertec who responds to a general offer of employment.

12.14 **Applicable Law:** The present Agreement t is governed and interpreted in accordance with the laws in force in the Province of Quebec and the federal laws applicable therein and any proceeding to be taken between the parties shall be submitted to the courts of the Judicial District of Montreal having exclusive jurisdiction herein.

SCHEDULE A –SERVICE SCHEDULE

This is a Service Schedule to the Master Services Agreement (the "**MSA**") between Hypertec Systems Inc. ("**Hypertec**") and the Customer for the provision of the services described herein below (the "**Services**"). The Services are to be rendered subject to the terms and conditions set forth in the MSA and in this Service Schedule. Unless otherwise defined in this Service Schedule, capitalized terms shall have the meaning ascribed to them in the MSA. Notwithstanding anything in this Service Schedule to the contrary, nothing shall be deemed to restrict in any way the limitation of liability provisions contained in the MSA.

1. STANDARD SERVICES

1.1 **Infrastructure Preventative Maintenance Services**

Hypertec shall provide infrastructure preventative maintenance services for the electrical and mechanical infrastructure used to support the Customer equipment and capacity described in section 4 of the present Schedule. The preventative maintenance services shall be provided as per manufacturer's standards.

1.2 **Emergency Repair Services**

Hypertec shall provide emergency repair services for the electrical and mechanical infrastructure required to support the capacity described in section 4 of the present Schedule in the event of an outage of an electrical or mechanical infrastructure component. The emergency repair services shall be performed Monday to Friday from 8:00AM to 5:00PM excluding statutory holidays (hereinafter "Regular Business Hours") within a response time of four (4) hours and a resolution time based on best efforts.

1.3 **Remote Hands Services**

Hypertec shall provide one (1) full-time person, who is acceptable to the Customer, acting reasonable, and has the technical expertise to service the needs of the Customer (the "Dedicated Resource"), at the Site to perform the following remote hands services during Regular Business Hours:

(a) Hands and Eyes Support Services including but not limited to daily monitoring of system readings and rebooting Customer equipment as required;
(b) Daily monitoring of local mechanical controls and power utilization;
(c) Control and monitor physical access to the Site;
(d) Monitoring of hash rate performance;
(e) Hardware support services of Customer equipment;
(f) Software support services of Customer equipment;
(g) Work with Customer as requested to maximize hash rate and uptime;
(h) Shipping and receiving of equipment to and from the Site.

In the event that the Customer is not satisfied with the Dedicated Resource, the Customer shall provide Hypertec with ten (10) business days' notice requesting Hypertec to replace the Dedicated Resource with another Dedicated Resource who is acceptable to the Customer, acting reasonably. Hypertec shall use commercially reasonably efforts to source another Dedicated Resource as soon as is practicable. In the time it takes to source another Dedicated Resource, Hypertec will deploy resource(s) in order to achieve a similar level of service that the Dedicated Resource was providing. The Customer may also terminate the remote hands service and associated fees at any time with ten (10) business days' notice.

2. OPTIONAL SERVICES

2.1 The following options are not included within the Service but may be provided by Hypertec at additional charges where such services are selected in section 4 below:

(a) Managed internet bandwidth services;
(b) Third party dedicated telecommunication circuits may be provided by Hypertec at Customer's additional expense;
(c) Dedicated storage space and;
(d) Dedicated office space.

3. TERM

3.1 **Schedule Term:** This Service Schedule shall be effective on the date of the signature of the Agreement (the "**Effective Date**") and it shall remain in force for [ ] months (the "**Schedule Term**").

3.2 **Renewal of Service Schedule:** Unless the Customer or Hypertec gives a notice to the other as described in Section 4.3, this Service Schedule will automatically be renewed at the end of the Initial Service Term on the same terms and conditions for an additional one (1) year term (a "**Service Renewal Term**"). At the end of each Service Renewal Term, an additional Service Renewal Term will commence unless the Customer or Hypertec gives notice to the other as described in Section 4.3. The Initial Service Term and any Service Renewal Term(s) are collectively referred to as the "Term". Hypertec may change the Charges for a Service Renewal Term by providing the Customer with at least [ ] days advance written notice of the change before the end of the then current Initial Service Term or Service Renewal Term, as the case may be. Notwithstanding any other provision of this Service Schedule, the Term with respect to this Service shall not extend beyond the term of the Underlying Rights for the applicable site.

3.3 **Notice of Non-Renewal:** Either party may send to the other a written notice, at least [ ] days in advance of the expiration of the Initial Service Term or the Service Renewal Term, as the case may be, that it does not intend to renew this Service Schedule, and thereafter, this Service Schedule will expire and the Services provided thereunder will be terminated at the end of the Initial Service Term or the current Service Renewal Term, as the case may be.

3.4 **Use of Services Beyond Service Term:** If Customer has sent a notice of non-renewal but for any reason continues to receive and use any Services after the expiry of the Initial Service Term or final Service Renewal Term, the terms and conditions of the Service Schedule and the MSA shall continue to apply for so long as Customer receives the Services, except that the Charges shall be the monthly term charges for the Services in effect.

4. MONTHLY CHARGES AND SERVICE CHARGES

4.1 **Monthly Charges and Service Charges:** Throughout the Initial Service Term, the Customer shall pay to Hypertec the monthly recurring charges (the "**MRC**") and the non-recurring charges (the "**NRC**") for the Services set out below and any applicable charges, including but not limited to features and installation charges. Taxes are not included in the rates set out below and shall be the responsibility of the Customer.

STRICTLY CONFIDENTIAL

Marathon Patent Group, Inc.

Re: Fairness Opinion

Dear Mr. Croxall:

This letter agreement (this "Agreement") will confirm our understanding that Marathon Patent Group, Inc. (the "Company") has engaged Roth Capital Partners, LLC ("Roth") in connection with the matters described below, subject to the terms conditions set forth in this Agreement.

Section 1. Engagement. The Company hereby engages Roth for the purpose of rendering an opinion (the "Opinion") to the Company's Board of Directors (or a special committee thereof) as to the fairness, from a financial point of view, of the aggregate consideration to be paid by the Company in the proposed business combination between the Company and Global Bit Ventures, Inc. (the "Transaction").

Section 2. Fairness Opinion. In connection with the Transaction, Roth will, upon the written request of the Company's Board of Directors (or a special committee thereof), deliver its written Opinion to the Company's Board of Directors (or special committee thereof) as to the fairness to the Company and its stockholders, from a financial point of view, of the exchange ratio as specified in the Transaction. The Opinion shall be based upon such financial review of the Transaction, the Company and any other parties to the Transaction and their respective businesses and operations as Roth shall deem appropriate and feasible, limited, in any event, to an analysis of (a) publicly available information with respect to the Transaction

Board of Directors (or a special committee thereof) in respect of the underlying business decision to engage in the Transaction.

Section 3. Compensation. The Company shall pay Roth a cash fee of three hundred thousand dollars ($300,000), all of which is payable upon execution of this Agreement.

At any time after Roth has delivered the Opinion and the Board of Directors (or a special committee thereof) requests an update to the Opinion ("Bring Down Opinion"), then Roth shall be paid seventy-five thousand dollars ($75,000) payable upon delivery for each Bring Down Opinion delivered to the Board of Directors (or a special committee thereof).

Section 4. Expenses. In addition to compensation payable pursuant to Section 3, and regardless of whether the Transaction is consummated, the Company shall reimburse Roth for reasonable out-of-pocket expenses incurred by Roth in connection with this engagement, including reasonable fees and disbursements of its counsel. Roth's counsel's expenses will not exceed forty thousand dollars ($40,000) in connection with the original issuance of the Opinion and initial public disclosure thereof.

Section 5. Termination. This agreement shall remain in effect until March 31, 2018, provided however, that either party may terminate this Agreement upon thirty (30) days written notice to the other, without liability or continuing obligation to the other party, provided, however, that the provisions of Section 4 through Section 11 (including Exhibit I attached hereto) shall survive termination of this Agreement.

Section 6. Indemnification. The Company agrees to indemnify Roth and its affiliates as set forth in Exhibit I attached hereto.

Section 7. Disclosures. Any advice, written or oral, provided by Roth pursuant to this Agreement will be treated by the Company as confidential and, except as required by law, will not be used, circulated, quoted or otherwise referred to for any purpose other than as specifically contemplated by this Agreement. Roth acknowledges that the Opinion and a description thereof (including by way of incorporation by reference) may need to be included in any proxy statement, registration statement or other filing with the Securities and Exchange Commission by the Company relating to the Transaction, and agrees to such inclusion, provided that Roth shall have the right to: (i) review all documents filed by the Company with the SEC or otherwise publicly disclosed which references the Roth or the Opinion, and (ii) approve all disclosures that refer to Roth or the Opinion, which reviews and approvals shall not be unreasonably withheld. Following public announcement of the Transaction, Roth and its representatives shall have the right to place announcements and advertisements in financial and other newspapers and

journals, at its own expense, describing its services in connection with the Transaction.

The Company understands and acknowledges that Roth and its affiliates (collectively, the "Roth Group"), engage in providing investment banking, securities trading, financing, and financial advisory services and other commercial and investment banking products and services to a wide range of institutions and individuals. In the ordinary course of business, the Roth Group and certain of its employees, as well as investment funds in which they may have financial interests or with which they may co-invest, may acquire, hold or sell, long or short positions, or trade or otherwise effect transactions, in debt, equity, and other securities and financial instruments (including bank loans and other obligations) of, or investments in, the Company or any other party that may be involved in the matters contemplated by this letter agreement or have other relationships with such parties. With respect to any such securities, financial instruments and/or investments, all rights in respect of such securities, financial instruments and investments, including any voting rights, will be exercised by the holder of the rights, in its sole and absolute discretion. In addition, the Roth Group may in the past have had, and may currently or in the future have, financial advisory or other investment banking relationships with parties involved in the matters contemplated by this letter agreement, including parties that may have interests with respect to the Company, the Transaction or other parties involved in the Transaction, from which conflicting interests or duties may arise. Although the Roth Group in the course of such other activities and relationships may acquire information about the Company, the Transaction or such other parties, or that otherwise may be of interest to the Company, the Roth Group shall have no obligation to, and may not be contractually permitted to, disclose such information, or the fact that the Roth Group is in possession of such information, to the Company or to use such information on the Company's behalf.

Section 8. No Limitations. Nothing in this Agreement shall be construed to limit the ability of Roth or its affiliates to (a) trade in the Company's or any other company's securities or publish research on the Company or any other company, subject to applicable law, or (b) pursue or engage in investment banking, financial advisory or other business relationships with entities that may be engaged in or contemplate engaging in, or acquiring or disposing of, businesses that are similar to or competitive with the business of the Company.

Section 9. Miscellaneous. This Agreement shall be binding on and inure to the benefit of the Company, Roth, each Indemnified Person (as defined in Exhibit I attached hereto) and their respective successors and assignees. This Agreement sets forth the entire understanding of the parties relating to the subject matter hereof and supersedes and cancels any prior communications, understandings, and agreements between the parties. This Agreement may not be amended or modified except in writing.

This Agreement shall be governed by and construed in accordance with the laws of the State of California, without regard to principles of conflicts of law. If any term, provision, covenant or restriction contained in this Agreement, including Exhibit I, is held by a court of competent jurisdiction or other authority to be invalid, void, unenforceable or against its regulatory policy, the remainder of the terms, provisions, covenants and restrictions contained in this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated. Roth is an independent contractor, and any duties of Roth arising out of its engagement hereunder shall be owed solely to the Company or, with respect to the Opinion, to the Board of Directors (or special committee thereof).

Section 10. Arbitration. Any dispute, claim or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation or validity thereof, including the determination of the scope or applicability of this agreement to arbitrate, shall be determined by arbitration in Los Angeles, California, before one arbitrator. The arbitration shall be administered by JAMS pursuant to its Comprehensive Arbitration Rules & Procedures. Judgment on the award may be entered in any court having jurisdiction. This paragraph shall not preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction.

Section 11. Allocation of Fees and Costs. The arbitrator may, in the award, allocate all or part of the costs of the arbitration, including the fees of the arbitrator and the reasonable attorneys' fees of the prevailing party.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

If the foregoing terms meet with your approval, please indicate your acceptance by signing and returning the attached copy of this Agreement to us.

Very truly yours,

EXHIBIT I

Indemnification Provisions

The Company agrees to indemnify and hold harmless Roth and its affiliates (as defined in Rule 405 under the Securities Act of 1933, as amended) and their respective directors, officers, employees, agents and controlling persons (Roth and each such person being an "Indemnified Party") from and against all losses, claims, damages and liabilities (or actions, including shareholder actions, in respect thereof), joint or several, to which such Indemnified Party may become subject under any applicable federal or state law, or otherwise, which are related to or result from the performance by Roth of the services contemplated by or the engagement of Roth pursuant to this Agreement and will promptly reimburse any Indemnified Party for all reasonable expenses (including reasonable counsel fees and expenses) as they are incurred in connection with the investigation of, preparation for or defense arising from any threatened or pending claim, whether or not such Indemnified Party is a party and whether or not such claim, action or proceeding is initiated or brought by the Company. The Company will not be liable to any Indemnified Party under the foregoing indemnification and reimbursement provisions (i) for any settlement by an Indemnified Party effected without its prior written consent (not to be unreasonably withheld); or (ii) to the extent that any loss, claim, damage or liability is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted primarily from Indemnified Party's willful misconduct or gross negligence. The Company also agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Company or its security holders or creditors related to or arising out of the engagement of Roth pursuant to, or the performance by Roth of the services contemplated by, this Agreement except to the extent that any loss, claim, damage or liability is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted primarily from Roth's willful misconduct or gross negligence.

Promptly after receipt by an Indemnified Party of notice of any intention or threat to commence an action, suit or proceeding or notice of the commencement of any action, suit or proceeding, such Indemnified Party will, if a claim in respect thereof is to be made against the Company pursuant hereto, promptly notify the Company in writing of the same. Any failure or delay by an Indemnified Party to give the notice referred to in this paragraph shall not affect such Indemnified Party's right to be indemnified hereunder, except to the extent that such failure or delay causes actual material harm to the Company, or materially prejudices its ability to defend such action, suit or proceeding on behalf of such Indemnified Party. In case any such action is brought against any Indemnified Party and such Indemnified Party notifies the Company of the commencement thereof, the Company may elect to assume the defense thereof, with counsel reasonably satisfactory to such Indemnified Party, and an Indemnified Party may employ counsel to participate in the defense of any such action provided, that the employment of such counsel shall be at the Indemnified Party's own expense, unless (i) the employment of such counsel has been authorized in writing by the Company, (ii) the Indemnified Party has reasonably concluded (based upon advice of counsel to the Indemnified Party) that there are legal defenses available to the Indemnification Party that are not available to the Company, or that there exists a conflict or potential conflict of interest (based upon advice of counsel to the Indemnified Party) between the Indemnified Party and the Company that makes it impossible or inadvisable for counsel to the Indemnifying Party to conduct the defense of both the Company and the Indemnified Party (in

which case the Company will not have the right to direct the defense of such action on behalf of the Indemnified Party), or (iii) the Company has not in fact employed counsel reasonably satisfactory to the Indemnified Party to assume the defense of such action within a reasonable time after receiving notice of the action, suit or proceeding, in each of which cases the reasonable fees, disbursements and other charges of such counsel will be at the expense of the Company; provided, further, that in no event shall the Company be required to pay fees and expenses for more than one firm of attorneys (and local counsel) representing Indemnified Parties.

If the indemnification provided for in this Agreement is for any reason held unenforceable by an Indemnified Party, the Company agrees to contribute to the losses, claims, damages and liabilities for which such indemnification is held unenforceable (i) in such proportion as is appropriate to reflect the relative benefits to the Company, on the one hand, and Roth on the other hand, of the Transaction as contemplated whether or not the Transaction is consummated or, (ii) if (but only if) the allocation provided for in clause (i) is for any reason unenforceable, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) but also the relative fault of the Company, on the one hand and Roth, on the other hand, as well as any other relevant equitable considerations. The Company agrees that for the purposes of this paragraph the relative benefits to the Company and Roth of the Transaction as contemplated shall be deemed to be in the same proportion that the total value received or contemplated to be received by the Company's shareholders as a result of or in connection with the Transaction bear to the fees and legal expenses paid or to be paid to, or on behalf of, Roth under this Agreement. Notwithstanding the foregoing, the Company expressly agrees that Roth shall not be required to contribute any amount in excess of the amount by which fees paid to Roth hereunder (excluding reimbursable expenses), exceeds the amount of any damages which Roth has otherwise been required to pay.

The Company agrees that without Roth's prior written consent, which shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any pending or threatened claim, action or proceeding in respect of which indemnification could be sought under the indemnification provisions of this Agreement (whether or not Roth or any other Indemnified Party is an actual or potential party to such claim, action or proceeding), unless such settlement, compromise or consent includes an unconditional release of each Indemnified Party from all liability arising out of such claim, action or proceeding.

In the event that an Indemnified Party is requested or required to appear as a witness in any action brought by or on behalf of or against the Company in which such Indemnified Party is not named as a defendant, the Company agrees to promptly reimburse Roth on a monthly basis for all expenses incurred by it in connection with such Indemnified Party's appearing and preparing to appear as such a witness, including, without limitation, the reasonable fees and disbursements of its legal counsel.

If multiple claims are brought with respect to at least one of which indemnification is permitted under applicable law and provided for under this Agreement, the Company agrees that any judgment or arbitration award shall be conclusively deemed to be based on claims as to which indemnification is permitted and provided for, except to the extent the judgment or arbitration award expressly states that it, or any portion thereof, is based solely on a claim as to which indemnification is not available.

December 13, 2017

Board of Directors
Marathon Patent Group, Inc.
11100 Santa Monica Blvd, Suite 380
Los Angeles, California 90025

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to the holders of common stock, par value $0.0001 per share ("Marathon Common Stock"), of Marathon Patent Group, Inc. ("Marathon" or "Parent") of the consideration to be paid to the holders of capital stock of Global Bit Ventures Inc. (the "Company") in the proposed Transaction (as defined below) pursuant to the Agreement and Plan of Merger, dated as of November 1, 2017 (as amended as set forth below, the "Merger Agreement"), by and among Marathon, the Company and a newly-formed wholly-owned subsidiary of Marathon ("Acquirer"). Pursuant to the Merger Agreement, Marathon will cause Acquirer to merge with and into the Company and (i) each outstanding share of common stock, par value $0.001 per share ("GBV Common Stock"), of the Company will be converted into the right to receive 1.6319834708 shares of Marathon Common Stock (the "GBV Common Stock Consideration"), (ii) each outstanding share of Series A convertible preferred stock, par value $0.0001 per share (the "GBV Preferred Stock"), of the Company will be converted into the right to receive 1.6319834708 shares of 0% Series C convertible preferred stock, par value $0.0001 per share ("Marathon Series C Preferred Stock"), of Marathon, and (iii) the principal amount of all of the convertible notes of the Company will be converted into 30,599,690 shares of Marathon Series C Preferred Stock (collectively, the "Consideration"). We understand that, in connection with the Transaction, the outstanding amount of all of the convertible notes of Marathon will be converted into shares of Series E preferred stock, par value $0.0001 per share, of Marathon.

The opinion set forth herein is given subject to, and qualified in its entirety by, the Merger Agreement having been amended by Marathon, the Company and Acquirer to reflect the financial terms of the Transaction and the Consideration as set forth above.

For purposes of the opinion set forth herein, we have, among other things:

(i) reviewed the Merger Agreement;

(ii) reviewed certain publicly available business and financial information of Marathon that we believe to be relevant to our inquiry;

(iii) reviewed certain internal financial statements and other financial and operating data concerning Marathon and the Company, respectively, including certain information prepared by the management of each of Marathon and the Company relating to the patent portfolios of Marathon and the business of the Company, respectively;

(iv) reviewed certain financial forecasts relating to the Company prepared by the management of the Company (the "Company Forecasts");

(v) reviewed certain financial forecasts relating to the Parent prepared by the management of the Parent (the "Parent Forecasts");

(vi) discussed certain aspects of the Transaction and the past and current businesses, financial condition and prospects of Marathon and the Company with management of each of Marathon and the Company, respectively;

(vii) reviewed the reported prices and trading activity for the twelve month period ending October 31, 2017, of Marathon Common Stock;

(viii) compared the financial performance of Marathon and the reported prices of Marathon Common Stock with that of certain publicly traded companies we deemed relevant; and

(ix) performed such other analyses and considered such other factors as we have deemed appropriate.

We have also considered such other information, financial studies, analyses and investigations, and financial, economic and market criteria which we deemed relevant.

In conducting our review and arriving at our opinion, with your consent, we have not independently verified, nor have we assumed responsibility or liability for independently verifying, any of the foregoing information and we have assumed and relied upon such information being accurate and complete in all material respects, and we have further relied upon the assurances of the management of each of Marathon and the Company that they are not aware of any facts that would make any of the information reviewed by us inaccurate, incomplete or misleading in any material respect. With respect to the Marathon Forecasts and Company Forecasts, we have assumed, upon the advice of the Company and at the direction of Marathon, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of each of the Company and Marathon as to the future financial performance of the Company and Marathon. We have not been engaged to assess the accuracy, completeness or achievability of the Marathon Forecasts and the Company Forecasts or the assumptions on which they were based, and we express no view as to the Marathon Forecasts or the Company Forecasts or such assumptions. We note, however, that no actual or projected financial information for the fourth quarter of 2017 was provided to us for purposes of our analysis hereunder. Therefore, none of our analysis of Marathon hereunder relies on actual or projected performance of Marathon for the fourth quarter of 2017, and we do not expect that any analysis for that quarter would have materially affected the analysis or our opinion as set forth herein. In addition, we assume the Company's financial statements have been prepared in accordance with, and based on, generally accepted accounting principles ("GAAP").

We also have not performed any analysis to review or assess the potential pro forma financial effects of the Transaction on Marathon or the potential dilutive effects of the Transaction on existing security holders of Marathon, and we have not considered such effects for purposes of our opinion. We have not assumed any responsibility for any independent valuation or appraisal of the assets or liabilities, including any ongoing litigation and administrative investigations, of either Marathon or the Company, nor have we been furnished with any such valuation or appraisal. In addition, we have not assumed any obligation to conduct, nor have we conducted, any physical inspection of the properties or facilities of Marathon or the Company. We have relied upon, without independent verification, the assessments of the management of Marathon as to the ability of Marathon to successfully integrate the businesses of Marathon and the Company and retain key employees of the Company. We also have relied upon, without independent verification, the assessments of the management of each of Marathon and the Company as to the patent portfolios of Marathon (including, without limitation, the validity of, and risks associated with, the patents in such portfolios and the ability of Marathon to successfully monetize such portfolios through licensing and patent litigation) and the business of the Company, and we have assumed, at the direction of Marathon, that there will be no developments with respect to any such matters that would affect our analyses or the opinion as set forth herein. However, as you are aware, we have not been provided by Marathon with the assessments of the management of Marathon as to the likelihood, timing and amount of monetization of Marathon's patent portfolios or specific patents.

We also have assumed, with your consent, that the Transaction will be consummated in accordance with the terms set forth in the Merger Agreement and in compliance with the applicable provisions of the Securities Act of 1933, as amended (the "Securities Act"), the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and all other applicable federal, state and local statutes, rules, regulations and ordinances, that the representations and warranties of each party in the Merger Agreement are true and correct, that each party will perform on a timely basis all covenants and agreements required to be performed by such party under such agreement and that all conditions to the consummation of the Transaction will be satisfied without waiver thereof. We have also assumed that all governmental, regulatory and other consents and approvals contemplated by the Merger Agreement will be obtained and that, in the course of obtaining any of those consents and approvals, no modification, delay, limitation, restriction or condition, including any divestiture requirements, will be imposed or waivers made that would have an adverse effect on Marathon, the Company or the Acquirer or on the contemplated benefits of the Transaction. We have assumed, with your consent, that the Transaction will qualify for the intended tax treatment described in the Merger Agreement for U.S. federal income tax purposes, including, without limitation, that the Transaction will constitute a "reorganization" within the meaning of the Internal Revenue Code Section 368(a)(1)(B) and (ii) Internal Revenue Code Section 7874 (or any other U.S. federal tax law), existing regulations promulgated thereunder and official interpretation thereof as set forth in published guidance.

We were not requested to, and did not, participate in the negotiation or structuring of the Aggregate Consideration or any other aspect of the Transaction or advise Marathon with respect to any evaluation of alternatives to the Transaction. Our opinion only addresses the fairness from a financial point of view to Marathon of the Aggregate Consideration, and our opinion does not in any manner address any other aspect or implication of the Transaction, or any agreement, arrangement or understanding entered into in connection with the Transaction or otherwise, including, without limitation, the form or structure of the Transaction, the tax, accounting or legal consequences thereof, or the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the Transaction, or class of such persons, relative to the Aggregate Consideration or otherwise. Our opinion also does not address the relative merits of the Transaction as compared to any alternative business strategies that might exist for Marathon, the underlying business decision of Marathon to proceed with the Transaction , or the effects of any other transaction in which Marathon or the Company might engage. Our opinion does not constitute legal, regulatory, accounting, insurance, tax or other similar professional advice. The issuance of this opinion was approved by an authorized Roth internal committee. Our opinion is necessarily based on economic, market and other conditions as they existed and could be evaluated on, and the information made available to us as of, the day before the date of the Merger Agreement. We express no opinion as to the underlying valuation, future performance or long-term viability of Marathon or the Company. Further, we express no opinion as to what the value of Marathon Common Stock, Marathon Series C Preferred Stock, GBV Common Stock or GBV Preferred Stock actually will be upon consummation of the Transaction or the prices at which shares of Marathon Common Stock or Marathon Series C Preferred Stock will trade, or otherwise be purchased or sold, at any time. It should be understood that, although subsequent developments may affect our opinion, we do not have any obligation to update, revise or reaffirm our opinion and we expressly disclaim any responsibility to do so.

We were retained solely to render this letter and will receive a fee for this letter. We will not receive any other payment or compensation contingent upon the consummation of the Transaction. Marathon has agreed to indemnify us for certain liabilities and other items arising out our engagement. Please be advised that during the two years preceding the date of this letter, neither we nor our affiliates have had any other material financial advisory or other material commercial or investment banking relationships with Marathon or the Company other than in connection with providing a fairness opinion to Marathon for which we received a $250,000 fee in August of 2015.

Roth, as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. We and our affiliates may in the future provide investment banking and other financial services to Marathon or the Company, for which we and our affiliates would expect to receive compensation. We are a full service securities firm engaged in securities trading and brokerage activities, as well as providing investment banking and other financial services. In the ordinary course of business, we and our affiliates may acquire, hold or sell, for our and our affiliates' own accounts and for the accounts of customers, equity securities, or other interests or securities of Marathon and, accordingly, may at any time hold a long or a short position in such securities.

It is understood that this opinion is for the use and benefit of the Board of Directors of Marathon (the "Board") (in its capacity as such) in connection with its evaluation of the financial terms of the Transaction. This opinion should not be construed as creating, and does not create, any fiduciary duty on Roth's part to any party. This opinion is not intended to be, and does not constitute, a recommendation to the Board, the Company, any security holder or any other person as to how to act or vote with respect to any matter relating to the Transaction. This opinion may not be disclosed, reproduced, disseminated, quoted, summarized or referred to at any time, in any manner or for any purpose, nor shall any references to Roth or any of its affiliates be made without our prior written consent except that this letter may be reproduced in its entirety, if required, in a registration statement or other form filed by Marathon with the Securities and Exchange Commission under the Exchange Act, provided that this letter is reproduced in such filing in full and that any description of or reference to us or summary of this letter in such filing will be in a form reasonably acceptable to us and our counsel. In furnishing this opinion, we do not admit that we are experts within the meaning of the term "experts" as used in the Securities Act and the rules and regulations thereunder, nor do we admit that this opinion constitutes a report or valuation within the meaning of Section 11 of the Securities Act.

On the basis of and subject to the foregoing, and such other factors as we deemed relevant, we are of the opinion that as of October 31, 2017, the Consideration is fair, from a financial point of view, to the holders of Marathon Common Stock.

Very truly yours,
