**NOTICE OF CONSENT SOLICITATION**

\*, 2013

To our Stockholders:

We are soliciting your consent to approve an amendment to our Amended and Restated Articles of Incorporation (“Articles of Incorporation”) to effect a reverse stock split (the “Reverse Stock Split”) of our issued and outstanding common stock by a ratio of not less than one-for-five and not more than one-for-fifteen at any time prior to April 30, 2014, with the exact ratio to be set at a whole number within this range as determined by the Board of Directors in its sole discretion (the “Proposal”). On April 30, 2013, the Company’s board of directors unanimously approved the Reverse Stock Split. The Company’s board of directors has deemed it advisable to seek stockholder approval of the Reverse Stock Split, as required under Nevada Revised Statutes and has decided to seek the written consent of stockholders through a consent solicitation process rather than holding a special meeting of stockholders, in order to eliminate the costs and management time involved in holding a special meeting. The Proposal is described in more detail in the accompanying Consent Solicitation Statement.

We have established the close of business on May 6, 2013, as the record date for determining stockholders entitled to submit written consents. Stockholders holding a majority of our common stock outstanding as of the close of business on the record date must vote in favor of the Proposal to be approved by stockholders.

This solicitation is being made on the terms and subject to the conditions set forth in the accompanying Consent Solicitation Statement and Written Consent. To be counted, your properly completed Written Consent must be received before 5:00 p.m. Eastern Time, on \*, 2013, subject to early termination of the consent solicitation by our board of directors if a majority approval is received, or extension of the time of termination by our board of directors (the “Expiration Time”).

Failure to submit the Written Consent will have the same effect as a vote against the Proposal. We recommend that all stockholders consent to the Proposal, by marking the box entitled “FOR” with respect to the Proposal and submitting the Written Consent by one of the methods set forth in the form of Written Consent which is attached as Appendix B to the Consent Solicitation Statement. If you sign and send in the Written Consent form but do not indicate how you want to vote as to the Proposal, your consent form will be treated as a consent “FOR” each Proposal.

By Order of the Board of Directors of Marathon Patent Group, Inc.

**CONSENT SOLICITATION STATEMENT**

**General**

This Consent Solicitation Statement dated \*, 2013 is being furnished in connection with the solicitation of written consents of the stockholders of Marathon Patent Group, Inc., a Nevada corporation (the “Company,” “Marathon,” “us,” “we,” or “our”) with regard to the following proposal:

To approve an amendment to our Amended and Restated Articles of Incorporation (“Articles of Incorporation”) to effect a reverse stock split (the “Reverse Stock Split”) of our issued and outstanding common stock by a ratio of not less than one-for-five and not more than one-for-fifteen at any time prior to April 30, 2014, with the exact ratio to be set at a whole number within this range as determined by the Board of Directors in its sole discretion (the “Proposal”).

**Our board of directors unanimously adopted the Proposal and recommends that stockholders vote FOR the approval of the Proposal.** The board of directors has decided to seek written consent rather than calling a special meeting of stockholders, in order to eliminate the costs and management time involved in holding a special meeting. Written consents are being solicited from all of our stockholders of record pursuant to Section 78.320 of the Nevada Revised Statutes and Section 8 of our Amended and Restated Bylaws.

Voting materials, which include this Consent Solicitation Statement and a Written Consent form (attached as Appendix B), are being mailed to all stockholders on or about \*, 2013. Our board of directors set the close of business on May 6, 2013, as the record date for the determination of stockholders entitled to act with respect to the consent solicitation (the “Record Date”). As of the Record Date, the Company had \* shares of Common Stock outstanding of record, held by approximately \* registered holders of record.

Any beneficial owner of Marathon who is not a record holder must arrange with the person who is the record holder or such record holder’s assignee or nominee to: (i) execute and deliver a Written Consent on behalf of such beneficial owner; or (ii) deliver a proxy so that such beneficial owner can execute and deliver a Written Consent on its own behalf.

Stockholders who wish to consent must deliver their properly completed and executed Written Consents to the Corporate Secretary of Marathon in accordance with the instructions set forth in the Written Consent. Marathon reserves the right (but is not obligated) to accept any Written Consent received by any other reasonable means or in any form that reasonably evidences the giving of consent to the approval of the Proposal.

Requests for copies of this Consent Solicitation Statement should be directed to Marathon Patent Group, Inc. at the address or telephone number set forth above.

Marathon expressly reserves the right, in its sole discretion and regardless of whether any of the conditions of the consent solicitation have been satisfied, subject to applicable law, at any time prior to 5:00 p.m. Eastern Time, on \*, 2013 (the “Expiration Date”) to (i) terminate the consent solicitation for any reason, including if the consent of stockholders holding a majority of the Company’s outstanding shares has been received, (ii) waive any of the conditions to the consent solicitation, or (iii) amend the terms of the consent solicitation.

The final results of this solicitation of written consents will be published in a Current Report on Form 8-K (the “Form 8-K”) by the Company. This Consent Solicitation Statement and the Form 8-K shall constitute notice of taking of a corporate action without a meeting by less than unanimous written consent as permitted by applicable law and Section 8 of our Amended and Restated Bylaws.

All questions as to the form of all documents and the validity and eligibility (including time of receipt) and acceptance of consents and revocations of consents will be determined by Marathon, in its sole discretion, which determination shall be final and binding.

**Revocation of Consents**

Written consents may be revoked or withdrawn by any stockholder at any time before the Expiration Date. A notice of revocation or withdrawal must specify the record stockholder’s name and the number of shares being withdrawn. After the Expiration Date, all written consents previously executed and delivered and not revoked will become irrevocable. Revocations may be submitted to the Corporate Secretary of the Company by the same methods as written consents may be submitted, as set forth in the form of Written Consent attached hereto as Appendix B.

## **Solicitation of Consents**

Our board of directors is sending you this Consent Solicitation Statement in connection with its solicitation of stockholder consent to approve the Proposal. Marathon will pay for the costs of solicitation. We will pay the reasonable expenses of brokers, nominees and similar record holders in mailing consent materials to beneficial owners of our common stock. Because the approval of holders of a majority of the outstanding common stock is required to approve the Proposal, not returning the Written Consent will have the same effect as a vote against the Proposal.

Other than as discussed above, Marathon has made no arrangements and has no understanding with any other person regarding the solicitation of consents hereunder, and no person has been authorized by Marathon to give any information or to make any representation in connection with the solicitation of consents, other than those contained herein and, if given or made, such other information or representations must not be relied upon as having been authorized. In addition to solicitations by mail, consents may be solicited by directors, officers and other employees of Marathon who will receive no additional compensation therefor.

Members of our management beneficially own shares of our Common Stock and intend to submit their consents "For" the Proposal. As a result, approximately 4,000,000 shares held by our Chief Executive Officer and 1,175,718 shares held by our Chief Financial Officer will be voted in favor of the Proposal constituting approximately 10% of our presently issued and outstanding Common Stock. See "Security Ownership of Certain Beneficial Owners and Management".

## **No Appraisal Rights**

Under the Nevada Revised Statutes and our charter documents, holders of our common stock will not be entitled to statutory rights of appraisal, commonly referred to as dissenters' rights or appraisal rights (i.e., the right to seek a judicial determination of the "fair value" of their shares and to compel the purchase of their shares for cash in that amount) with respect to the Proposal.

## **Householding Matters**

Stockholders that share a single address will receive only one Consent Solicitation Statement and Written Consent at that address, unless we have received instructions to the contrary from any stockholder at that address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if a stockholder of record residing at such an address wishes to receive a separate copy of this Consent Solicitation Statement or of future consent solicitations (as applicable), he or she may write to us at: Marathon Patent Group, Inc., 2331 Mill Road, Suite 100, Alexandria, VA 22314, Attention: John Stetson, Chief Financial Officer and Secretary. We will deliver separate copies of this Consent Solicitation Statement and form of Written Consent promptly upon written request. If you are a stockholder of record receiving multiple copies of our Consent Solicitation Statement and form of Written Consent, you can request householding by contacting us in the same manner. If you own your shares through a bank, broker or other stockholder of record, you can request additional copies of this Consent Solicitation Statement and form of Written Consent or request householding by contacting the stockholder of record.

As of the Record Date, the closing price of our common stock was \$\* per share and our total market capitalization was approximately \$\*.

## **INTEREST OF DIRECTORS AND EXECUTIVE OFFICERS IN THE PROPOSAL**

No director, executive officer, associate of any director, executive officer or any other person has any substantial interest, direct or indirect, by security holdings or otherwise, in the actions proposed hereunder that is not shared by all other stockholders.

## **PROPOSAL— AMENDMENT TO THE COMPANY’S ARTICLES OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF COMMON STOCK**

Our board of directors has adopted resolutions (1) declaring that submitting an amendment to the Company’s Articles of Incorporation to effect the Reverse Stock Split of our issued and outstanding Common Stock, as described below, was advisable and (2) directing that a proposal to approve the Reverse Stock Split be submitted to the holders of our Common Stock for their approval.

The form of the proposed amendment to the Company’s Articles of Incorporation to effect a reverse stock split of our issued and outstanding Common Stock will be substantially as set forth on Appendix A (subject to any changes required by applicable law) (“Reverse Stock Split”). If approved by our stockholders, the Reverse Stock Split proposal would permit (but not require) our board of directors to effect a reverse stock split of our issued and outstanding Common Stock at any time prior to April 30, 2014 by a ratio of not less than one-for-five and not more than one-for-fifteen, with the exact ratio to be set at a whole number within this range as determined by our board of directors in its sole discretion. We believe that enabling our board of directors to set the ratio within the stated range will provide us with the flexibility to implement the Reverse Stock Split in a manner designed to maximize the anticipated benefits for our stockholders. In determining a ratio, if any, following the receipt of stockholder approval, our board of directors may consider, among other things, factors such as:

- the initial listing requirements of various stock exchanges;
- the historical trading price and trading volume of our Common Stock;
- the number of shares of our Common Stock outstanding;
- the then-prevailing trading price and trading volume of our Common Stock and the anticipated impact of the Reverse Stock Split on the trading market for our Common Stock;
- the anticipated impact of a particular ratio on our ability to reduce administrative and transactional costs; and
- prevailing general market and economic conditions.

Our board of directors reserves the right to elect to abandon the Reverse Stock Split, including any or all proposed reverse stock split ratios, if it determines, in its sole discretion, that the Reverse Stock Split is no longer in the best interests of the Company and its stockholders.

Depending on the ratio for the Reverse Stock Split determined by our board of directors, no less than five and no more than fifteen shares of existing Common Stock, as determined by our board of directors, will be combined into one share of Common Stock. Any fractional shares will be rounded up to the next whole number. The amendment to our Articles of Incorporation to effect a reverse stock split, if any, will include only the reverse stock split ratio determined by our board of directors to be in the best interests of our stockholders and all of the other proposed amendments at different ratios will be abandoned.

### **Background and Reasons for the Reverse Stock Split; Potential Consequences of the Reverse Stock Split**

Our board of directors is submitting the Reverse Stock Split to our stockholders for approval with the primary intent of increasing the market price of our Common Stock to enhance our ability to meet the initial listing requirements of The NASDAQ Capital Market and to make our Common Stock more attractive to a broader range of institutional and other investors. The Company currently does not have any plans, arrangements or understandings, written or oral, to issue any of the authorized but unissued shares that would become available as a result of the Reverse Stock Split. In addition to increasing the market price of our Common Stock, the Reverse Stock Split would also reduce certain of our costs, as discussed below. Accordingly, for these and other reasons discussed below, we believe that effecting the Reverse Stock Split is in the Company’s and our stockholders’ best interests.

We believe that the Reverse Stock Split will enhance our ability to obtain an initial listing on The NASDAQ Capital Market. The NASDAQ Capital Market requires, among other items, an initial bid price of at least \$4.00 per share and following initial listing, maintenance of a continued price of at least \$1.00 per share. Reducing the number of outstanding shares of our Common Stock should, absent other factors, increase the per share market price of our Common Stock, although we cannot provide any assurance that our minimum bid price would remain following the Reverse Stock Split over the minimum bid price requirement of any such stock exchange.

Additionally, we believe that the Reverse Stock Split will make our Common Stock more attractive to a broader range of institutional and other investors, as we have been advised that the current market price of our Common Stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. Many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers’ commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. We believe that the Reverse Stock Split will make our Common Stock a more attractive and cost effective investment for many investors, which will enhance the liquidity of the holders of our Common Stock.

Reducing the number of outstanding shares of our Common Stock through the Reverse Stock Split is intended, absent other factors, to increase the per share market price of our Common Stock. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our Common Stock. As a result, there can be no assurance that the Reverse Stock Split, if completed, will result in the intended benefits described above, that the market price of our Common Stock will increase following the Reverse Stock Split or that the market price of our Common Stock will not decrease in the future. Additionally, we cannot assure you that the market price per share of our Common Stock after a Reverse Stock Split will increase in proportion to the reduction in the number of shares of our Common Stock outstanding before the Reverse Stock Split. Accordingly, the total market capitalization of our Common Stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split.

### **Procedure for Implementing the Reverse Stock Split**

The Reverse Stock Split, if approved by our stockholders, would become effective upon the filing (the “Effective Time”) of a certificate of amendment to our Articles of Incorporation with the Secretary of State of the State of Nevada. The exact timing of the filing of the certificate of amendment that will effect the Reverse Stock Split will be determined by our board of directors based on its evaluation as to when such action will be the most advantageous to the Company and our stockholders. In addition, our board of directors reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split if, at any time prior to filing the amendment to the Company’s Articles of Incorporation, our board of directors, in its sole discretion, determines that it is no longer in our best interest and the best interests of our stockholders to proceed with the Reverse Stock Split. If a certificate of amendment effecting the Reverse Stock Split has not been filed with the Secretary of State of the State of Nevada by the close of business on May 6, 2013, our board of directors will abandon the Reverse Stock Split.

### **Effect of the Reverse Stock Split on Holders of Outstanding Common Stock**

Depending on the ratio for the Reverse Stock Split determined by our board of directors, a minimum of five and a maximum of fifteen shares of existing Common Stock will be combined into one new share of Common Stock. The table below shows, as of May [6], 2013, the number of outstanding shares of Common Stock (excluding Treasury shares) that would result from the listed hypothetical reverse stock split ratios (without giving effect to the treatment of fractional shares):

<b>Reverse Stock Split Ratio</b>	<b>Approximate Number of Outstanding Shares of Common Stock Following the Reverse Stock Split</b>
1-for-5	10,555,096
1-for-10	5,277,548
1-for-15	3,518,366

The actual number of shares issued after giving effect to the Reverse Stock Split, if implemented, will depend on the reverse stock split ratio that is ultimately determined by our board of directors.

The Reverse Stock Split will affect all holders of our Common Stock uniformly and will not affect any stockholder’s percentage ownership interest in the Company, except that as described below in “— Fractional Shares,” record holders of Common Stock otherwise entitled to a fractional share as a result of the Reverse Stock Split will be rounded up to the next whole number. In addition, the Reverse Stock Split will not affect any stockholder’s proportionate voting power (subject to the treatment of fractional shares).

The Reverse Stock Split may result in some stockholders owning “odd lots” of less than 100 shares of Common Stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in “round lots” of even multiples of 100 shares.

After the Effective Time, our Common Stock will have new Committee on Uniform Securities Identification Procedures (CUSIP) numbers, which is a number used to identify our equity securities, and stock certificates with the older CUSIP numbers will need to be exchanged for stock certificates with the new CUSIP numbers by following the procedures described below. After the Reverse Stock Split, we will continue to be subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934, as amended. Our Common Stock will continue to be listed on the Over the Counter Bulletin Board under the symbol “MARA”, subject to any decision of our Board of Directors to list our securities on another stock exchange.

### **Beneficial Holders of Common Stock (i.e. stockholders who hold in street name)**

Upon the implementation of the Reverse Stock Split, we intend to treat shares held by stockholders through a bank, broker, custodian or other nominee in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding our Common Stock in street name. However, these banks, brokers, custodians or other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split. Stockholders who hold shares of our Common Stock with a bank, broker, custodian or other nominee and who have any questions in this regard are encouraged to contact their banks, brokers, custodians or other nominees.

### **Registered “Book-Entry” Holders of Common Stock (i.e. stockholders that are registered on the transfer agent’s books and records but do not hold stock certificates)**

Certain of our registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with the transfer agent. These stockholders do not have stock certificates evidencing their ownership of the Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

Stockholders who hold shares electronically in book-entry form with the transfer agent will not need to take action (the exchange will be automatic) to receive whole shares of post-Reverse Stock Split Common Stock, subject to adjustment for treatment of fractional shares.

### **Holders of Certificated Shares of Common Stock**

Stockholders holding shares of our Common Stock in certificated form will be sent a transmittal letter by our transfer agent after the Effective Time. The letter of transmittal will contain instructions on how a stockholder should surrender his, her or its certificate(s) representing shares of our Common Stock (the “Old Certificates”) to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-Reverse Stock Split Common Stock (the “New Certificates”). No New Certificates will be issued to a stockholder until such stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No stockholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates. Stockholders will then receive a New Certificate(s) representing the number of whole shares of Common Stock that they are entitled as a result of the Reverse Stock Split, subject to the treatment of fractional shares described below. Until surrendered, we will deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-Reverse Stock Split Common Stock to which these stockholders are entitled, subject to the treatment of fractional shares. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend on the back of the Old Certificate(s), the New Certificate will be issued with the same restrictive legends that are on the back of the Old Certificate(s).

**STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.**

### **Fractional Shares**

We do not currently intend to issue fractional shares in connection with the Reverse Stock Split. Therefore, we will not issue certificates representing fractional shares. In lieu of issuing fractions of shares, we will round up to the next whole number.

### **Effect of the Reverse Stock Split on Employee Plans, Options, Restricted Stock Awards and Units, Warrants, and Convertible or Exchangeable Securities**

Based upon the reverse stock split ratio determined by the board of directors, proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of all outstanding options, warrants, convertible or exchangeable securities entitling the holders to purchase, exchange for, or convert into, shares of Common Stock. This would result in approximately the same aggregate price being required to be paid under such options, warrants, convertible or exchangeable securities upon exercise, and approximately the same value of shares of Common Stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Stock Split as was the case immediately preceding the Reverse Stock Split. The number of shares deliverable upon settlement or vesting of restricted stock awards will be similarly adjusted, subject to our treatment of fractional shares. The number of shares reserved for issuance pursuant to these securities will be proportionately based upon the reverse stock split ratio determined by the board of directors, subject to our treatment of fractional shares.

### **Accounting Matters**

The proposed amendment to the Company’s Articles of Incorporation will not affect the par value of our Common Stock per share, which will remain \$0.0001 par value per share. As a result, as of the Effective Time, the stated capital attributable to Common Stock and the additional paid-in capital account on our balance sheet will not change due to the Reverse Stock Split. Reported per share net income or loss will be higher because there will be fewer shares of Common Stock outstanding.

## **Certain Federal Income Tax Consequences of the Reverse Stock Split**

The following summary describes certain material U.S. federal income tax consequences of the Reverse Stock Split to holders of our Common Stock

Unless otherwise specifically indicated herein, this summary addresses the tax consequences only to a beneficial owner of our Common Stock that is a citizen or individual resident of the United States, a corporation organized in or under the laws of the United States or any state thereof or the District of Columbia or otherwise subject to U.S. federal income taxation on a net income basis in respect of our Common Stock (a “U.S. holder”). A trust may also be a U.S. holder if (1) a U.S. court is able to exercise primary supervision over administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person. An estate whose income is subject to U.S. federal income taxation regardless of its source may also be a U.S. holder. This summary does not address all of the tax consequences that may be relevant to any particular investor, including tax considerations that arise from rules of general application to all taxpayers or to certain classes of taxpayers or that are generally assumed to be known by investors. This summary also does not address the tax consequences to (i) persons that may be subject to special treatment under U.S. federal income tax law, such as banks, insurance companies, thrift institutions, regulated investment companies, real estate investment trusts, tax-exempt organizations, U.S. expatriates, persons subject to the alternative minimum tax, traders in securities that elect to mark to market and dealers in securities or currencies, (ii) persons that hold our Common Stock as part of a position in a “straddle” or as part of a “hedging,” “conversion” or other integrated investment transaction for federal income tax purposes, or (iii) persons that do not hold our Common Stock as “capital assets” (generally, property held for investment).

If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of our Common Stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Partnerships that hold our Common Stock, and partners in such partnerships, should consult their own tax advisors regarding the U.S. federal income tax consequences of the Reverse Stock Split.

This summary is based on the provisions of the Internal Revenue Code of 1986, as amended, U.S. Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this proxy statement. Subsequent developments in U.S. federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the U.S. federal income tax consequences of the Reverse Stock Split.

**PLEASE CONSULT YOUR OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT IN YOUR PARTICULAR CIRCUMSTANCES UNDER THE INTERNAL REVENUE CODE AND THE LAWS OF ANY OTHER TAXING JURISDICTION.**

### **U.S. Holders**

The Reverse Stock Split should be treated as a recapitalization for U.S. federal income tax purposes. Therefore, a stockholder generally will not recognize gain or loss on the Reverse Stock Split, except to the extent of cash, if any, received in lieu of a fractional share interest in the post-Reverse Stock Split shares. The aggregate tax basis of the post-split shares received will be equal to the aggregate tax basis of the pre-split shares exchanged therefore (excluding any portion of the holder’s basis allocated to fractional shares), and the holding period of the post-split shares received will include the holding period of the pre-split shares exchanged. A holder of the pre-split shares who receives cash will generally recognize gain or loss equal to the difference between the portion of the tax basis of the pre-split shares allocated to the fractional share interest and the cash received. Such gain or loss will be a capital gain or loss and will be short term if the pre-split shares were held for one year or less and long term if held more than one year. No gain or loss will be recognized by us as a result of the Reverse Stock Split.

### **No Appraisal Rights**

Under Nevada law and our charter documents, holders of our Common Stock will not be entitled to dissenter’s rights or appraisal rights with respect to the Reverse Stock Split.

### **Board Recommendation**

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF AN AMENDMENT TO THE COMPANY’S ARTICLES OF INCORPORATION TO AUTHORIZE A REVERSE STOCK SPLIT OF OUR ISSUED AND OUTSTANDING COMMON STOCK.**
